Welcome to UnitedHealthcare Community Plan

UnitedHealthcare Community Plan, a Managed Care Organization (MCO), is committed to helping you get the health care you need. At UnitedHealthcare Community Plan, our goal is to help all of our members live healthier lives. Your PCP knows that managing your health care is important. Regular checkups with your PCP can help spot problems early. Your PCP wants to help before problems become serious. Your PCP will give you a referral to specialists when you need one. UnitedHealthcare Community Plan has a network of doctors, hospitals and other health caregivers that you can count on. Many are near your home. We will help you stay healthy and get good health care when you are not well. UnitedHealthcare Community Plan will work hard to help make sure you get access to the care you need.

When and where do I use my UnitedHealthcare Community Plan ID card?

Every person who becomes a member of UnitedHealthcare Community Plan gets an ID card. The ID card gives the doctor and office staff important information about you. You will get a new ID card if you change your PCP.

Check your card to make sure the information is correct. If you get an ID card that has no PCP name but says to call **1-888-887-9003**, please call Member Services to select a PCP. Give your ID card to the doctor to verify coverage when getting services. The ID card is not a guarantee of benefits or coverage.

If you have Medicare and Medicaid, your UnitedHealthcare ID card will not show a doctor's name or phone number. Your ID card will show **USE MEDICARE**.

How to read your UnitedHealthcare Community Plan ID card

Your ID card will have the STAR+PLUS symbol and the UnitedHealthcare Community Plan symbol. This will let your provider know that you are a UnitedHealthcare Community Plan member. Your name, ID number, the date you joined the UnitedHealthcare Community Plan program, and your date of birth will be seen on your card. Your group number will also be on your card.

If you have Medicare, your UnitedHealthcare Community Plan ID card will say that you get Long-Term Services and Supports only. This means you will get your doctor, hospital, lab, X-ray and other acute care services from Medicare or your Medicare HMO.

How to replace your card if it is lost

If you lose your UnitedHealthcare Community Plan ID card, call Member Services right away at **1-888-887-9003**. Member Services will send you a new one. Call TDD/TTY: **7-1-1** for deaf and hard of hearing.

Remember to take your card with you and show it whenever you visit the doctor, dentist, or drug store.

Your Texas Benefits (YTB) Medicaid Card

When you are approved for Medicaid, you will get a YTB Medicaid Card. This plastic card will be your everyday Medicaid Card. You should carry and protect it just like your driver's license or a credit card. Your doctor can use the card to find out if you have Medicaid benefits when you go for a visit.

You will be issued only one card and will receive a new card only if your card is lost or stolen. If your Medicaid card is lost or stolen, you can get a new one by calling toll-free 1-800-252-8263, or by going online to order or print a temporary card at www.YourTexasBenefits.com.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 1-800-252-8263. You can also call 2-1-1. First pick a language and then pick option 2.

Your health information is a list of medical services and drugs that you have gotten through Medicaid. We share it with Medicaid doctors to help them decide what health care you need. If you don't want your doctors to see your medical and dental information through the secure online network, call toll-free at 1-800-252-8263 or opt out of sharing your health information at www.YourTexasBenefits.com.

The YTB Medicaid Card has these facts printed on the front:

- Your name and Medicaid ID number
- The date the card was sent to you
- The name of the Medicaid program you're in if you get:
 - Medicare (QMB, MQMB),
 - Healthy Texas Women Program (HTW),
 - Hospice,
 - STAR Health,
 - Emergency Medicaid, or
 - Presumptive Eligibility for Pregnant Women (PE).
- Facts your drug store will need to bill Medicaid
- The name of your doctor and drug store if you're in the Medicaid Lock-in Program

The back of the Your Texas Benefits Medicaid Card has a website you can visit (www.YourTexasBenefits.com) and a phone number you can call toll-free (1-800-252-8263) if you have questions about the new card.

If you forget your card, your doctor, dentist, or drug store can use the phone or the Internet to make sure you get Medicaid benefits.

Going to the doctor

What is a Primary Care Provider (PCP)?

Your PCP has the job of taking care of you. Regular checkups with your PCP are important and can help you stay healthy. Your PCP will do regular health screenings that can find problems.

Finding and treating problems early can prevent them from becoming bigger problems later. Your PCP will be your personal doctor from now on. Your PCP will take care of you and refer you to a specialist when needed. You should talk to your PCP about all of your health care needs.

Always talk to your PCP when you want to visit another doctor. Your PCP will give you a referral form if you need one. Your relationship with your PCP is important. Get to know your PCP as soon as possible. It is important to follow the PCP's advice. A good way to build a relationship with your PCP is to call and schedule a checkup. You can meet your PCP then. He or she will get to know your medical history, any medications you are taking and any other health problems.

