The right care.

UnitedHealthcare Community Plan does clinical review or utilization management (UM) to make sure our members are getting the right care at the right time and in the right place. This may involve a health plan doctor reviewing requests from your doctor or provider when services do not seem to meet guidelines for good care. The health plan doctor will also review the request against your benefits.

If the health plan doctor determines services do not meet clinical guidelines, then services may be denied. We do not reward doctors or staff for denying services. We do not pay anyone for providing less care. If care is denied through UM, members and doctors have the right to appeal denials. The denial letter will tell you how to appeal.

Questions? You can talk to our staff. They are available 8 hours a day during normal business hours. If you need to leave a message, someone will call you back. TDD/TTY services and language assistance are available if you need them. Just call **1-866-622-7982, TTY 711**, toll-free.

Your partner in health.

How to choose the right PCP.

Your primary care provider (PCP) provides or coordinates your health care. You should see your PCP for well visits, immunizations and important screenings. Your PCP can help you lead a healthier lifestyle by providing tools to help you lose weight or quit smoking.

You want to feel comfortable talking with your PCP. You need a PCP with an office location and hours that work for you. You may want a PCP who speaks your language or understands your culture. You might prefer a male or a female PCP.

Teens have different health care needs than children. It may be time for your teen to switch to a doctor who treats adults. Your daughter may need a woman's health provider such as an OB/GYN.

If your PCP isn't right for you, you can switch at any time. You can learn more about plan providers online or by phone. Information available includes:

- Address and phone number.
- Languages they speak.
- Qualifications.
- Medical school or residency (available by phone only).
- Specialty.
- Board certification.

By the book.

Have you read your Member Handbook? It is a great source of information. It tells you how to use your plan. It explains:

- Your member rights and responsibilities.
- The benefits and services you have.
- The benefits and services you don't have (exclusions).
- What costs you may have for health care.
- How to find out about network providers.
- How your prescription drug benefits work.
- What to do if you need care when you are out of town.
- When and how you can get care from an out-of-network provider.
- Where, when and how to get primary, after-hours, behavioral health, specialty, hospital and emergency care.
- Our privacy policy.
- What to do if you get a bill.
- How to voice a complaint or appeal a coverage decision.
- How to ask for an interpreter or get other help with language or translation.
- How the plan decides if new treatments or technologies are covered.
- How to report fraud and abuse.

Get it all. You can read the Member Handbook online at

myuhc.com/CommunityPlan.

Or call Member Services toll-free at **1-866-622-7982, TTY 711**, to request a copy of the handbook.

Need a new doctor? To find a new PCP, visit **myuhc.com/CommunityPlan** or use the UnitedHealthcare **Health4Me®** app. Or call us toll-free at **1-866-622-7982, TTY 711**.

Know your drug benefits.

Find out more online.

Visit our website at myuhc.com/CommunityPlan to learn about your prescription drug benefits. It includes information on:

- 1. What drugs are covered.** There is a list of covered drugs. You may need to use a generic drug in place of a brand-name drug.
- 2. Where to get your prescriptions filled.** You can find a pharmacy near you that accepts your plan. You may also be able to get certain drugs by mail.
- 3. Rules that may apply.** Some drugs may only be covered in certain cases. For example, you might need to try a different drug first. (This is called step therapy.) Or you might need approval from UnitedHealthcare to use a drug. (This is called prior authorization.) There may also be limits to the amount you can get of certain drugs.
- 4. Any costs to you.** You do not have copayments for prescriptions.

 **Look it up.** Find information on your drug benefits at myuhc.com/CommunityPlan. Or, call Member Services toll-free at 1-866-622-7982, TTY 711.

Prepare to see your provider.

Preparing for your provider's visit can help you get the most out of it. So can making sure your provider knows about all the care you have. Here's how you can take charge of your health care:

- 1. Think about what you want to get out of the visit before you go.** Try to focus on the top 3 things you need help with.
- 2. Tell your provider about any drugs or vitamins you take on a regular basis.** Bring a written list. Or bring the medicine itself with you.
- 3. Tell your provider about other providers you may be seeing.** Include behavioral health providers. Mention any medications or treatment they have prescribed for you. Also bring copies of results of any tests you have had.

For your mental health.

Mental health issues require ongoing treatment. If you need help finding a mental health professional, call us. We can help you find a mental health professional and schedule a visit.

If you have been in the hospital recently, it is best to visit a mental health professional within 7 days of your discharge.¹ This improves the chances of maintaining good mental health.

Call us using the mental health services phone number on your health plan member ID card.

 **Get help.** Find out more about mental health issues at LiveandWorkWell.com. Use your access code or click on "I don't know my access code." From there, select your health plan and click "Enter." Use the "Mind and Body" drop down and select "Mental Health" to learn about topics such as depression and other mental health conditions.

Top quality.

Our quality improvement results.

UnitedHealthcare Community Plan has a Quality Improvement program. It works to give members better care and services.

Each year we report how well we are doing. Last year, one of our goals was to increase the number of children who received yearly checkups. We sent members information about how important it is for their children to see their doctor every year for vaccines and screenings. We found that overall in 2018 more children did get these services.

We want to improve even more this year and have more children get lead screenings, vaccinations and yearly checkups. We also want more of our adult members who have diabetes to get their HgbA1c blood tests and retinal eye scans.

We also survey our members each year. We want to see how well we are meeting their needs. Last year we worked on improving how members rate their doctors. We gave our doctors tip sheets on what members like so they could serve them better. Our 2018 surveys showed higher scores in how members rate their doctors.

In the coming year we will continue to work on improving this. We will also work to decrease the time members have to wait when they need care right away. We will also continue to work with our Member Services team to provide members with all of the information they need.

Quality matters. Want more information on our Quality Improvement program? Call Member Services toll-free at **1-866-622-7982, TTY 711.**

We care.

UnitedHealthcare Community Plan provides care management. Care management helps members with special needs get the services and care they need. Care managers work with the health plan, providers and outside agencies. They help people with:

- Physical disabilities.
- Complex health problems.
- Serious mental illness.
- Other special needs.

How can we help? You can reach out to your assigned care coordinator to help connect and navigate you through your health care benefits by calling **1-866-622-7982, TTY 711**, to ask for your care coordinator.

UnitedHealthcare Community Plan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. In other words, UnitedHealthcare Community Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

UnitedHealthcare Community Plan:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact UnitedHealthcare Community Plan at the toll-free member phone number listed on your health plan member ID card, TTY 711.

If you feel that UnitedHealthcare Community Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by mail or email:
