UHC Dual Complete MI-Y1 (HMO D-SNP)

2027 List of Covered Drugs (Drug List or Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which drugs and over-the-counter (OTC) drugs and non-drug products are covered by UHC Dual Complete MI-Y1. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by UHC Dual Complete MI-Y1. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

A. Disclaimers

This is a list of drugs that members can get in UHC Dual Complete MI-Y1.

- ❖ You can always check UHC Dual Complete MI-Y1's up-to-date *List of Covered Drugs* online at **myuhc.com/CommunityPlan** or call Member Services at the numbers listed at the bottom of this page. The call is free.
- ❖ For questions about or problems with the MI Coordinated Health program or our plan, contact the MI Community, Home, and Health Ombudsman (MI CHHO) for free help. MI CHHO is an independent program and isn't connected with this plan. Call 1-888-746-6456 or visit the MI CHHO website at meji.org/michho/mhlo. To schedule an appointment with a person-centered options counselor, please call MI Options at 1-800-803-7174 8 a.m. to 8 p.m., Monday through Friday.
- ❖ UHC Dual Complete MI-Y1 is a health plan that contracts with both Medicare and Michigan Medicaid to provide benefits of both programs to enrollees. Enrollment depends on contract renewal.
- ❖ You can get this document for free in other formats, such as large print, braille, or audio. Call Member Services at the numbers listed at the bottom of the page. The call is free.
- ❖ UHC Dual Complete MI-Y1 is a health plan that contracts with both Medicare and Michigan Medicaid to provide benefits of both programs to enrollees.
- ❖ You can call Member Services at the number listed at the bottom of this page, and ask us to make a note in our system that you would like materials in a different language and/or alternate format now and in the future. This is called a "standing order". You can also make changes to your standing order at any time by calling Member Services. The call is free.
- ❖ UnitedHealthcare does not discriminate on the basis of race, color, national origin, creed, religion, sexual orientation, public assistance status, age, mental or physical disability, gender, marital status, or disability in health programs and activities.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *Drug list*. You can read all of the FAQ to learn more or look for a question and answer.

B1. What drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C1** are the drugs covered by UHC Dual Complete MI-Y1. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Michigan Medicaid. Please visit the Michigan Medicaid website www.michigan.gov/mdhhs/assistance-programs/medicaid for more information. You can also call the Michigan Medicaid Beneficiary Help Line at 1-800-642-3195 8:00 AM – 7:00 PM Monday through Friday (except holidays) or email beneficiarysupport@michigan.gov.

Please bring your UHC Dual Complete MI-Y1 Member ID Card when getting prescriptions through Michigan Medicaid.

- UHC Dual Complete MI-Y1 will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - UHC Dual Complete MI-Y1 agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a UHC Dual Complete MI-Y1 network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at myuhc.com/CommunityPlan or call Member Services at the numbers listed at the bottom of this page.

B2. Does the *Drug List* ever change?

Yes, and UHC Dual Complete MI-Y1 must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit myuhc.com/CommunityPlan.

This formulary was updated on October 1, 2026

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from UHC Dual Complete MI-Y1 before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we'll cover another drug.)

For more information on these drug rules, refer to question B4.

If you're taking a drug that was covered at the **beginning** of the year, we'll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn't safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check UHC Dual Complete MI-Y1's up-to-date *Drug List* online at **myuhc.com/CommunityPlan**. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the numbers listed at the bottom of this page to check the current *Drug List*.

B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but the new drug will appear on the same or lower cost-sharing tier with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we're adding:
 - is a new generic version of a brand name drug, **or**
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

This formulary was updated on October 1, 2026

biological product without a new prescription).

- Some of these drug types may be new to you. For more information, refer to **Section B14**.
- o You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10 - B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. Contact your doctor or other prescriber and ask about your other options.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market, **or**
- we remove an original biological product when adding a biosimilar, **or**
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10 - B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes. Some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

This formulary was updated on October 1, 2026

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from UHC Dual Complete MI-Y1 based on specific criteria before you fill your prescription. Prior authorization is different from a referral. UHC Dual Complete MI-Y1 may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes UHC Dual Complete MI-Y1 limits the amount of a drug you can get.
- **Step therapy:** Sometimes UHC Dual Complete MI-Y1 requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C**. You can also get more information by visiting our website at myuhc.com/CommunityPlan. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10 - B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the List of Drugs by Drug Type has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if UHC Dual Complete MI-Y1 changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit myuhc.com/CommunityPlan.

This formulary was updated on October 1, 2026

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- You can search alphabetically, **or**
- You can search by drug type.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it on page 155. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs and non-drug products are listed in the index.

To search **by drug type**, find **Section C** labeled “List of Drugs by Drug Type”. The drugs in this section are grouped into categories by type. For example, if you’re taking a medicine for migraines, you should look in the “Antimigraine Agents” category. That’s where you will find drugs that treat migraines.

B8. What if the drug I want to take isn’t on the *Drug List*?

If you don’t find your drug on the *Drug List*, call Member Services at the numbers listed at the bottom of this page and ask about it. If you learn that UHC Dual Complete MI-Y1 won’t cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that’s like the one you want to take. **or**
- Ask UHC Dual Complete MI-Y1 to make an exception to cover your drug. Refer to questions B10 - B12 for more information about exceptions.

B9. What if I’m a new UHC Dual Complete MI-Y1 member and can’t find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you’re a member of UHC Dual Complete MI-Y1. This will give you time to talk to your doctor or other prescriber. They can help you decide if there’s a similar drug on the *Drug List* you can take instead, or whether to ask for an exception.

If your prescription is written for fewer days, we’ll allow multiple refills to provide up to a maximum of 30 days of medication.

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

This formulary was updated on October 1, 2026

We'll cover a 30-day supply of your drug if:

- you're taking a drug that isn't on our *Drug List*, **or**
- our plan rules don't let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by UHC Dual Complete MI-Y1, **or**
- you're taking a drug that's part of a step therapy restriction.

If you're taking a drug that UHC Dual Complete MI-Y1 does not consider to be a Part D drug, you have the right to get a one-time, 72-hour emergency supply of the drug.

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new UHC Dual Complete MI-Y1 member.
- This is in addition to the temporary supply during the first 90 days you are a member of UHC Dual Complete MI-Y1.

If you're going through a change in your level of care, such as being transferred from a hospital to a long-term care facility, any time during the year, we may cover a temporary 31-day supply of the drug you need. This will give you time to talk to your doctor or other prescriber about other treatment options or to try to get an exception. Refer to questions B10 - B12 for more information about exceptions.

We won't pay for more of your drug after you get a temporary supply unless you receive authorization from the plan.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask UHC Dual Complete MI-Y1 to make an exception to cover a drug that isn't on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, UHC Dual Complete MI-Y1 may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

This formulary was updated on October 1, 2026

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9, section G2** of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone, and then fax or mail the statement. If you have questions, call Member Services at the numbers listed at the bottom of this page.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription - depending on state laws.

UHC Dual Complete MI-Y1 covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

This formulary was updated on October 1, 2026

biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for “over-the-counter.” UHC Dual Complete MI-Y1 covers some OTC drugs when they’re written as prescriptions by your provider.

You can read the UHC Dual Complete MI-Y1 *Drug List* to find out what OTC drugs are covered.

B16. Does UHC Dual Complete MI-Y1 cover non-drug OTC products?

Yes. UHC Dual Complete MI-Y1 covers some non-drug OTC products when they’re written as prescriptions by your provider. Examples of non-drug OTC products include Rubbing Alcohol, Urine Test Strips, and Petroleum Ointment.

These non-drug OTC products are listed in the *Drug List* in **Section C**.

B17. Does UHC Dual Complete MI-Y1 cover long-term supplies of prescriptions?

Yes. UHC Dual Complete MI-Y1 offers two ways to get a long-term supply (also called an extended supply) of “maintenance” drugs on our plan’s *Drug List*. Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.

- **Retail pharmacy.** Some retail pharmacies in our network allow you to get a long-term supply of maintenance drugs. Your *Provider and Pharmacy Directory* tells you which pharmacies in our network can give you a long-term supply of maintenance drugs.
- **Mail-order.** Our plan’s mail-order service allows you to order up to a 100-day supply. To get order forms and information about filling your prescriptions by mail, please reference your *Provider and Pharmacy Directory* to find the mail service pharmacies in our network. If you use a mail-order pharmacy not in the plan’s network, your prescription won’t be covered.

For more information about getting a long-term supply of drugs, call Member Services at the numbers listed at the bottom of this page.

This section is continued on the next page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

This formulary was updated on October 1, 2026

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What's my copay?

UHC Dual Complete MI-Y1 members may have a copay for prescription drugs depending on the tier the drug is in. There is no copay for OTC drugs and non-drug products as long as the member follows the plan's rules. Refer to questions B15 and B16 above for more information about OTC drugs and non-drug products.

- Tier 1: Preferred Generic Drugs have a \$0 copay.
- Tier 2: Generic Drugs have a \$0–\$14.40 copay.
- Tier 3: Preferred Brand Drugs have a \$0–\$14.40 copay.
- Tier 4: Non-Preferred Drugs have a \$0–\$14.40 copay.
- Tier 5: Specialty Drugs have a \$0–\$14.40 copay.

If you have questions, call Member Services at the numbers listed at the bottom of this page.

Extra Help

If you qualify for Extra Help paying for your prescription drugs, your copays and coinsurance may be lower. Members who qualify for Extra Help will receive the Evidence of Coverage Rider for people who get Extra Help paying for prescription drugs (also called a Low-Income Subsidy (LIS) Rider). Please read it to learn about your costs. You can also call Member Services at the numbers listed at the bottom of this page.

If you have questions, please call UHC Dual Complete MI-Y1 at **844-368-6885**, TTY **711**, 8 a.m.-8 p.m. local time, 7 days Oct-Mar, M-F Apr-Sept. The call is free. **For more information**, visit **myuhc.com/CommunityPlan**.

This formulary was updated on October 1, 2026

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by UHC Dual Complete MI-Y1. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by UHC Dual Complete MI-Y1.

Note: The asterisk (*) at the end of the Drug name in the Drug Name column means the drug isn't a "Part D drug" and is covered by Medicare or the state's Medicaid plan. These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want isn't covered or is no longer covered by Medicare or Michigan Medicaid.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Member Services at the numbers listed at the bottom of this page.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.

C1. List of Drugs by Drug Type

The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for migraines, you should look in the "Antimigraine Agents" category. That is where you will find drugs that treat migraines.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *simvastatin*), brand name drugs are capitalized (for example, HUMALOG). The information in the "Necessary actions, restrictions, or limits on use" column tells you if UHC Dual Complete MI-Y1 has any rules for covering your drug. OTC drugs and non-drug products are listed in this table. Generic drugs are in lower-case italics (for example, *aspirin*) and brand name drugs are capitalized (for example, TYLENOL).

Here are the meanings of the codes used in the "Necessary actions, restrictions, or limits on use" column:

PA – Prior authorization

For some drugs, you or your doctor or other prescriber must get authorization from UHC Dual Complete MI-Y1 before you fill your prescription. Prior authorization is different from a referral. UHC Dual Complete MI-Y1 may not cover the drug if you don't get prior authorization.

QL – Quantity limits

Sometimes UHC Dual Complete MI-Y1 limits the amount of a drug you can get.

ST – Step therapy

Sometimes UHC Dual Complete MI-Y1 requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll

This section is continued on the next page.

cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.

B/D – Medicare Part B or Part D

Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor or prescriber may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

LA – Limited access

Drugs are considered "limited access" if the FDA says the drug can only be given out by certain facilities, doctors or prescribers. These drugs may require extra handling, provider coordination or patient education that can't be done at a network pharmacy.

MME – Morphine milligram equivalent

Additional quantity limits may apply to all opioid drugs used to treat pain. This additional limit is called a cumulative Morphine Milligram Equivalent (MME). It's designed to monitor safe dosing levels of opioids for people who may be taking more than one opioid drug for pain management. If your doctor or prescriber prescribes more than this amount or thinks the limit isn't right for your situation, you or your doctor or prescriber can ask the plan to cover the additional quantity.

7D – 7-day limit

An opioid drug used to treat pain may be limited to a 7-day supply if you don't have a recent history of using opioids. This limit helps minimize long-term opioid use. If you are new to the plan and have a recent history of using opioids, the pharmacy may override the limit when appropriate.

DL – Dispensing limit

Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

<i>methadone hcl (oral tablet)</i>	Tier 3	7D; MME; DL; QL
<i>morphine sulfate er (100mg oral tablet extended release, 15mg oral tablet extended release, 30mg oral tablet extended release, 60mg oral tablet extended release) (generic ms contin)</i>	Tier 3	7D; MME; DL; QL
<i>morphine sulfate er (200mg oral tablet extended release) (generic ms contin)</i>	Tier 4	7D; MME; DL; QL
XTAMPZA ER (ORAL CAPSULE ER 12 HOUR ABUSE-DETERRENT)	Tier 4	7D; MME; DL; QL
Opioid Analgesics, Short-acting		
<i>acetaminophen-codeine (120-12mg/5ml oral solution)</i>	Tier 3	7D; MME; DL; QL
<i>acetaminophen-codeine (300-15mg oral tablet, 300-30mg oral tablet, 300-60mg oral tablet)</i>	Tier 3	7D; MME; DL; QL
<i>butalbital-acetaminophen-cafeine (oral tablet)</i>	Tier 3	QL
<i>butalbital-aspirin-cafeine (oral capsule)</i>	Tier 3	QL
<i>hydrocodone-acetaminophen (10-300mg/15ml oral solution, 7.5-325mg/15ml oral solution)</i>	Tier 4	7D; MME; DL; QL
<i>hydrocodone-acetaminophen (10-325mg oral tablet, 2.5-325mg oral tablet, 5-325mg oral tablet, 7.5-325mg oral tablet)</i>	Tier 3	7D; MME; DL; QL
<i>hydrocodone-ibuprofen (7.5-200mg oral tablet)</i>	Tier 3	7D; MME; DL; QL
<i>hydromorphone hcl (oral tablet immediate release)</i>	Tier 3	7D; MME; DL; QL

You can find information on what the symbols and abbreviations in this table mean by referring to pages 14 and 15.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>hydromorphone hcl preservative free (10mg/ml injection solution, 50mg/5ml injection solution)</i>	Tier 4	7D; DL
<i>morphine sulfate (concentrate) (20mg/ml oral solution)</i>	Tier 3	7D; MME; DL; QL
<i>morphine sulfate (10mg/5ml oral solution, 20mg/5ml oral solution)</i>	Tier 3	7D; MME; DL; QL
<i>morphine sulfate (oral tablet immediate release)</i>	Tier 3	7D; MME; DL; QL
<i>oxycodone hcl (100mg/5ml oral concentrate)</i>	Tier 4	7D; MME; DL; QL
<i>oxycodone hcl (5mg/5ml oral solution)</i>	Tier 4	7D; MME; DL; QL
<i>oxycodone hcl (10mg oral tablet immediate release, 15mg oral tablet immediate release, 20mg oral tablet immediate release, 30mg oral tablet immediate release, 5mg oral tablet immediate release)</i>	Tier 3	7D; MME; DL; QL
<i>oxycodone-acetaminophen (10-325mg oral tablet, 2.5-325mg oral tablet, 5-325mg oral tablet, 7.5-325mg oral tablet)</i>	Tier 3	7D; MME; DL; QL
<i>tramadol hcl (50mg oral tablet immediate release)</i>	Tier 2	7D; MME; DL; QL
Anesthetics		
Local Anesthetics		
<i>lidocaine (5% external ointment)</i>	Tier 3	QL
<i>lidocaine (5% external patch)</i>	Tier 4	PA; DL; QL
<i>lidocaine hcl (4% external solution)</i>	Tier 4	DL
<i>lidocaine viscous (2% mouth/throat solution)</i>	Tier 1	
<i>lidocaine-prilocaine (external cream)</i>	Tier 3	
Anthelmintics		
Antiparasitics		
PIN RID CHW 720.5MG (TABLET CHEWABLE)*	\$0	
Anti-Addiction/Substance Abuse Treatment Agents		
Alcohol Deterrents/Anti-craving		
<i>acamprosate calcium (oral tablet delayed release)</i>	Tier 4	DL
<i>disulfiram (oral tablet)</i>	Tier 3	
<i>naltrexone hcl (oral tablet)</i>	Tier 3	
VIVITROL (INTRAMUSCULAR SUSPENSION RECONSTITUTED)	Tier 5	DL
Opioid Dependence		
<i>buprenorphine hcl (tablet sublingual)</i>	Tier 2	

You can find information on what the symbols and abbreviations in this table mean by referring to pages 14 and 15.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>buprenorphine hcl-naloxone hcl (sublingual film)</i>	Tier 4	DL
<i>buprenorphine hcl-naloxone hcl (tablet sublingual)</i>	Tier 2	
SUBOXONE (SUBLINGUAL FILM)	Tier 4	DL
Opioid Reversal Agents		
KLOXXADO (NASAL LIQUID)	Tier 3	
<i>naloxone hcl (0.4mg/ml injection solution)</i>	Tier 2	
<i>naloxone hcl (injection solution cartridge)</i>	Tier 2	
<i>naloxone hcl (injection solution prefilled syringe)</i>	Tier 2	
OPVEE (NASAL SOLUTION)	Tier 4	DL
Smoking Cessation Agents		
<i>bupropion hcl sr (150mg oral tablet extended release 12 hour smoking-deterrent)</i>	Tier 2	
NICOTROL NS (NASAL SOLUTION)	Tier 4	DL
<i>varenicline tartrate (starter) (oral tablet therapy pack)</i>	Tier 3	
<i>varenicline tartrate (oral tablet)</i>	Tier 3	
<i>varenicline tartrate (continuing month box) (oral tablet)</i>	Tier 3	
Antibacterials		
Aminoglycosides		
<i>amikacin sulfate (500mg/2ml injection solution)</i>	Tier 4	DL
ARIKAYCE (INHALATION SUSPENSION)	Tier 5	PA; DL
<i>gentamicin sulfate-0.9% sodium chloride (intravenous solution)</i>	Tier 4	DL
<i>gentamicin sulfate (40mg/ml injection solution)</i>	Tier 4	DL
HUMATIN (ORAL CAPSULE)	Tier 5	DL
<i>neomycin sulfate (oral tablet)</i>	Tier 2	
<i>streptomycin sulfate (intramuscular solution reconstituted)</i>	Tier 5	DL
<i>tobramycin sulfate (10mg/ml injection solution, 80mg/2ml injection solution)</i>	Tier 4	DL
Antibacterials, Other		
<i>aztreonam (injection solution reconstituted)</i>	Tier 4	DL
BLUJEPA (ORAL TABLET)	Tier 5	DL
<i>clindamycin hcl (oral capsule)</i>	Tier 2	