Can a specialist ever be considered a Primary Care Provider?

In special cases, a specialist may be your PCP. You, the PCP, the specialist and UnitedHealthcare Community Plan will make this decision. Please call Member Services for information.

Don't forget that your PCP is the first one you call with any health problems or questions.

Note: For STAR+PLUS members who are covered by Medicare, no Primary Care Provider will be assigned.

What do I need to bring with me to my doctor's appointment?

You must take your UnitedHealthcare Community Plan ID card and your Your Texas Benefits Medicaid Card with you when you receive any health care services. You will need to show your UnitedHealthcare Community Plan ID card and your Your Texas Benefits Medicaid Card each time you need services. If you have a new doctor, bring any important medical records you may have, and any medications prescribed by a doctor.

Going to the doctor

How do I pick a Primary Care Provider?

Call Member Services for help in choosing a PCP. All members of UnitedHealthcare Community Plan must pick a PCP.

You can also request a UnitedHealthcare Community Plan Provider Directory by calling Member Services at **1-888-887-9003**, or you can look online at [UHCCommunityPlan.com](https://www.uhccommunityplan.com).

Can a clinic be my Primary Care Provider?

Your PCP can be a doctor, a clinic, a Rural Health Center (RHC) or a Federally Qualified Health Center (FQHC). If you go to a doctor you like, you can keep going to that doctor if he or she is in the UnitedHealthcare Community Plan network.

If your doctor is a specialist, he or she might be allowed to be your PCP. If your doctor is NOT in the UnitedHealthcare Community Plan network, please call Member Services to select a PCP. If you do not pick a doctor, one will be assigned for you. UnitedHealthcare Community Plan will send you a UnitedHealthcare Community Plan ID card with your PCP's name and phone number.

What if I choose to go to another doctor who is not my Primary Care Provider?

Except in emergencies, always call your PCP before you go to another doctor or the hospital. You can reach your PCP or back-up doctor 24 hours a day, seven days a week. If you go to another doctor who is not your PCP, you may need to pay the bill.

How do I know who pays?

- If you have Medicaid and go to a Medicaid doctor, you do not have to pay the deductible or copay
- If you have Medicaid, but don't go to a Medicaid doctor, you must pay the deductible and copay, if required

What if I have another insurance?

- You can select a provider of your choice that is in network with your primary coverage, however, if that provider is not enrolled in Medicaid, you would be responsible for copays and deductibles

Please contact us at **1-888-887-9003**, TDD/TTY: **7-1-1** if you need assistance locating a provider that accepts all of your insurance coverage.

Questions about seeing a provider?

Call Member Services toll-free at **1-888-887-9003**.

Can I stay with my provider if they are not with my health plan?

You should try to choose a PCP that is in your health plan's Provider Network. Please contact Member Services if you need help.

How can I change my Primary Care Provider?

It is good to stay with the same PCP. Your PCP knows you, has your medical records, and knows what medications you take. Your PCP is the best person to make sure you are getting good medical care. Call Member Services to tell us if you want to change your PCP.

How many times can I change my/my child's Primary Care Provider?

There is no limit on how many times you can change your or your child's Primary Care Provider. You can change Primary Care Providers by calling us toll-free at **1-888-887-9003** or writing to us at:

UnitedHealthcare Community Plan
2950 North Loop W., Suite 200
Houston, TX 77092-8843

When will my Primary Care Provider change become effective?

The PCP change will become effective the day following the change. Reasons you might change your PCP:

- You have moved and you need a PCP that is closer to your home
- You are not happy with your PCP

Are there any reasons why a request to change a Primary Care Provider may be denied?

- You asked for a PCP who is not part of the UnitedHealthcare Community Plan health plan
- You asked for a PCP who is not accepting new patients because he or she is seeing too many patients

Can a Primary Care Provider move me to another Primary Care Provider for non-compliance?

Yes, if your PCP does not feel you are following his/her medical advice or if you miss a lot of appointments, the doctor can ask you to see another doctor. Your PCP will send you a letter telling you that you need to find another doctor. If this happens, call Member Services at **1-888-887-9003**. We will help you find another doctor.

STAR+PLUS coverage and Medicare

How does my UnitedHealthcare Community Plan STAR+PLUS coverage affect me if I have both Medicare and STAR+PLUS?

If you have both Medicare and STAR+PLUS, you have “dual eligibility.” This means that you have more than one form of medical coverage. Your UnitedHealthcare Community Plan STAR+PLUS benefits will not be reduced or change any of your Medicare benefits.

As a “dual eligible” member with both Medicare and STAR+PLUS, Medicare Part D will cover your prescriptions. Your Service Coordinator will help arrange your care with Medicare or your Medicare HMO.

