Your Plan

Provider Directory

This directory provides a list of your plan's network providers.

This directory is for the plan and service area listed on the cover. It is not a complete list of network providers available to you. You can search for a network provider and print a directory online. The online directory is updated daily and available 24 hours a day, 7 days a week.

For the most up-to-date information about the plan's network providers that serve your area:

Visit **myUHCMedicare.com** or call Customer Service toll-free at **1-855-245-5196**, TTY **711**, 8 a.m.-8 p.m. local time, 7 Days Oct-Mar, M-F Apr-Sept.

The provider network may change at any time. You will receive notice when necessary.

Introduction

This directory provides a list of the plan's network providers. You may also receive services from out-of-network providers nationwide that accept the plan and participate in Medicare for Medicare-covered services. You do not need a referral to see in or out-of-network providers for covered services. To get detailed information about your health care coverage, please see your Evidence of Coverage.

What is a primary care provider?

A primary care provider (PCP) is the health care professional who provides most of your care. The term PCP will be used throughout this directory.

Your PCP can help you:

- Make smart lifestyle choices to help improve and maintain your health
- Get preventive care and health screenings
- Better understand your medical conditions
- Coordinate any specialist care to help avoid duplicate and expensive tests
- Manage your prescriptions and identify possible harmful interactions

Select a primary care provider

To make sure you get the care you need, choose one of our network providers to be your primary care provider (PCP). However, you're not limited to this PCP for all your primary care.

Your PCP plays an important role in your health care, and we want you to be comfortable with the provider you choose. If you want to switch providers, call Customer Service toll-free at **1-855-245-5196**, 8 a.m.-8 p.m. local time, 7 Days Oct-Mar, M-F Apr-Sept, TTY **711**.

The difference between in-network and out-of-network providers

Network providers are providers that your plan works with to give you care. If you use a network provider, your out-of-pocket costs, which are costs paid by you, may be lower. Out-of-network providers are providers that we currently do not work with, so your out-of-pocket costs may be higher.

The network providers listed in this directory have agreed to provide you with your health care coverage. You can see a network specialist or other network provider without getting a referral. You may also get covered services from out-of-network providers. Check your Evidence of Coverage to see which services may be covered out-of-network.

If I need emergency or urgent care

A **medical emergency** is when you believe that you have symptoms that require immediate medical care to prevent death, loss of a limb or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain or a medical condition that is quickly getting worse.

If you have a medical emergency, get help as quickly as possible. Call **911** or go to the nearest emergency room or hospital. Emergency care can always be obtained in or out of the service area from the nearest available provider. Emergency services are also covered whether a provider is in

our network or not. You or someone else should call and tell us about your emergency care, usually within 48 hours.

Urgently needed services are for non-emergencies, unforeseen medical illnesses, injuries or conditions that require immediate medical care. When out of the service area, urgent care may be obtained from the first available provider whether the provider is in our network or not. In addition, when out of the service area, you can get dialysis treatment from any qualified dialysis provider.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. Please call Customer Service or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

If you get a bill

There may be times when you get a bill from a provider for the full cost of medical care you have received. If you get a bill, contact us. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. Please see your Evidence of Coverage for more information.

If you're on Medicare and Medicaid

If you're a Qualified Medicare Beneficiary (QMB), your doctor may not bill you for deductibles, copays or coinsurance for Medicare-covered services, except for Part D prescription drug copays. Please show your UnitedHealthcare member ID card and your state-issued Medicaid member ID card when you see the doctor or use other plan services. This will help ensure you're billed for the correct amount.

Telehealth (Virtual Visits)

Telehealth, also known as virtual visits, is covered under your benefit plan. You can access telehealth services from any network provider that offers virtual care. Telehealth services may include primary care, specialty care, urgent care and/or behavioral health. Not all network providers offer virtual care and those that do may not offer it for all services indicated. Not all medical conditions can be treated through telehealth. Your provider may tell you that you need to see an in-person doctor for treatment. To access your telehealth benefits, ask your local network provider if they offer virtual care or look for the telehealth indicator listed next to a provider's name within this directory. You can also visit Amwell at patients.amwell.com from anywhere in the U.S. to initiate a virtual visit at any time.

Accessing your behavioral health benefits

To access your behavioral health benefits, please call the toll-free Customer Service number on the cover of this directory. When you call, a representative will check your eligibility and get basic information about you and your situation. If you prefer, your PCP may call and arrange a referral for you. Your personal information will be kept strictly confidential.

Organ transplant services

Your plan has a network of facilities that perform organ transplants (including heart, lung, liver, intestine, kidney, bone marrow and/or pancreas). Solid organ transplants must be performed at a

facility that is currently Medicare-approved for your specific type of transplant. The plan's hospital network for organ transplant services is different than the network shown in the **Hospitals** section of this provider directory. Some hospitals in the plan's network for other medical services are not in the plan's network for transplant services. The complete list of Medicare-approved facilities in your plan's network may change throughout the year. For information on network facilities for transplant services, please call Customer Service toll-free at **1-855-245-5196**, TTY **711** or refer to the transplant vendor website information listed in the **National Vendors** section of this provider directory.

Hospital, ancillary and urgent care/surgicenter listings

Your plan's network includes both ambulatory surgical centers and outpatient hospitals. Depending on the kind of facility you choose, your share of the cost may vary. You will generally pay less at ambulatory surgical centers. See your Evidence of Coverage for more information.

Wait times for primary care and behavioral health

UnitedHealthcare must provide you with access to primary care and behavioral health services within the following time frames:

- Immediately for urgently needed services or an emergency
- Within seven (7) days for services that are not an emergency or urgently needed, but you require medical attention
- Within thirty (30) days for routine and preventive care

What is the service area for your plan?

The service area is listed below.

UHC Dual Advantage GA-V1 (PPO D-SNP)

Georgia – Floyd, Haralson, Paulding and Polk counties.

How do you find network providers that serve your area?

Network providers that serve your area are listed in the following sections of this directory. To find a provider using this directory, turn to the Table of Contents on the next page and see where each section begins. Go to the section of the type of provider you are looking for. Once you are in that section, locate the city you live in. Under each city you will find a list of providers in alphabetical order.

You may have more providers to choose from if the service area shown above is larger than the service area shown on the front of this directory. To see if a specific provider is in our network, please call toll-free **1-855-245-5196**, TTY **711**, 8 a.m.-8 p.m. local time, 7 Days Oct-Mar, M-F Apr-Sept. You can also search for network provider online at **myUHCMedicare.com**, which is updated daily and available 24 hours a day, 7 days a week.

If you have questions about your plan or need help in finding a PCP, please call Customer Service toll-free at **1-855-245-5196**, TTY **711** or visit **myUHCMedicare.com**.

DENTAL

Make sure your plan includes dental coverage
Enrollees whose plan includes additional dental services may see the following dental providers. If your plan does not cover additional dental benefits and you visit one of these providers, your services will not be covered.

Not all network dental providers may be included in this list. This list may change. For complete, up-to-date information, or to change your dental provider, contact UnitedHealthcare Customer Service at the toll-free number on the cover of this directory. Please see your Enrollee Handbook for details about plan benefits, limitations and exclusions.

VISION

Vision care
Members whose benefits include additional vision care, such as preventative eye exams and eyewear, may see the following vision providers. Not all network vision providers may be included in this list. This list may change. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions.

Note: For Medicare-covered vision care (medical conditions of the eye, glaucoma screenings, cataract services, etc.), see the **Specialists** section of this directory.

If your plan does not include additional vision care benefits and you visit one of these providers, your services will not be covered.