You can find information on what the symbols and abbreviations in this table mean by referring to pages 14 and 15.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>clindamycin palmitate hcl (oral solution reconstituted)</i>	Tier 4	DL
<i>clindamycin phosphate in d5w (intravenous solution)</i>	Tier 4	DL
<i>clindamycin phosphate (injection solution)</i>	Tier 4	DL
<i>clindamycin phosphate (vaginal cream)</i>	Tier 3	
<i>colistimethate sodium (cba) (injection solution reconstituted)</i>	Tier 4	DL
<i>daptomycin (intravenous solution reconstituted)</i>	Tier 4	DL
<i>fosfomycin tromethamine (oral packet)</i>	Tier 4	DL
<i>linezolid (intravenous solution)</i>	Tier 4	DL
<i>linezolid (oral suspension reconstituted)</i>	Tier 5	DL; QL
<i>linezolid (oral tablet)</i>	Tier 4	DL; QL
<i>methenamine hippurate (oral tablet)</i>	Tier 3	
<i>metronidazole (0.75% external cream)</i>	Tier 3	
<i>metronidazole (0.75% external gel)</i>	Tier 3	
<i>metronidazole (1% external gel)</i>	Tier 4	DL
<i>metronidazole (0.75% external lotion)</i>	Tier 4	DL
<i>metronidazole (500mg/100ml intravenous solution)</i>	Tier 4	DL
<i>metronidazole (250mg oral tablet, 500mg oral tablet)</i>	Tier 2	
<i>metronidazole (0.75% vaginal gel)</i>	Tier 3	
<i>nitrofurantoin macrocrystal (100mg oral capsule, 50mg oral capsule) (generic macrodantin)</i>	Tier 3	
<i>nitrofurantoin monohydrate (generic macrobid)</i>	Tier 3	
<i>polymyxin b sulfate (injection solution reconstituted)</i>	Tier 4	DL
<i>tigecycline (intravenous solution reconstituted)</i>	Tier 4	DL
<i>tinidazole (oral tablet)</i>	Tier 4	DL
<i>trimethoprim (oral tablet)</i>	Tier 2	
<i>vancomycin hcl (10gm intravenous solution reconstituted, 1gm intravenous solution reconstituted, 500mg intravenous solution reconstituted, 750mg intravenous solution reconstituted)</i>	Tier 4	DL
<i>vancomycin hcl (oral capsule)</i>	Tier 4	DL; QL
XIFAXAN (ORAL TABLET)	Tier 3	PA
Beta-lactam, Cephalosporins		

You can find information on what the symbols and abbreviations in this table mean by referring to pages 14 and 15.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>cefaclor (oral capsule)</i>	Tier 3	
<i>cefadroxil (oral capsule)</i>	Tier 2	
<i>cefadroxil (oral suspension reconstituted)</i>	Tier 2	
<i>cefazolin sodium (10gm injection solution reconstituted, 1gm injection solution reconstituted, 500mg injection solution reconstituted)</i>	Tier 4	DL
<i>cefdinir (oral capsule)</i>	Tier 3	
<i>cefdinir (oral suspension reconstituted)</i>	Tier 3	
<i>cefepime hcl (injection solution reconstituted)</i>	Tier 4	DL
<i>cefepime hcl (2gm intravenous solution reconstituted)</i>	Tier 4	DL
<i>cefixime (oral capsule)</i>	Tier 3	
<i>cefixime (oral suspension reconstituted)</i>	Tier 4	DL
CEFIXIME (ORAL TABLET)	Tier 4	DL
<i>cefotetan disodium (injection solution reconstituted)</i>	Tier 4	DL
<i>cefoxitin sodium (intravenous solution reconstituted)</i>	Tier 4	DL
<i>cefpodoxime proxetil (oral tablet)</i>	Tier 4	DL
<i>cefprozil (oral suspension reconstituted)</i>	Tier 3	
<i>cefprozil (oral tablet)</i>	Tier 3	
<i>ceftaroline fosamil (intravenous solution reconstituted)</i>	Tier 5	DL
<i>ceftazidime (injection solution reconstituted)</i>	Tier 4	DL
<i>ceftazidime (intravenous solution reconstituted)</i>	Tier 4	DL
<i>ceftriaxone sodium (1gm injection solution reconstituted, 250mg injection solution reconstituted, 2gm injection solution reconstituted, 500mg injection solution reconstituted)</i>	Tier 4	DL
<i>ceftriaxone sodium (10gm intravenous solution reconstituted)</i>	Tier 4	DL
<i>cefuroxime axetil (oral tablet)</i>	Tier 2	
<i>cefuroxime sodium (injection solution reconstituted)</i>	Tier 4	DL
<i>cefuroxime sodium (intravenous solution reconstituted)</i>	Tier 4	DL
<i>cephalexin (250mg oral capsule, 500mg oral capsule)</i>	Tier 1	

