Feel confident and prepared for next year

UnitedHealthcare has been America's most chosen Medicare Advantage brand for 18 years in a row. Your health and well-being are at the heart of everything we do. We're here to help you get the care you need. Our goal is to keep your coverage affordable and make your Medicare experience easier. Some plan details may change each year, but our commitment to you stays the same.

Medicare industry changes may affect some plan benefits

Each year, Medicare plans may change because of industry regulations and federal funding. We know it's important to understand what's changing in 2027. This can help you make the best choices for your health and budget.

What's changing for your plan in 2027

This Annual Notice of Change explains your 2027 plan updates. It includes any changes to your costs, benefits and coverage. Reviewing it now can help you decide if this UnitedHealthcare plan still fits your needs.

Here are a few benefit highlights for your 2027 plan:

Your plan will still have an over-the-counter (OTC) credit to help with your everyday needs, but the amount will change next year. Use your credits and earned rewards to buy thousands of covered OTC products, plus healthy food and utilities for members who qualify.

Your plan includes \$2,500 toward preventive and comprehensive dental services. Sign in to your member site for more details.

Your plan includes a \$250 vision allowance. You can use it to buy a pair of eyeglasses (lenses and frames) or contacts.

Your plan may have other changes. Please review this Annual Notice of Change for full details.

New for 2027: 2 cards for extra protection and reliability

In 2027, you'll get 2 easy-to-use cards:

- Your member ID card – Use this at the doctor's office and pharmacy
- Your UnitedHealthcare UCard® – Use this for plan benefits like: OTC credits and earned rewards

Having separate cards help protect your personal health information. It also makes your benefits easier to use. Your cards will come in separate mailings. Please watch for both.

Guidelines for using your OTC credits

To keep using OTC credits for healthy food and utilities, we're required to confirm you have a qualifying chronic health condition and complex health needs. The good news is we're already reviewing your eligibility. We'll send you an update soon.

	2026 (this year)	2027 (next year)
Monthly plan premium (You must also continue to pay your Medicare Part B premium unless it is paid for you by Medicaid.)	\$37.60	\$20.20

Section 1.2 Changes to Your Maximum Out-of-Pocket Amounts

Medicare requires all health plans to limit how much you pay out-of-pocket for the year. These limits are called the maximum out-of-pocket amounts. Once you've paid this amount, you generally pay nothing for covered Part A and Part B services for the rest of the calendar year.

	2026 (this year)	2027 (next year)
Maximum out-of-pocket amount Because our members also get help from Utah Department of Health, Medicaid and Health Financing (Medicaid), very few members ever reach this out-of-pocket maximum. If you are eligible for Medicare cost-sharing assistance under Medicaid, you are not responsible for paying any out-of-pocket costs toward the maximum out-of-pocket amount for covered Part A and Part B services, unless a Medicaid cost-share applies. Your costs for covered medical services (such as copayments and deductibles) from network providers count toward your in-network maximum out-of-pocket amount. Our plan premium, applicable Medicaid cost-shares and your costs for prescription drugs don't count toward your maximum out-of-pocket amount.	\$9,250 If you are eligible for Medicare cost-sharing assistance under Medicaid, you are not responsible for paying any out-of-pocket costs toward the maximum out-of-pocket amount for covered Part A and Part B services. Once you've paid \$9,250 out-of-pocket for covered Part A and Part B services from network providers, you'll pay nothing for your covered Part A and Part B services from network providers for the rest of the calendar year.	\$9,850 If you are eligible for Medicare cost-sharing assistance under Medicaid, you are not responsible for paying any out-of-pocket costs toward the maximum out-of-pocket amount for covered Part A and Part B services. Once you've paid \$9,850 out-of-pocket for covered Part A and Part B services from network providers, you'll pay nothing for your covered Part A and Part B services from network providers for the rest of the calendar year.

Section 1.3 Changes to the Provider Network

Our network of providers has changed for next year. Review the 2027 Provider Directory (myUHCMedicare.com) to see if your providers (primary care provider, specialists, hospitals, etc.) are in our network. Here's how to get an updated Provider Directory:

- Visit our website at myUHCMedicare.com.
- Call Customer Service at 1-866-480-1086 (TTY users call 711) to get current provider information or to ask us to mail you a Provider Directory.

If a mid-year change in our providers affects you, call Customer Service at 1-866-480-1086 (TTY users call 711) for help. You may have a special enrollment period if your provider leaves the plan network. For more information on your rights when a network provider leaves our plan, go to Chapter 3, Section 2.3 of your Evidence of Coverage.

Section 1.4 Changes to the Pharmacy Network

Amounts you pay for your prescription drugs can depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered only if they are filled at one of our network pharmacies.

