

# Updates to your prescription benefits

Effective June 1, 2024

## Your PDL update summary

Dear Valued Plan Participant:

We want to alert you about upcoming changes to the Prescription Drug List (PDL) for your plan.

These changes include copay costs or coverage requirements. Review the list of changes below to learn if any of your medications will be impacted.

To help outline changes in cost or coverage, prescriptions drugs are grouped by tiers. A tier indicates the amount you pay when you fill a prescription. Please reference the chart below as you review the following changes to the PDL for your plan.

 <b>Tier 1</b> Lowest-cost medications	 <b>Tier 2</b> Mid-range cost	 <b>Tier 3</b> Highest-cost
---	--	---

### Prescription drugs with limited coverage<sup>1,2</sup>

We evaluate prescription drugs based on their total value, including how a drug works and how much it costs. When several drugs work in the same way, we may choose to limit coverage of the higher-cost option. Effective June 1, 2024, the drugs listed below may have limited coverage. You may need to get a prior authorization or try preferred alternative treatment options prior to the approval of coverage.
