# Welcome to UnitedHealthcare

## We care about you and your family's health

This directory will help you find providers (like doctors, specialists, pharmacies and hospitals) in your area who are in the UnitedHealthcare network. We have a relationship with these providers. UnitedHealthcare members can visit in-network providers by calling the provider and making an appointment. You don't need to call us first before seeing these providers.

A provider who is not in our network is an out-of-network provider. If your child goes to an out-of-network provider, UnitedHealthcare will usually not pay for the care you get. If you cannot find a provider that meets your child's needs, please call Member Services at **1-800-992-9940** for help finding one.
