Welcome to TennCare and your health plan, UnitedHealthcare Community Plan

This is your TennCare member handbook. This handbook tells you how to get care. TennCare is Tennessee’s program for health care. It works like health insurance to help pay for many health care services.

There are two kinds of TennCare. TennCare Medicaid and TennCare Standard.
You have either TennCare Medicaid or TennCare Standard. The difference is in the way that you got your TennCare.

TennCare Medicaid is the kind of TennCare that most people have. The rules for TennCare Medicaid say your income and sometimes your resources have to be looked at. Resources are things that you own or money you have saved.

You also have to be in a certain “group” like children under age 21 or pregnant women.

In Tennessee, people who get SSI (Supplemental Security Income) benefits get TennCare Medicaid too. You can apply for SSI benefits at the Social Security office.

Some people have TennCare Medicaid and other insurance. Most of the time, that’s ok. The federal government says you can have Medicaid and other insurance as long as you meet the rules for Medicaid. Do you have TennCare Medicaid because you are enrolled in the Breast and/or Cervical Cancer Program? Then you can’t have other insurance, including Medicare, if the insurance covers treatment for breast and/or cervical cancer.
**TennCare Standard** is the second kind of TennCare. Only certain people qualify for TennCare Standard. TennCare Standard is for children under age 19 who are losing their TennCare Medicaid. When it was time to see if they could keep TennCare Medicaid, they weren’t eligible. But, the TennCare Standard rules say that these children can move to TennCare Standard if they don’t have access to group health insurance. Sometimes they must have a health condition too.

Having access to other insurance, even Medicare, is not allowed for children who have TennCare Standard.

**Why is it important to know the kind of TennCare you have?** Because it helps you know about the kind of TennCare benefits you have. It also helps you know if you must pay copays for TennCare services. We’ll tell you more about your TennCare benefits and copays later in this handbook.

TennCare sent you a letter to tell you that you have TennCare and what day your TennCare started. If you have questions or problems about your TennCare dates, you can call TennCare Connect for free at 855-259-0701.

**Important:** State law says you must tell TennCare about any changes that may affect your coverage. You **must** report these changes within 10 days of the change. And, you must give TennCare the proof they need to make the change. Call TennCare Connect right away if:

- You move**
- The number of people in your family changes
- You change jobs
- Your income changes
- You get or can get group health insurance

** Anytime you move, you must tell TennCare about your new address.  
*Why?* TennCare sends you important information about your TennCare coverage and benefits in the mail. If they don’t have your current address, you **could lose** your TennCare. Call TennCare Connect at 855-259-0701 to tell TennCare about your new address.

---

1 Eligibility categories for CHOICES and Employment and Community First CHOICES are technically “TennCare Standard” categories. However, Member ID cards, etc. will identify individuals enrolled in these categories as being in TennCare Medicaid. So, for purposes of this handbook, they are considered TennCare Medicaid.

**Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Do you get SSI checks from the Social Security Administration (SSA)? Then you must call your local SSA office and give them your new address.

After you call TennCare Connect or Social Security, call us at 1-800-690-1606 and tell us your new address too.

Your TennCare health plan

UnitedHealthcare Community Plan is your TennCare health plan that helps you get physical or behavioral health care (mental health and substance use disorder services). If you’re in CHOICES or Employment and Community First CHOICES, we help you get long-term care too. You can read more about long-term care in Part 3 of this handbook. We’re sometimes called your Managed Care Organization, or MCO. For questions about getting physical or behavioral health care, call us at 1-800-690-1606. It’s a free call. You can also call us for help with CHOICES or Employment and Community First CHOICES.

Customer Service Representatives are available Monday through Friday from 7:00 a.m. until 5:00 p.m. Central Standard Time. Members can also call us 24 hours a day, 7 days a week. If you call when our offices are closed, you can speak with a triage nurse. You can also order additional or replacement ID cards and check eligibility and benefits through our phone system.

You can also visit us on the Web for many of your customer service needs. There is also the option to email us from our website at myuhc.com/CommunityPlan.

Do you have questions about your health? Do you need to know what kind of doctor you should see? Call our Nurse Help Line at 1-800-690-1606. It’s a free call.

Do you need to change your health plan?

Is UnitedHealthcare Community Plan the health plan that you asked for? If you need or want to change your health plan, you have 90 days from the day you got your TennCare letter. To change your health plan in the first 90 days, call TennCare Member Medical Appeals at 800-878-3192 for free. Tell them you just got your TennCare and you want to change your health plan.

After 90 days, it’s harder to change your health plan. Part 5 of this handbook tells you more about changing your health plan after your first 90 days.

• Do you want to change health plans because you’re having problems getting health care or can’t find a doctor? Call us at 1-800-690-1606 for free. We’ll help you fix the problem. You don’t have to change health plans to get the care you need.
Do you want to change health plans so you can see a doctor that takes a different health plan? First, be sure that all of your doctors will take your new health plan. You’ll only be able to see doctors that take your new plan.

- What if you want to change your health plan but you have an OK from us for care you haven’t gotten yet? If you change your health plan and still need the care, you’ll have to get a new OK from your new plan.

Your pharmacy health plan

If you have prescription coverage through TennCare, your prescription benefits will be provided by a Pharmacy Benefits Manager, or PBM.

TennCare’s pharmacy plan is called OptumRx. Watch your mail for your new pharmacy card. What if you don’t get your new pharmacy card soon? If you need a prescription filled, you can go to the pharmacy anyway. Tell them you have TennCare. Before you go, make sure the pharmacy you use accepts TennCare. To find out if a pharmacy accepts TennCare, go to https://www.optumrx.com/oe_tenncare/find-a-network-pharmacy.

Enter the information requested to find pharmacies near you that accept TennCare. Or, you can call the TennCare pharmacy help desk at 888-816-1680.

Do you need more help? Do you have questions about your card? Call TennCare’s pharmacy help desk at 888-816-1680.

Learn more about your prescription coverage in Parts 1 and 2 of this handbook.

Your dental health plan

TennCare’s dental health plan is DentaQuest. DentaQuest will manage the dental benefits for all TennCare members. Regular oral checkups are important to your overall health. Dental services like dental cleaning, X-rays, and other dental benefits are covered with limits.

They can help you if you have questions about dental care. To find a DentaQuest dentist, go to http://www.dentaquest.com/state-plans/regions/tennessee/. Then click Find a Dentist. Or you can call them at 855-418-1622.

Learn more about dental coverage in Parts 1 and 2 of this handbook or in the DentaQuest Handbook.
Part 1:
Using your TennCare health plan

Every UnitedHealthcare Community Plan member has a Member Card. This is what your card looks like:

Here are some of the things that your card has on it:

- **Member Name** is the name of the person who can use this card
- **ID Number** is the number that tells us who you are
- **Group Number** tells us what part of Tennessee you live in
- **Primary Care Provider (PCP)** is the person you see for your health care
- **Effective Date** is the date that you can start seeing your PCP listed on your card
- **Date of Birth** is your birth date
- **Copays** are what you pay for each health care service. Not everyone has copays.
- **Benefit Indicator** is the kind of TennCare benefit package you have.
  Your benefit package is the kind of services or care TennCare covers for you.

Carry your card with you all the time. You’ll need to show it when you go to see your doctor and when you go to the hospital.

This card is only for you. Don’t let anyone else use your card. If your card is lost or stolen, or if it has wrong information on it, call us at 1-800-690-1606 for a new card. It’s a free call.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 1: Using your TennCare health plan

If you have questions about TennCare or UnitedHealthcare Community Plan, you can:

Call us: 1-800-690-1606
Write to us: UnitedHealthcare Community Plan
10 Cadillac Drive, Suite 200
Brentwood, TN 37027

UnitedHealthcare Community Plan provider network

In network
The doctors and other people and places who work with UnitedHealthcare Community Plan are called the Provider Network. This includes providers in CHOICES and Employment and Community First CHOICES. All of these providers are listed in our Provider Directory. There are special directories for Providers in CHOICES and Employment and Community First CHOICES.

You can find each of these Provider Directories online at myuhc.com/CommunityPlan. Or call us at 1-800-690-1606 to get a list. Providers may have signed up or dropped out after the list was printed. But, the online Provider Directory is updated every week. You can also call us at 1-800-690-1606 to find out if a provider is in our network.

Sometimes your provider can’t give you the care or treatment you need because of ethical (moral) or religious reasons. Call us at 1-800-690-1606. We can help you find a provider who can give you the care or treatment you need. To find doctors who speak other languages, you can also check the UnitedHealthcare Community Plan Provider Directory.

You must go to doctors and other providers who take UnitedHealthcare Community Plan so TennCare will pay for your health care.

But, if you also have Medicare, you don’t have to use doctors who take UnitedHealthcare Community Plan. You can go to any doctor that takes Medicare. To find out more about how Medicare works with TennCare see Part 4 of this handbook.

Out of network
A doctor or other provider who is not in the Provider Network and doesn’t take UnitedHealthcare Community Plan is called an Out-of-Network provider. Most of the time if you go to a doctor or other provider who is Out-of-Network TennCare will not pay.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 1: Using your TennCare health plan

But, sometimes, like in emergencies or to see specialists, TennCare will pay for a doctor who is Out-of-Network. Unless it’s an emergency, you must have an OK first. The sections Specialists and Emergencies tell you more about when you can go to someone who is Out-of-Network.

If you were already getting care or treatment when your TennCare started, you may be able to keep getting the care without an OK or referral. Call us at 1-800-690-1606 to find out how.

How to get free language help at your health care visits

If English is not your first language, you can ask for an interpreter when you go to get your care. This is a free service for you. **Before your appointment, call us or your provider** so you can get help with language services.

You can also check in our Provider Directory to find doctors who speak other languages.

You can also get free help to communicate with your doctor like a sign language interpreter, writing notes, or a story board. **Before your appointment, call us or your provider** to get this help.

How to get help with a ride to your health care visits

If you don’t have a way to get to your health care visits, you may be able to get a ride from TennCare.

You can get help with a ride:

- **Only** for services covered by TennCare, and
- **Only** if you don’t have any other way to get there.

You can have someone ride with you to your appointment if:

- You are a child under the age of 21, or
- You have a disability or need help to get the service (like someone to open doors for you, push your wheelchair, help you with reading or decision making).

If you need a ride to your appointment or have questions about having someone ride with you, call us at 1-866-405-0238.

Try to call **at least 72 hours before** your health care appointment to make sure that you can get a ride. If you change times or cancel your health care appointment, you must change or cancel your ride too.

**18 Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Doctor visits

Your Primary Care Provider – the main person you go to for your care

You will go to one main person for your health care. He or she can be a doctor, a nurse practitioner, or a physician’s assistant. This person is called your Primary Care Provider or PCP.

The name of your PCP is sometimes listed on the front of your card. What if your card does not list the name of your PCP? Call us at 1-800-690-1606 for the name of your PCP or find out about other PCPs in our network. What if you want to change your PCP? The next page tells you how.

Most PCPs have regular office hours. But, you can call your PCP anytime. If you call after regular office hours, they will tell you how to reach the doctor. If you can’t talk to someone after hours, call us at 1-800-690-1606.

If your PCP is new for you, you should get to know your PCP. Call to get an appointment with your PCP as soon as you can. This is even more important if you’ve been getting care or treatment from a different doctor. We want to make sure that you keep getting the care you need. But even if you feel OK, you should call to get a check-up with your PCP.

Before you go to your first appointment with your PCP:

1. Ask your past doctor to send your medical records to your PCP. This won’t cost you anything. These records are yours. They will help your PCP learn about your health.
2. Call your PCP to schedule your appointment.
3. Have your UnitedHealthcare Community Plan card ready when you call.
4. Say you are a UnitedHealthcare Community Plan member and give them your ID number. Tell your PCP if you have any other insurance.
5. Write down your appointment date and time. If you’re a new patient, the provider may ask you to come early. Write down the time they ask you to be there.
6. Make a list of questions you want to ask your PCP. List any health problems you have.
7. If you need a ride to the appointment and have no other way to get there, we can help you with a ride. Try to call at least 72 hours before your appointment. Part 5 of this handbook tells you more about getting a ride.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 1: Using your TennCare health plan

On the day of your appointment:
1. Take all your medicine and list of questions with you so your PCP will know how to help you.
2. Be on time for your visit. If you can’t keep your appointment, call your PCP to get a new time.
3. Take your UnitedHealthcare Community Plan ID card with you. Your PCP may make a copy of it.
   If you have any other insurance, take that ID card with you too.
4. Pay your copay if you have one. You can find out more about copays in Part 4.

Your PCP will give you most of your health care. Your PCP can find and treat health problems early. He or she will have your medical records. Your PCP can see your whole health care picture. Your PCP keeps track of all of the care you get.

Changing your PCP

There are many reasons why you may need to change your PCP. You may want to see a PCP whose office is closer to you, or your PCP may stop working with us. If your PCP stops working with UnitedHealthcare Community Plan, we will send you a letter asking you to find a new PCP. If you do not find a new PCP, we will find one for you so that you can keep getting your care.

To change your PCP:
1. Find a new PCP in the UnitedHealthcare Community Plan network. To find a new PCP you can look in our Provider Directory, you can go online at myuhc.com/CommunityPlan, or call 1-800-690-1606.
2. Then call the new PCP to make sure that he or she is in the UnitedHealthcare Community Plan provider network. Be sure to ask if he or she is taking new patients.
3. If the new PCP is in our network and taking new patients, fill out the PCP Change Request in Part 8 and mail it back to us. Or you can call us at 1-800-690-1606 to tell us the name of your new PCP.

Need help finding a new PCP? Call us at 1-800-690-1606. We’ll work with you to find a new PCP who is taking new patients.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 1: Using your TennCare health plan

If you change your PCP:

- We will send you a new UnitedHealthcare Community Plan card. It will have the name of your new PCP on it. The effective date on your new card is when we will start paying for visits to your new PCP.
- Any care that was scheduled for you by your old PCP must be OK’d again by your new PCP. So even if you got a referral to a specialist from your old PCP, you will have to get a new referral from your new PCP.
- What if you are changing PCPs because you changed health plans? You still have to get a new OK for your care from your new PCP.
- And if you are in the middle of a treatment plan, you should call your new PCP right away. Your new PCP needs to know about all of the care you have been getting. He or she can help you keep getting the care you need.

Behavioral health care
(mental health or substance use disorder services)

You do not need to see your PCP before getting Behavioral Health services. But, you will need to get your care from someone who is in our network. If you’re getting care now, ask your provider if they take UnitedHealthcare Community Plan.

A Community Mental Health Agency (CMHA) is one place you can go for mental health or substance use disorder services. Most CMHAs take TennCare.

Before your first visit:

1. Ask your past doctor to send your records to your new provider. They will help your provider learn about your needs.
2. Have your UnitedHealthcare Community Plan card ready when you call to schedule your appointment with your new provider.
3. Say you are a UnitedHealthcare Community Plan member and give your ID number. If you have any other insurance tell them.
4. Write down your appointment date and time. If you are a new patient, the provider may ask you to come early. Write down the time they ask you to be there.
5. Make a list of questions you want to ask your provider. List any problems you have.
6. If you need a ride to the appointment and have no other way to get there, we can help you with a ride. Try to call at least 72 hours before your visit. Pages 18 and 145 tell you more about getting a ride.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 1: Using your TennCare health plan

On the day of your appointment:
1. Take all of your medicines and list of questions with you so your provider will know how to help you.
2. Be on time for your visit. If you can’t keep your appointment, call your provider to get a new time.
3. Take your UnitedHealthcare Community Plan ID card with you. Your provider may make a copy of it. If you have any other insurance, take that ID card with you, too.
4. Pay your copay if you have one. You can find out more about copays in Part 4 of this handbook.

If you need help finding mental health and substance use disorder services, call us at 1-800-690-1606. Or, if you have questions about mental health and substance use disorder services, call us at 1-800-690-1606. It’s a free call.

Outpatient mental health services (including physician services)
Covered as medically necessary.

Specialists

A specialist is a doctor who gives care for a certain illness or part of the body. One kind of specialist is a cardiologist, who is a heart doctor. Another kind of specialist is an oncologist, who treats cancer. There are many kinds of specialists.

Your PCP may send you to a specialist for care. This is called a referral. If your PCP wants you to go to a specialist, he or she will set up the appointment with the specialist for you.

If the specialist is not in our Provider Network, your PCP must get an OK from us first. If you have copays, your copay is the same even if the specialist is Out-of-Network.

Important: You cannot go to a specialist without your PCP’s referral. We will only pay for a specialist visit if your PCP sends you.

But, you do not have to see your PCP first to go to a women’s health doctor for well-woman checkups or prenatal care. A women’s health doctor is called an OB/GYN. The women’s health specialist must still be in our network. More information about women’s health care is in Part 2 of this handbook.

And remember, you do not have to see your PCP first to see a behavioral health provider for mental health, alcohol or substance use disorder services.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Hospital care

If you need hospital care, your PCP or behavioral health provider will set it up for you.

You must have your PCP’s OK to get hospital care
- Unless it is an emergency, we will only pay for hospital care if your PCP sends you
- Inpatient Hospital Services are covered as medically necessary
- For members under age 21, coverage includes rehabilitation hospital facility
- For members age 21 and older, inpatient rehabilitation hospital facility services are not covered for adults unless they are determined to be a cost-effective alternative

Physician inpatient services
Covered for members as medically necessary.

Physician outpatient services
Covered as medically necessary.

Psychiatric inpatient hospital services
Covered as medically necessary.
Physical health emergencies

Always carry your UnitedHealthcare Community Plan card with you. In case of an emergency, doctors will know you have TennCare. You can get emergency health care any time you need it.

Emergencies are times when there could be serious danger or damage to your health if you don’t get medical care right away. See Part 9 of this handbook for a full definition of an emergency.

<table>

<td>• Headache, unless it is very bad and like you’ve never had before</td>
</tr>
<tr>
<td>• Drug overdose</td>
<td>• Arthritis</td>
</tr>
</tbody>
</table>

If you think you have an emergency, go to the nearest hospital Emergency Room (ER). In an emergency, you can go to a hospital that is not in the Provider Network. If you can’t get to the ER, call 911 or your local ambulance service.

If you are not sure if it’s an emergency, call your PCP. You can call your PCP anytime. Your PCP can help you get emergency care if you need it.

If you need emergency care, you don’t have to get an OK from anyone before you get emergency care.

After the ER treats you for the emergency, you will also get the care the doctor says you need to keep stable. This is called post-stabilization care.

After you get emergency care, you must tell your PCP. Your PCP needs to know about the emergency to help you with the follow-up care later. You must call your PCP within 24 hours of getting emergency care.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Mental health emergencies

You can get help for a behavioral health emergency anytime even if you are away from home. And you don’t have to get an OK from anyone before you get emergency care.

If you have a behavioral health or substance use disorder emergency, go to the nearest mental health crisis walk-in center or ER right away. What if you don’t know where your closest mental health crisis walk in center is? Call Mental Health Crisis Services at 855-CRISIS-1 (or 855-274-7471) right away. These calls are free.

Or, you can call your provider. Your provider can help you get emergency care if you need it. TennCare pays for mental health emergencies even if the doctor or hospital isn’t in the Provider Network.

Emergencies are times when there could be serious danger or damage to your health or someone else’s if you don’t get help right away. See Part 9 of this handbook for a full definition of an emergency.

<table>
<thead>
<tr>
<th>Emergencies might be things like:</th>
<th>These are usually not emergencies:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning to hurt yourself</td>
<td>Needing a prescription refill</td>
</tr>
<tr>
<td>Thinking about hurting another person</td>
<td></td>
</tr>
</tbody>
</table>

If you have this kind of emergency:

- Go to the nearest mental health crisis walk in center or ER right away, or
- Call 911, or
- Call Mental Health Crisis Services for Adults at 855-CRISIS-1 (or 855-274-7471).

These calls are free.
Part 1: Using your TennCare health plan

Children under age 18
If you are under 18 years old or your child is under age 18 and has a behavioral health (mental health or substance use disorder) emergency:

- Go to the nearest ER, or
- Call 911, or
- Call Mental Health Crisis Services for Children and Youth at the following numbers:
  - Memphis Region at 866-791-9226
  - Rural West Tennessee at 866-791-9227
  - Rural Middle Tennessee at 866-791-9222
  - Nashville Region at 866-791-9221
  - Mental Health Co-op (Davidson County) at 865-539-2409
  - Knoxville Region — Helen Ross McNabb (Knox, Blount, Sevier, Loudon, and Monroe Counties) at 866-791-9224
  - Southeast Tennessee at 866-791-9225
  - Frontier Health (Hancock, Greene, Hawkins, Washington, Unicoi, Carter, and Johnson Counties) at 877-928-9062

Youth Villages, Frontier Health, Helen Ross McNabb, and Mental Health Co-Operative offer statewide crisis services for children under age 18. If you go to the ER, someone from one of these agencies in your area may come help evaluate your child’s need for care.

If you have problems reaching someone at the number listed for your area, call 1-800-690-1606. We will help you. You can also call 911. These calls are free.

Always carry your UnitedHealthcare Community Plan card with you. In case of an emergency, doctors will know that you have TennCare.

