Download the UnitedHealthcare mobile app. It's designed for people on the go. Find it on the App Store or Google Play, or scan here.

## We care for you

We give our providers tools, so they can best care for our members. These tools are called clinical practice guidelines. They tell the providers about how to manage illnesses

and promote wellness. The guidelines cover care for a variety of illnesses and conditions like diabetes, high blood pressure and depression. They also give information on how to stay well with proper diet, exercise and recommended vaccines.

**Learn more.** For more information, visit **uhcprovider.com/cpg**.

#### **Racism and** mental health

Over the past year, the media has shared stories of police brutality, hate crimes and other forms of racial discrimination. Talking about the effects of racism isn't always easy. But let's start the conversation. If racism is taking a toll on your mental health, you're not alone. Help is available.

If you think you are experiencing race-based trauma or stress, you can get help from a multicultural or racial trauma-informed therapist. These therapists work to create an open, culturally affirming and empowering space for you to heal.

It's important to find a mental health provider you feel comfortable talking with and trust. This is important for preventive care, too. You should see your primary care provider every year for an annual wellness visit. This gives your provider a chance to catch problems early, when they are easier to treat.

Find a provider. We can help you find a mental health or primary care provider who is a good fit for you. Visit myuhc.com/communityplan.

## Fight the flu

#### It's time for your child's annual flu vaccine

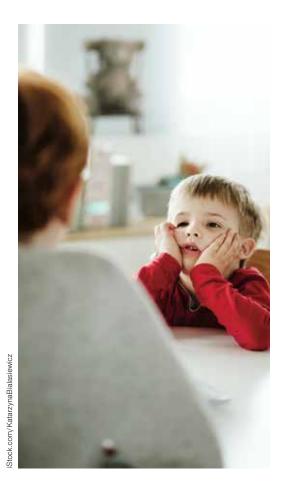

The Centers for Disease Control and Prevention (CDC) recommends that everyone 6 months and older get the flu vaccine each year. It is available in the fall and winter months. The first time your child gets the flu vaccine, they may need 2 doses for best protection.

If your child missed getting any of their other vaccines this year, it's not too late to make them up. Schedule an appointment with their provider today.

Your child should also get the COVID-19 vaccine if they are eligible. Talk with their provider about when they should get the COVID-19, flu and any other vaccines.

It's your best shot. There is no cost to you for the flu or COVID-19 vaccines. You can get them at any clinic or pharmacy that accepts your plan. Visit myuhc.com/communityplan to find a location near you.

## **Treating ADHD**

#### There is no one-size-fits-all approach

Children with attention deficit hyperactivity disorder (ADHD) may have trouble paying attention in school or controlling their behavior. They also may be overly active. If your child has ADHD, their provider may suggest behavioral therapy. They may also suggest medication.

There are several kinds of medicines that treat ADHD. It may take a while to find the best one for your child. Your child may need to change medicines or dosages a few times. That's why it's important for children who take ADHD medicine to see their providers often for follow-up care.

# Stay well

#### Catch up on adolescent well visits and vaccines

Due to COVID-19, many children are behind on their well visits and vaccines. If your child missed their back-toschool checkup this year, it is not too late to make it up.

Well visits are needed all throughout childhood — from babies to teens. These visits may include:

- A physical exam
- Vaccines
- Sight and hearing tests
- Discussion of physical activity and nutrition
- Developmental screenings for speech, feeding and physical activity
- Questions about your child's health and health history
- Lab tests, such as urine and blood tests

During the well visit, ask your child's provider if your child is up to date with their vaccines. Staying on schedule with vaccinations protects your child as well as others from getting sick. If your child missed any of their vaccines this year, it's not too late to make them up.

Get checked. Call your child's provider to make an appointment for a well visit. To find a new provider, visit myuhc.com/communityplan.

Or call Member Services toll-free at the phone number listed in the resource corner on page 4 of this newsletter.

#### Let us know

Telling TennCare about a new phone number, address or other changes is easy. Use your TennCare Connect account on your mobile app or online at **tenncareconnect.tn.gov**. Or you can call TennCare toll-free at **1-855-259-0701**.

You should tell UnitedHealthcare Community Plan about these changes, too. Call Member Services toll-free at **1-866-600-4985**, TTY **711**.
