Going to the doctor

How do I choose a Perinatal Provider? Will I need a referral for this?

If you need help choosing a Perinatal Provider, please contact Member Services at **1-888-887-9003**. You will not need a referral for this service.

How soon can I be seen after contacting a Perinatal Provider for an appointment?

You should be able to see your Perinatal Provider within two weeks of calling them. If you have any problem getting a visit within two weeks of calling your Perinatal Provider, please call UnitedHealthcare Community Plan at **1-888-887-9003**.

Can I stay with a CHIP Perinatal Provider if they are not with my health plan?

You should try to choose a CHIP Perinatal Provider that is in your health plan's CHIP Perinatal Provider Network. If you have 16 weeks or less remaining before the expected delivery date of your baby, you can stay under your current Perinatal Provider through your postpartum checkup, even if the Perinatal Provider is, or becomes, out of network. Please contact Member Services.

What if I choose to go to another doctor who is not my CHIP Perinatal Provider?

Except in emergencies, always call your CHIP Perinatal Provider before you go to another doctor or the hospital. You can reach your CHIP Perinatal Provider or backup doctor 24 hours a day, 7 days a week. If you go to another doctor who is not your CHIP Perinatal Provider, you may need to pay the bill. If your emergency care is not related to labor with the birth of your child, you will have to apply for Emergency Medicaid or pay for the services yourself.

What do I need to bring to a Perinatal Provider's appointment?

When you go to your visit, always take your UnitedHealthcare Community Plan Member ID card, a list of problems you are having, and a list of all prescription drugs or herbal medications you are taking.

Can a clinic be a Perinatal Provider?

Your Perinatal Provider can be a doctor, a clinic, a Rural Health Center (RHC) or a Federally Qualified Health Center (FQHC). If you have questions, please call Member Services at **1-888-887-9003**.

How do I get after-hours care?

Please call your pregnancy doctor. If you cannot reach your doctor or want to talk to someone while you wait for the doctor to call you back, call NurseLine at 1-800-850-1267. Our nurses are ready to help you 24 hours a day, 7 days a week. If you think you have a real emergency, call **9-1-1** or go to the nearest emergency room.

Changing health plans for CHIP Perinatal members

- **Attention:** If you meet certain income requirements, your baby will be moved to Medicaid and get 12 months of continuous Medicaid coverage from date of birth.
- Your baby will continue to receive services through the CHIP Program if you meet the CHIP Perinatal requirements. Your baby will get 12 months of continuous CHIP Perinatal coverage through his or her health plan, beginning with the month of enrollment as an unborn child.

What if I want to change health plans?

- Once you pick a health plan for your unborn child, the child must stay in this health plan until the child's CHIP Perinatal coverage ends. The 12-month CHIP Perinatal coverage begins when your unborn child is enrolled in CHIP Perinatal and continues after your child is born.
- If you do not pick a plan within 15 days of getting the enrollment packet, HHSC will pick a health plan for your unborn child and send you information about that health plan. If HHSC picks a health plan for your unborn child, you will have 90 days to pick another health plan if you are not happy with the plan HHSC chooses.
- The children must remain with the same health plan until the end of the CHIP Perinatal member's enrollment period, or the end of the other children's enrollment period, whichever happens last. At that point, you can pick a different health plan for the children.
- You can ask to change health plans:
 - For any reason within 90 days of enrollment in CHIP Perinatal;
 - If you move into a different service delivery area; and
 - For cause at any time.

Who do I call?

For more information, call toll-free at 1-800-964-2777.

Concurrent enrollment of family members in CHIP and CHIP Perinatal and Medicaid coverage for certain newborns

If you have children covered by CHIP, their health plans might change once you are approved for CHIP Perinatal coverage. When a member of the family is approved for CHIP Perinatal coverage and picks a perinatal health plan, all children in the family that are enrolled in CHIP must join the health plan providing the CHIP Perinatal services. The children must remain with the same health plan until the end of the CHIP Perinatal member's enrollment period, or the end of the other children's enrollment period, whichever happens last. Then, you can pick a different health plan for the children.

Copayments, cost-sharing, and enrollment fees still apply for those children enrolled in the CHIP program.

An unborn child who is enrolled in CHIP Perinatal will be moved to Medicaid and get 12 months of continuous Medicaid coverage from date of birth, if your family's income is at or below 185% of the Federal Poverty Level.

Your baby will continue to receive coverage through the CHIP program as a CHIP Perinate Newborn if your family's income is above 185% of the Federal Poverty Level up to 200% of the Federal Poverty Level. Your baby will get 12 months of continuous CHIP Perinatal coverage through his or her health plan, beginning with the month of enrollment as an unborn child.

Benefits and services

How much do I pay for health services?

The table on the next page shows the CHIP copayments according to your family income. Copayments are paid by you to the health care provider (at time of service) when they provide you medical services or prescription drugs. There are no copayments for preventive care such as well-child or well-baby visits or immunizations. CHIP Perinate members, American Indian members and Alaskan Native members do not pay any enrollment fees or copayments.

Families may be required to pay an enrollment fee. These fees may be from \$0 to \$50. This amount is paid only when you re-enroll your child(ren) every year.

The Member Guide you got when you enrolled in CHIP has a tear-out form that you should use to keep track of your child's CHIP costs. To make sure that you do not go above your out-of-pocket limits, please keep track of your CHIP-related expenses on this form.

The enrollment packet welcome letter tells you exactly how much you must spend before you are able to mail the form back to CHIP. If you cannot find your welcome letter, please call CHIP at 1-800-647-6558 and they will tell you what your limit is.