Section 1.5 Changes to Benefits & Costs for Medical Services

The amount you pay for Medicare-covered services depends on your level of Medicaid eligibility:

- If you are a Qualified Medicare Beneficiary (QMB) or have full Medicaid benefits, you pay a \$0 copayment for your Medicare cost sharing, unless the service is not a Medicaid covered benefit or Medicaid cost shares apply for any benefit referenced in this document. Section 1.6 Changes to Part D Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or Drug List. **You can get the complete Drug List** by calling Customer Service at 1-866-480-1086 (TTY users call 711) or visiting our website (myUHCmedicare.com). This material will be available online after **October 15, 2026**.

We made changes to our Drug List, which could include removing or adding drugs, changing the restrictions that apply to our coverage for certain drugs or moving them to a different cost-sharing tier. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions, or if your drug has been moved to a different cost-sharing tier.**

Most of the changes in the Drug List are new for the beginning of each year. However, we might make other changes that are allowed by Medicare rules that will affect you during the calendar year. We

update our online Drug List at least monthly to provide the most up-to-date list of drugs. If we make a change that will affect your access to a drug you're taking, we'll send you a notice about the change.

If you're affected by a change in drug coverage at the beginning of the year or during the year, review Chapter 9 of your Evidence of Coverage and talk to your prescriber to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. Call Customer Service at 1-866-480-1086 (TTY users call 711) for more information.

Section 1.7 Changes to Prescription Drug Benefits & Costs

Do you get Extra Help to pay for your drug coverage costs?

If you're in a program that helps pay for your drugs (Extra Help), **the information about costs for Part D drugs may not apply to you.** We sent you a separate material, called the Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs, which tells you about your drug costs. If you get Extra Help, you will receive a LIS Rider. If you don't get this material, call Customer Service at 1-866-480-1086 (TTY users call 711) and ask for the LIS Rider to be sent to you.

Drug Payment Stages

There are **3 drug payment stages**: the Yearly Deductible Stage, the Initial Coverage Stage, and the Catastrophic Coverage Stage.

- **Stage 1: Yearly Deductible**

You start in this payment stage each calendar year. During this stage, you pay the full cost of your Tier 2, Tier 3, Tier 4 and Tier 5 drugs until you reach the yearly deductible.

- **Stage 2: Initial Coverage**

Once you pay the yearly deductible, you move to the Initial Coverage Stage. In this stage, our plan pays its share of the cost of your drugs, and you pay your share of the cost. You generally stay in this stage until your year-to-date out-of-pocket costs reach \$2,400.

- **Stage 3: Catastrophic Coverage**

This is the third and final drug payment stage. In this stage, you pay nothing for your covered Part D drugs. You generally stay in this stage for the rest of the calendar year.

Drug Costs in Stage 1: Yearly Deductible

The table shows your cost per prescription during this stage.

	2026 (this year)	2027 (next year)
Yearly Deductible	\$0	\$0

	2026 (this year)	2027 (next year)
	(Look at the separate insert, the LIS Rider, for your deductible amount.) If you do not qualify for Extra Help from Medicare to help pay for your prescription drug costs: \$615 During this stage, you pay \$0 for drugs on Tier 1 (in-network standard retail 30-day supply), and the full cost of drugs on Tier 2, Tier 3, Tier 4 and Tier 5 until you've reached the yearly deductible.	(Look at the separate insert, the LIS Rider, for your deductible amount.) If you do not qualify for Extra Help from Medicare to help pay for your prescription drug costs: \$700 During this stage, you pay \$0 for drugs on Tier 1 (in-network standard retail 30-day supply), and the full cost of drugs on Tier 2, Tier 3, Tier 4 and Tier 5 until you've reached the yearly deductible.

Drug Costs in Stage 2: Initial Coverage

Coinsurance is a portion or part of the total cost, typically as a percentage. With this plan, you pay part of the cost of Tier 2, Tier 3, Tier 4 and Tier 5 drugs. For example, if your coinsurance is 25% and the total cost of your prescription is \$100, you would pay \$25. The plan pays the rest. You pay the full cost of your drugs until you meet the deductible, then you'll start paying the coinsurance amount.

The table shows your cost per prescription for a one-month (30-day) supply filled at a network pharmacy with standard cost sharing.

We changed the tier for some of the drugs on our Drug List. To see if your drugs will be in a different tier, look them up on the Drug List. Most adult Part D vaccines are covered at no cost to you. For more information about the costs of vaccines, or information about the costs for a long-term supply or for mail-order prescriptions, go to Chapter 6 of your **Evidence of Coverage**.

Once you've paid \$2,400 out of pocket for covered Part D drugs, you'll move to the next stage (the Catastrophic Coverage Stage).