If you have traditional Medicare coverage, you can still use the doctor you have been seeing. You can also get Medicare-covered specialty services without approval from UnitedHealthcare Community Plan STAR+PLUS. We will work with your doctor for the services you get through UnitedHealthcare Community Plan STAR+PLUS. Tell your Service Coordinator the name of your regular doctor, especially if you change doctors.

We can help you pick a doctor if you have traditional Medicare coverage but do not have a doctor you see regularly. This doctor can arrange both your UnitedHealthcare Community Plan STAR+PLUS and your Medicare services.

If you join a Medicare HMO, your Primary Care Provider will be the doctor you have chosen through your Medicare HMO. You do not have to pick another Primary Care Provider for UnitedHealthcare Community Plan STAR+PLUS. Your Medicare doctor will work with your UnitedHealthcare Community Plan STAR+PLUS Service Coordinator to arrange your STAR+PLUS services. Be sure to tell your Service Coordinator the name of your Medicare Primary Care Provider.

Physician incentive plans

UnitedHealthcare Community Plan cannot make payments under a physician incentive plan if the payments are designed to induce providers to reduce or limit Medically Necessary Covered Services to members. You have the right to know if your Primary Care Provider (main doctor) is part of this physician incentive plan. You also have a right to know how the plan works. You can call **1-888-887-9003** to learn more about this.

What is Service Coordination?

You will be assigned a Service Coordinator when you join UnitedHealthcare Community Plan STAR+PLUS. Your Service Coordinator will call you or visit you in person to talk to you about our health care needs and tell you more about the services you can get. He or she will ask you questions about your health. Please be honest and open. Your Service Coordinator will keep anything you talk about confidential. Your Service Coordinator can help you:

- Arrange care with your Primary Care Provider
- Help with any medical, behavioral health and Long-Term Services and Supports
- Solve any problems with your medical care or providers
- Find ways for you to live at home or in other community settings
- Explain service and placement choices to you

What is Service Coordination and what will a Service Coordinator do for me?

Service Coordination is a service UnitedHealthcare Community Plan gives you to help with your health and well-being. A Service Coordinator will review, plan and help you in meeting your health care needs.

How can I talk with a Service Coordinator?

To contact a Service Coordinator, look on your UnitedHealthcare Community Plan ID Card for the phone number. You can also call Member Services at **1-888-887-9003** to help you reach your Service Coordinator. Call TDD/TTY: **7-1-1** for deaf and hard of hearing.

Did you know that you might be able to pick your own health caregiver?

UnitedHealthcare Community Plan can help you manage your home services

Consumer-Directed Services (CDS) is a program for people with attendant/provider services. With this program, you find, hire and train your attendant/provider. You also review the budget for the services. You decide how much to pay your attendant. You decide how much to spend for the supplies and equipment you need. You can pick the person to handle the services for you. If you pick this program, an agency will teach you what to do. The agency will also handle the payroll for your services.

If you pick the CDS choice, you are the employer. You can hire, fire and manage your own health service providers. This can include your attendant(s), back-up attendant(s), in-home and out-of-home respite providers and habilitation providers. You have control over how your program funds are spent on salary and benefits for your employee(s). You pick a CDS agency to assist you. Your CDS agency will provide training and support to help with your employer responsibilities, pays your employees based on your budget, and files taxes for you.

Why would I want to pick CDS?

When you hire your own employees, you can often find people you prefer to work for you. Within your allotted service budget, you can set your employees' wages and benefits. You can hire back-up employees for times when your regular employees cannot work. You can give benefits, such as vacation days and bonuses. You pick a CDS agency (CDSA) to do your payroll and federal and state taxes.

How does CDS work?

You pick the Consumer-Directed Services Administrator (CDSA) to do your payroll and act as your agent to pay taxes. The CDSA helps you set up a budget. In some programs, the CDSA offers guidance on recruitment, salaries, benefits and administrative costs.

Going to the doctor

Which services can be self-directed in which programs?

Program	Services
STAR+PLUS Waiver Program (formerly known as Community-Based Alternatives)	Personal Assistance Services, Respite, Physical Therapy, Occupational Therapy, Speech/Hearing Therapy
Primary Home Care/Community Attendant Services	Personal Assistance Services

Contact your UnitedHealthcare Community Plan Service Coordinator to help you pick the best choice. He or she can tell you what services you can get. Call **1-888-887-9003** or TDD/TTY: **7-1-1** for deaf and hard of hearing.

What if I need to see a special doctor (specialist)?

Your PCP might want you to see a special doctor (specialist) for certain health care needs. While your PCP can take care of most of your health care needs, sometimes they will want you to see a specialist for your care. A specialist has received training and has more experience taking care of certain diseases, illnesses and injuries. UnitedHealthcare Community Plan has many specialists who will work with you and your PCP to care for your needs.

What is a referral?