When you reach your annual out-of-pocket expenses, please send the form to CHIP and they will notify us. We will issue you a new member ID card. This new card will show that no copayments are due when your child gets medical services. CHIP and CHIP Perinate Members may have to pay for non-covered services.

What are copayments?

How much are they and when do I have to pay them?

Copayments for medical services or prescription drugs are paid to the health care provider at the time of service. You do not have to pay copayments for preventive care such as well-child or well-baby visits or immunizations.

There are no copayments for CHIP Perinate Program members.

What benefits does my baby receive at birth?

An unborn child who is enrolled in CHIP Perinatal will be moved to Medicaid for 12 months of continuous Medicaid coverage, beginning on the date of birth, if the child lives in a family with an income at or below 185% of the Federal Poverty Level (FPL).

An unborn child will continue to receive coverage through CHIP Perinatal after birth if the child lives in a family with an income above 185% to 200% FPL.

CHIP formulary | Vendor drug program

The Texas Drug Code Index includes program-specific formularies for Medicaid, the Children's Health Insurance Program (CHIP), the Children with Special Health Care Needs (CSHCN) Services Program, the Healthy Texas Women (HTW) Program, and Kidney Health Care (KHC) Program. HHSC requires managed care organizations to adhere to the Medicaid and CHIP formularies.

Preferred Drug List HHSC arranges the Medicaid Preferred Drug List by the therapeutic class and contains a subset of many, but not all, drugs on the Medicaid formulary. Drugs identified on the PDL as "preferred" are available without prior authorization unless clinical prior authorization is associated with the drug. Some drugs are subject to both non-preferred and clinical prior authorizations. HHSC makes PDL changes twice a year during January and July. HHSC will announce other changes based on exceptional circumstances. CHIP drugs are not subject to PDL requirements.

Can I stay with a CHIP Perinatal Provider if they are not with my health plan?

You should try to choose a CHIP Perinatal Provider that is in your health plan's CHIP Perinatal Provider Network. If you have 16 weeks or less remaining before the expected delivery date of your baby, you can stay under your current Perinatal Provider through your postpartum checkup, even if the Perinatal Provider is, or becomes, out of network. Please contact Member Services.

What if I get a bill from a Perinatal Provider? What information will they need? Who do I call?

If you get a bill from a doctor, hospital or other health care provider, ask why they are billing you. Your doctor, health care provider or hospital cannot bill you for covered and approved CHIP services. You do not have to pay bills that UnitedHealthcare Community Plan should pay.

If you still get a bill, call Member Services at 1-888-887-9003 for help.

Be sure you have your bill in front of you when you call. You will need to tell Member Services who sent you the bill, the date of services, the amount and the provider's address and phone number.

What do I have to do if I move?

As soon as you have your new address, give it to the local HHSC benefits office and UnitedHealthcare Community Plan Member Services department at **1-888-887-9003**. Before you get CHIP services in your new area, you must call UnitedHealthcare Community Plan, unless you need emergency services. You will continue to get care through UnitedHealthcare until HHSC changes your address.

UnitedHealthcare Community Plan must provide information to members on how it evaluates new technology for inclusion as a covered benefit. UnitedHealthcare reviews new procedures and devices to decide if they are safe and effective for members. If they are found to be safe and effective, they may become covered. If new technology becomes a covered service, it will follow plan rules, including medical necessity. It may publish this information in newsletters, member handouts or other member materials. If a newsletter is the chosen method, UnitedHealthcare Community Plan must publish this information annually.

Do you want to report CHIP waste, abuse, or fraud?

Let us know if you think a doctor, dentist, pharmacist at a drug store, other health care provider, or a person getting CHIP benefits is doing something wrong. Doing something wrong could be waste, abuse or fraud, which is against the law. For example, tell us if you think someone is:

- Getting paid for CHIP services that weren't given or necessary
- Not telling the truth about a medical condition to get medical treatment
- Letting someone else use a CHIP ID
- Using someone else's CHIP ID
- Not telling the truth about the amount of money or resources he or she has to get benefits

To report waste, abuse, or fraud, choose one of the following:

- Call the OIG Hotline at 1-800-436-6184;
- Visit <https://oig.hhs.texas.gov/> in the box labeled "I want to," click "Report Waste, Abuse, and Fraud" to complete the online form; or
- You can report directly to your health plan:

UnitedHealthcare Community Plan

- Name, address, and phone number of provider
- Name and address of the facility (hospital, nursing home, home health agency, etc.)
- CHIP number of the provider and facility if you have it
- Type of provider (doctor, therapist, pharmacist, etc.)
- Names and phone numbers of other witnesses who can help in the investigation

- Summary of what happened

When reporting about someone who gets benefits, include:

- The person's name
- The person's date of birth, Social Security number, or case number if you have it
- The city where the person lives
- Specific details about the waste, abuse, or fraud

You have the right to respect and dignity, including freedom from abuse, neglect, and exploitation

What are abuse, neglect, and exploitation?

Abuse is mental, emotional, physical, or sexual injury, or failure to prevent such injury.

Neglect results in starvation, dehydration, overmedicating or undermedicating, unsanitary living conditions, etc. Neglect also includes lack of heat, running water, electricity, medical care, and personal hygiene.

Exploitation is misusing the resources of another person for personal or monetary gain. This includes taking Social Security or SSI (Supplemental Security Income) checks, abusing a joint checking account, and taking property and other resources.

Reporting abuse, neglect, and exploitation

The law requires that you report suspected abuse, neglect, or exploitation, including unapproved use of restraints or isolation that is committed by a provider. Call **9-1-1** for life-threatening or emergency situations.