After the ER treats you for the emergency, you will also get the care that the doctor says you need to keep stable. This is called post-stabilization care.

After you get emergency care, you must tell your provider. Your provider needs to know about the emergency to help you with follow-up care later. You must call your provider within 24 hours of getting emergency care.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Emergency care away from home

Emergency care away from home works just like you were at home. In an emergency, you can go to a hospital that is Out-of-Network. Go to the nearest ER, or call 911. If you have a behavioral health emergency, you can call Mental Health Crisis Services for free at 855-CRISIS-1 (or 855-274-7471). You must still call your PCP and health plan within 24 hours of getting the emergency care away from home.

Show your UnitedHealthcare Community Plan card when you get the emergency care. Ask the ER to send the bill to UnitedHealthcare Community Plan. If the ER says no, ask if they will send the bill to you at home. Or if you have to pay for the care, get a receipt.

When you get home, call us at 1-800-690-1606 and tell us you had to pay for your health care or that you have a bill for it. We will work with you and the provider to put in a claim for your care.

Important: TennCare and UnitedHealthcare Community Plan will only pay for emergencies away from home that are inside the United States. We can’t pay for care you get out of the country.
Part 2: Services that TennCare pays for

Benefit packages

Not everyone in TennCare has the same benefits. The benefits that are covered for you depend on the group you’re in.

The card you received will have a Benefit Indicator on the front. It tells you what group you’re in and the benefits that are covered for you based on your group. Your Benefit Indicator may be different than other members in your family. If your card does not have a Benefit Indicator on the front, you can find out what benefits you have from the charts below. Or, call us at 1-800-690-1606.

Children under age 21
Go to pages 32–35 for the list of benefits groups A and H.

</tbody>
</table>

The groups of services are marked A to M. You can find a list of services for each group on the next pages. Some of the services have limits. This means that TennCare will pay for only a certain amount of that care. The services that are listed as **medically necessary** mean that you can have those services if your doctor, health plan, and TennCare all agree that you need them.

If you have questions about what your physical health or behavioral health care services are, call us at **1-800-690-1606**. Or call TennCare Connect at **855-259-0701**.
Part 2: Services that TennCare pays for

Benefits for children under age 21
There are 2 different benefit packages for children under age 21. Look at your child’s TennCare card to find out which benefit package your child has.

All TennCare covered services must be medically necessary as defined in the TennCare rules. The definition of medically necessary is in Part 9 of this handbook.

Part 2: Services that TennCare pays for

Benefits for adults age 21 and older
There are 10 different benefit packages for adults age 21 and older who have TennCare. Look at your TennCare card to find out which benefit package you have.

All TennCare covered services must be medically necessary, as defined in TennCare rules. The definition of medically necessary is in Part 9 of this handbook.

Benefit packages B, E, J, and L (Adults age 21 and older with TennCare Medicaid)

---

2 Eligibility categories for CHOICES and Employment and Community First CHOICES are technically “TennCare Standard” categories. However, Member ID cards, etc. will identify individuals enrolled in these categories as being in TennCare Medicaid. So, for purposes of this handbook, they are considered TennCare Medicaid. This table is not applicable for adults in CHOICES and Employment and Community First CHOICES.

Care with limits

Benefits for children under the age of 21 are covered as medically necessary. But some TennCare benefits work differently for adults age 21 and older. These kinds of care and medicine have limits for adults age 21 and older:

1. Prescription medicine
2. Trigger point injections
3. Medial nerve blocks used to diagnose the cause of back pain
4. Epidural injections
5. Urine drug screenings
6. Private duty nursing and Home Health services
7. Vision services
8. Dental services

1. Prescription medicine

Most people, but not everyone on TennCare, have pharmacy benefits. If you also have Medicare, there’s an important message for you in the box on page 50.

Children under age 21 who have pharmacy benefits through TennCare do not have a limit on the number of prescriptions TennCare will pay for each month. And some adults who get long term care that TennCare pays for don’t have a monthly limit on prescriptions either. This includes:

- People who get care in a nursing home
- People who get care in a special nursing home for people with intellectual disabilities (called an intermediate care facility for individuals with intellectual disabilities), or ICF/IID, and
- People who qualify for care in a nursing home or ICF/IID but get home care instead

However, most adults who have TennCare have a limit on how many prescriptions TennCare will pay for each month. TennCare Medicaid will only pay for 5 prescriptions or refills each month. And only 2 of the 5 prescriptions can be brand name medicines. That means that at least 3 of the 5 must be generic. TennCare will start counting your prescriptions and refills on the first day of each month. This limit includes prescriptions for physical health care.
**Part 2: Services that TennCare pays for**

How do I know if TennCare covers my prescription medicines?

TennCare has a list of prescription medicines called a **Preferred Drug List** or **PDL**. The PDL is a list of medicines that TennCare covers.

- There are brand name medicines and generic medicines on the Preferred Drug List. Most TennCare adults have copays for prescriptions. You can find more about copays in Part 4.

You can get many of these medicines at your pharmacy with a prescription from your doctor. But, some of these medicines must have an OK from the TennCare Pharmacy Program before you can get them. This OK is called a **Prior Authorization** or **PA**. Your doctor must ask for a PA for some of the medicines on the list. Sometimes your doctor can change your prescription to a medicine that doesn’t need a PA. But if your doctor says you must have medicine that needs an OK, he or she must ask for a PA.

What if I need more than 5 prescriptions or refills each month?

There are lists of medicines that do not count against your limit. These lists are called the **Automatic Exemption Lists** (Drug stores call it the “Auto Exemption” and the “Prescriber Attestation” list).

Medicines on these lists are exempt from (they don’t count) against your limit. After you’ve gotten 5 prescriptions or 2 brand name prescriptions in 1 month, you can still get medicines on the **Automatic Exemption Lists**. The lists may change. But, TennCare and your drug store will make sure that medicines on the most current lists **don’t** count against your limit.

Do you need to find out if medicine you take is on these lists? **Ask** your doctor or drug store. To see the most current list, you can use the internet. Go to the TennCare website at [http://www.tn.gov/tenncare/topic/member-pharmacy](http://www.tn.gov/tenncare/topic/member-pharmacy). Click on “Exempt” or “Attestation.” Or, call TennCare Connect at **855-259-0701**. Ask them to mail you a copy.

**Important:** Remember, some medicines need TennCare’s OK even before you go over your limit. That’s a different kind of OK called a **Prior Authorization** or **PA**. Medicines on the Automatic Exemption lists may need a **PA** too. If so, you’ll need both OKs to get a medicine on the **Automatic Exemption Lists**. Your doctor can help you get both OKs if you need them.

What if a medicine on the Automatic Exemption Lists needs a **PA** and you **don’t** have one? Then, TennCare still **won’t** pay for the medicine. If your doctor asks for a **PA** and we turn you down, we’ll send you a letter that says why. It will say how to appeal if you think we made a mistake.
Part 2: Services that TennCare pays for

Helpful tips:

- If the medicine you’re taking is more than your limit, ask your doctor if you **need** all the medicine you’re taking. If you do, ask your drug store to help you pick the medicines that cost the most. Each month get those filled first so TennCare will pay for them.
- Ask your doctor or drug store to find out if your medicine is on the Automatic Exemption Lists
- Ask your doctor to prescribe medicines that are on the PDL
- Ask your doctor to prescribe generic medicines whenever he or she can
- Ask your doctor if your prescription needs a PA before you go to the pharmacy

If you have questions about your **TennCare prescription coverage**, call TennCare’s pharmacy help desk at **888-816-1680**. It’s a free call.

**If you have questions about your prescription medicines, call your doctor first.** If you have problems getting your prescription medicines, see Part 5 of this handbook.

---

**Important if you have Medicare:**

**Are you an adult age 21 or older and have Medicare?**
You get your prescription medicine from Medicare Part D, not from TennCare’s Pharmacy Program.

**Are you a child under age 21 and have Medicare?**
You get most of your prescription medicine from Medicare Part D. TennCare **does not** pay the copay for the medicines Medicare Part D covers. TennCare will **only** pay for your prescription medicines if:

- It’s a kind of medicine that TennCare covers
- And, it’s a kind of medicine that Medicare doesn’t cover

Part 4 of this handbook tells you more about how TennCare works with Medicare.

---

**Questions?** Visit [myuhc.com/CommunityPlan](https://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606**, TTY **711**.
Part 2: Services that TennCare pays for

2. Trigger point injections (shots)

The medicine is given with a needle in muscles that are “knotted” or very tense. TennCare will only pay for **4 trigger point injections in each muscle group every 6 months** for adults age 21 and older. A muscle group means the muscles in a certain area of your body, like the muscles that make up your upper arm or your back. We’ll count each time you get a shot in one muscle group for 6 months in a row.

What if you get trigger point shots in 2 muscle groups, like in your upper arm and in your back? We’ll count them separately. We’ll count up to 4 shots in your arm and up to 4 shots in your back during one 6-month period of time.

3. Medial nerve blocks used to diagnose (figure out) the cause of back pain

Numbing medicine is given with a needle near nerves that are on each side of your spine. TennCare will only pay for **4 medial nerve blocks each year** given to diagnose the reason for your back pain. We’ll start counting on January 1 and stop counting on December 31st. Each year we’ll pay for up to 4 diagnostic medial nerve blocks.

4. Epidural injections (shots)

The medicine is given with a needle around the spine. TennCare will only pay for **3 epidural shots every 6 months** for adults age 21 and older.

We’ll count each one you get for 6 months in a row. **But**, TennCare will still pay for epidural shots women need during childbirth.

5. Urine drug screenings

These are drug tests that look for proof of illegal or controlled substances in your urine. Controlled substances are prescriptions that can be misused, like Lortab®, Kadian® (morphine), and OxyContin®. TennCare will only pay for **24 urine drug screenings per year** for adults age 21 and older.

Right now, TennCare pays for 24 urine drug tests per year. TennCare also pays for 12 confirmation urine drug tests per year. “Confirmation” means if your test is “positive” for illegal or controlled substances. TennCare will pay to recheck the result 12 times per year. TennCare will keep paying for 24 urine drug tests and 12 confirmation urine drug tests per year.

But sometimes your provider may need a urine drug test to find out what kind of drug(s) you’re taking. Or for prescriptions, your provider may need a urine drug test to be sure you’re getting the right amount. When your provider asks for this kind of test, it’s called a specific urine drug test. TennCare will only pay for 12 specific urine drug tests per year.

**Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606**, TTY 711.
Part 2: Services that TennCare pays for

6. Private duty nursing and Home Health services

Private duty nursing and home health services are covered as medically necessary for children under the age of 21. But these services work differently for adults age 21 or older.

**Private Duty Nursing** is nursing services only for people who require 8 hours or more of continuous nursing from a licensed nurse in a 24-hour period. A person who needs only intermittent skilled services does not qualify for private duty nursing.

TennCare will **not** cover Private Duty Nursing (PDN) services for adults age 21 or older **unless:**

- You are ventilator dependent for at least 12 hours each day
- **Or,** you have a functioning tracheotomy **and** need certain other kinds of nursing care too

For your safety, to get Private Duty Nursing, you must have a relative or other person who can:

- Care for you when the private duty nurse is not with you
- And take care of your other non-nursing needs

If you qualify for PDN, your nurse will only be able to go with you to doctor’s appointments, school and work. Even though your nurse may go with you to these places, your nurse cannot drive you there. TennCare rules say your nurse can’t drive you anywhere.

What if you need care at home but don’t qualify for Private Duty Nursing? You may still be able to get care at home. This care is called Home Health Care.

**Home Health care**

There are 2 kinds of Home Health Care: Home Health Nursing and Home Health Aide Care. There are limits on the amount of Home Health Nurse and Home Health Aide Care you can get. Covered as medically necessary for members that are younger or older than 21 years of age in accordance with the definition of home health care in the Tennessee rules.

**Part-time and intermittent Home Health nursing care**

A home health nurse is someone who can visit you at home to provide medical care.

TennCare will only pay for:

- Up to 1 nurse visit each day
- Each visit must be less than 8 hours long
- And, no more than 27 hours of nursing care each week (30 hours each week if you qualify for care in a skilled nursing home)

52 Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 2: Services that TennCare pays for

Home Health aide care
A home health aide is someone to help you with certain things you can’t do alone (like eat or take a bath). TennCare will only pay for:
- Up to 2 home health aide visits each day
- No more than 8 hours of home health aide care each day
- And, no more than 35 hours a week of home health care (40 hours each week if you qualify for care in a skilled nursing home)

What if you need both Home Health nursing and aide care?
TennCare will only pay for:
- Up to 1 nurse visit per day
- Up to 2 home health aide visits per day
- No more than 8 hours of nursing and home health aide care combined each day
- No more than 27 hours of nursing care each week (30 hours per week if you qualify for care in a skilled nursing home)
- No more than 35 hours of nursing and home health aide care combined each week (40 hours per week if you qualify for care in a skilled nursing home)

TennCare will only pay for nursing services if you need care that can only be given by a nurse (care that can’t be given by an aide). This is care like tube feeding or changing bandages. TennCare won’t pay for a nurse if the only reason you need a nurse is because you might need to take medicine. The nurse will only stay with you as long as you need nursing care.

7. Vision services
For adults age 21 and older, vision services are limited to medical evaluation and management of abnormal conditions and disorders of the eye. The first pair of cataract glasses or contact lens/lenses after cataract surgery are covered.

8. Dental services
For adults age 21 and older, see your Dental Benefits Manager (DBM) Handbook for limits.
Part 2: Services that TennCare pays for

Other TennCare services

TennCare CHOICES in Long-Term Services and Supports program
TennCare CHOICES in Long-Term Services and Supports (or CHOICES for short) is for adults (age 21 and older) with a physical disability and seniors (age 65 and older). CHOICES offers services to help a person live in their own home or in the community. These services are called Home and Community Based Services or HCBS. These services can be provided in the home, on the job, or in the community to assist with daily living activities and allow people to work and be actively involved in their local community. CHOICES also provides care in a nursing home if it is needed. More information about CHOICES is found in Part 3 of this handbook.

Employment and Community First CHOICES
Employment and Community First CHOICES is for people of all ages who have an intellectual or developmental disability (I/DD). This includes people who have significant disabilities.

Services help people with I/DD gain as much independence as possible. People are supported to live with their family or in the community, not in an institution. Residential services are available for adults with I/DD who do not live with family but need supports where they live.

Employment and Community First CHOICES can help the person with I/DD explore the possibility of working. Services can also help people learn skills for work, find a job, and keep a job. This could be a part-time job, a full-time job or self-employment. Working helps people earn money, learn new skills, meet new people, and play an important role in their communities. Work can also help people stay healthy and build self-confidence.

Other services help people learn and do things at home and in the community that help people achieve their goals. If a person lives at home with their family, the services help the family support the person to become as independent as possible. Services also help people get actively involved in their communities and include peer supports for the person and for their family.

More information about Employment and Community First CHOICES is found in Part 3 of this handbook.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Special services

Some services are covered by TennCare **only in special cases.** These are services like:

1. Population Health,
2. Hospice care,
3. Sterilization,
4. Abortion, and
5. Hysterectomy

More about these services can be found below.

**1. Population Health services provide you with information on how to stay healthy.** If you have an ongoing illness or unmet health needs, Population Health services can help you do things like:

- Understand your illness and how to feel better
- Help you or your child find a primary care doctor and get to your appointments
- Develop a plan of care based on your doctor’s or your child’s doctor’s advice for medical and behavioral health needs
- Be a partner to you or your child to coordinate care with all of your health care providers
- Have a healthy pregnancy and healthy delivery
- Help with getting your prescription medications
- Help keep you or your child out of the hospital by getting care in the community
- Identify community organizations that can provide non-medical supports and resources to improve the health and well-being of you or your child
- Help you with lifestyle changes that you want to make like quitting smoking or managing your weight
- Help explain important health information to you or to your doctors

Population Health services are provided whether you are well, have an ongoing health problem or have a terrible health episode. Population Health services are available to you depending on your health risks and need for the service.

**Population Health can provide you with a care manager.** A care manager can help you get all the care you need. You may be able to have a care manager if you:

- Go to the ER a lot, or if you have to go into the hospital a lot, or
- Need health care before or after you have a transplant, or
- Have a lot of different doctors for different health problems, or
- Have an ongoing illness that you don’t know how to deal with.

**Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606, TTY 711.**
Part 2: Services that TennCare pays for

To see if you can have a care manager, or if you want to participate in the Population Health services, you (or someone on your behalf) can call UnitedHealthcare Community Plan Population Health at 1-800-690-1606.

2. Hospice care is a kind of medical care for people who are terminally ill. You must use a hospice provider in our network. For help with hospice care, call us at 1-800-690-1606.

3. Sterilization is the medical treatment or surgery that makes you not able to have children. To have this treatment, you must:
   - Be an adult age 21 or older
   - Be mentally stable and able to make decisions about your health
   - Not be in a mental institution or in prison
   - Fill out a paper that gives your OK. This is called a Sterilization Consent Form. You must fill this out with your provider.

   You have to fill the paper out at least 30 days before you have the treatment. But in an emergency like premature delivery or abdominal surgery, you can fill the paper out at least 72 hours before you have the treatment.

4. Abortion may only be covered in limited cases, like if you have a physical illness that you could die from without an abortion.

   Your doctor must fill out a paper called Certification of Medical Necessity for Abortion.

5. Hysterectomy is medical surgery that removes reproductive organs. A hysterectomy can be covered when you must have it to fix other medical problems. After a hysterectomy, you will not be able to have children. But, TennCare will not pay for this treatment if you have it just so you won't have children. TennCare pays for this treatment only if it is for a covered reason and medically necessary.

   You have to be told in words and in writing that having a hysterectomy means you are not able to have children. You have to sign a paper called Hysterectomy Acknowledgement Form.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Preventive care – Care that keeps you well

TennCare covers preventive care for adults and children. **Preventive care** helps to keep you well and catches health problems early so they can be treated.

**Important:** Even if you have copays for your health care, you will **not** have copays for preventive care.

Some preventive care services are:
- Checkups for adults and children
- Care for women expecting a baby
- Well baby care
- Shots and tests
- Birth control information

Preventive care for adults

You can do some things for yourself to stay healthy:
- Stay active
- Eat right
- Exercise
- Take medicine just as your doctor says
- Don’t drink alcohol or misuse drugs
- Do self-examinations
- Don’t smoke
- Get regular checkups

You can go to your PCP for a check up to help you stay healthy. Your PCP may want to do tests to make sure you are OK. Some of these tests are for:
- Cholesterol
- Colon and rectal cancer
- Bone hardiness (osteoporosis)
- Thyroid
- STDs (sexually transmitted diseases)
- HIV and AIDS
- Heart problems (EKG tests)
- TB (tuberculosis)
- Well-woman checkups (pap smears and mammogram)
Part 2: Services that TennCare pays for

You can get shots at your checkup too. These shots are called **vaccinations**. Some of these shots may be for:

- Tetanus
- Hepatitis B
- Pneumonia
- Flu
- Measles
- Mumps

**Tennessee Health Link**

TennCare members with behavioral health needs face many problems in getting the care they need within the health care system. Tennessee Health Link can help with this.

Tennessee Health Link is a team of professionals who work at a mental health clinic or behavioral health provider that can help these members with their health care. They provide whole-person, patient centered, and coordinated care for assigned members with behavioral health conditions.

Members who are eligible for Health Link services are identified based on:

- Your diagnosis,
- Certain health care services you use, or
- Functional need.

Health Link professionals will use care coordination and other services to help members with your behavioral and physical health. This includes:

- Comprehensive care management (e.g., creating care coordination and treatment plans)
- Care coordination (e.g., proactive outreach and follow up with primary care and behavioral health providers)
- Health promotion (e.g., educating the patient and his/her family on independent living skills)
- Transitional care (e.g., participating in the development of discharge plans)
- Patient and family support (e.g., supporting adherence to behavioral and physical health treatment)
- Referral to social supports (e.g., helping to find access to community supports including scheduling and follow through)

Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606**, TTY **711**.
Dental care for adults (for teeth)

Dental care for adults age 21 and older is covered with limits. Dental care includes benefits like checkups, X-rays, oral treatments and more. See your Dental Benefits Manager (DBM) Handbook for limits.

Your dental plan for your teeth is called DentaQuest. They can help you if you have questions about dental care. To find a DentaQuest dentist, go to http://www.dentaquest.com/state-plans régions/tennessee/. Then click Find a Dentist. Or you can call them at 855-418-1622. It’s a free call.

Women’s health and pregnancy

Well-woman checkups

TennCare covers some health care services that are special for women. These are “well-woman” checkups that help to keep you healthy. This kind of care is called preventive care. There are no copays for well-woman checkups.

Starting at age 21, all women should get pap smears on a regular basis. A pap smear is a screening test to check for cervical cancer and other problems.

Chlamydia screens — One annual chlamydia screening test is covered as medically necessary for females who are 29 and younger. It is performed in conjunction with an annual Pap smear.

Women should also have mammogram screenings as part of their well-woman checkup visits. A mammogram is an X-ray of the breast. It is used to check for breast cancer and other problems.

Sometimes if you have family members who have had cervical or breast cancer, your doctor may want you to start having pap smears and mammograms earlier or more often, to make sure you are okay.

