Plan benefits

Stay covered

Watch for important updates

The rules for keeping your Medicaid coverage may be changing. It's important to stay informed so you can keep your benefits.

You may need to take action to keep your coverage. This could include things like updating your information or completing certain requirements.

Watch for messages from your state's Medicaid agency. These messages will tell you what you need to do and when to do it.

Staying on top of these updates can help you avoid gaps in your coverage.

Digital skills

Learn new digital skills at your library

Your local library may offer free classes to help you use technology and find trusted health information online.

Programs like Digital Pathways from the American Library Association help adults build confidence using the internet, email, video calls and online services. These skills can support your health, work and daily life.

Libraries are safe, welcoming places that offer free support and learning opportunities.

Try something new.

Call or visit your local library to learn about classes that can help you build your skills.

Healthy looks different for everyone

For some, it may mean eating balanced meals or staying active. For others, it may mean getting enough rest, managing stress or taking care of ongoing health needs. Small steps can help support your health in ways that work best for you.

Flu shot

Protect yourself this flu season

Flu season is here. The flu can spread easily from one person to another.

The flu is more serious than a cold. Each year, many people get sick. Some may need to see a doctor or go to the hospital.

Getting a flu shot is the best way to help protect you and the people around you. It can help keep you from getting sick and may help prevent serious illness.

Flu shots are covered at no cost to you. They are quick and simple to get.

Getting a flu shot each year matters. The flu virus can change, so this helps protect you each season.

Stay protected this season

Visit your doctor or a nearby pharmacy to get your flu shot.

Hāpai Mālama

Extra support for a healthy pregnancy

If you are pregnant or planning to be, your health plan may offer extra support.

Hāpai Mālama is a program that supports you during pregnancy and after your baby is born. It connects you with a care manager who helps you stay on track and get the care you need.

Your care manager will work with you to create a plan and help you stay on track with care before and after your baby is born.

The program may help you:

- Schedule doctor visits and find a ride
- Manage your care during pregnancy
- Get help after your baby is born
- Find local programs and services

If you need extra help, your care manager can check in and help coordinate your care.

Want to learn more? Call Hāpai Mālama to see if you qualify and ask about this program.

Cancer screenings can save lives

Taking care of your health is very important. Cancer screenings are simple tests that help find cancer early. When cancer is found early, it can be easier to treat.

Screenings for men and women

- Colon cancer screening
- Lung cancer screening (for people who smoke now or used to smoke a lot)

Screenings for women

- Breast cancer screening (mammogram)
- Cervical cancer screening (Pap test or HPV test)

Screenings for men

- Prostate cancer screening

Not everyone needs the same tests. Your age, family history and health can change what screenings you need. Some recommended cancer screening collections can be completed right at home. **Talk to your doctor to find out which tests are right for you.**

Membership, benefits and plan details

Your member handbook is updated annually. Find it on myuhc.com/communityplan. It includes our Notice of Privacy Practices and Notice of Non-Discrimination. They may also be found online at uhc.com/privacy and uhc.com/legal.

Want a printed copy?

Call Member Services toll-free at **1-888-980-8728**, TTY **711** to ask for the member handbook to be mailed to you.

Get more from your benefits with your UCard

Did you know your health plan may give you an easy way to use your benefits and rewards in one place? The UnitedHealthcare UCard helps you do both.

Depending on your plan, you may use your UCard to pay for things like:

- Cold medicine and first aid items
- Healthy foods like fruits, vegetables and milk
- Household items like cleaning supplies
- Some bills or other approved costs
- Baby items like diapers or formula

You may also earn rewards by taking care of your health, like going to checkups or joining healthy activities. Rewards are added to your UCard and can be used to buy items.

Use your card in stores or online. You can also manage it in your account or app to check your balance and track rewards.

Learn more. Log in to your UHC account or app to check your UCard and see your benefits and rewards.

Healthy movement

Stretching for better movement

Stretching helps your body move the way it should. It makes it easier to bend, reach, walk and do daily tasks.

Stretching is for everyone. Healthy movement can look different for each person. You do not have to do a lot. Stretching a little each day can help improve mobility over time.

Try gentle stretches for your neck, back, arms and legs. Move slowly and stop if something hurts.

Stretching can help you:

- Move more easily
- Stay flexible
- Do everyday tasks with less effort

A few minutes each day can help your body stay strong and ready to move.

Language assistance services

Need an interpreter for your appointment?

Language assistance services are available at no cost to members. If you need an interpreter to help you communicate with your health care provider during an appointment, please contact your provider's office directly as soon as possible. Your provider can arrange for interpretation services to be available during your visit.

If you need help getting interpretation services scheduled, please call Member Services at **1-888-980-8728**, TTY **711**. You can also find this phone number on the back of your member ID card. Member Services representatives are available to help connect you with the language assistance services you need.