Section 3 How to Change Plans

To stay in our plan, you don't need to do anything. Unless you sign up for a different type of Medicare health plan or change to Original Medicare by December 7, you'll automatically be enrolled in our UHC Dual Complete UT-S2 (HMO-POS D-SNP).

If you want to change plans for 2027, follow these steps:

- **To change to a different Medicare health plan,** enroll in the new plan. You'll be automatically disenrolled from UHC Dual Complete UT-S2 (HMO-POS D-SNP). Remember, not all Medicare health plans cover prescription drugs. Also, be aware that for many plans, you can't join a Medicare health plan and simultaneously purchase a prescription drug plan.
- **To change to Original Medicare with separate Medicare drug coverage,** you can enroll in a Part D plan, and you'll automatically be disenrolled from UHC Dual Complete UT-S2 (HMO-POS D-SNP).
- **To change to Original Medicare without a drug plan,** you can send us a written request to disenroll or visit our website to disenroll online (myUHCmedicare.com). Call Customer Service at 1-866-480-1086 (TTY users call 711) for more information on how to do this. Or call Medicare at 1-800-MEDICARE (1-800-633-4227) and ask to be disenrolled. TTY users can call 1-877-486-2048. If you don't enroll in a Medicare drug plan, you may pay a Part D late enrollment penalty.
- **To learn more about Original Medicare and the different types of Medicare plans,** visit [Medicare.gov](https://www.medicare.gov), check the **Medicare & You 2027 handbook**, call your State Health Insurance Assistance Program (go to Section 5), or call 1-800-MEDICARE. As a reminder, UnitedHealthcare Insurance Company or one of its affiliates offers other Medicare health plans AND/OR Medicare drug plans. These other plans can have different coverage, monthly plan premiums, and cost-sharing amounts.

Section 3.1 Deadlines for Changing Plans

People with Medicare can make changes to their coverage from **October 15 – December 7** each year.

If you enrolled in a Medicare Advantage plan for January 1, 2027, and don't like your plan choice, you can switch to another Medicare health plan (with or without Medicare drug coverage) or switch to Original Medicare (with or without separate Medicare drug coverage) between January 1 – March 31, 2027.

Section 3.2 Are there other times of the year to make a change?

In certain situations, people can have other chances to change their coverage during the year. Examples include people who:

- Have Medicaid
- Get Extra Help paying for their drugs
- Have or are leaving employer coverage
- Move out of our plan's service area

Because you have Medicaid, you can end your membership in our plan by choosing one of the following Medicare options in any month of the year:

- Original Medicare with a separate Medicare prescription drug plan,
- Original Medicare without a separate Medicare prescription drug plan (If you choose this option, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.), or
- If eligible, an integrated D-SNP that provides your Medicare and most or all of your Medicaid benefits and services in one plan.

If you recently moved into or currently live in an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (with or without Medicare drug coverage) or switch to Original Medicare (with or without separate Medicare drug coverage) at any time. If you recently moved out of an institution, you have an opportunity to switch plans or switch to Original Medicare for 2 full months after the month you move out.

Section 4 Get Help Paying for Prescription Drugs

You can qualify for help paying for prescription drugs. Different kinds of help are available:

- **Extra Help from Medicare.** People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75% or more of your drug costs, including monthly drug plan premiums, yearly deductibles, and coinsurance. Also, people who qualify won't have a late enrollment penalty. To see if you qualify, call:
 - 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048, 24 hours a day, 7 days a week;
 - Social Security at 1-800-772-1213 between 8 a.m. and 7 p.m., Monday - Friday for a representative. Automated messages are available 24 hours a day. TTY users call 1-800-325-0778.
 - Your State Medicaid Office.
- **Prescription Cost-sharing Assistance for Persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible people living with HIV/AIDS

have access to life-saving HIV medications. To be eligible for the ADAP operating in your state, you must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/under-insured status. Medicare Part D drugs that are also covered by ADAP qualify for prescription cost-sharing help through the ADAP in your state. For information on eligibility criteria, covered drugs, how to enroll in the program, or if you're currently enrolled, how to continue getting help, call the ADAP in your state. You can find your state's ADAP contact information in Chapter 2 of the **Evidence of Coverage**. Be sure, when calling, to inform them of your Medicare Part D plan name or policy number.

- **The Medicare Prescription Payment Plan.** The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across the calendar year (January – December). Anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. If you're participating in the Medicare Prescription Payment Plan and stay in the same Part D plan, your participation will be automatically renewed for 2027. You do not need to submit a new election request to continue participating in 2027. **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.**
- Extra Help from Medicare and help from your ADAP, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All members are eligible to participate in the Medicare Prescription Payment Plan, regardless of income level. To learn more about this payment option, call us at 1-866-480-1086 (TTY users call 711) or visit Medicare.gov.