Mammography screening benefits are available:

- For ages 35–40, at a minimum of one time
- For ages 40–50, every 2 years or more often if your doctor says you need it
- For ages 50 and older, every year

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 2: Services that TennCare pays for

If you have had breast cancer, surgery to restore a breast to near normal shape, appearance, and size (breast reconstructive surgery) after a mastectomy is covered. This includes: Reconstructive surgery for a cancerous breast. Reconstructive surgery for a breast without cancer so that the breasts are the same size and shape (to make them symmetrical). This surgery is covered as long as it is done within five years of the reconstructive surgery on the diseased breast.

Reconstructive breast surgery — All stages of reconstructive breast surgery are covered if performed on a diseased breast as a result of a mastectomy. Any surgical procedure to a non-diseased breast is covered if the physician is trying to create symmetry with the diseased breast. This is only covered if it is performed within five (5) years of the date the reconstructive breast surgery was performed on the diseased breast.

You can get well-woman checkups from your PCP, or from a specialist called and Obstetrician/Gynecologist. This kind of specialist is sometimes called an OB/GYN doctor.

You do not have to see your PCP first to go to an OB/GYN doctor or to get family planning care and supplies. But, the OB/GYN doctor must still be in our Provider Directory so that TennCare will pay for the services. If you get family planning care and/or supplies from a doctor or clinic that is NOT in our Provider Directory, the doctor or clinic must call us at 1-800-690-1606 and let us know so we can pay for the family planning care and supplies.

If you are already more than three months pregnant and you are already seeing an OB/GYN doctor when you get your TennCare, you can still see that doctor to get your care. But, he or she has to say OK to the amount that TennCare pays. Call us at 1-800-690-1606 to find out if you can still see this doctor. We may ask you to change to an OB/GYN doctor who is in our Provider Directory if it is safe to change.

Go to all of your OB/GYN visits, even if you feel fine. Your doctor will tell you how often to have checkups while you are pregnant. After your first visit, you may see your doctor every 4 weeks. Then, after 7 months, you may see your doctor every 2 or 3 weeks. When it gets close to when your baby is due, you may see your doctor every week.

Do what your doctor says to take good care of you and your baby. Remember to take the vitamins that your doctor tells you to. Don’t smoke or drink alcohol while you are pregnant.

Important: Tell TennCare Connect you are pregnant or have been pregnant in the last 12 months. Here is how you can tell us about a change:

• Call TennCare Connect at 855-259-0701
• Use your online account for TennCare Connect at http://tenncareconnect.tn.gov
• Go to a local Health Department and ask for assistance in telling TennCare about a pregnancy

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.

Table of contents
If your doctor prescribes medicine for you while you are pregnant, you do not have to pay a copay for it at the drug store. But, you have to tell the pharmacist that you are pregnant so they will not charge you a copay.

After your baby is born

You and your baby both need follow-up care! Care for mom after childbirth is called postpartum care. Be sure you schedule follow up appointments with your doctor so your doctor can make sure you are OK after giving birth. You should see your doctor twice in the three months after you have your baby. The first visit is recommended within the first 3 weeks and the second visit should be between the fourth week and 12 weeks after childbirth. If you have complications or problems, your doctor may want to check on you more. Both your physical health and mental health are important. Talk to your doctor if you’re feeling sad, crying a lot and you don’t know why, or everything feels overwhelming and hopeless.

Some women may need to see their regular doctor (PCP), or a specialist, in the weeks and months after delivery to care for things like high blood sugar or high blood pressure.

Your baby needs a check-up with a doctor (PCP) a few weeks after birth. TennCare will cover your baby when he or she is born. Don’t forget to let us know your baby was born. Care after your baby is born is called postnatal care. Postnatal care includes circumcisions done by a doctor and special screenings for newborns.

You must find a PCP for your baby and it’s best to choose a PCP for your baby before he or she is born. The baby’s doctor must be in our provider directory for TennCare to pay for health care services.

Call the doctor ahead of time to make the appointment for your baby’s checkup.

Wellbaby checkups are part of TennCare Kids. Read more about TennCare Kids on the next pages.

Important: Tell TennCare Connect about your baby as soon as possible so you can make sure he or she gets on TennCare. Here’s how to make sure your baby gets on TennCare:

- After your baby is born, the hospital will give you papers to get a Social Security number for your baby. Fill out those papers and mail them to the Social Security office.
- Tell TennCare Connect about your baby as soon as you can. Call them at 855-259-0701. Tell them that you have filled out papers for the baby’s Social Security number.
- When you get your baby’s Social Security card in the mail, call TennCare Connect again. Give them your baby’s Social Security number. If you don’t tell them your baby’s Social Security number, your baby may lose TennCare.

It is important to do these things before your baby is one month old, if possible.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 2: Services that TennCare pays for

Preventive care for children
(TennCare Kids – health care for your child and teen)

Check In, Check Up, and Check Back!
TennCare Kids is the name for TennCare’s program to keep children healthy. The federal name for the program is EPSDT, but in Tennessee, it’s TennCare Kids. Your child and teen need regular health checkups, even if they seem healthy. These visits help your doctor find and treat problems early.

In TennCare Kids, checkups for children are free until they reach age 21. TennCare Kids also pays for all medically necessary care and medicine to treat problems found at the checkup. This includes medical, dental, speech, hearing, vision, and behavioral (mental health or substance use disorder problems).

If your child hasn’t had a checkup lately, call your child’s PCP today for an appointment. Ask for a TennCare Kids checkup. You can go to your child’s PCP to get TennCare Kids checkups.

And, if someone else, like your child’s teacher, is worried about your child’s health, you can get a TennCare Kids checkup for your child.

TennCare Kids checkups may include:
- Health history
- Complete physical exam
- Laboratory tests (as needed)
- Immunizations (shots)
- Vision/hearing screening
- Developmental/behavioral screening (as needed)
- Advice on how to keep your child healthy

If your child’s PCP (pediatrician) finds anything wrong, TennCare Kids also gives your child the medical, dental, speech, hearing, vision, and behavioral (mental health or substance use disorder) treatment that he or she needs.
Part 2: Services that TennCare pays for

Children should go to the doctor for checkups even if they aren’t sick. They should have TennCare Kids checkups when they are:

- At birth  
- 3–5 days old  
- 1 month  
- 2 months  
- 4 months  
- 6 months  
- 9 months  
- 12 months  
- 15 months  
- 18 months  
- 24 months  
- 30 months  
- And then every year until age 21

The vaccination shots that children need to get, to keep from getting sick, are for:

- Diphtheria  
- Tetanus  
- Pertussis  
- Polio  
- Measles  
- Mumps  
- Rubella (MMR)  
- HIB  
- Flu (influenza)  
- Hepatitis A and B  
- Chicken pox (varicella)  
- Pneumococcal  
- Rotavirus  
- Human papillomavirus (HPV)  
- Meningitis

Look at the schedule of shots listed in Part 9 of this handbook. It’s called TennCare Kids: TennCare’s Early and Periodic Screening, Diagnosis, and Treatment (EPSDT). It will help you know when your child should get his or her shots. Or, you can ask your child’s PCP when your child should get his or her shots.

More about TennCare Kids can be found in Part 9 of this handbook.
Dental care for children (for teeth)

You also have a dental plan for your teeth called DentaQuest. Their phone number is 1-855-418-1622. You can call DentaQuest to find a dentist. Or, if you have questions about caring for your child’s teeth, you can call them. It’s a free call.

Children’s teeth need special care. Children under age 21 should have a checkup and cleaning every six months. Children need to start seeing a dentist the time the first tooth comes in the mouth, or no later than the first birthday.

TennCare will pay for some other dental care if it is medically necessary. Braces are covered only if they are medically necessary and only for children.

You do not need to see your PCP before you go to a dentist. But, you will need to go to a DentaQuest dentist.

Additional benefits

Chiropractic services

For members age 21 and older, Chiropractic Services are covered if it is determined to be a cost-effective alternative. For members younger than age 21, it is covered as medically necessary in accordance with TennCare Kids requirements.

Diabetic services

Diabetic Services are covered for members as medically necessary. This includes diabetic equipment, supplies, and education, including medical nutrition counseling.

New technology

Requests to cover new medical services are reviewed by the UnitedHealthcare Community Plan Technology Assessment Committee. This group includes doctors and other health care experts. The team uses national guidelines and scientific evidence from medical studies to help decide whether UnitedHealthcare Community Plan should include new services as a covered benefit.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 2: Services that TennCare pays for

Organ and tissue transplants and donor organ procurement
For members age 21 and older, all medically necessary and non-investigational or experimental organ and tissue transplants, as covered by Medicare. For members younger than age 21, it is covered as medically necessary in accordance with TennCare Kids requirements.

Phenylketonuria (PKU)
Treatment of Phenylketonuria is covered for members. This includes medical care by a licensed professional and special dietary formulas.

Substance abuse benefits (inpatient/ residential and outpatient)
Covered for members as medically necessary.

Therapy services:

Occupational therapy
For members age 21 and older, Occupational Therapy is covered as medically necessary when provided by a licensed occupational therapist to restore, improve, or stabilize impaired function.

For members younger than age 21, it is covered as medically necessary in accordance with TennCare Kids requirements.

Physical therapy
For members age 21 and older, Physical Therapy is covered as medically necessary when provided by a licensed physical therapist to restore, improve, or stabilize impaired function.

For members younger than age 21, it is covered as medically necessary in accordance with TennCare Kids requirements.

Speech therapy
For members age 21 and older, Speech Therapy is covered as medically necessary when provided by a licensed speech therapist to restore speech after it is lost or impaired. The loss or impairment must not be caused by a mental, psychoneurotic, or personality disorder.

For members younger than age 21, it is covered as medically necessary in accordance with TennCare Kids requirements.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 2: Services that TennCare pays for

Vision care for children (for eyes)

Children’s eyes also need special care. Children under 21 years old can have their eyes checked and get eyeglass lenses and frames as medically necessary. If the eyeglass lenses or frames are broken or lost, we will replace them as medically necessary. Your UnitedHealthcare Community Plan eye doctor will show you which frames you can choose from.

TennCare will pay for other vision care if it is medically necessary. Contacts are covered only if they are medically necessary.

Children do not have to see their PCP before seeing their UnitedHealthcare Community Plan eye doctor. But, the eye doctor must still be in our Provider Directory.

Non-covered services

Here is a general list of some services that are not covered for anyone by TennCare. You can find a full list of services that TennCare will not pay for, online in the TennCare rules at: https://publications.tnsosfiles.com/rules/1200/1200-13/1200-13-13.20161229.pdf.

Or, you can call us at 1-800-690-1606 for a full list.

Some non-covered services are:

Services that are not medically necessary. But preventive care (care you need to stay well) is covered.

a. Services that are experimental or investigative.

b. Surgery for your appearance. But if you had a mastectomy because of a diseased breast, reconstructive breast surgery is covered.

c. Reversal of sterilization.

d. Artificial insemination, in-vitro fertilization or any other treatment to create a pregnancy.

e. Treatment of impotence.

f. Any medical or behavioral health (mental health, alcohol or substance use disorder) treatment outside of the United States.

g. Autopsy or necropsy.

h. Physical exams that a new job says you need.

i. Any medical or behavioral health (mental health, alcohol or drug abuse) treatment if you are in a local, state, or federal jail or prison.
Part 2: Services that TennCare pays for

j. Services that are covered by workers compensation insurance.
k. Services that you got before you had TennCare or after your TennCare ends.
l. Personal hygiene, luxury, or convenience items.
m. Convalescent Care and Sitter Services.
n. Services mainly for convalescent care or rest cures.
o. Foot care for comfort or appearance, like flat feet, corns, calluses, toenails.
p. Sex reassignment surgery and any treatment connected to it.
q. Radial keratotomy or other surgery to correct a refractive error of the eye.
r. Services given to you by someone in your family or any person that lives in your household except as permitted through consumer direction in CHOICES and Employment Community First CHOICES.
s. Medicines for:
   • Hair growth
   • Cosmetic purposes
   • Controlling your appetite
   • Treatment of impotence
   • Treatment of infertility

Medicines that the FDA (Food and Drug Administration) says are:
   • DESI — This means that research says they are not effective
   • LTE — This means that research says they are less effective
   • IRS — This means that the medicines are identical, related, or similar to LTE medicines

Some services are covered for children under age 21 but not for adults

Services that are not covered for adults include:
1. Over-the-counter (OTC) medicine (except medicine on the “covered adults” OTC list).
2. Allergy medicines you get from the pharmacy even if you have a prescription.
3. Medicine to treat acne and rosacea.
4. Eyeglasses, contact lenses or eye exams for adults age 21 and older. But if you had cataract surgery, your first pair of cataract glasses or contact lens/lenses is covered.
5. Hearing aids or exams for your hearing for adults age 21 and older.
Part 3:
TennCare Long Term Services and Supports (LTSS) programs

CHOICES

What is CHOICES?
TennCare CHOICES in Long-Term Services and Supports (or CHOICES for short) is for adults (age 21 and older) with a physical disability and seniors (age 65 and older). CHOICES offers services to help a person live in their own home or in the community. These services are called Home and Community Based Services or HCBS. These services can be provided in the home, on the job, or in the community to assist with daily living activities and allow people to work and be actively involved in their local community. CHOICES also provides care in a nursing home if it is needed.

How do I apply for CHOICES?
If you think you need long-term services and supports, call us at **1-800-690-1606**. We may use a short screening that will be done over the phone to help decide if you may qualify for CHOICES. If the screening shows that you don’t appear to qualify for CHOICES, you’ll get a letter that says how you can finish applying for CHOICES.

If the screening shows that you might qualify for CHOICES, or if we don’t conduct a screening over the phone, we will send a Care Coordinator to your home to do an assessment.

The purpose of the in-home assessment is to help you apply for CHOICES. It’s also to find out:

- The kinds of help you need,
- The kinds of care being provided by family members and other caregivers to help meet your needs,
- And the gaps in care for which paid long-term services and supports may be needed.

Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606**, TTY 711.
If you want to receive care at home or in the community (instead of going to a nursing home), the assessment will help decide if your needs can be safely met in the home or community setting. For CHOICES Group 2 (you can read about all of the CHOICES Groups below), it will help decide if the cost of your care would exceed the cost of nursing home care.

This *doesn’t* mean that you will receive services up to the cost of nursing home care. CHOICES won’t pay for more services than you must have to safely meet your needs at home. And, CHOICES only pays for services to meet long-term services and supports needs that can’t be met in other ways.

CHOICES services provided to you in your home or in the community will not take the place of care you get from family and friends or services you already receive.

If you’re getting help from community programs, receive services paid for by Medicare or other insurance, or have a family member that takes care of you, these services will not be replaced by paid care through CHOICES. Instead, the home care you receive through CHOICES will work together with the assistance you already receive to help you stay in your home and community longer. Care in CHOICES will be provided as cost-effectively as possible so that more people who need care will be able to get help.

However, if you have been getting services through the State-funded Options program, you won’t qualify to get those services anymore. They are for people who don’t get Medicaid. And if you’ve been getting services from programs funded by the Older Americans Act (like Meals on Wheels, homemaker, or the National Caregiver Family Support Programs) that you can now get through CHOICES, you’ll get the care you need through CHOICES.

If you want home care, the Care Coordinator will also assess risk. This will help to identify any additional risks you may face as a result of choosing to receive care at home. It will also help to identify ways to help reduce those risks and to help keep you safe and healthy.

To see if you qualify to enroll in CHOICES, call us at 1-800-690-1606.

Does someone you know that isn’t on TennCare want to apply for CHOICES? They should contact their local Area Agency on Aging and Disability (AAAD) for free at 866-836-6678. Their local AAAD will help them find out if they qualify for TennCare and CHOICES.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Who can qualify to enroll in CHOICES?

There are (3) groups of people who can qualify to enroll in CHOICES.

CHOICES Group 1 is for people of all ages who receive nursing home care.
To be in CHOICES Group 1, you must:

- Need the level of care provided in a nursing home,
- **And** qualify for Medicaid long-term services and supports,
- **And** receive nursing home services that TennCare pays for.

TennCare Long-Term Services and Supports will decide if you need the level of care provided in a nursing home. TennCare Member Services will decide if you qualify for Medicaid long-term services and supports. We’ll help you fill out the papers TennCare needs to decide. What if TennCare says yes? If you’re receiving nursing home services that TennCare will pay for, TennCare will enroll you into CHOICES Group 1. If TennCare says you don’t qualify, you’ll get a letter that says why. It will say how to appeal if you think it’s a mistake.

CHOICES Group 2 is for certain people who **qualify for nursing home care** but choose to **receive home care instead**. To be in CHOICES Group 2, you must:

- Need the level of care provided in a nursing home;
- **And** qualify for Medicaid long-term services and supports because you receive SSI payments OR because you will need and **will receive** home care services instead of nursing home care;
- **And** be an adult 65 years of age or older;
- **Or** be an adult 21 years of age or older with a physical disability.

If you need home care services but don’t qualify in one of these groups, you can’t be in CHOICES Group 2, but you may qualify for other kinds of long term services and supports.

TennCare Long-Term Services and Supports will decide if you need the level of care provided in a nursing home. TennCare Member Services will decide if you qualify for Medicaid long-term services and supports for one of the reasons listed above. We’ll help you fill out the papers they need to decide. If TennCare says yes, to enroll in CHOICES Group 2 and begin receiving home care services:

- We must be able to safely meet your needs at home
- **And**, the cost of your home care can’t be more than the cost of nursing home care. The cost of your home care includes any home health or private duty nursing care you may need.

70 **Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
If we can’t safely meet your needs at home, or if your care would cost more than nursing home care, you can’t be in CHOICES Group 2. But you may qualify for other kinds of long-term services and supports.

If TennCare says you don’t qualify, you’ll get a letter that says why. It will say how to appeal if you think it’s a mistake.

**CHOICES Group 3** is for certain people who **don’t qualify for nursing home care** but **need home care** to help them stay at home safely.

To be in CHOICES Group 3, you must:

- Be “at risk” of going into a nursing home unless you receive home care;
- **And** qualify for Medicaid long-term services and supports because you receive SSI payments OR because you will receive home care services instead of nursing home care³;
- **And** be an adult 65 years of age or older;
- **Or** be an adult 21 years of age or older with a physical disability.

TennCare Long-Term Services and Supports will decide if you are “at risk” of going into a nursing home. TennCare Member Services will decide if you qualify for Medicaid long-term services and supports for one of the reasons listed above. We’ll help you fill out the papers they need to decide.

If TennCare says yes, to enroll in CHOICES Group 3 and begin receiving home care services:

- We must be able to safely meet your needs at home with the care you’d get in CHOICES Group 3

If we can’t safely meet your needs with the care that you’d get in CHOICES Group 3, you can’t be in CHOICES Group 3. But, TennCare may decide that you qualify for other kinds of long-term services and supports, including nursing home care.

---

³ Effective October 1, 2022, 1,750 slots will be funded for people who do not receive SSI payments but meet the Group 3 medical eligibility rules AND qualify for Medicaid long-term services and supports because they will need and receive home care services.
Limits on enrollment into CHOICES Group 2 and 3

Not everyone who qualifies to enroll in CHOICES Group 2 or Group 3 may be able to enroll. There is an enrollment target for CHOICES Group 2 and Group 3. It’s like a limit on the number of people who can be in the group at one time. (The number of people who can enroll is sometimes called “slots.”) This helps to ensure that the program doesn’t grow faster than the State’s money to pay for home care. It also helps to ensure that there are enough home care providers to deliver needed services.

The enrollment target for the number of slots that can be filled in CHOICES Group 2 and Group 3 will be set by the state in TennCare Rules.

For CHOICES Group 2 it doesn’t apply to people moving out of a nursing home. And, it may not apply to some people who are on TennCare that would have to go into a nursing home right away if less costly home care isn’t available. We must decide if you would go into a nursing home right away and provide proof to TennCare. And, we must show TennCare that there are home care providers ready to start giving you care at home.

Some slots will be held back (or reserved) for emergencies. This includes things like when a person is leaving the hospital and will be admitted to a nursing home if home care isn’t available. Reserved slots won’t be used until all the other slots have been filled. The number of reserved slots and the guidelines to qualify in one of those slots is in TennCare Rules. If the only slots left are reserved, you’ll have to meet the guidelines for reserved slots to enroll in CHOICES Group 2 or Group 3.

If you don’t meet the guidelines for reserved slots or there are no slots available and you qualify to enroll in CHOICES Group 2 or Group 3, your name will be placed on a waiting list. Or, if you meet the guidelines for CHOICES Group 2, you can choose to enroll in CHOICES Group 1 and receive nursing home care. There is no limit on the number of people that can be enrolled in Group 1 and go into a nursing home. (But, you don’t have to receive nursing home care unless you want to. You can wait for home care instead.)

People enrolled in CHOICES Group 2 above the enrollment target must get the first slots that open up. (These are people who have moved out of nursing homes or people already on TennCare and would have gone into a nursing home right away if less costly home care wasn’t available.)

When everyone in CHOICES Group 2 is under the enrollment target and there are still slots available, TennCare can enroll from the waiting list based on need.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Receiving services in the CHOICES program

The covered long-term services and supports you can receive in CHOICES depend on the CHOICES Group you’re enrolled in. If you enroll in CHOICES, TennCare will tell you which CHOICES Group you’re in. There are three (3) CHOICES Groups.

People in CHOICES Group 1 receive nursing home care.

People in CHOICES Group 2 need the level of care provided in a nursing home but receive home care (or HCBS) instead of nursing home care. Everyone in CHOICES Group 2 has an individual cost neutrality cap which is usually related to the average cost of nursing home care. This amount is updated every year.

People in CHOICES Group 3 receive home care (or HCBS) to prevent or delay the need for nursing home care. There is an $18,000 per year limit on services in CHOICES Group 3.

The kinds of home care covered in CHOICES Group 2 and Group 3 are in Part 9 of this handbook. Some of these services have limits. This means that TennCare will pay for only a certain amount of these services. The kind and amount of care you get in CHOICES depends on your needs.

- **Personal care visits** (up to 2 visits per day, lasting no more than 4 hours per visit; there must be at least 4 hours between each visit.) — Someone will help you with personal care needs and support in the home, on the job, or in the community. Do you need this kind of personal care? If you do, the worker giving your personal care visits can also help with household chores like fixing meals, cleaning, or laundry. And they can run errands like grocery shopping or picking up your medicine.
  - They can only help with those things for you, not for other family members who aren’t in CHOICES. And they can only do those things if there’s no one else that can do them for you.

- **Attendant care** (up to 1,080 hours per calendar year) — The same kinds of help you’d get with personal care visits, but for longer periods of time (more than 4 hours per visit or visits less than 4 hours apart). You can only get attendant care when your needs can’t be met with shorter personal care visits.
  - Do you need help with personal care and also need help with household chores or errands? If so, your attendant care limit increases to up to 1,400 hours per calendar year. This higher limit is only for people who also need help with household chores or errands. How much attendant care you get depends on your needs.

- **Home-delivered meals** (up to 1 meal per day).

- **Personal Emergency Response System** — A call button so you can get help in an emergency when your caregiver is not around.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

- **Adult day care** (up to 2,080 hours per calendar year) — A place that provides supervised care and activities during the day.
- **In-home respite care** (up to 216 hours per calendar year) — Someone to come and stay with you in your home for a short time so your caregiver can get some rest.
- **In-patient respite care** (up to 9 days per calendar year) — A short stay in a nursing home or assisted care living facility so your caregiver can get some rest.
- **Assistive technology** (up to $900 per calendar year) — Certain low-cost items or devices that help you do things easier or safer in your home like grabbers to reach things.
- **Minor home modifications** (up to $6,000 per project; $10,000 per calendar year; and $20,000 per lifetime) — Certain changes to your home that will help you get around easier and safer in your home like grab bars or a wheelchair ramp.
- **Pest control** (up to 9 units per calendar year) — Spraying your home for bugs or mice.
- **Assisted Care Living Facility** — A place you live that helps with personal care needs, homemaker services and taking your medicine. You must pay for your room and board.
- **Critical Adult Care Home** — A home where you and no more than 4 other people live with a health care professional who takes care of special health and long-term care needs. (Under state law, available only for people who are ventilator dependent or who have traumatic brain injury. You must pay for your room and board.) Critical Adult Care Homes are available for Group 2 members ONLY.
- **Companion Care** — Someone you hire who lives with you in your home to help with personal care or light housekeeping whenever you need it. (Available only for people in Consumer Direction who are in Group 2 and who need care off and on during the day and night that can’t be provided by unpaid caregivers. And only when it costs no more than other kinds of home care that would meet your needs.)
- **Community Living Supports (CLS)** — A shared home or apartment where you and no more than 3 other people live. The level of support provided depends on your needs and can include hands-on assistance, supervision, transportation and other supports needed to remain in the community.
- **Community Living Supports — Family Model (CLS-FM)** — A shared home or apartment where you and no more than 3 other people live with a trained host family. The level of support provided depends on your needs and can include hands-on assistance, supervision, transportation and other supports needed to remain in the community.
- **Enabling technology** is a new service (up to $5,000 per calendar year and is available through March 31, 2025) — Enabling technology is the use of various forms of devices and technology to support independent living such as sensors, mobile applications, remote support systems and other smart devices. Enabling Technology can support a person in navigating their jobs and communities, gain more control of their environment, and provide remote support and reminders to assist a person in independent living.

Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606**, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

- **Nursing Facility Care** — Covered as medically necessary for CHOICES members in Group 1. For Member in CHOICES Group 2 and Group 3 covered as medically necessary on a short-term basis only (up to 90 days).

  A person enrolled in ECF CHOICES Groups 4, 5, and 6 may receive short-term nursing facility care without being required to dis-enroll from their ECF CHOICES group until such time that it is determined that transition back to Home and Community Based Services (HCBS) in ECF CHOICES will not occur within 90 days from admission.

**Prior authorization of Long-Term Services and Supports**

Sometimes you may have to get an **OK** from us for your physical or behavioral health (mental health or substance use disorder) services before you receive them even if a doctor says you need the services. This is called prior authorization. Services that must have a prior authorization before you receive them will only be paid for if we say **OK before** the services are provided.

All long-term services and supports must be approved before we will pay for them. All **home care services** must be approved in your support plan **before you receive them**. Nursing home care may sometimes start before you get an **OK**, but you still need an **OK** before we will pay for it. We will not pay for any long-term services and supports unless you have an **OK**.

**Using Long-Term Services and Supports providers who work with UnitedHealthcare Community Plan**

Just like physical and behavioral health services, you must use providers who work with us for most long-term services and supports. You can find the Provider Directory online at [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan). Or call us at **1-800-690-1606** to get a list. Providers may have signed up or dropped out after the list was printed. But, the online Provider Directory is updated every week. You can also call us at **1-800-690-1606** to find out if a provider is in our network.

In most cases, you must receive services from a long-term services and supports provider on this list so that TennCare will pay for your long-term services and supports. However, there are times when TennCare will pay for you to get care from a long-term services and supports provider who does not usually work with us. But, we must first say that it is OK to use a long-term services and supports provider who does not usually work with UnitedHealthcare Community Plan.

**Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606**, TTY **711**.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Consumer Direction

Consumer Direction is a way of getting some of the kinds of home care you need. It offers more choice and control over who gives your home care and how your care is given. In CHOICES, the services available through Consumer Direction are:

- Personal care visits;
- Attendant care;
- In-home respite; and
- Companion care (Only if you qualify for and are enrolled in CHOICES Group 2)

In Consumer Direction, you actually employ the people who give some of your home care services — they work for you (instead of a provider). You must be able to do the things that an employer would do. These include things like:

1. **Hiring and training your workers**
   - Find, interview and hire workers to provide care for you
   - Define workers’ job duties
   - Develop a job description for your workers
   - Train workers to deliver your care based on your needs and preferences

2. **Setting and managing your workers’ schedule**
   - Set the schedule at which your workers will give your care
   - Make sure your workers clock in and out using an EVV system every time they work
   - Make sure your workers provide only as much care as you are approved to receive
   - Make sure that no hourly worker gives you more than 40 hours of care in a week

3. **Supervising your workers**
   - Supervise your workers
   - Evaluate your workers’ job performance
   - Address problems or concerns with your workers’ performance
   - Fire a worker when needed

4. **Overseeing workers’ pay and service notes**
   - Decide how much your workers will be paid (within limits set by the State)
   - Review the time your workers report to be sure it’s right
   - Ensure there are good notes kept in your home about the care your workers provide

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

5. **Having and using a back-up plan when needed**
   - Develop a back-up plan to address times that a scheduled worker doesn’t show up (you can’t decide to just go without services)
   - Activate the back-up plan when needed

**What if you can’t do some or all of these things?**

Then you can choose a family member, friend, or someone close to you to do these things for you. It’s called a “Representative for Consumer Direction.” It’s important that you pick someone who knows you very well that you can depend on. To be your Representative for Consumer Direction, the person must:

- Be at least 18 years of age
- Know you very well
- Understand the kinds of care you need and how you want care to be given
- Know your schedule and routine
- Know your health care needs and the medicine you take
- Be willing and able to do all of the things that are required to be in Consumer Direction
- Live with you in your home or be present in your home often enough to supervise staff. This usually means at least part of every worker’s shift. But, it may be less as long as it’s enough to be sure you’re getting the quality of care you need.
- Be willing to sign a Representative Agreement, saying they agree to do these things

**Your Representative cannot get paid for doing these things**

You or your Representative will have help doing some of the things you must do as an employer. The help will be provided by a Fiscal Employer Agent (also called FEA). There are 2 kinds of help you will receive:

1. The FEA will help you and your workers fill out all of the paperwork that you must complete. They will pay your workers for the care they give. And, they will fill out and file the payroll tax forms that you must fill out as an employer.

2. The FEA will hire or contract with a Supports Broker for you. A Supports Broker is a person who will help you with the other kinds of things you must do as an employer. These are things like:
   - Writing job descriptions;
   - Helping you and your workers with paperwork and training;
   - Scheduling workers based on your support plan; and
   - Developing an initial back-up plan to address times when a scheduled worker doesn’t show up.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

But, your Supports Broker can’t help you supervise your workers. You or your Representative must be able to do that by yourself.

The kind and amount of care you’ll get depends on what you need. Those services are listed in your support plan. You won’t be able to get more services by choosing to be in Consumer Direction. You can only get the services you need that are listed in your support plan.

You can choose to get some of these services through Consumer Direction and get some home care from providers that work with your TennCare health plan. But, you must use providers that work with UnitedHealthcare Community Plan for care that you can’t get through Consumer Direction.

Can you pay a family member or friend to provide care in Consumer Direction?

Yes, you can pay a family member, but you cannot:

- Pay your spouse to provide care
- Pay someone who lives with you to provide Attendant Care, Personal Care, or In-home Respite services
- Pay an immediate family member to provide Companion Care. An immediate family member is a spouse, parent, grandparent, child, grandchild, sibling, mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, and son-in-law. Adopted and step members are included in this definition.
- Pay someone who lives with you now or in the last 5 years to provide Companion Care

And, CHOICES can’t pay family members or others to provide care they would have given for free. CHOICES only pays for care to meet needs that can’t be met by family members or others who help you. The services you need are listed in your support plan.

If you’re in CHOICES and need services that can be consumer directed your Care Coordinator will talk with you about Consumer Direction. If you want to be in Consumer Direction, your Care Coordinator will work with you to decide which of the services you will direct and start the process to enroll you in Consumer Direction. Until Consumer Direction is set up, you will get the services that are in your support plan from a provider who works with UnitedHealthcare Community Plan, unless you choose to wait for your Consumer Directed workers to start. If you choose to wait for your Consumer Directed workers to start, you must have supports in place to give you the care you need.

You can decide to be in Consumer Direction at any time. If you are directing one or more services and decide not to be in Consumer Direction anymore, you will not stop getting long-term services and supports. You will still be in CHOICES. You’ll get the services you need from a provider who works with UnitedHealthcare Community Plan instead.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Self-direction of health care tasks

If you’re in Consumer Direction, you may also choose to have consumer directed workers perform certain kinds of health care tasks for you. Health care tasks are routine things like taking prescribed drugs that most people do for themselves every day. Usually, if you can’t perform health care tasks yourself and don’t have a family member to do them for you, they must be performed by a licensed nurse.

But, in Consumer Direction, if your doctor says it’s OK, you can have your consumer directed workers do certain kinds of health care tasks for you. You (or your Representative) must be able to train your workers on how to do each health care task and must supervise them in performing the task.

Please talk with your Care Coordinator if you have any questions about self-direction of health care tasks.

Electronic Visit Verification

Federal law says that any person that gives certain types of care paid for by Medicaid MUST use an electronic system to log the care they provide. This is called EVV (which stands for Electronic Visit Verification). Some of the services in CHOICES must use EVV. The EVV system collects and records information every time your worker comes to give your care. The law says that an **EVV system MUST be used to record ALL of these things:**

- Your name (the name of the person who received care)
- The service you received
- Your worker (the name of the person who provided your care)
- The date you got the care
- Where the care was provided
- The time it started
- The time it ended

ALL of this information must be recorded electronically at the time of EACH service you receive. If it isn’t, UnitedHealthcare Community Plan may not be able to pay for the care you receive.

UnitedHealthcare Community Plan can give you a tablet for your workers to use. If we do, it’s important to keep your tablet charged and ready for your workers. You shouldn’t use it for other reasons.

If you don’t want a tablet, your workers can use a smart phone or a phone in your home. But, **to comply with the federal law, they MUST check in and check out EVERY time they come to your home.** Please remind your workers to use the EVV system when they come to your home every day. If they don’t, TennCare may not be able to pay for your care.

**Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606,** TTY **711.**
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Care coordination and role of the Care Coordinator

In CHOICES, we are responsible for managing all of your physical health, behavioral health (mental health or substance use disorder) and long-term services and supports needs, and the services that you receive to address these needs. This is called care coordination.

These functions are carried out by a Care Coordinator. We will assign you a Care Coordinator when you enroll in CHOICES. Your Care Coordinator will play a very important role. Your Care Coordinator is your primary contact person and is the first person that you should go to if you have any questions about your services.

**Not sure who your Care Coordinator is or how to contact them?**
You can call us at 1-800-690-1606.

**Your Care Coordinator will:**
- Provide information about CHOICES and answer your questions
- Help you get the right kind of long-term services and supports in the right setting for you to address your needs
- Coordinate all of your physical health, behavioral health (mental health or substance use disorder) and long-term services and supports needs
- Help to fix problems and answer questions that you have about your care
- Check at least once a year to make sure that you continue to need the level of care provided in a nursing home or, for Group 3, continue to be “at risk” of going into a nursing home
- Communicate with your providers to make sure they know what’s happening with your health care and to coordinate your service delivery

Other tasks performed by the Care Coordinator will vary slightly depending on the CHOICES Group you’re enrolled in.

**If you receive nursing home care in CHOICES Group 1, your Care Coordinator will:**
- Be part of the care planning process with the nursing home where you live
- Perform any additional needs assessment that may be helpful in managing your health and long-term services and supports needs
- Supplement (or add to) the nursing home’s plan of care if there are things UnitedHealthcare Community Plan can do to help manage health problems or coordinate other kinds of physical and behavioral health (mental health or substance use disorder) care you need
- Conduct face-to-face visits at least every 6 months

80  **Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

- Coordinate with the nursing home when you need services the nursing home isn’t responsible for providing
- Determine if you’re interested and able to move from the nursing home to the community and if so, help make sure this happens timely

If you receive home care in CHOICES Group 2 or Group 3, your Care Coordinator will work with you to:

- Do a comprehensive, individual assessment of your health and long-term services and supports needs; and
- Develop a Person-Centered Support Plan.

Your Care Coordinator will also:

- Make sure your plan of care is carried out and working the way that it needs to
- Monitor to make sure you are getting what you need and that gaps in care are addressed right away
- Contact you by telephone at least once every month and visit you in person at least once every 3 months if you are in Group 2 or contact you by telephone at least once every 3 months and visit you in person at least once every 6 months if you are in Group 3. These visits may occur more often if you get residential services or based on your needs.
- Make sure the home care services you receive are based on your goals, needs and preferences and do not cost more than nursing home care, if you are in Group 2, or more than $18,000 if you are in Group 3

Changing Care Coordinators

If you’re unhappy with your Care Coordinator and would like a different one, you can ask us. You can have a new Care Coordinator if one is available. That doesn’t mean you can pick whoever you want to be your Care Coordinator. We must be able to meet the needs of all CHOICES members and assign staff in a way that allows us to do that. To ask for a different Care Coordinator, call us at 1-800-690-1606. Tell us why you want to change Care Coordinators. If we can’t give you a new Care Coordinator, we’ll tell you why. And, we’ll help to address any problems or concerns you have with your Care Coordinator.

There may be times when we will have to change your Care Coordinator. This may happen if your Care Coordinator is no longer with UnitedHealthcare Community Plan, is temporarily not working, or has too many members to give them the attention they need. If this happens, we will send you a letter that says who your new Care Coordinator will be and how to contact them.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

If you’re in CHOICES, you can contact your Care Coordinator anytime you have a question or concern about your health care — you do not need to wait until a home visit or a phone call. You should contact your Care Coordinator anytime you have a change in your health condition or other things that may affect the kind or amount of care you need. If you need help after regular business hours that won’t wait until the next day, you can call us at 1-800-690-1606.

Your Person-Centered Support Plan

In CHOICES, you must have a Person-Centered Support Plan (PCSP or “support plan” for short). This is your plan that helps guide the services and supports you will receive. Your support plan tells the people who will support you:

- **What is important to you** — The things that really matter to you,
- **What is important for you** — The supports you need to stay healthy and safe, and achieve your goals, and
- **How to support you** to have those things in your life.

Your support plan must include:

- Your strengths and needs
- The goals you want to reach
- The services and supports (paid and unpaid) you will receive to help you meet your goals
- How often you will receive those service and supports
- Who will providethem, and
- The settings (or places) they will be provided.

Your Care Coordinator helps develop your support plan. They will help you to:

- Identify the services and supports you need,
- Explore employment options and ways to be part of your community and build relationships,
- Decide what services and supports you will need to meet your needs and reach your goals,
- Develop and access other services and unpaid supports to help too,
- Understand all of the services, providers and settings you can choose from,
- Choose the services you will receive, your provider for each service, and settings (places) where you will receive those services,
- Write your support plan based on your choices, preferences, and support needs, and
- Make sure you get the services in your support plan.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Your support plan and how it’s developed is very important. CHOICES can only pay for covered services that are part of an approved support plan.

Your support plan should be developed in a way that makes sure:
- You get to lead the planning process
- You receive the help you need to lead the planning process
- You get to make choices and to have the information you need to make those choices
- You have help from family, friends, advocates or anyone else you choose
- You get to speak for yourself
- You can have someone to speak for you and choose that person
- You have and use an interpreter if the language you speak or understand is not English

Your support plan should also be developed in a way that makes sure:
- You get to talk with your Care Coordinator before the planning meeting if you want to
- You get to pick who to invite to the meeting (and decide if you don’t want someone there)
- The planning meeting is set at times and places that work best for you
- You get to help choose service providers before services begin, and at any time during the year if you want to change providers. UnitedHealthcare Community Plan will try to give you the providers you want. (The provider must be contracted with your MCO and willing and able to provide your services.)
- You can choose to direct (or stop directing) some or all of the services that are part of Consumer Direction at any time
- You sign your support plan
- And, everyone who will provide services and supports (paid and unpaid) signs your support plan saying they are committed to implement your plan as written

What if your needs change and you need more support?
Your support plan is usually in effect for a year. But you can ask to change your support plan anytime during the year if your needs change or your situation changes.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Requesting a TennCare review

If you’re in CHOICES Group 2 or Group 3, you can ask TennCare to review your needs assessment or support plan if you have concerns and think you’re not getting the services you need. TennCare will review the assessment or plan of care and the information gathered by your Care Coordinator. If TennCare thinks you’re right, they’ll work with us to fix the problem. If TennCare thinks you are getting the services you need, they’ll send you a letter that says why.

To request an objective review of your needs assessment and support plan, you must submit a written request.

### Requesting a TennCare review

| **Mail:** | TennCare Division of Long Term Services and Supports  
c/o CHOICES Review  
310 Great Circle Road  
Nashville, TN 37243 |
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Keep a copy</strong> of your request. Write down the date that you sent it to TennCare.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>

<th>615-532-9140</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Keep the page</strong> that shows your fax went through.</td>
<td></td>
</tr>
</tbody>
</table>

You also have the right to file an appeal

Here are some of your appeal rights:

- You can appeal if you think an assessment doesn’t really match your needs and you think you should get more and/or different services
- You can appeal if you don’t agree with the services in your support plan
- You can appeal if a covered service that you want and need isn’t in your support plan
- You can appeal if your request to have your support plan changed is denied, or your support plan is not changed enough to meet your needs
- And, you can appeal if a service is in your approved support plan, but you don’t receive it, or there is a delay in getting it

Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
If you file an appeal, it doesn’t mean that you will get the services you want. But, TennCare will take another look at what you’re asking for. If TennCare agrees that the service is covered and that you need it, you will get the service.

What if TennCare decides the service isn’t covered or that you don’t need it? You may get a fair hearing. To get a fair hearing, the service(s) you want must be covered in the CHOICES benefit group you’re in. That includes any limits on the service(s) and on the total cost of services you can receive — your yearly cost cap.

TennCare can only pay for services that are covered in the CHOICES benefit group you’re in. If a service isn’t covered, or if you want more of a service than is covered, TennCare can’t pay for it.

If you file an appeal to keep a service you’ve been getting, you may be able to keep it during the appeal. To keep getting a service during your appeal, it must be a covered benefit. And, you must have an approved support plan. TennCare can only pay for services that are part of an approved support plan.

You can’t get a service during your appeal:
- If the service isn’t covered
- You don’t have an approved support plan that includes the service
- Or, you want to start getting a new service

Go to Part 6 of this handbook for more information on filing appeals.

**CHOICES Consumer Advocate**

In addition to your Care Coordinator, there is another person at UnitedHealthcare Community Plan to help you. This person is the CHOICES Consumer Advocate. The CHOICES Consumer Advocate is available to:
- Provide information about the CHOICES program
- Help you figure out how things work at UnitedHealthcare Community Plan, like filing a complaint, changing Care Coordinators or getting the care you need
- Make referrals to the right UnitedHealthcare Community Plan staff
- Help fix problems with your care

To reach the UnitedHealthcare Community Plan CHOICES Consumer Advocate, call us at 1-800-690-1606. Ask to speak with the CHOICES Consumer Advocate.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Freedom of choice

In CHOICES, if you need the level of care provided in a nursing home, you have the right to choose to get care:

- In your home,
- Or in another place in the community (like an assisted living facility or critical adult care home),
- Or in a nursing home.

To get care in your home or in the community, you must qualify and be able to enroll in CHOICES Group 2 or CHOICES Group 3. (See Who can qualify to enroll in CHOICES?)

If you’re in a nursing home, you may be able move from your nursing home to your own home and receive services if you want to. If you’re interested in moving out of the nursing home into the community, talk with your Care Coordinator.

To get care in your home or in the community, we must be able to safely meet your needs in that setting. And, for CHOICES Group 2 the cost of your care can’t be more than the cost of your care in a nursing home. That includes the cost of your home care and any home health or nursing care you may need. For CHOICES Group 3, the cost of your care can’t be more than $18,000 per year. Minor home modifications, and any home health or nursing care you might need don’t count against the $18,000 limit. The actual kind and amount of care you will receive depends on your needs.

What if you qualify for nursing home care but don’t want to leave the nursing home and move to the community? Then, we won’t make you, even if we think care in the community would cost less. As long as you qualify for nursing home care, you can choose to receive it.

You can change your choice at any time as long as you qualify and can enroll to receive care in the setting you pick.

In CHOICES, you can also help choose the providers who will give your care. This could be an assisted living or nursing home, or the agency who will give your care at home. You may also be able to hire your own workers for some kinds of care (called Consumer Direction).

The provider you choose must be willing and able to give you care. Your Care Coordinator will try to help you get the provider you pick. But, if you don’t get the provider you want, you can’t appeal and get a fair hearing. If you don’t get the services you think you need, then you can file an appeal.
Paying for your CHOICES Long-Term Services and Supports

You may have to pay part of the cost of your care in CHOICES. It’s called “patient liability.” The amount you pay depends on your income and countable expenses. If you have patient liability, you must pay it in CHOICES. If you get care in an assisted living or adult care home, or in a nursing home, you will pay your patient liability to that home. If you get care in your own home, you will pay your patient liability to UnitedHealthcare Community Plan.

If you have patient liability, it’s very important that you pay it.

What if you DON’T pay the patient liability you owe? 4 things could happen:

1. Your CHOICES care provider could decide not to provide your care anymore. If you get care in an assisted living or adult care home, or in a nursing home, they could discharge you. Before they do, they must send you a letter that says why you’re being discharged. If you think they’re wrong about owing them money, you can appeal.

2. And if you don’t pay your patient liability, other providers may not be willing to give your care either. If that happens, UnitedHealthcare Community Plan could decide not to be your health plan for CHOICES anymore. We can’t meet your needs if we can’t find any providers willing to give you care. We must send you a letter that says why we can’t be your health plan for CHOICES anymore. If you think we’re wrong, you can appeal.

3. And if you don’t pay your patient liability, other TennCare health plans may not be willing to be your health plan for CHOICES either. If that happens, you may not be able to stay in CHOICES. You may not get any long-term services and supports from TennCare. If you can’t stay in CHOICES, TennCare will send you a letter that says why. If you think they’re wrong, you can appeal.

4. And if you can’t stay in CHOICES, you may not qualify for TennCare anymore. If the only way you qualify for TennCare is because you get long-term services and supports, you could lose your TennCare too. Before your TennCare ends, you’ll get a letter that says how to appeal if you think it’s a mistake.

Do you have medical bills for care you got before your TennCare started? This includes care in a nursing home, or Medicare copays or deductibles.

Or, do you have medical bills for care you got after TennCare started that TennCare doesn’t cover? This includes eyeglasses and hearing aids for adults.

We may be able to subtract those bills from the patient liability you owe each month. This means your patient liability will be less. (It can even be zero.) We’ll keep subtracting those bills until the total cost of your medical bills has been subtracted.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

The bills must be for care you got in the 3 months before the month you applied to TennCare. For example, if you apply for TennCare in April, the bills must be for January, February, March.

These can be bills you’ve already paid. Or they can be bills you haven’t paid yet. But you must be expected to pay them. (You don’t have other insurance to pay for them.) What if a family member or someone else paid these bills? Send them only if they expect you to pay them back.

If you have medical bills like this, send them to TennCare. There are 2 ways to get them to us.

<table>
<thead>
<tr>
<th>Mail to:</th>
<th>Fax to:</th>
</tr>
</thead>
</table>
| TennCare Connect  
P.O. Box 305240  
Nashville, TN 37230-5240 | 855-315-0669 |

On each page you send, be sure to write “for patient liability” and include your name and Social Security number.

**Do you have Medicare or other insurance** that helps pay for your long-term services and supports? If you do, that insurance must pay first. TennCare can’t pay for care that’s covered by Medicare or other insurance.

What if you have long-term services and supports insurance that pays you? Then you must pay the amount you get to help cover the cost of your care. If you live in an assisted living or adult care home, or in a nursing home, you’ll pay the amount you get to that home. If you get care in your own home, your Care Coordinator will tell you how to pay the insurance money you get. This won’t lower the amount of any patient liability you owe.

You must pay any long-term services and supports insurance you get and your patient liability to help cover the cost of your care. But, you won’t pay more than the total cost of long-term services and supports you receive that month.

What if you receive Aid and Attendance Benefits through the Department of Veterans Affairs? If you do, it is important that you tell your Care Coordinator. Your Care Coordinator will give you important information that will help you make choices about how you will receive the long-term services and supports that you need.

88 Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Disenrollment from CHOICES

Your enrollment in CHOICES and receipt of long-term services and supports can end for several reasons and may vary depending on the CHOICES Group that you are enrolled in. We can recommend a member’s disenrollment from CHOICES but TennCare will make the final decision. Some of the reasons you could be disenrolled from CHOICES include:

- You no longer qualify for Medicaid
- You no longer need the level of care provided in a nursing home and you’re not at risk of going into a nursing home
- You no longer need and aren’t receiving any long-term services and supports
- You do not pay your patient liability

If you’re in Group 2 or Group 3, your enrollment in CHOICES can also end if:

We decide we can no longer safely meet your needs in the home or community, and you refuse to move to a nursing home. Reasons we may not be able to safely meet your needs include things like:

- You refuse to allow a Care Coordinator into your home. If a Care Coordinator can’t visit you in your home, we can’t be sure that you’re safe and healthy.
- The risk of harm to you or to people providing care in your home is too great
- Even though there are providers available to provide care, none of those providers are willing to provide your care
- You refuse to receive services that are identified in your person-centered support plan as needed services

If you’re in Group 2, you can also be disenrolled if:

The cost of care you need in the home or community will be more than the cost of nursing home care. The cost of care includes any home health or private duty nursing you may need.

Your Care Coordinator will check regularly to make sure that the care you receive in your own home or in the community (including the cost of home health and private duty nursing) does not exceed the cost of nursing home care.

If we decide that home care will cost more than nursing home care, your Care Coordinator will work with you to try to put together a support plan that will safely and cost-effectively meet your needs. If we decide it’s not possible to safely serve you in your home or in the community for no more than the cost of nursing home care, your Care Coordinator will help you move to a nursing home of your choice who works with UnitedHealthcare Community Plan. If you choose not to move to a nursing home, you’ll no longer be able to receive services in your own home or in the community. You’ll be disenrolled from CHOICES.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

If you're in Group 3:

We must be able to safely meet your needs with the care you can get in CHOICES Group 3. **This** includes CHOICES home care up to $18,000 per year (not counting minor home modifications), other Medicaid services you qualify to receive from your MCO, services you can get through Medicare, private insurance or other funding sources, and unpaid care provided by family members and friends. If we decide your needs can’t be met with the care you can get in Group 3, TennCare will see if you qualify to move to CHOICES Group 2 for more home care or CHOICES Group 1 for nursing home care. What if your needs can’t be met at home or in the community (even with home care up to the cost of nursing home care) and you choose not to move to a nursing home? Then, you will be disenrolled from CHOICES.

If you’re disenrolled from CHOICES, you'll stay on TennCare as long as you still qualify for Medicaid. However, you’ll no longer receive **any** long-term services and supports paid for by TennCare. You’ll get a letter that says why your CHOICES is ending and how to appeal if you think it’s a mistake.

If the only way you qualify for Medicaid is because you receive long-term services and supports and you’re disenrolled from CHOICES, your TennCare may end too. Before it does, you’ll get a letter that says why. You’ll get a chance to qualify in another one of the groups that Medicaid covers.

**Redetermination**

As with all Medicaid programs, we are required to make sure that everyone still qualifies every year — called redetermination. We must make sure you still meet the medical and financial rules for CHOICES. Be sure TennCare has your current address. If you move, tell us right away. Open your mail and watch for requests for information from TennCare so your coverage can continue. Your TennCare health plan can help, if you ask them. If you lose CHOICES, there must be an open slot for you to enroll again.

---

**Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Employment and Community First CHOICES

What is Employment and Community First CHOICES?

Employment and Community First CHOICES (ECF CHOICES) is for people of all ages who have an intellectual or developmental disability (I/DD). This includes people who have significant disabilities.

Services help people with I/DD gain as much independence as possible. People are supported to live with their family or in the community, not in an institution. Residential services are available for adults with I/DD who do not live with family but need supports where they live.

Employment and Community First CHOICES can help the person with I/DD explore the possibility of working. Services can also help people learn skills for work, find a job, and keep a job. This could be a part-time job, a full-time job or self-employment. Working helps people earn money, learn new skills, meet new people, and play an important role in their communities. Work can also help people stay healthy and build self-confidence.

Other services help people learn and do things at home and in the community that help people achieve their goals. If a person lives at home with their family, the services help the family support the person to become as independent as possible. Services also help people get actively involved in their communities and include peer supports for the person and for their family.

How do I apply for Employment and Community First CHOICES?

There is a limited amount of funding to serve people each year. This means that not everyone who wants to apply can enroll or get services right away.

There is a referral list for Employment and Community First CHOICES. To get on the referral list, you can complete a self-referral. Filling out the self-referral for Employment and Community First CHOICES does not mean you will be enrolled in the program. You must qualify to enroll in the program. There must be room in the program to enroll you AND you must be in one of the groups that may qualify to get services now.

If you need help with a self-referral for Employment and Community First CHOICES, call us at 1-800-690-1606.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

ECF CHOICES services provided to you in your home or in the community will not take the place of care you get from family and friends or services you already receive. If you’re getting help from community programs, receive services paid for by Medicare or other insurance, or have a family member that takes care of you, these services will not be replaced by paid care through ECF CHOICES. Instead, the home care you receive through ECF CHOICES will work together with the assistance you already receive to help you stay in your home and community longer. Care in ECF CHOICES will be provided as cost-effectively as possible so that more people who need care will be able to get help.

However, if you have been getting services through the State-funded Family Support program, you won’t qualify to get those services anymore. They are for people who don’t get Medicaid. And if you’ve been getting services from programs funded by the other state or federal programs (like Meals on Wheels, homemaker, or the National Caregiver Family Support Programs) that you can now get through ECF CHOICES, you’ll get the care you need through ECF CHOICES.

To see if you qualify to enroll in ECF CHOICES, call us at 1-800-690-1606.

Does someone you know that isn’t on TennCare want to apply for ECF CHOICES? They should contact the Department of Intellectual and Developmental Disabilities (DIDD) Regional Intake office in their area of the state.

- West Tennessee 866-372-5709
- Middle Tennessee 800-654-4839
- East Tennessee 888-531-9876

This office will help them find out if they qualify for TennCare and ECF CHOICES.

Who can qualify to enroll in Employment and Community First CHOICES?

There are 5 groups of people who can qualify to enroll in ECF CHOICES.

1. **Essential Family Supports**
   (This is sometimes called “Group 4.”)

   Family Support services are for families caring for a child under the age of 21 who has an intellectual or developmental disability (I/DD). The child must live at home with their family (not a foster family).

   Adults age 21 with I/DD living at home with their family can also choose to enroll in this group if they qualify.

92 **Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
2. **Essential Supports for Employment and Independent Living**  
(This is sometimes called “**Group 5.**”)

Essential Support services are for adults age 21 and older who have an I/DD but don’t qualify for the level of care in a nursing home.

- A person age 18–21 with I/DD may be enrolled in this group if they can’t live with their family anymore
- A person who would qualify to receive care in a nursing home can choose to enroll in this group if ECF CHOICES Group 6 is full and their needs can be met with these services

3. **Comprehensive Supports for Employment and Community Living**  
(This is sometimes called “**Group 6.**”)

These services are only for adults age 21 and older who would qualify to get care in a nursing home. (This doesn’t mean the person has to receive care in a nursing home. This program provides services at home and in the community. They just need to qualify for nursing home care.)

- A person age 18–21 with I/DD may be enrolled in this group if they can’t live with their family anymore

Comprehensive Support services are for people who need more services to help them live in the community and achieve their employment and community living goals.

4. **Intensive Behavioral Family Supports**  
(This is sometimes called “**Group 7.**”)

This group is for a small number of children under age 21 who live with their family and have I/DD and severe behavior support needs that place the child or others at risk of serious harm. The behaviors are so challenging that the child is at risk of being placed outside the home. This group provides mental health treatment and other services in the home with the family. (The family must be willing to be part of the child’s treatment.) The services will train and support the family to support the child so they can keep living safely together. People are usually in this group short-term. Once the person is stable in the community, they will move to a different benefit group that can safely meet their needs.

5. **Comprehensive Behavioral Supports for Employment and Community Living**  
(This is sometimes called “**Group 8.**”)

This group is for a small number of adults who have I/DD and severe behavior support needs and are moving into the community from a place with lots of structure and supervision. This could be coming from a mental health hospital, the foster care system, jail, or a nursing home. These services are mostly for adults age 21 or older. But sometimes, a person age 18-20 can get them too. They combine 24/7 residential services with mental health treatment and support. People are usually in this group short-term. Once the person is stable in the community, they will move to a different benefit group that can safely meet their needs.

Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

TennCare Long-Term Services and Supports will decide if you meet the level of care rules to enroll in ECF CHOICES. TennCare Member Services will decide if meet the income and resource rules to qualify for Medicaid long-term services and supports through ECF CHOICES. We’ll help you fill out the papers they need to decide. If TennCare says yes, to enroll in ECF CHOICES and begin receiving home care services:

- We must be able to safely meet your needs at home
- And, the cost of your home care can’t be more than the expenditure cap for your ECF CHOICES Group. The cost of your home care includes any home health or private duty nursing care you may need.

If we can’t safely meet your needs at home, or if your care would cost more than the expenditure cap for your ECF CHOICES Group, you can’t be in ECF CHOICES. But you may qualify for other kinds of long-term services and supports.

If TennCare says you don’t qualify, you’ll get a letter that says why. It will say how to appeal if you think it’s a mistake.

Limits on enrollment into Employment and Community First CHOICES

Not everyone who qualifies to enroll in ECF CHOICES may be able to enroll. There is an enrollment target for ECF CHOICES Groups. It’s like a limit on the number of people who can be in the group at one time. (The number of people who can enroll is sometimes called “slots.”) This helps to ensure that the program doesn’t grow faster than the State’s money to pay for care. It also helps to ensure that there are enough home care providers to deliver needed services.

Some slots will be held back (or reserved) for emergencies. This includes things like when a person has a primary caregiver who is at least 75 years old or the primary caregiver is permanently incapacitated or deceased. The number of reserved slots and the guidelines to qualify in one of those slots is in TennCare Rules. If the only slots left are reserved, you’ll have to meet the guidelines for reserved slots to enroll in ECF CHOICES.

If you don’t meet the guidelines for reserved slots or there are no slots available and you qualify to enroll in ECF CHOICES, your name will be placed on a referral list. When there are slots available, TennCare can enroll from the referral list based on priority. These priority rules are in TennCare Rules.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Receiving services in the ECF CHOICES program

The services you can receive in Employment and Community First CHOICES depend on which benefit group you’re in. **There are five benefit groups:**

1. **Essential Family Supports**  
   or “Family Support services” for short. (This is sometimes called “Group 4.”)  
   Family Support services are only for people who live at home with their family. They will help you plan for and get a job, and live as independently as possible in the community. They will help you do things in the community that you want to do — to help you build relationships and reach your goals. They will also help your family support you in planning for and reaching your goals.  
   The total cost of Family Support services you get can’t be more than $18,000 each year. This is your yearly limit or “cost cap.” It starts on January 1st each year and ends on December 31st each year. Only in Essential Family Supports, your cost cap does not include the cost of any Minor Home Modifications. We also won’t count the cost of Family-to-Family Support. To find out more about these and other services, read the chart at the end of these handbook pages.

2. **Essential Supports for Employment and Independent Living**  
   or “Essential Support services” for short. (This is sometimes called “Group 5.”)  
   These services are only for adults age 21 and older. They will help you get or keep a job and live as independently as possible in the community. They will help you do things in the community that you want to do — to help you build relationships and reach your goals.  
   The total cost of Essential Support services you get can’t be more than $36,000 each year. This is your yearly limit or “cost cap.” It starts on January 1st each year and ends on December 31st each year. What if you have an emergency and need more services to stay in the community? You may be able to get more Essential Support services for that year. But they can’t cost more than $6,000.  
   You may also be able to go over your cap to get employment services OR if you need more help for a short time to transition safely to living in the community. Except for these, no one can get more than $42,000 of Essential Support services per calendar year.

3. **Comprehensive Supports for Employment and Community Living**  
   “Comprehensive Support services” for short. (This is sometimes called “Group 6.”)  
   These services are only for adults age 21 and older who would qualify to get care in a nursing home. (But these services are provided in the community.)  
   They will help you get or keep a job and live as independently as possible in the community. They will help you do things in the community that you want to do — to help you build relationships and reach your goals.

Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

You will have a limit (or “cost cap”) on the total cost of Comprehensive Support services you can get each year. Your yearly cost cap is based on an assessment of your “level of need.” Your “level of need” tell us how much support you need. Everyone in the Comprehensive Support services group (ECF CHOICES Group 6) will have an assessed “level of need.” The assessment is not done by TennCare or your health plan.

<table>
<thead>
<tr>
<th>Assessed level of need</th>
<th>You will have a cost cap of $54,000 each year.</th>
<th>You will have a cost cap of $82,000 each year.</th>
<th>You will have a cost cap of $108,000 each year.</th>
</tr>
</thead>
<tbody>
<tr>

The total cost of Comprehensive Support services you get can’t be more than your cost cap each year. It starts on January 1st each year and ends on December 31st each year. What if you have an emergency and need more services to stay in the community? ONLY if you have a low, moderate, or high level of need, you may be able to get more Comprehensive Support services for that year. But they can’t cost more than $7,500.

ONLY if you have a low, moderate, or high level of need, you may also be able to go over your cap to get employment services. Except for these, no one can get Comprehensive Support services that cost more than their cost cap each year.

**Only if you’re assessed to have exceptional medical and/or behavioral needs:** you will have a higher cost cap. The amount is based on the average yearly cost of care in an institution you would qualify to receive.

- If you have an **intellectual disability**: Your cost cap is based on the average yearly cost of services in a private ICF/IID (Intermediate Care Facility for Individuals with Intellectual Disabilities).
- If you have a **developmental disability**: Your cost cap is based on the average yearly cost of nursing home care plus the average cost of special services a person with a developmental disability would need in a nursing home.

These average yearly costs change every year.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
This doesn’t mean you will get services in an ICF/IID or nursing home. Employment and Community First CHOICES provides services in the community. These amounts are used to set the yearly limit on the total cost of support services you can receive in the community — your cost cap (but only when you have exceptional medical or behavioral needs).

If your cost cap is based on the cost of care in an ICF/IID or nursing home, any home health or private duty nursing TennCare pays for will also count against your cap. This is the only time other TennCare services count against your cost cap. Except for home health and private duty nursing for people with exceptional medical or behavioral needs, other TennCare services don’t count against your cost cap.

TennCare will get your assessment and tell you how much your cost cap will be. If you have questions, ask your Support Coordinator.

4. Intensive Behavioral Family Supports
(This is sometimes called “Group 7.”)

This group is for a small number of children under age 21 who live with their family and have I/DD and severe behavior support needs that place the child or others at risk of serious harm. The behaviors are so challenging that the child is at risk of being placed outside the home. This group provides mental health treatment and other services in the home with the family. (The family must be willing to be part of the child’s treatment.) The services will train and support the family to support the child so they can keep living safely together.

Your cost cap is based on the average yearly cost of services in a private ICF/IID (Intermediate Care Facility for Individuals with Intellectual Disabilities). These average yearly costs change every year.

This doesn’t mean you will get services in an ICF/IID. Employment and Community First CHOICES provides services in the community. These amounts are used to set the yearly limit on the total cost of support services you can receive in the community — your cost cap (but only when you have exceptional medical or behavioral needs).

Any home health or private duty nursing TennCare pays for will also count against your cap. This is the only time other TennCare services count against your cost cap. Except for home health and private duty nursing for people with exceptional medical or behavioral needs, other TennCare services don’t count against your cost cap.

TennCare will tell you how much your cost cap will be. If you have questions, ask your Support Coordinator.
5. **Comprehensive Behavioral Supports for Employment and Community Living**
   (This is sometimes called “Group 8.”)

This group is for a small number of adults who have I/DD and severe behavior support needs and are moving into the community from a place with lots of structure and supervision. This could be coming from a mental health hospital, the foster care system, jail, or a nursing home. These services are mostly for adults age 21 or older. But sometimes, a person age 18–20 can get them too. They combine 24/7 residential services with mental health treatment and support. People are usually in this group short-term. Once the person is stable in the community, they’ll move to a different benefit group that can safely meet their needs.

- For the first year, your cost cap is based on the average yearly cost of services in a public ICF/IID (Intermediate Care Facility for Individuals with Intellectual Disabilities)
- For the second year and every year after, your cost cap is based on the average yearly cost of services in a private ICF/IID

These average yearly costs change every year.

This **doesn’t** mean you will get services in an ICF/IID. Employment and Community First CHOICES provides services **in the community**. These amounts are used to set the yearly limit on the total cost of support services you can receive in the community — your cost cap (but **only** when you have exceptional medical or behavioral needs).

**If** your cost cap is based on the cost of care in an ICF/IID or nursing home, any home health or private duty nursing TennCare pays for **will** also **count** against your cap. This is the only time other TennCare services count against your cost cap. **Except** for home health and private duty nursing for people with exceptional medical or behavioral needs, other TennCare services don’t count against your cost cap.

TennCare will get your assessment and tell you how much your cost cap will be. If you have questions, ask your Support Coordinator.

For the first year that you’re in Employment and Community First CHOICES, your cost cap will be “pro-rated.” This means your yearly cost cap will be divided by the 365 days in a year and then multiplied by the number of days you will actually be in the program that year.

No matter how much your cost cap is, it **doesn’t** mean that you will get services up to the cost cap amount. Employment and Community First CHOICES will only pay for services you must have to meet your needs at home or in your community. This includes services you need to work, live as independently as possible, be part of your community, and reach your goals.

We’ll help you use or develop “natural supports” when you can. These are people who can help provide the support you need without being paid — like family, friends and co-workers. Using natural supports can help you build relationships and be part of your community.

---

**Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

The kinds of support services covered in Employment and Community First CHOICES are listed in a chart at the end of these handbook pages. Some of these services have limits. This means that TennCare will only pay for a certain amount of these services. The chart tells you how each service can help you, what benefit groups cover it, and the limits on that service. If you have questions about a service, ask your Support Coordinator.

Employment supports

There are many different kinds of services to help you get and keep a job. They will help you:

- Decide if you want to work and the kinds of jobs you might like and be really good at
- Try out certain jobs to see what they’re like and what you need to do to get ready for those jobs
- Write a plan to get a job (or start your own business) and carry out that plan
- Have a job coach to support you when you start your job until you can do the job by yourself or with help from co-workers
- Get a better job, earning more money
- Understand how the money you earn from working will impact other benefits you get, including Social Security and TennCare

Employment services are available to individuals of working age in all three benefit groups. In Tennessee, the working age starts at 16.

The goal in this program is “individual, integrated, competitive employment.” Here is what that means.

“Individual” means that you are employed by yourself and not as part of a small group of people with disabilities. This doesn’t mean you can’t work with other people or be part of a team on your job. You could also be “self-employed.” This means you have a business and work for yourself.

“Integrated” means your work (or your business if you’re self-employed) is in the community. You work with (or provide services to) people who don’t have disabilities.

“Competitive” means the wage you earn for your work (or from your business, after expenses) is at least the minimum wage. And it should be the same wage that is paid to people who don’t have disabilities that do the same work.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

For some people, a job may be “customized.” This means that your employment provider helps find or develop a job that’s just for you. They match the kinds of things you like and are good at with the needs of an employer. There will be a special agreement between you and your employer to make sure both of your needs are met. The employer may agree to change things about the job to make it work for you. You may only do parts of a job, share parts of the job with someone else, or do things that no one else does. The agreement may also cover things like:

- Where you work
- The hours you work
- The supports you need
- How much you’re paid

If you have greater support needs, “customized employment” may help find a job that’s right for you.

What if you don’t think you want to work? Before you make up your mind, we want to help you explore the kinds of jobs you might like and be good at. We want to help you understand the benefits of work and answer any questions you have. This is called Employment Informed Choice. It means you have the facts you need to make a good decision about working.

There are 2 services you can get to help you make an informed choice about employment:

- **Exploration** — Helps you decide if you want to work and the kinds of jobs you might like and be really good at by visiting job sites that match your skills and interests. Also helps you (and your family) understand the benefits of working and helps answer your questions about work.

- **Peer-to-Peer Self-Direction, Employment and Community Support and Navigation** — Guidance and support from another person with disabilities who has experience and training to help you and answer your questions. Includes support to help you:
  - Direct your support plan
  - Direct your services (hire and supervise your own staff in Consumer Direction)
  - **Think about and try employment** or community living options

Are you between the ages of 16 and 62? You must agree to complete the Employment Informed Choice process before you can get certain other kinds of Independent Community Living Supports. Then, you can get other kinds of services at the same time. These include:

- **Community Integration Support Services** — Helps you do things in the community that you want to do. Take a class, join a club, volunteer, get or stay healthy, do something fun, build relationships, and reach your goals.

- **Independent Living Skills Training** — Helps you learn new things so you can live more independently. These skills can help you take care of yourself, your home, or your money.

100 Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

To complete the Employment Informed Choice process, you must receive at least the Exploration service. You can also choose to receive the Peer-to-Peer Support service.

What if you get at least the Exploration service and still don’t want to work right now? Then you must sign a page that says you’ve gotten all of the facts and still don’t want to work. Then, if you need Community Integration Support Services or Independent Living Skills Training, you can get them. But they will be limited to no more than 20 hours a week combined. You can only get these services if you don’t get residential services like Community Living Supports (including Family Model). If you get Community Living Supports, help to do these things are part of the residential service you receive.

Enabling technology is a new service (up to $5,000 per calendar year in combination with Assistive Technology) — Enabling technology is the use of various forms of devices and technology to support independent living such as sensors, mobile applications, remote support systems and other smart devices. Enabling Technology can support a person in navigating their jobs and communities, gain more control of their environment, and provide remote support and reminders to assist a person in independent living.

Prior authorization of Long-Term Services and Supports

Sometimes you may have to get an OK from us for your physical or behavioral health (mental health or substance use disorder) services before you receive them even if a doctor says you need the services. This is called prior authorization. Services that must have a prior authorization before you receive them will only be paid for if we say OK before the services are provided.

All long-term services and supports must be approved before we will pay for them. All support services must be approved in your support plan before you receive them. Nursing home care may sometimes start before you get an OK, but you still need an OK before we will pay for it. We will not pay for any long-term services and supports unless you have an OK.

Using Long-Term Services and Supports providers who work with UnitedHealthcare Community Plan

Just like physical and behavioral health services, you must use providers who work with us for most long-term services and supports. You can find the Provider Directory online at myuhc.com/CommunityPlan. Or call us at 1-800-690-1606 to get a list. Providers may have signed up or dropped out after the list was printed. But, the online Provider Directory is updated every week. You can also call us at 1-800-690-1606 to find out if a provider is in our network.

In most cases, you must receive services from a long-term services and supports provider on this list so that TennCare will pay for your long-term services and supports. However, there are times when TennCare will pay for you to get care from a long-term services and supports provider who does not usually work with us. But, we must first say that it is OK to use a long-term services and supports provider who does not usually work with UnitedHealthcare Community Plan.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Consumer Direction
Consumer Direction is a way of getting some of the kinds of supports you need in Employment and Community First CHOICES. Consumer Direction gives you more choice and control over who gives your support and how your support is given. In Employment and Community First CHOICES, the services you can Consumer Direct are:

- Personal assistance
- Supportive home care
- Respite
- Community transportation

In Consumer Direction, you actually employ the people who give some of your support services — they work for you (instead of a provider). You must be able to do the things that an employer would do. These include things like:

1. Hiring and training your workers
   - Find, interview and hire workers to provide care for you
   - Define workers’ job duties
   - Develop a job description for your workers
   - Train workers to deliver your care based on your needs and preferences

2. Setting and managing your workers’ schedule
   - Set the schedule at which your workers will give your care
   - Make sure your workers clock in and out using an EVV system every time they work
   - Make sure your workers provide only as much care as you are approved to receive
   - Make sure that no hourly worker gives you more than 40 hours of care in a week

3. Supervising your workers
   - Supervise your workers
   - Evaluate your workers’ job performance
   - Address problems or concerns with your workers’ performance
   - Fire a worker when needed

4. Overseeing workers’ pay and service notes
   - Decide how much your workers will be paid (within limits set by the state)
   - Review the time your workers report to be sure it’s right
   - Ensure there are good notes kept in your home about the care your workers provide

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
5. **Having and using a back-up plan when needed**
   - Develop a back-up plan to address times that a scheduled worker doesn’t show up (you can’t decide to just go without services)
   - Activate the back-up plan when needed

**What if you can’t do some or all of these things?** Then you can choose a family member, friend, or someone close to you to do these things for you. It’s called a “Representative for Consumer Direction.” If you decide to join Consumer Direction and need a Representative, your Support Coordinator will tell you who qualifies to be a Representative. The person you pick can’t be paid to give any of your support services in Consumer Direction. It’s important that you pick someone who knows you very well that you can depend on.

**To be your Representative for Consumer Direction, the person must:**
   - Be at least 18 years of age
   - Know you very well
   - Understand the kinds of care you need and how you want care to be given
   - Know your schedule and routine
   - Know your health care needs and the medicine you take
   - Be willing and able to do all of the things that are required to be in Consumer Direction
   - Live with you in your home or be present in your home often enough to supervise staff. This usually means at least part of every worker’s shift. But, it may be less as long as it’s enough to be sure you’re getting the quality of care you need.
   - Be willing to sign a Representative Agreement, saying they agree to do these things

**Your Representative cannot get paid for doing these things**
You or your Representative will have help doing some of the things you must do as an employee. The help will be provided by a Fiscal Employer Agent (also called FEA). There are 2 kinds of help you will receive:

1. The FEA will help you and your workers fill out all of the paperwork that you must complete. They will pay your workers for the care they give. And, they will fill out and file the payroll tax forms that you must fill out as an employer.
2. The FEA will hire or contract with a Supports Broker for you. A Supports Broker is a person who will help you with the other kinds of things you must do as an employer. These are things like:
   - Writing job descriptions
   - Helping you and your workers with paperwork and training
   - Scheduling workers based on your support plan; and
   - Developing an initial back-up plan to address times when a scheduled worker doesn’t show up.

**Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at [1-800-690-1606](tel:1-800-690-1606), TTY 711.
**Part 3: TennCare Long-Term Services and Supports (LTSS) programs**

*But,* your Supports Broker **can’t** help you supervise your workers. You or your Representative must be able to do that by yourself.

The kind and amount of services you’ll get depends on what you need to support you and help you reach your goals. Those services are listed in your support plan. You won’t be able to get more services by choosing to be in Consumer Direction. You can only get the services you need that are listed in your support plan.

You can choose to get some of these services through Consumer Direction **and** get some home care from providers that work with your TennCare health plan. But, you must use providers that work with UnitedHealthcare Community Plan for care that you can’t get through Consumer Direction.

**Can you pay a family member or friend to provide support in Consumer Direction?**

*Yes,* you can pay a family member, but you cannot:

- Pay your spouse to provide care
- Pay someone who lives with you to provide Personal Assistance, Supportive Home Care, Community Transportation, or Respite

*And,* Employment and Community First CHOICES can’t pay family members or others to provide care they would have given for free. Employment and Community First CHOICES only pays for care to meet needs that **can’t** be met by family members or others who help you. The services you need are listed in your support plan.

If you’re in Employment and Community First CHOICES and need services that can be consumer directed your Support Coordinator will talk with you about Consumer Direction. If you want to be in Consumer Direction, your Support Coordinator will work with you to decide which of the services you will direct and start the process to enroll you in Consumer Direction. Until Consumer Direction is set up, you will get the services that are in your support plan from a provider who works with UnitedHealthcare Community Plan, unless you choose to wait for your Consumer Directed workers to start. If you choose to wait for your Consumer Directed workers to start, you must have supports in place to give you the care you need.

You can decide to be in Consumer Direction at any time. If you are directing one or more services and decide not to be in Consumer Direction anymore, you will **not** stop getting long-term services and supports. You will still be in Employment and Community First CHOICES. You’ll get the services you need from a provider who works with UnitedHealthcare Community Plan instead.

104  **Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Self-direction of health care tasks
If you’re in Consumer Direction, you may also choose to have consumer directed workers perform certain kinds of health care tasks for you. Health care tasks are routine things like taking prescribed drugs that most people do for themselves every day. Usually, if you can’t perform health care tasks yourself and don’t have a family member to do them for you, they must be performed by a licensed nurse. But, in Consumer Direction, if your doctor says it’s OK, you can have your consumer directed workers do certain kinds of health care tasks for you. You (or your Representative) must be able to train your workers on how to do each health care task and must supervise them in performing the task.

Please talk with your Support Coordinator if you have any questions about self-direction of health care tasks.

Electronic Visit Verification
Federal law says that any person that gives certain types of care paid for by Medicaid MUST use an electronic system to log the care they provide. This is called EVV (which stands for Electronic Visit Verification). Some of the services in ECF CHOICES must use EVV. The EVV system collects and records information every time your worker comes to give your care. The law says that an EVV system **MUST be used to record ALL of these things:**

- Your name (the name of the person who received care)
- The service you received
- Your worker (the name of the person who provided your care)
- The date you got the care
- Where the care was provided
- The time it started
- The time it ended

ALL of this information must be recorded electronically at the time of EACH service you receive. If it isn’t, ] UnitedHealthcare Community Plan may not be able to pay for the care you receive.

UnitedHealthcare Community Plan can give you a tablet for your workers to use. If we do, it’s important to keep your tablet charged and ready for your workers. You shouldn’t use it for other reasons.

If you don’t want a tablet, your workers can use a smart phone or a phone in your home. But, **to comply with the federal law, they MUST check in and check out EVERY time they come to your home.** Please remind your workers to use the EVV system when they come to your home every day. If they don’t, TennCare may not be able to pay for your care.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Your Support Coordinator

In Employment and Community First CHOICES, you will have a Support Coordinator. You should know who your Support Coordinator is and how to contact them. They will help you get the health, mental health and support services you need most to live in the community and help you reach your goals.

Your Support Coordinator will play a very important role. Your Support Coordinator is your primary contact person and is the first person that you should go to if you have any questions about your services.

**Not sure who your Support Coordinator is or how to contact them?**
You can call us at 1-800-690-1606.

**Your Support Coordinator will:**
- Provide information about Employment and Community First CHOICES and answer your questions
- Help you get the right kind of long-term services and supports in the right setting for you to address your needs
- Coordinate all of your physical health, behavioral health (mental health or substance use disorder) and long-term services and supports needs
- Help to fix problems and answer questions that you have about your care
- Check at least once a year to make sure that you continue to need the level of care provided in a nursing home or, for Group 3, continue to be “at risk” of going into a nursing home
- Communicate with your providers to make sure they know what’s happening with your health care and to coordinate your service delivery
- Do a comprehensive, individual assessment of your health and long-term services and supports needs; and
- Develop a Person-Centered Support Plan.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Changing Support Coordinators
If you’re unhappy with your Support Coordinator and would like a different one, you can ask us. You can have a new Support Coordinator if one is available. That doesn’t mean you can pick whoever you want to be your Support Coordinator. We must be able to meet the needs of all Employment and Community First CHOICES members and assign staff in a way that allows us to do that. To ask for a different Support Coordinator, call us at 1-800-690-1606. Tell us why you want to change Support Coordinators. If we can’t give you a new Support Coordinator, we’ll tell you why. And, we’ll help to address any problems or concerns you have with your Support Coordinator.

There may be times when UnitedHealthcare Community Plan will have to change your Support Coordinator. This may happen if your Support Coordinator is no longer with UnitedHealthcare Community Plan, is off work for a while, or has too many members to give them the attention they need. If this happens, UnitedHealthcare Community Plan will send you a letter that says who your new Support Coordinator will be and how to contact them.

You can contact your Support Coordinator anytime you have a question or concern about your services and supports. You do not need to wait until they visit or call you. You should contact your Support Coordinator anytime you have a change in your health condition or other things that may affect the kind or amount of support you need. If you need help after regular business hours that won’t wait until the next day, you can call us at 1-800-690-1606.

Your Person-Centered Support Plan
In Employment and Community First CHOICES, you must have a Person-Centered Support Plan (PCSP or “support plan” for short). This is your plan that helps guide the services and supports you will receive. Your support plan tells the people who will support you:

- What is important to you — The things that really matter to you,
- What is important for you — The supports you need to stay healthy and safe, and achieve your goals, and
- How to support you to have those things in your life.

Your support plan must include:
- Your strengths and needs,
- The goals you want to reach,
- The services and supports (paid and unpaid) you will receive to help you meet your goals,
- How often you will receive those service and supports,
- Who will provide them, and
- The settings (or places) they will be provided.

Questions? Visit myuhc.com/CommunityPlan or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Your Support Coordinator helps develop your support plan. They will help you to:

- Identify the services and supports you need,
- Explore employment options and ways to be part of your community and build relationships,
- Decide what services and supports you will need to meet your needs and reach your goals,
- Develop and access other services and unpaid supports to help too,
- Understand all of the services, providers and settings you can choose from,
- Choose the services you will receive, your provider for each service, and settings (places) where you will receive those services,
- Write your support plan based on your choices, preferences, and support needs, and
- Make sure you get the services in your support plan.

Your support plan and how it’s developed is very important. Employment and Community First CHOICES can only pay for covered services that are part of an approved support plan.

Your support plan should be developed in a way that makes sure:

- You get to lead the planning process
- You receive the help you need to lead the planning process
- You get to make choices and to have the information you need to make those choices
- You have help from family, friends, advocates or anyone else you choose
- You get to speak for yourself
- You can have someone to speak for you and choose that person
- You have and use an interpreter if the language you speak or understand is not English

Your support plan should also be developed in a way that makes sure:

- You get to talk with your Support Coordinator before the planning meeting if you want to
- You get to pick who to invite to the meeting (and decide if you don’t want someone there)
- The planning meeting is set at times and places that work best for you
- You get to help choose service providers before services begin, and at any time during the year if you want to change providers. UnitedHealthcare Community Plan will try to give you the providers you want. (The provider must be contracted with your MCO and willing and able to provide your services.)

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

- You can choose to direct (or stop directing) some or all of the services that are part of Consumer Direction at any time
- You sign your support plan
- And, everyone who will provide services and supports (paid and unpaid) signs your support plan saying they are committed to implement your plan as written

Your support plan is usually in effect for a year. **But what if your needs change and you need more support?** Tell your Support Coordinator. Your Support Coordinator will help you take a look at your support plan. You may get different services based on how your needs have changed.

What if you need services that cost more than your yearly limit or think you should qualify for a higher cost cap? You can ask for a new assessment. If the assessment shows that your needs have changed, your cost cap could change too. But you won’t be able to get services that cost more than your assessment says you need.

**Requesting a TennCare review**

If you’re in any Employment and Community First CHOICES group, you can ask TennCare to review your needs assessment or support plan if you think you’re not getting the services you need. TennCare will review the assessment or support plan and the information gathered by your Support Coordinator. If TennCare thinks you’re right, they’ll work with UnitedHealthcare Community Plan to fix the problem. If TennCare thinks you are getting the services you need, they’ll send you a letter that says why. To request an objective review of your needs assessment or support plan, you can submit a written request.

**Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
You also have the right to file an appeal

Here are some of your appeal rights:

- You can appeal if you think an assessment doesn’t really match your needs and you think you should get more and/or different services
- You can appeal if you don’t agree with the services in your support plan
- You can appeal if a covered service that you want and need isn’t in your support plan
- You can appeal if your request to have your support plan changed is denied, or your support plan is not changed enough to meet your needs
- And, you can appeal if a service is in your approved support plan, but you don’t receive it, or there is a delay in getting it

If you file an appeal, it doesn’t mean that you will get the services you want. But, TennCare will take another look at what you’re asking for. If TennCare agrees that the service is covered and that you need it, you will get the service.

What if TennCare decides the service isn’t covered or that you don’t need it? You may get a fair hearing. To get a fair hearing, the service(s) you want must be covered in the Employment and Community First benefit group you’re in. That includes any limits on the service(s) and on the total cost of services you can receive — your yearly cost cap.

TennCare can only pay for services that are covered in the Employment and Community First benefit group you’re in. If a service isn’t covered, or if you want more of a service than is covered, TennCare can’t pay for it.

If you file an appeal to keep a service you’ve been getting, you may be able to keep it during the appeal. To keep getting a service during your appeal, it must be a covered benefit. And, you must have an approved support plan. TennCare can only pay for services that are part of an approved support plan.

