Flexible Spending Accounts (FSA)

The Flexible Spending Account portion of Section 125 allows for employee contributions to a dedicated savings account be made on a pre-tax basis, resulting in savings to both employers and employees. Your company's total taxable payroll is reduced, directly lowering payroll-related taxes and your employees reduce their taxable income and pay less in federal, state, Social Security and Medicare taxes.

Pre-Tax Premium

Reduce your total taxable payroll and lower your payroll-related taxes by implementing a pre-tax premium plan. Employee Pre-Tax Premium contributions are not considered taxable income under Section 125. Offering your employees a Pre-Tax Premium plan allows them to decrease their taxable income and increase their take-home pay.²

COBRA Administration

COBRA, or the Consolidated Omnibus Budget Reconciliation Act of 1985, enables employees and dependents who no longer qualify under an employer approved group health plan to continue insurance under the group benefit plan.

UnitedHealthcare Benefit Services provides streamlined COBRA administration and efficient record-keeping, which allows you to concentrate on managing your growing business.