Your PCP will talk to you about your needs and will help make plans for you to see the specialist that can provide the best care for you. This is called a referral. Your doctor is the only one that can give you a referral to see a specialist. If you have a visit, or receive services from a specialist without your PCP's referral, or if the specialist is not a UnitedHealthcare Community Plan provider, you might be responsible for the bill. In some cases, an OB/GYN can also give you a referral for related services.

What services do not need a referral?

You do NOT need a referral for:

- Emergency services
- OB/GYN care
- Behavioral Health services
- Routine vision services
- Routine dental services

Contact your PCP or Member Services at **1-888-887-9003** to determine if you need a referral.

How soon can I expect to be seen by a specialist?

In some situations, the specialist may see you right away. Depending on the medical need, it may take up to a few weeks after you make the appointment to see the specialist.

How can I ask for a second opinion?

You have the right to a second opinion from a UnitedHealthcare Community Plan provider if you are not satisfied with the plan of care offered by the specialist. Your Primary Care Provider should be able to give you a referral for a second opinion visit. If your doctor wants you to see a specialist that is not a UnitedHealthcare Community Plan provider, that visit will have to be approved by UnitedHealthcare Community Plan. You can call Member Services at **1-888-887-9003** for help with getting a second opinion.

Prior authorization

In some cases your provider must get permission from the health plan before giving you a certain service. This is called prior authorization. This is your provider's responsibility. If they do not get prior authorization, you will not be able to get those services.

You do not need prior authorization for advanced imaging services that take place in an emergency room, observation unit, urgent care facility or during an inpatient stay. You do not need a prior authorization for emergencies. You do not need prior authorization to see a women's health care provider for women's health services or if you are pregnant or receiving Texas Health Steps medical checkups for members under the age of 21. Emergency services do not require a prior authorization.

Going to the doctor

A prior authorization may be needed

- Hospital admissions
- Certain outpatient imaging procedures, including PET scan imaging procedures
- Some Durable Medical Equipment services
- Some prescription medications
- Weight loss surgery
- Physical, speech and occupational therapy
- Cardiology
- Non-emergency ambulance transportation

All non-par services require a prior authorization.

There will be people who can speak with you in English or Spanish. If you need help with other languages, please tell them. Member Services will connect you to the AT&T Language Line and answer your questions. Please call TDD/TTY: **7-1-1**, for deaf and hard of hearing.

These new skills build on your strengths and abilities. These new skills will help you during a crisis. Your mental health provider will assess your need for these services. These services can be provided with other mental health services.

Mental Health Targeted Case Management is a community-based program. These services are provided to people with mental health disorders. Your mental health provider will pair you with a staff member. This is your Case Manager. Your Case Manager will work with you to find services or resources in your area to help you. The Case Manager may come to your home. You may also see them at their office. This service can be provided with other mental health services.

How do I get my medications?

Medicaid pays for most medicine your doctor says you need. Your doctor will write a prescription so you can take it to the drug store, or may be able to send the prescription for you. UnitedHealthcare Community Plan covers hundreds of prescription drugs from hundreds of pharmacies. A list of commonly covered drugs is on the Texas Preferred Drug List (PDL) or Formulary. UnitedHealthcare Community Plan will pay for any medicine listed on UnitedHealthcare Community Plan's drug formulary and may pay for other medicines if they are prior authorized. See below for information on prior authorization. You can fill your prescription at any in-network pharmacy. All you have to do is show your health plan ID card, any other insurance ID card, and your Your Texas Benefits Medicaid Card.

How do I find a network drug store?

Please contact Member Services for assistance at **1-888-887-9003** or look for a pharmacy on our website at [UHCCommunityPlan.com](https://www.uhccommunityplan.com).

What if I go to a drug store not in network?

This may affect your ability to get the medications you need. Please contact Member Services for assistance at **1-888-887-9003** or to find an in-network pharmacy. You can also look on our website at [UHCCommunityPlan.com](https://www.uhccommunityplan.com).

Going to the doctor

What do I bring with me to the drug store?

You will need your prescription, your UnitedHealthcare Community Plan member ID card, a Medicare card if you have one, and your Your Texas Benefits Medicaid Card. If you have coverage with another insurance plan, bring your other insurance card, too.

What if I need my medications delivered to me?

Some drug stores are in our delivery program. Ask the drug store if they deliver to UnitedHealthcare Community Plan members.

For a list of network pharmacies that deliver, go to this web address:

https://www.uhccommunityplan.com/content/dam/uhccp/plandocuments/findapharmacy/Texas_Listing_of_Delivery_Pharmacies.pdf

Or

https://www.uhccommunityplan.com/tx/medicaid/star_kids > Pharmacy > Find a Pharmacy > Search for a Pharmacy > Filters and advanced search > (Select Filter) Retail pharmacy delivery.