You can’t get a service during your appeal:

- If the service isn’t covered
- You don’t have an approved support plan that includes the service
- Or, you want to start getting a new service

Go to Part 6 of this guide for more information on filing appeals.
Member Advocate for Employment and Community First CHOICES

In addition to your Support Coordinator, there is another person at UnitedHealthcare Community Plan to help you. This person is the Member Advocate for Employment and Community First CHOICES. Your Member Advocate is available to:

- Provide information and answer questions about Employment and Community First CHOICES
- Help solve problems with your services and supports
- Help you file a complaint, ask to change Support Coordinators or get the services and supports you need
- Help you talk to the right UnitedHealthcare Community Plan staff

To reach the UnitedHealthcare Community Plan Member Advocate for Employment and Community First CHOICES, call UnitedHealthcare Community Plan at 1-800-690-1606. Ask to speak with the Member Advocate for Employment and Community First CHOICES.

Paying for your services in Employment and Community First CHOICES

You may have to pay part of the cost of the services you get in Employment and Community First CHOICES. It’s called “patient liability.” The amount you pay depends on your income. You will only have patient liability if you had to set up a Qualifying Income Trust (QIT) to qualify for Medicaid. Sometimes a QIT is called a Miller trust. If you owe patient liability, you must pay your patient liability in Employment and Community First CHOICES.

You’ll pay your patient liability to your health plan, unless you get Community Living Supports. Your health plan will tell you how much you owe and how to pay.

If you have patient liability, it’s very important that you pay it.

What if you DON’T pay the patient liability you owe?

4 things could happen:

1. Your providers could decide not to give you services in Employment and Community First CHOICES anymore.

2. And if you won’t pay your patient liability, UnitedHealthcare Community Plan could decide not to provide your services in Employment and Community First CHOICES anymore. They can’t meet your needs if they can’t find any providers willing to give you services. They must send you a letter that says why they can’t provide these services anymore. If you think they’re wrong, you can appeal. Their letter will say how to appeal.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
3. And if you won’t pay your patient liability, other TennCare health plans may not be willing to provide your services in Employment and Community First CHOICES. If that happens, you may not be able to stay in Employment and Community First CHOICES. If you can’t stay in Employment and Community First CHOICES, TennCare will send you a letter that says why. If you think we’re wrong, you can appeal. That letter will say how to appeal.

4. And if you can’t stay in Employment and Community First CHOICES, you may not qualify for TennCare anymore. If the only way you qualify for TennCare is because you get services in Employment and Community First CHOICES, you could lose your TennCare too. Before your TennCare ends, you will get a letter that says how to appeal if you think we’re wrong.

**Do you have medical bills for care you got BEFORE your TennCare started?** This includes care in a nursing home, or **Medicare** copays or deductibles.

**Or, do you have medical bills for care you got AFTER TennCare started that TennCare doesn’t cover?** This includes eye glasses, hearing aids, and dental care for adults.

We may be able to subtract those bills from the patient liability you owe each month. This means your patient liability will be less. (It can even be zero.) We’ll keep subtracting those bills until the total cost of your medical bills has been subtracted.

The bills must be for care you got in the 3 months before the month you applied to TennCare. For example, if you apply for TennCare in April, the bills must be for January, February and March.

These can be bills you’ve already paid. Or they can be bills you haven’t paid yet. But you must be expected to pay them. (You don’t have other insurance to pay for them.) What if a family member or someone else paid these bills? Send them only if they expect you to pay them back.

If you have medical bills like this, send them to TennCare. There are 2 ways to get them to us.

**Mail to:**
TennCare Connect
P.O. Box 305240
Nashville, TN 37230-5240

**Fax to:**
855-315-0669

On each page you send, be sure to write “for patient liability” and include your name and Social Security number.
Do you have Medicare or other insurance that helps pay for long-term care? If you do, that insurance must pay first. TennCare can’t pay for care that’s covered by Medicare or other insurance.

Do you have long-term care insurance that pays you? Then you must pay the amount you get to help cover the cost of your services in Employment and Community First CHOICES. This won’t lower the amount of any patient liability you owe. You must pay any long-term care insurance you get and any patient liability you owe.

Disenrollment from Employment Community First CHOICES

Your enrollment in Employment and Community First CHOICES and receipt of long-term services and supports can end for several reasons and may vary depending on the Employment and Community First CHOICES Group that you are enrolled in. We can recommend a member’s disenrollment from Employment and Community First CHOICES but TennCare will make the final decision. Some of the reasons you could be disenrolled from Employment and Community First CHOICES include:

- You no longer qualify for Medicaid
- You no longer need the level of care provided through Employment and Community First CHOICES
- You refuse to allow a Support Coordinator into your home. If a Support Coordinator can’t visit you in your home, we can’t be sure that you’re safe and healthy.
- The risk of harm to you or to people providing care in your home is too great
- Even though there are providers available to provide care, none of those providers are willing to provide your care
- You refuse to receive services that are identified in your person-centered support plan as needed services
- You no longer need and aren’t receiving any long-term services and supports
- You do not pay your patient liability

You can also be disenrolled if:

The cost of care you need in the home or community will be more than the cost of your expenditure cap. Except for ECF CHOICES Group 4, the cost of care includes any home health or private duty nursing you may need.

Your Support Coordinator will check regularly to make sure that the care you receive in your own home or in the community (including the cost of home health and private duty nursing) does not exceed your expenditure cap.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

If the only way you qualify for Medicaid is because you receive long-term services and supports and you’re disenrolled from Employment and Community First CHOICES, your TennCare may end too. Before it does, you’ll get a letter that says why. You’ll get a chance to qualify in another one of the groups that Medicaid covers.

Redetermination

As with all Medicaid programs, we are required to make sure that everyone still qualifies every year — called redetermination. We must make sure you still meet the medical and financial rules for Employment and Community First CHOICES. Be sure TennCare has your current address. If you move, tell us right away. Open your mail and watch for requests for information from TennCare so your coverage can continue. Your TennCare health plan can help, if you ask them. If you lose Employment and Community First CHOICES, there must be an open slot for you to enroll again.

Katie Beckett

What is the Katie Beckett Program?

The TennCare Katie Beckett Program is for children under age 18 with disabilities or complex medical needs who are not Medicaid eligible because of their parent’s income or assets. It helps to provide care for the child’s medical needs or disability that private insurance does not cover. The care is provided in the child’s home or in the community.

How do I apply for the Katie Beckett Program?

If your child is eligible for TennCare, your child is not eligible for the Katie Beckett Program. There is a limited amount of funding to serve people each year. This means that not everyone who wants to apply can enroll or get services right away.

Does someone you know that isn’t on TennCare want to apply for the Katie Beckett Program? They should contact the Department of Intellectual and Developmental Disabilities (DIDD) Regional Intake office in their area of the state.

- West Tennessee  866-372-5709
- Middle Tennessee  800-654-4839
- East Tennessee  888-531-9876

This office will help them find out if they qualify for the Katie Beckett Program.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Who can qualify to enroll in the Katie Beckett Program?

There are 3 groups in the Katie Beckett Program

1. **Katie Beckett Part A** (or “**Part A**” for short) is for children who would qualify for care in a medical institution—like a hospital, nursing home or ICF/IID (Intermediate Care Facility for Individuals with Intellectual Disabilities). But they want care at home instead.

2. **Medicaid Diversion, also known as Katie Beckett Part B** (or “**Part B**” for short) is for children who don’t qualify for care in an institution. But they’re “at risk” of going into one unless they can get services.

3. **Continued Eligibility** (or “**Part C**” for short) is for children who have Medicaid now, but their Medicaid is ending because their parents’ income or resources increased. Part C may allow the child to keep Medicaid if they would qualify to enroll in Part A, but there isn’t a slot open for the child right now. (We tell you more about “slots” below.)

If a child enrolls in Part C and then gets a Part A slot, they must move to Part A. They can’t stay in Part C anymore.

**Limits on enrollment into the Katie Beckett Program**

There is a limit on how many children can enroll in Part A and Part B. The limits are based on the amount of funding approved for the program.

Part A has funding to serve **up to 300** children. The actual number of children served in Part A will depend on the cost of services each child needs. If the cost of services is lower than expected, we can serve more children. If the cost of services is higher, we will serve fewer children.

Part B has funding to serve **up to 2,700** children.

We sometimes call these limits for each Part “slots.” To enroll your child in Part A or Part B, there must be an open slot in that Part for **your child**.

**How does TennCare decide who gets a slot?**

**Part A slots** are filled based on **need**. Children with the most complex medical needs will be served first. Children with the most complex behavioral needs will be served next. Other children who meet institutional level of care will be served after that.
**Part 3: TennCare Long-Term Services and Supports (LTSS) programs**

What if there is a tie — 2 children have the same medical or behavioral needs and there is only 1 slot? TennCare will decide who gets the slot based on things like:

- If the child’s condition is getting worse;
- The kinds of medical care the child has received;
- The kinds of medical and other care the child needs daily; and
- Other things that impact family caregivers.

Children with the highest needs will be served first in Part A.

**Part B slots** are filled on a first come, first serve basis. Children will be enrolled into open Part B slots based on when they applied or were placed on the Part B waiting list.

**Receiving services in the Katie Beckett Program**

The services your child can receive in the Katie Beckett Program depend on which Part they are enrolled in.

**Part A**

Children in Part A qualify for all the Medicaid benefits for children. This includes things like:

- Doctor and hospital visits;
- Dental care;
- Home health care;
- In-home nursing services;
- Medical equipment and supplies;
- Occupational Therapy, Physical Therapy, and Speech Therapy; and
- Non-emergency transportation (NEMT).

The services must be medically necessary. Private insurance must pay first. TennCare will help pay for those things private insurance doesn’t cover, including insurance deductibles and co-pays. Providers are expected to accept Medicaid as payment in full for Medicaid benefits. They should not bill you after TennCare has paid, even if TennCare doesn’t pay the full amount.

Children in Part A can also get extra help for their disability. This includes services that help the family meet their child’s needs at home. These are called Home and Community Based Services or HCBS. The total cost of HCBS a child in Part A gets can’t be more than $15,000 each year. This is the child’s yearly limit. It starts on January 1st each year and ends on December 31st each year.

116 **Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Children in Part A receive care up to the Comparable Cost of Institutional Care

In Katie Beckett Part A and C, TennCare will help pay for care for your child at home. The amount TennCare pays for the child’s care at home can’t be more than it would cost to provide their care in an institution. This is called “Comparable Cost of Institutional Care.” If it would cost more to provide your child’s care at home, your child doesn’t qualify for Part A or Part C. This is part of federal and state law and TennCare’s Katie Beckett waiver.

Your child’s cost of care includes ALL of the care TennCare pays for like doctor visits, hospital stays, and prescription drugs. Your child would get some kinds of care in an institution or at home. So, for the cost of care at home, we count things a child wouldn’t get in an institution. These are things like: home health, private duty nursing, personal medical equipment, outpatient or in-home therapy, community-based mental health services (including residential treatment), and other Home and Community Based Services (HCBS).

Your child’s cost of care in an institution depends on the kind of care your child might need and qualify to receive — like a hospital or nursing home. TennCare uses medical records to decide the kind of institutional care your child would qualify to receive. To be in Katie Beckett Part A or Part C, your child’s care at home can’t cost more than care in an institution.

In Katie Beckett, you must sign a form stating you understand that your child’s total costs can’t be more than their Comparable Cost of Institutional Care.

Part B

Children in Part B won’t get Medicaid benefits. But, the child will get services (HCBS) to help the family meet the child’s needs at home. This includes help paying for the child’s insurance and care the child needs that insurance doesn’t cover. The total cost of HCBS a child in Part B gets can’t be more than $10,000 each year. This is the child’s yearly limit. It starts on January 1st each year and ends on December 31st each year.

Part C

Children in Part C will receive all the Medicaid benefits for children. Children in Part C will not receive HCBS.

The kinds of services covered in each Part of the Katie Beckett Program are listed in a chart at the end of these pages. Some of the services have limits. This means that TennCare will only pay for a certain amount of these services. For HCBS, the chart tells you how each service can help your child, what Parts cover it, and the limits on that service. If you have questions about a service, ask your TennCare health plan or DIddd.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Prior authorization of Long-Term Services and Supports
Sometimes you may have to get an OK from us for your physical or behavioral health (mental health or substance use disorder) services before you receive them even if a doctor says you need the services. This is called prior authorization. Services that must have a prior authorization before you receive them will only be paid for if we say OK before the services are provided.

All long-term services and supports must be approved before we will pay for them. All home care services must be approved in your support plan before you receive them. Nursing home care may sometimes start before you get an OK, but you still need an OK before we will pay for it. We will not pay for any long-term services and supports unless you have an OK.

Using Katie Beckett HCBS providers that work with your TennCare health plan or DIDD. You must use providers that work with your TennCare health plan (or in Part B, with DIDD) for HCBS. In Part A, your health plan will tell you how to find a list of those providers — called a Provider Directory. The online Provider Directory is updated every week. You can also call your TennCare health plan to find out if a provider is in their network. In Part B, your Katie Beckett Case Manager will share a list of providers to pick from.

What is Consumer Direction?
Consumer Direction is a way of getting some of the services your child needs in the Katie Beckett Program. Consumer Direction gives you more choice and control over who gives your child’s support and how your child’s support is given. In Katie Beckett Part A and Part B, the services you can direct include only:

- Respite
- Supportive Home Care
- Community Transportation

In Consumer Direction, you actually employ the people who give some of your child’s services — they work for you (instead of a provider). This means that must be able to do the things that an employer would do. These include things like:

1. Hiring and training your workers
   - Find, interview and hire workers to provide care for you
   - Define workers’ job duties
   - Develop a job description for your workers
   - Train workers to deliver your care based on your needs and preferences
2. Setting and managing your workers’ schedule
   • Set the schedule at which your workers will give your care
   • Make sure your workers clock in and out using an EVV system every time they work
   • Make sure your workers provide only as much care as you are approved to receive
   • Make sure that no hourly worker gives you more than 40 hours of care in a week

3. Supervising your workers
   • Supervise your workers
   • Evaluate your workers’ job performance
   • Address problems or concerns with your workers’ performance
   • Fire a worker when needed

4. Overseeing workers’ pay and service notes
   • Decide how much your workers will be paid (within limits set by the State)
   • Review the time your workers report to be sure it’s right
   • Ensure there are good notes kept in your home about the care your workers provide

5. Having and using a back-up plan when needed
   • Develop a back-up plan to address times that a scheduled worker doesn’t show up
     (to make sure your child’s needs are met)
   • Activate the back-up plan when needed

You also have to manage the care your child needs within your child’s approved budget for each service.

What if you can’t do some or all of these things? Then you can choose another family member, friend, or someone close to you to do these things for your child. You’ll learn more about that if you choose Consumer Direction.

Can you pay a family member or friend to provide care in Consumer Direction?
Yes. The workers you hire can be people you know, including family members or friends. But TennCare won’t pay family members or others to provide support they would have given for free. TennCare only pays for care to meet needs that can’t be met by family members or others who help your child. AND, you can’t pay yourself or anyone who lives in the home with your child to provide Respite or Supportive Home Care.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Self-direction of health care tasks
If you’re in Consumer Direction, you may also choose to have consumer directed workers perform certain kinds of health care tasks for your child. Health care tasks are routine things like taking prescribed drugs that most people do for themselves every day. Usually, if you can’t perform health care tasks yourself and don’t have a family member to do them for you, they must be performed by a licensed nurse. But, in Consumer Direction, if your doctor says it’s OK, you can have your consumer directed workers do certain kinds of health care tasks for your child. You (or your Representative) must be able to train your workers on how to do each health care task and must supervise them in performing the task.

Please talk with your Case Manager if you have any questions about self-direction of health care tasks.

Electronic Visit Verification
Federal law says that any person that gives certain types of care paid for by Medicaid MUST use an electronic system to log the care they provide. This is called EVV (which stands for Electronic Visit Verification). Some of the services in Katie Beckett must use EVV. The EVV system collects and records information every time your worker comes to give your care. The law says that an EVV system MUST be used to record ALL of these things:

- Your name (the name of the person who received care)
- The service you received
- Your worker (the name of the person who provided your care)
- The date you got the care
- Where the care was provided
- The time it started
- The time it ended

ALL of this information must be recorded electronically at the time of EACH service your child receives. If it isn’t, your health plan or DIDD may not be able to pay for the care.

In Part A, your health plan can give you a tablet for your child’s workers to use. It’s important to keep your tablet charged and ready for the workers. You shouldn’t use it for other reasons.

If you don’t want a tablet, your child’s workers can use a smart phone or a phone in your home. But, to comply with the federal law, they MUST check in and check out EVERY time they come to your home. Please remind your child’s workers to use the EVV system when they come to your home every day. If they don’t, TennCare may not be able to pay for the care your child receives.

120 Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Your Nurse Care Manager

In Katie Beckett Part A, you will have a Nurse Care Manager. You should know who your Nurse Care Manager is and how to contact them. They will help you get the health, mental health and support services you need most to live in the community and help you reach your goals.

Your Nurse Care Manager will play a very important role. Your Nurse Care Manager is your primary contact person and is the first person that you should go to if you have any questions about your services.

Not sure who your Nurse Care Manager is or how to contact them?
You can call us at 1-800-690-1606.

Your Nurse Care Manager will:

- Provide information about the Katie Beckett Program and answer your questions
- Help you get the right kind of long-term services and supports in the right setting for you to address your needs
- Coordinate all of your physical health, behavioral health (mental health or substance use disorder) and long-term services and supports needs
- Help to fix problems and answer questions that you have about your care
- Communicate with your providers to make sure they know what’s happening with your health care and to coordinate your service delivery
- Do a comprehensive, individual assessment of your health and long-term services and supports needs; and
- Develop a Person-Centered Support Plan.

Changing Nurse Care Managers

If you’re unhappy with your Nurse Care Manager and would like a different one, you can ask us. You can have a new Nurse Care Manager if one is available. That doesn’t mean you can pick whoever you want to be your Nurse Care Manager. We must be able to meet the needs of all Katie Beckett members and assign staff in a way that allows us to do that. To ask for a different Nurse Care Manager, call us at 1-800-690-1606. Tell us why you want to change Nurse Care Manager. If we can’t give you a new Nurse Care Manager, we’ll tell you why. And, we’ll help to address any problems or concerns you have with your Nurse Care Manager.

There may be times when UnitedHealthcare Community Plan will have to change your Nurse Care Manager. This may happen if your Nurse Care Manager is no longer with UnitedHealthcare Community Plan, is off work for a while, or has too many members to give them the attention they need. If this happens, UnitedHealthcare Community Plan will send you a letter that says who your new Nurse Care Manager will be and how to contact them.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

You can contact your Nurse Care Manager anytime you have a question or concern about your services and supports. You do not need to wait until they visit or call you. You should contact your Nurse Care Manager anytime you have a change in your health condition or other things that may affect the kind or amount of support you need. If you need help after regular business hours that won’t wait until the next day, you can call us at 1-800-690-1606.

Your Person-Centered Support Plan

In Katie Beckett Part A and Part B, each child must have a support plan. (In Part A, it’s called a Person-Centered Support Plan or PCSP. In Part B, it’s called an Individual Support Plan or ISP.) This is the plan that helps guide the services and supports the child will receive. It tells the people who will support you:

- **What is important to you** — The things that really matter to you
- **What is important for you** — The supports you need to stay healthy and safe, and achieve your goals, and
- **How to support you** to have those things in your life.

Your support plan must include:

- Your strengths and needs
- The goals you want to reach
- The services and supports (paid and unpaid) you will receive to help you meet your goals
- How often you will receive those services and supports
- Who will provide them, and
- The settings (or places) they will be provided.

Your Nurse Care Manager or Katie Beckett Case Manager helps develop your support plan. They will help you to:

- Identify the services and supports you need
- Explore employment options and ways to be part of your community and build relationships
- Decide what services and supports you will need to meet your needs and reach your goals
- Develop and access other services and unpaid supports to help too
- Understand all of the services, providers and settings you can choose from
- Choose the services you will receive, your provider for each service, and settings (places) where you will receive those services
- Write your support plan based on your choices, preferences, and support needs, and
- Make sure you get the services in your support plan.

122 **Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Your support plan and how it’s developed is very important. Katie Beckett Part A and Part B can only pay for covered HCBS that are part of an approved support plan.