You can find information on what the symbols and abbreviations in this table mean by referring to pages 14 and 15.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>cephalexin (750mg oral capsule)</i>	Tier 3	
<i>cephalexin (oral suspension reconstituted)</i>	Tier 2	
<i>tazicef (injection solution reconstituted)</i>	Tier 4	DL
<i>tazicef (2gm intravenous solution reconstituted, 6gm intravenous solution reconstituted)</i>	Tier 4	DL
Beta-lactam, Penicillins		
<i>amoxicillin (oral capsule)</i>	Tier 1	
<i>amoxicillin (oral suspension reconstituted)</i>	Tier 1	
<i>amoxicillin (oral tablet immediate release)</i>	Tier 1	
<i>amoxicillin (oral tablet chewable)</i>	Tier 1	
<i>amoxicillin-potassium clavulanate er (oral tablet extended release 12 hour)</i>	Tier 4	DL
<i>amoxicillin-potassium clavulanate (oral suspension reconstituted)</i>	Tier 2	
<i>amoxicillin-potassium clavulanate (oral tablet immediate release)</i>	Tier 2	
<i>ampicillin (oral capsule)</i>	Tier 2	
<i>ampicillin sodium (1gm injection solution reconstituted, 2gm injection solution reconstituted)</i>	Tier 4	DL
<i>ampicillin sodium (10gm intravenous solution reconstituted)</i>	Tier 4	DL
<i>ampicillin-sulbactam sodium (injection solution reconstituted)</i>	Tier 4	DL
<i>ampicillin-sulbactam sodium (15 (10-5)gm intravenous solution reconstituted)</i>	Tier 4	DL
BICILLIN C-R 900/300 (INTRAMUSCULAR SUSPENSION)	Tier 4	DL
BICILLIN C-R (INTRAMUSCULAR SUSPENSION)	Tier 4	DL
BICILLIN L-A (INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE)	Tier 4	DL
<i>dicloxacillin sodium (oral capsule)</i>	Tier 2	
<i>nafcillin sodium (injection solution reconstituted)</i>	Tier 4	DL
<i>nafcillin sodium (intravenous solution reconstituted)</i>	Tier 4	DL
OXACILLIN SODIUM IN DEXTROSE (INTRAVENOUS SOLUTION)	Tier 4	DL
<i>oxacillin sodium (injection solution reconstituted)</i>	Tier 4	DL

You can find information on what the symbols and abbreviations in this table mean by referring to pages 14 and 15.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>oxacillin sodium (intravenous solution reconstituted)</i>	Tier 4	DL
<i>penicillin g potassium (20000000unit injection solution reconstituted)</i>	Tier 4	DL
<i>penicillin g sodium (injection solution reconstituted)</i>	Tier 4	DL
<i>penicillin v potassium (oral solution reconstituted)</i>	Tier 2	
<i>penicillin v potassium (oral tablet)</i>	Tier 1	
<i>piperacillin-tazobactam (2.25 (2-0.25)gm intravenous solution reconstituted, 3.375 (3-0.375)gm intravenous solution reconstituted, 4.5 (4-0.5)gm intravenous solution reconstituted, 40.5 (36-4.5)gm intravenous solution reconstituted)</i>	Tier 4	DL
Carbapenems		
<i>ertapenem sodium (injection solution reconstituted)</i>	Tier 4	DL
<i>imipenem-cilastatin (intravenous solution reconstituted)</i>	Tier 4	DL
<i>meropenem (1gm intravenous solution reconstituted)</i>	Tier 4	DL
<i>meropenem (500mg intravenous solution reconstituted)</i>	Tier 3	
Macrolides		
<i>azithromycin (intravenous solution reconstituted)</i>	Tier 4	DL
<i>azithromycin (oral suspension reconstituted)</i>	Tier 1	
<i>azithromycin (oral tablet)</i>	Tier 1	
<i>clarithromycin er (oral tablet extended release 24 hour)</i>	Tier 4	DL
<i>clarithromycin (oral suspension reconstituted)</i>	Tier 4	DL
<i>clarithromycin (oral tablet immediate release)</i>	Tier 3	
<i>erythromycin base (oral capsule delayed release particles)</i>	Tier 4	DL
<i>erythromycin base (oral tablet immediate release)</i>	Tier 4	DL
<i>erythromycin ethylsuccinate (200mg/5ml oral suspension reconstituted)</i>	Tier 4	DL
<i>erythromycin (oral tablet delayed release)</i>	Tier 4	DL
<i>fidaxomicin (oral tablet)</i>	Tier 5	DL
Quinolones		
<i>ciprofloxacin hcl (oral tablet immediate release)</i>	Tier 1	

You can find information on what the symbols and abbreviations in this table mean by referring to pages 14 and 15.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>ciprofloxacin in d5w (200mg/100ml intravenous solution)</i>	Tier 4	DL
<i>levofloxacin in d5w (500mg/100ml intravenous solution, 750mg/150ml intravenous solution)</i>	Tier 4	DL
<i>levofloxacin (oral solution)</i>	Tier 4	DL
<i>levofloxacin (oral tablet)</i>	Tier 1	
<i>moxifloxacin hcl in nacl (intravenous solution)</i>	Tier 4	DL
<i>moxifloxacin hcl (oral tablet)</i>	Tier 3	
<i>ofloxacin (oral tablet)</i>	Tier 3	
Sulfonamides		
<i>sulfadiazine (oral tablet)</i>	Tier 5	DL
<i>sulfamethoxazole-trimethoprim (200-40mg/5ml oral suspension)</i>	Tier 3	
<i>sulfamethoxazole-trimethoprim (oral tablet)</i>	Tier 1	
Tetracyclines		
<i>demeclocycline hcl (oral tablet)</i>	Tier 4	DL
<i>doxy 100 (intravenous solution reconstituted)</i>	Tier 4	DL
<i>doxycycline hyclate (intravenous solution reconstituted)</i>	Tier 4	DL
<i>doxycycline hyclate (100mg oral capsule, 50mg oral capsule)</i>	Tier 3	
<i>doxycycline hyclate (100mg oral tablet immediate release, 20mg oral tablet immediate release)</i>	Tier 3	
<i>doxycycline monohydrate (100mg oral capsule, 50mg oral capsule)</i>	Tier 3	
<i>doxycycline monohydrate (oral suspension reconstituted)</i>	Tier 4	DL
<i>doxycycline monohydrate (100mg oral tablet, 50mg oral tablet, 75mg oral tablet)</i>	Tier 3	
<i>minocycline hcl (oral capsule)</i>	Tier 2	
<i>minocycline hcl (oral tablet immediate release)</i>	Tier 4	DL
NUZYRA (INTRAVENOUS SOLUTION RECONSTITUTED)	Tier 5	PA; DL
NUZYRA (ORAL TABLET)	Tier 5	PA; DL; QL
<i>tetracycline hcl (oral capsule)</i>	Tier 4	DL
Antibacterials, Other