Who do I call if I have problems getting my medications?

All prescriptions you get from your doctor can be filled at any drug store that accepts UnitedHealthcare Community Plan. If you need help finding a drug store, call UnitedHealthcare Community Plan at **1-888-887-9003**. Remember — always take your prescription, your UnitedHealthcare Community Plan ID card and your Your Texas Benefits Medicaid Card with you to the doctor and to the drug store.

What is a prior approval (authorization) of prescription drugs?

UnitedHealthcare Community Plan has built a pharmacy network to make getting your prescriptions easier. Your plan covers a long list of prescription medicines. For certain prescriptions, you may need prior approval. Prior approval means we need to give permission before you get a specific drug. We'll let you know if you need prior approval from us for any of your prescriptions. If you have a prescription to fill, be sure to:

- Check that your prescribed drug is on the Texas Vendor Drug Program (VDP) Medicaid Formulary, which is a list of all covered products. The Formulary, also known as the Texas Drug Code Index, is a list of all covered products, including prescription and over-the-counter drugs. The Formulary is listed on the Texas Vendor Drug website at txvendordrug.com/formulary. You can use the searchable formulary to search for drugs by name or type (class). Within the VDP Medicaid Formulary, there is also a Preferred Drug List (PDL), which shows which drugs the VDP recommends that your doctor try first when writing a prescription for you. See state-specific PDL here: txvendordrug.com/formulary/prior-authorization/preferred-drugs.

Note: PDL for UnitedHealthcare Community Plan of Texas is managed by the Texas Health and Human Services Commission (HHSC), not UnitedHealthcare.

- HHSC develops and maintains the Medicaid PDL, and MCOs must adhere to the Medicaid PDL, which comprises medications in various therapeutic classes that are designated as either “preferred” or “non-preferred.” The Medicaid PDL contains a subset of many, but not all, drugs that are on the Medicaid formulary. The Medicaid formulary is a listing of drugs, vitamins and minerals, and home health supplies available to Medicaid members as pharmacy benefits. Prescription drugs on the formulary, including the PDL, are covered at no cost to you.
- Show your member ID card at the pharmacy when you get your prescriptions filled
- If you have other primary insurance, show both your primary insurance and your Medicaid insurance at the drug store. The drug store should bill the primary insurance first, then your Medicaid insurance. Medicaid is the payer of last resort and should not be the only card presented to the pharmacy. This confirms your eligibility and helps the pharmacy in processing your claim.

If you have questions about your prescription drugs, ask your PCP or call member services at the number on the back of your member ID card.

If your prescription drug is not listed on the PDL, or is listed but requires prior approval, your care provider can request prior approval for you, so you can still get that drug. We will approve or deny the request within 24 hours. If a request is approved, you and your primary care provider will be informed of the decision in writing including the drug approval length of time. If a request is denied, you and your primary care provider will be informed of the decision in writing. The written decision notice will tell you how and when to appeal this decision and to file a complaint or grievance with UnitedHealthcare Community Plan.

What if I can't get the medication my doctor ordered approved?

If your doctor cannot be reached to approve a prescription, you may be able to get a three-day emergency supply of your medication. Call UnitedHealthcare Community Plan at **1-888-887-9003** for help with your medications and refills. For a list of covered medications, please visit [UHCCommunityPlan.com](https://www.uhccommunityplan.com).

What if I lose my medications?

Please contact Member Services for assistance at **1-888-887-9003**.

How do I get my medications if I am in a Nursing Facility?

The way you get your medications in the Nursing Facility will not change. Prescription drugs are covered through the Medicaid Vendor Drug program or Medicare Part D.

Going to the doctor

What if I also have Medicare?

Medicare or your Medicare Health Plan will pay for your services before UnitedHealthcare Community Plan will. UnitedHealthcare Community Plan might cover some services that are not covered by Medicare for STAR+PLUS members.

What if I need Durable Medical Equipment (DME) or other products normally found in a pharmacy?

Some durable medical equipment (DME) and products normally found in a pharmacy are covered by Medicaid. For all members, UnitedHealthcare Community Plan pays for nebulizers, ostomy supplies, and other covered supplies and equipment if they are medically necessary. For children (birth through 20), UnitedHealthcare Community Plan also pays for medically necessary prescribed over-the-counter drugs, diapers, formula, and some vitamins and minerals.

For more information about these benefits or questions about whether your pharmacy provides DME or other supplies, call UnitedHealthcare Community Plan at **1-888-887-9003**.

What is the Medicaid Lock-in Program?

You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different MCO will not change the Lock-in status.

To avoid being put in the Medicaid Lock-in Program:

- Pick one drug store at one location to use all the time
- Be sure your main doctor, main dentist, or the specialists they refer you to are the only doctors that give you prescriptions
- Do not get the same type of medicine from different doctors

To learn more, call UnitedHealthcare Community Plan Member Services at **1-888-887-9003**.

Who do I call if I have special health care needs and I need someone to help me?

What if I need OB/GYN care? Will I need a referral?

Attention female members: UnitedHealthcare Community Plan allows you to pick any OB/GYN, whether that doctor is in the same network as your Primary Care Provider or not. The OB/GYN you pick must be in the UnitedHealthcare Community Plan Provider Network.

You have the right to pick an OB/GYN without a referral from your PCP. An OB/GYN can give you:

- One well-woman checkup each year
- Care related to pregnancy
- Care for any female medical condition
- Referral to a special doctor within the network

You can get OB/GYN services from your doctor. You can also pick an OB/GYN specialist to take care of your female health needs. An OB/GYN can help with pregnancy care, yearly checkups or if you have female problems.

You **DO NOT** need a referral from a doctor for these services. Your OB/GYN and doctor will work together to make sure you get the care you need.

Do I have the right to choose an OB/GYN as my Primary Care Provider?

If your OB/GYN is willing to be your Primary Care Provider, have them contact our Member Services team at **1-888-887-9003**.

Going to the doctor

Can I stay with my OB/GYN if they aren't with UnitedHealthcare Community Plan?

- Healthy First Steps will provide education and support to help reduce problems while you are pregnant
- See your PCP or an OB/GYN. You don't have to see your PCP first.

- The OB/GYN you select MUST be in our provider network

Who do I call for a ride to a medical appointment?**

Transportation

Non Emergency Medical Transportation (NEMT) Services

What are NEMT services?

NEMT services provide transportation to nonemergency health care appointments for members who have no other transportation options. These trips include rides to the doctor, dentist, hospital, pharmacy, and other places you get Medicaid services. These trips do NOT include ambulance trips.

What services are part of NEMT Services?

- Passes or tickets for transportation such as mass transit within and between cities or states, including by rail or bus
- Commercial airline transportation services
- Demand response transportation services, which is curb-to-curb transportation in private buses, vans, or sedans, including wheelchair-accessible vehicles, if necessary
- Mileage reimbursement for an individual transportation participant (ITP) for a verified completed trip to a covered healthcare service. The ITP can be you, a responsible party, a family member, a friend, or a neighbor.
- If you are 20 years old or younger, you may be able to receive the cost of meals associated with a long-distance trip to obtain health care services. The daily rate for meals is \$25 per day for the member and \$25 per day for an approved attendant.
- If you are 20 years old or younger, you may be able to receive the cost of lodging associated with a long-distance trip to obtain health care services. Lodging services are limited to the overnight stay and do not include any amenities used during your stay, such as phone calls, room service, or laundry service.
- If you are 20 years old or younger, you may be able to receive funds in advance of a trip to cover authorized NEMT services

If you need an attendant to travel to your appointment with you, NEMT services will cover the transportation costs of your attendant.

Children 14 years old and younger must be accompanied by a parent, guardian, or other authorized adult. Children 15–17 years old must be accompanied by a parent, guardian, or other authorized adult or have consent from a parent, guardian, or other authorized adults on file to travel alone. Parental consent is not required if the health care service is confidential in nature.

How to get a ride?

Your MCO will provide you with information on how to request NEMT services. You should request NEMT Services as early as possible, and at least two business days before you need the NEMT service. In certain circumstances you may request the NEMT service with less notice. These circumstances include being picked up after being discharged from a hospital; trips to the pharmacy to pick up medication or approved medical supplies; and trips for urgent conditions. An urgent condition is a health condition that is not an emergency but is severe or painful enough to require treatment within 24 hours. You must notify your MCO prior to the approved and scheduled trip if your medical appointment is canceled.

Call the **Where's My Ride Hotline** at 1-866-528-0441, TTY 711, 8:00 a.m.–5:00 p.m., Monday–Friday to discuss your NEMT transportation needs.

Additional member responsibilities while using NEMT Services

1. When requesting NEMT Services, you must provide the information requested by the person arranging or verifying your transportation.
2. You must follow all rules and regulations affecting your NEMT Services.
3. You must return unused advanced funds. You must provide proof that you kept your medical appointment prior to receiving future advanced funds.
4. You must not verbally, sexually, or physically abuse or harass anyone while requesting or receiving NEMT Services.
5. You must not lose bus tickets or tokens and must return any bus tickets or tokens that you do not use. You must use the bus tickets or tokens only to go to your medical appointment.
6. You must only use NEMT Services to travel to and from your medical appointments.
7. If you have arranged for an NEMT Service but something changes, and you no longer need the service, you must contact the person who helped you arrange your transportation as soon as possible.

In-lieu of services

In-lieu of services are services that are provided to you in place of other services that you may not need nor want. In this section, we will explain what in-lieu of services are and how they may benefit you.

In-lieu of services are different services that can be provided to you in a setting, approved by Health and Human Services, instead of a hospital. These alternative services may be more convenient for you and better suited to your individual needs. For example, a Partial Hospitalization Program, or PHP for short, is like a middle step between staying in the hospital and going home. It's a special program that happens during the day at a psychiatric hospital. The program is very organized and follows a set schedule typically between 9 a.m. until 3 p.m. Furthermore, Intensive Outpatient Services, also called IOP, are a bit like a smaller version of a PHP. They're still very structured but reduced to 10 hours a week for a 4- to-12-week period. This is considered more intensive and structured than normal outpatient psychiatric services.

It is important to note that in-lieu of services are not a replacement for regular services covered by your plan. If you have a medical condition that requires a certain type of treatment, you should still receive that treatment through your plan. However, if you feel that an in-lieu of service would be a better fit for you, please do not hesitate to contact us to discuss.

What happens if I lose my Medicaid coverage?

If you lose Medicaid coverage but get it back again within six (6) months, you will get your Medicaid services from the same health plan you had before losing your Medicaid coverage. You will also have the same PCP you had before.

What do I have to do if I need help with completing my renewal application?

Call UnitedHealthcare Community Plan or 2-1-1 for help with renewing an application.

Medicaid renewal is complete when the family signs and sends to HHSC the appropriate Enrollment/Transfer Form if the family picks a new medical or dental plan.

What if I get a bill from my doctor? Who do I call? What information will they need?

If you get a bill from a doctor, hospital or other health care provider, ask why they are billing you. Your doctor, health care provider or hospital cannot bill you for covered and approved Medicaid services. You do not have to pay bills that UnitedHealthcare Community Plan should pay.

If you still get a bill, call Member Services at **1-888-887-9003** for help.

Be sure you have your bill in front of you when you call. You will need to tell Member Services who sent you the bill, the date of service, the amount and the provider's address and phone number.

What do I have to do if I move?

As soon as you have your new address, give it to the local HHSC benefits office and UnitedHealthcare Community Plan Member Services at **1-888-887-9003**.

Before you get Medicaid services in your new area, you must call UnitedHealthcare Community Plan, unless you need emergency services. You will continue to get care through UnitedHealthcare Community Plan until HHSC changes your address.

What if I have other health insurance in addition to Medicaid?

Medicaid and private insurance

You are required to tell Medicaid staff about any private health insurance you have.

You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled
- You get new insurance coverage
- You have general questions about third party insurance

You can call the hotline toll-free at 1-800-846-7307. If you have other insurance, you may still qualify for Medicaid. When you tell Medicaid staff about your other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

Other plan details

Important: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.

Can my Medicare provider bill me for services or supplies if I am in both Medicare and Medicaid?

You cannot be billed for Medicare “cost-sharing,” which includes deductibles, coinsurance and copayments that are covered by Medicaid.

How will I find out if services are denied?

UnitedHealthcare Community Plan will send you a letter if a covered service requested by your PCP is denied, delayed, limited or stopped.

What are the time frames for the appeal process?

If the MCO needs to extend, the member must receive written notice of the delay.

When do I have the right to ask for an appeal?

If the member asks for an External Medical Review within 10 days from the time the member gets the appeal decision from the health plan, the member has the right to keep getting any service the health plan denied, based on previously authorized services, at least until the final State Fair Hearing decision is made. If the member does not request an External Medical Review within 10 days from the time the member gets the appeal decision from the health plan, the service the health plan denied will be stopped.

The member may withdraw the member's request for an External Medical Review before it is assigned to an Independent Review Organization or while the Independent Review Organization is reviewing the member's External Medical Review request. An Independent Review Organization is a third-party organization contracted by HHSC that conducts an External Medical Review during member appeal processes related to Adverse Benefit Determinations based on functional necessity or medical necessity. An External Medical Review cannot be withdrawn if an Independent Review Organization has already completed the review and made a decision.

Once the External Medical Review decision is received, the member has the right to withdraw the State Fair Hearing request. The member may withdraw a State Fair Hearing request orally or in writing by contacting the hearings officer listed on Form 4803, Notice of Hearing.

If the member continues with a State Fair Hearing and the State Fair Hearing decision is different from the Independent Review Organization decision, it is the State Fair Hearing decision that is final. The State Fair Hearing decision can only uphold or increase member benefits from the Independent Review Organization decision.

Can I ask for an emergency External Medical Review?

If you believe that waiting for a standard External Medical Review will seriously jeopardize your life or health, or your ability to attain, maintain, or regain maximum function, you, your parent or your legally authorized representative may ask for an emergency External Medical Review and emergency State Fair Hearing by writing or calling UnitedHealthcare Community Plan. To qualify for an emergency External Medical Review and emergency State Fair Hearing review through HHSC, you must first complete UnitedHealthcare's internal appeals process.

Advance Directives

What are Advance Directives?

All adults in hospitals, nursing centers, and other health care settings have certain rights. For instance, you have the right to have your personal and medical records kept private. You have the right to know what treatment you will get. Under federal law, you have the right to fill out an Advance Directive. Advance Directives are written documents that let you decide and put into writing what kind of treatment you want or do not want, and any actions you want carried out if you are too sick to make decisions about your health care. It is our policy to let all adult UnitedHealthcare Community Plan members know that they can prepare these documents. The federal law on Advance Directives requires hospitals, nursing centers and other health care providers to give you information about Advance Directives. The information will explain your legal choices in making decisions about medical care. The law was written to increase your control over medical treatment decisions.

Advance Directives are written documents that give you the chance to decide and put into writing what kind of treatment you want or do not want, and any actions you want carried out if you become too sick to make decisions about your health care.

How do I get an Advance Directive?

Contact your PCP or call Member Services at **1-888-887-9003**. Call TDD/TTY: **7-1-1**, for deaf and hard of hearing.

Who has the right to make health care decisions?

You do, if you are an adult and able to let providers know of your health care decisions. You decide what health care, if any, you will not accept.

What if I become unable to make or let providers know of my health care decisions?

You can still have some control over these decisions if you have signed an Advance Directive. Your PCP must include in your medical record whether you have signed an Advance Directive. If you have not named someone in your Advance Directive, your doctor must seek a person authorized by law to make these decisions.

If you have not named someone in your Advance Directive, your doctor must seek a person authorized by law to make these decisions.

Other plan details

What are my options for making an Advance Directive?

Under Texas law, you can make the following directives:

1. **A Durable Power of Attorney for Health Care** — a written document giving the designated person the power to act in your place and make decisions on your health care. Your Durable Health Care Power of Attorney will also include any details or guidance about health care you want or do not want. This could include withholding or withdrawing procedures if you are in a “terminal condition.” A “terminal condition” is when a patient cannot be cured and will die without life-sustaining procedures. (Two doctors must state this in writing.) A patient is also in a “terminal condition” if that patient is in a permanent vegetative state or an irreversible coma.
2. **A Living Will** — a written statement about health care you want or do not want if you cannot make these decisions. For example, a Living Will can say whether you would want to be fed through a tube if you were unconscious and not likely to recover. A Living Will directs doctors to withhold/withdraw or continue life-sustaining procedures if you are in a “terminal condition.” You can also tell doctors whether to use other life-sustaining procedures.

Must my Advance Directive be followed?

Yes. Your PCP, other health providers and the person you name in your directive must follow your Advance Directive.

Must a lawyer prepare my Advance Directive?

No. There are local and national groups that will give you facts on Advance Directives, including forms. Be sure any Advance Directive you use is valid under Texas law.

Who should have a copy of my Advance Directive?

Give a copy of your Advance Directive to your PCP and to any health care center on admission. If you have a Durable Power of Attorney for Health Care, give a copy to the person you have named on it. You should also keep extra copies for yourself.

Do I have to make an Advance Directive?

No. Whether you make an Advance Directive is up to you. A health care provider cannot refuse care based on whether you have an Advance Directive or not.

Can I change or cancel my Advance Directive?

Yes. If you change or cancel your Advance Directive, let anyone who has a copy of it know.

What if I already have an Advance Directive?

You might want to review it or have it reviewed. If it has been prepared in another state, make sure it is valid under Texas law.

Who can legally make health care decisions for me if I cannot make those decisions and I have no Advance Directive?

A court might appoint a guardian to make health care decisions for you. Otherwise, your PCP must go down the following list to find someone else to make health care decisions for you:

1. Your husband or wife, unless you are legally separated.
2. Your adult child. If you have more than one adult child, a majority of them.
3. Your mother or father.
4. Your brother or sister.

If your PCP cannot find a person able to make health care decisions for you, then he or she can decide on your care. Your PCP can do this with the advice of an ethics committee, or the approval of another doctor. You can make sure your wishes are honored by putting them in writing. The person you name in your Advance Directive will not have the right to refuse life-sustaining procedures, such as the use of tubes to give you food or fluids unless:

- a. You have appointed that person to make health care decisions for you in a Durable Power of Attorney for Health Care.
- b. A court has appointed that person as your guardian to make health care decisions for you.
- c. You have stated in an Advance Directive that you do not want this specific treatment. If you need any help in learning about Advance Directives, or to order a copy of a Living Will, call Member Services at **1-888-887-9003**.