**Your support plan should be developed in a way that makes sure:**
- You get to help lead the planning process
- You receive the help you need to lead the planning process
- You get to make choices and to have the information you need to make those choices
- You have help from family, friends, advocates or anyone else you choose
- You get to speak for yourself
- You can have someone to speak for you and choose that person
- You have and use an interpreter if the language you speak or understand is not English

**Your support plan should also be developed in a way that makes sure:**
- You get to talk with your Nurse Care Manager or DIDD Katie Beckett Case Manager before the planning meeting if you want to
- You get to pick who to invite to the meeting (and decide if you *don’t* want someone there)
- The planning meeting is set at times and places that work best for you
- You get to help choose service providers before services begin, and at any time during the year if you want to change providers. Your health plan or DIDD will try to give you the providers you want. (The provider must be contracted with your health plan or DIDD and willing and able to provide your services.)
- You can choose to direct (or stop directing) some or all of the services that are part of Consumer Direction at any time
- You sign your support plan
- And, everyone who will provide services and supports (paid and unpaid) signs your support plan saying they are committed to implement your plan as written

**What if your child’s needs change and your child needs more support?**
Your child’s support plan is usually in effect for a year. But you can ask to change your child’s support plan anytime during the year if their needs or situation changes.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

You also have the right to file an appeal

Here are some of your appeal rights:

- You can appeal if you think an assessment doesn’t really match your child’s needs and you think they should get more and/or different services
- You can appeal if you don’t agree with the services in your child’s support plan
- You can appeal if a covered service that your child needs isn’t in your support plan
- You can appeal if your request to have your child’s support plan changed is denied, or your child’s support plan is not changed enough to meet your needs
- And, you can appeal if a service is in your child’s approved support plan, but you don’t receive it, or there is a delay in getting it

If you file an appeal, it doesn’t mean that you will get the services you want. But, TennCare will take another look at what you’re asking for. If TennCare agrees that the service is covered and that your child needs it, your child will get the service.

What if TennCare decides the service isn’t covered or that your child doesn’t need it? You may get a fair hearing. To get a fair hearing, the service(s) you want must be covered in the benefit group your child is in. That includes any limits on the service(s) and on the total cost of services your child can receive — your child’s yearly cost cap.

TennCare can only pay for services that are covered in the benefit group your child is in. If a service isn’t covered, or if you want more of a service than is covered, TennCare can’t pay for it.

If you file an appeal to keep a service your child has been getting, you may be able to keep it during the appeal. To keep getting a service during your appeal, it must be a covered benefit. And, your child must have an approved support plan. TennCare can only pay for services that are part of an approved support plan.

You can’t get a service during your appeal:

- If the service isn’t covered
- You don’t have an approved support plan that includes the service
- Or, you want to start getting a new service

Go to Part 6 of this handbook for more information on filing appeals.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Other requirements for the Katie Beckett Program

Getting and keeping private insurance
To enroll in Part A, a child must have and keep private insurance. This is the insurance their parents get from their job or buy separately. If a child doesn’t have private insurance when they apply, TennCare will allow the child to enroll and wait for the next open enrollment period to buy insurance.

What if the child doesn’t have private insurance and doesn’t get it by January 15th of the following year? They won’t qualify for Part A anymore. What if a child has private insurance but loses it after they enroll? You must tell TennCare right away. They will have 60 days after it ends to get private insurance again.

The new private insurance must meet the federal rules for minimum essential coverage. If your child doesn’t have private health insurance by the due date, your child won’t qualify to keep Katie Beckett anymore.

What if you can’t afford private insurance?
If a child applying for Katie Beckett doesn’t have private insurance, the family can ask for a hardship exception. A hardship exception can only be approved IF one of these things is true:

- The cost of private insurance for the child is more than 5% of their parents’ income
- The parents’ employer doesn’t offer insurance and the family’s income is less than 400% of federal poverty level. (This is because the family won’t qualify for premium assistance to help buy insurance on the federal marketplace.)

A hardship exception is ONLY available when a child first applies for Katie Beckett AND doesn’t already have private insurance. You can’t ask for hardship if your child already has private insurance OR if you lose private insurance later.

If TennCare decides the child qualifies for hardship, the family will still have to buy private insurance for the child. But TennCare will help pay for the child’s part of that insurance. You must provide proof of the cost of the child’s private insurance to get this help.

How will the child’s portion of private insurance be calculated?
The child’s cost of private insurance will be calculated by dividing the total premium by the number of family members covered by the policy. This likely overstates the child’s portion of cost, since insurance usually costs more for adults. This is a simple method that favors the interest of families.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Katie Beckett Part A premiums
To qualify for Part A, the child’s parents must pay a monthly premium if their income is more than 150% of the federal poverty level. The amount of the premium will depend on the family’s income, the number of people in the family, and the cost of the child’s private insurance. The amount a parent pays for the child’s part of private insurance will be deducted from the Part A premium amount. You can find examples of how this works on the TennCare and DIDD Katie Beckett websites. Premium amounts may be adjusted each year to account for changes in the Federal Poverty Level (FPL).

The first month of premium must be paid before a child can be enrolled in Part A. If the first month’s premium is not paid within 60 days, the slot will be given to another child. Your child will have to reapply for Katie Beckett.

Families will pay premiums monthly through automatic bank draft. You must pay your premium every month. If a family doesn’t pay the Part A premium each month, a child will be disenrolled from the program.

- If the premium payment is more than 30 days late, a child will stop getting services until it is paid
- If the premium payment is more than 60 days late, a child will be disenrolled from Part A

A notice will be sent before either of these things happen. The family can appeal if they think there’s a mistake.

If you child is disenrolled from Part A for not paying premiums, you will have to reapply for Katie Beckett. You will have to pay the premiums you owe before the child could qualify again. And, there must be an open slot. The child’s slot will not be held.

Disenrollment from the Katie Beckett Program
Your child’s enrollment in the Katie Beckett Program and receipt of long-term services and supports can end for several reasons. We can recommend a member’s disenrollment from the Katie Beckett Program TennCare will make the final decision. Some of the reasons you could be disenrolled from the Katie Beckett Program include:

- You fail to pay premiums timely
- Your child no longer needs the level of care provided through the Katie Beckett Program
- Your child is admitted to a medical institution for a period of at least 30 days unless the child is reasonable expected to discharge soon
- Your child is determined Medicaid eligible in another category

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

If your child is disenrolled from the Katie Beckett Program, their TennCare will end too. Before it does, you’ll get a letter that says why. You’ll get a chance to qualify in another one of the groups that Medicaid covers.

Renewing Katie Beckett coverage each year

As with all Medicaid programs, we are required to make sure that every child still qualifies every year — called redetermination. We must make sure you still meet the medical and financial rules for Katie Beckett. Be sure TennCare has your current address. If you move, tell us right away. Open your mail and watch for requests for information from TennCare or DIDD so your child’s coverage can continue. In Part A and Part C, your TennCare health plan can help, if you ask them. If a child loses Katie Beckett, there must be an open slot for them to enroll again. DIDD will renew Katie Beckett each year for children in Part B.

What is abuse, neglect and exploitation?

TennCare members have the right to be free from abuse, neglect and exploitation. It’s important that you understand how to identify and how to report abuse, neglect and exploitation.

**Abuse** can be...

- Physical abuse,
- Sexual abuse, or
- Emotional or psychological abuse.

It includes injury, unreasonable confinement, intimidation, or punishment that results in physical harm, pain or mental anguish.

Abuse of all forms is a “knowing” or “willful” act.

**Neglect** is the failure to provide services and supports that are necessary to avoid physical harm, mental anguish or mental illness and result in injury or probable risk of serious harm.

Neglect may or may not be intended.

**Exploitation** means that someone’s money or belongings are intentionally taken, misplaced or misused. Even if they are only taken for a short time or the person gave their consent, it may still be exploitation.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

Exploitation can include...

- Fraud or coercion,
- Forgery, or
- Unauthorized use of cash, bank accounts or credit cards.

If you think you or someone you know is a victim of abuse, neglect or exploitation or that any other member is a victim of abuse, neglect or exploitation, please tell your Care Coordinator, Support Coordinator or Case Manager.

Care Coordinators, Support Coordinators, Case Managers, and providers must report any suspected case of abuse, neglect or exploitation to DIDD.

You, your family, people who support you or any private citizen may report suspected abuse, neglect or exploitation directly to the DIDD Investigations Unit 24 hours a day.

The DIDD Abuse Hotline for reporting allegations is: 1-888-633-1313

You don’t have to tell them who you are when you report. DIDD will work with law enforcement as needed, and with Adult Protective Services and Child Protective Services.

Long-Term Care Ombudsman

The state’s Long-Term Care Ombudsman program offers assistance to persons living in nursing homes or other community-based residential settings, like an assisted living or critical adult care home. A Long-Term Care Ombudsman does not work for the facility, the state, or UnitedHealthcare Community Plan. This helps them to be fair and objective in resolving problems and concerns.

The Long-Term Care Ombudsman in each area of the state can:

- Provide information about admission to and discharge from long-term services and supports facilities
- Provide education about resident rights and responsibilities
- Help residents and their families resolve questions or problems they have been unable to address on their own with the facility. Concerns can include things like:
  - Quality of care;
  - Resident rights; or
  - Admissions, transfers, and discharges

To find out more about the Long-Term Care Ombudsman program, or to contact the Ombudsman in your area, call the Tennessee Commission on Aging and Disability for free at 877-236-0013.
Community Living Supports (CLS) Ombudsman

CLS is a type of support you can receive in your home if you are enrolled in CHOICES or the Employment and Community First (ECF) CHOICES programs. This Ombudsman works for the Area Agency on Aging and Disability in your area. UnitedHealthcare Community Plan will give them your name and they will call you.

Your Ombudsman can help you:

• Understand your rights and responsibilities. This includes your right to decide if you want these services, who provides your services, where you live, and who you live with.
• Exercise your rights when you need help
• Fix quality concerns or other problems you can’t fix with your provider or health plan
• Contact other places that can help you when you need it
• Understand, identify and report abuse, neglect, or exploitation

You can also call 1-866-836-6678 for free from anywhere in the state to be directed to your nearest Area Agency on Aging and Disabilities (AAAD).

Beneficiary support system

TennCare contracts with Disability Rights TN (DRT) to help people applying for or enrolled in CHOICES, Employment and Community First CHOICES, or Katie Beckett. We call this a beneficiary support system (BSS).

Here are things DRT can help you with:

• Connect you to help so you can apply for CHOICES, Employment and Community First CHOICES, or Katie Beckett
• Explain your rights and responsibilities
• Answer questions about TennCare, including CHOICES, Employment and Community First CHOICES, or Katie Beckett
• File and resolve concerns or complaints
• File appeals or find out about an appeal you’ve filed
• Provide facts about state fair hearings

There is no cost for any service. DRT can work with TennCare and your health plan to get answers if you need more help.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Here are ways you can ask DRT for help:

**Fill out form online:**
Go to the DRT website at [https://www.ltsshelptn.org/](https://www.ltsshelptn.org/).

**Call:**
Call DRT for free at **888-723-8193**.

**Email** DRT at this address: benefitshelp@disabilityrightstn.org.
Make sure to put this in your email:
- Your name or name of person needing help
- Call back number
- Best call back time

DRT has interpreter services, translation services, and other aids available at no cost to you. Tell DRT if you need this kind of help.

After you ask DRT for help, a Support Specialist will review your request. Here’s what can happen next:
- You may get information and resources to help you
- You may be referred to DRT’s intake team for more help
- You may be referred to TennCare, your TennCare health plan, or someone else for next steps. DRT can help with these next steps.

---

**Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at **1-800-690-1606**, TTY 711.
Estate recovery

What is estate recovery?
Estate recovery is the way TennCare collects money from the estates of people who passed away and received TennCare long-term services and supports. The kinds of care that must be paid back are listed below. TennCare is required by federal law to recoup (get back) these payments after the death of the recipient. This is referred to as “estate recovery.”

Estate recovery is using the value of property you leave behind when you die to pay TennCare back for care you received while you were living. Your “estate” is the property, belongings, money, and other assets that you own at the time of your death. Keep reading to find out who has to pay TennCare back and how much your estate will have to pay back.

TennCare can’t ask for the money back until after your death. TennCare can’t ask for more money back than we paid for your care. TennCare can’t ask your family to pay for your care out of their own pockets.

If the value of all of your assets at the time of your death is less than TennCare’s bill, TennCare is only entitled to the value of your assets and no more. For example, if the only thing that you own at the time of your death is a home valued at $50,000 but TennCare has a bill of $75,000, then TennCare is only entitled to collect $50,000. TennCare cannot seek repayment of the remaining amount from your family.

Who has to pay TennCare back for their care?
TennCare must ask to be repaid for money it spent on your care if you are:

- Age 55 and older and got care in a nursing home or ICF/IID, home care — called home and community-based services or HCBS, home health or private duty nursing

What kinds of care must be paid back to TennCare?
TennCare must ask to be repaid for:

- Care in a nursing home or ICF/IID
- Home care, known as home and community-based services or HCBS
- Home Health or private duty nursing
- Hospital care and prescription drugs related to your long-term care services
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

How much will your estate have to pay TennCare back for your care?
To provide long-term care, TennCare contracts with a health insurance company (also called a “managed care organization” or “MCO”). When someone receives TennCare, TennCare pays a monthly premium to the insurance company. The monthly premium is called a “capitation rate.” In return, the insurance company pays the health care provider (such as a nursing facility or other entity providing long-term care in the home/community) for the person’s care. Under federal law, TennCare is required to seek repayment of the premium payment it made to the insurance company on your behalf.

The premium payment made to the insurance company is the same each month, no matter what services you actually receive that month. The premium payment can also vary depending on what type of long-term care you have and the part of the state you live in.

TennCare may not have to get the money back from your estate if:
- You do not have money, property, or other assets when you die or
- The things you left can’t be used to pay people you owe through probate court. An example is life insurance money.

What if I sell or give away my home while I am receiving TennCare?
Then you must disclose to TennCare that you sold or gave away your home, which may affect your TennCare eligibility. You must also disclose any transfer made five years before you received TennCare. If you do not disclose the transfer, TennCare may have the transfer set aside and will seek repayment from your estate, family member(s), or any other person that participated in the transfer.

What are the reasons that TennCare may delay estate recovery?
In some situations, estate recovery is delayed or “deferred,” which means that it is not pursued until a later date. TennCare defers estate recovery for an individual’s estate when:
- You have a surviving husband or wife. TennCare may not recover against your estate until the death of your husband or wife.
- You have a child that is under the age of 21. TennCare may not recover against your estate until your child is over the age of 21.
- You have a blind or permanently disabled child. TennCare may not recover until the death of the disabled child.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

- You have a son or daughter whose care kept you out of the nursing home for at least two years. The son or daughter must reside at the property during this time and continue residing there after you pass away in order for the deferral to continue to exist. If the son or daughter sells or no longer resides at the home, then TennCare may collect its claim.
- Your brother or sister whose care kept you out of the nursing home lived in your home for a year before you got nursing home or home care. If the brother or sister passes away or no longer resides at the property, then the deferral no longer exists.
- If the property is the family’s only income, such as a family farm

How will your family find out if your estate owes money to TennCare?
To find out if the estate owes money to TennCare, your family or representative must submit a Request for Release Form to TennCare in one of three ways:

1. Get the Request for Release online at: https://www.tn.gov/content/dam/tn/tenncare/documents/releaseform.pdf
2. Get the Request for Release from the Probate Court Clerk’s office by asking for a “Request for Release from Estate Recovery.”
3. Get the Request for Release from TennCare by sending a letter or fax to:

<table>

Nashville, TN 37243 |

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 3: TennCare Long-Term Services and Supports (LTSS) programs

What if you do have to pay TennCare money from your estate?
Your family or representative has several options if there is a TennCare claim:

1. They can pay the TennCare claim from your remaining belongings
2. Your estate can be admitted to “Probate.” When this happens, a Court will appoint someone known as an administrator (or if you have a will this person is known as an executor) to sell your property, to pay any debts that you might have had while alive, and then give your heirs the remaining property/money if there is anything left. Your family or TennCare may request that an administrator be appointed for your estate.
3. They may apply for a deferral of Estate Recovery.

Part 4: How the TennCare program works for you

What you pay for your health care

Your copays
Preventive care is care that helps you stay well, like checkups, shots, pregnancy care, and childbirth. This kind of care is always free. You don’t have copays for preventive care. More information about preventive care is in Part 2.

For other care like hospital stays or sick child visits, you may have to pay part of the cost. Copays are what you pay for each health care service you get.

Not everyone on TennCare has copays. Your UnitedHealthcare Community Plan card will tell you if you have copays and what they are. Copays depend on:

- The kind of TennCare that you have (TennCare Medicaid or TennCare Standard), and
- Sometimes on your family’s monthly income before taxes, and
- How many people in your family live with you.

Do you have other insurance that pays for your health care? Because you also have TennCare, you only pay the TennCare copay. Later in this handbook you’ll learn more about how TennCare works with other insurance.

Pregnant women do not have copays for medicine they get while they are pregnant. People getting hospice care do not have copays for prescription medicines they get for hospice care. If you are pregnant or you are getting hospice care, you must tell the pharmacist so you will not be charged your copay.

You should only have to pay your copay for your care. You should not be billed for the rest of the cost of your care. If you are billed for the rest of the cost, you can appeal. See Part 5 of this handbook to find out what to do if you get a bill for your care.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 4: How the TennCare program works for you

None of the doctors or health care providers in UnitedHealthcare Community Plan can refuse to give you medically necessary services because you don’t pay your copays.

But, UnitedHealthcare Community Plan and your providers can take steps to collect any copays you owe.

Your health plan cards tell you if you have copays.

Your UnitedHealthcare Community Plan card tells you if you have copays for doctors, specialists, hospital and ER visits.

Your TennCare Pharmacy Plan card tells you if you have copays for prescription medicines.

The following pages tell you more about TennCare copays and where to call if you have questions.
### Part 4: How the TennCare program works for you

**TennCare copays**

Do you pay copays for a PCP, Specialist, ER visit, and hospital stay? Not sure? Check your UnitedHealthcare Community Plan card or call TennCare Connect at **855-259-0701**.

Do you have TennCare Medicaid? You can go to page 140.

The next section is only important for members who have TennCare Standard.

Do you have TennCare Standard? To find out what you must pay in copays for health care, look at your UnitedHealthcare Community Plan card or call TennCare Connect at 855-259-0701.

If you have TennCare Standard, you will have a limit on the total amount of copays you will pay each quarter (every three months). You should have gotten a letter from TennCare that said how much your limit would be. The copays you pay for each child on TennCare Standard will be combined to help you reach your limit each quarter.

Here’s how TennCare counts the quarters in one year:

1st Quarter: January, February, and March
2nd Quarter: April, May, and June
3rd Quarter: July, August, and September
4th Quarter: October, November, and December

Your family’s copay limit every 3 months is based on the income you report to TennCare. This limit is the most you will pay in copays each quarter.

Be sure to keep the receipts showing what you were charged in copays during the quarter. Keep them together in a safe place because you will need them later. Why? If you reach your out of pocket maximum in one quarter, you won’t pay any more copays for that quarter. But you must tell TennCare when you’ve reached your limit for the quarter.

As soon as your receipts total your limit during one quarter, call the TennCare Member Medical Appeals for free at 800-878-3192. Tell them you’ve reached your family’s copay limit. They will ask you to send them copies of your receipts showing your total.

Each receipt must show:

• The kind of care you got,
• The name of the person who got the care,
• The name of the doctor or other place that gave you the care,
• The date you got the care, and
• The amount you were charged for the care.

Important: A cash register receipt, Explanation of Benefits (EOB), or credit card receipt may not show everything we need.
Part 4: How the TennCare program works for you

After TennCare reviews your receipts, you’ll get a letter that says you’ve met your limit for that quarter. Once you get that letter, you won’t have to pay any more copays for that quarter. When the new quarter starts, you’ll pay your copays again.

What if your receipts for the quarter total more than your limit? Call TennCare Member Medical Appeals 800-878-3192. Tell them you’ve met your family’s copay limit.

If your income changes or your family size changes, your copays might change, too. You must report any changes in family size or income to TennCare by calling TennCare Connect as soon as possible.

Do you have questions about copays or your quarterly limit? TennCare Connect can answer those questions too. Call them for free at 855-259-0701.

How TennCare works with other insurance and Medicare

If you have other insurance, your TennCare works in a different way.

TennCare and other insurance
Part 1 of this handbook goes over the difference between TennCare Medicaid and TennCare Standard. The kind of benefits you have, whether you must pay a copay, and whether you can have other insurance and still qualify for TennCare all depend on the kind of TennCare you have. This section, will go over how TennCare works with other insurance.

Do you have Medicare? The next page tells you how TennCare works with Medicare.

TennCare Medicaid and other insurance
Most people who have TennCare Medicaid can have other health insurance. This is how your TennCare Medicaid works if you have other insurance.

- Your other health insurance must pay first, before your TennCare. This is called your “primary insurance.”
- Your TennCare pays for covered services that your other health insurance does not cover

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 4: How the TennCare program works for you

If you have other health insurance, you must tell:

- The place where you are getting health care so that they can bill the right insurance
- TennCare Connect so that TennCare knows about your other health insurance

What if you get a bill for services that you think you should not have to pay? If you have other insurance besides TennCare, it could be because your different health insurance companies are not being billed correctly. Call us at 1-800-690-1606 for help.

Copays

If your primary insurance pays first for a TennCare covered service, you should only pay your TennCare copay.

For example: your primary insurance has a $25 copay for a PCP office visit. But, you have TennCare Medicaid, and there is no TennCare copay for a PCP. What happens then? Your PCP should not charge you the copay but should file the claim for your visit with your primary insurance.

TennCare Standard and other insurance

Most people who have TennCare Standard can’t have other insurance or have “access” to group health insurance. "Access to group health insurance" means that you can get health insurance through an employer or some other group health plan. For TennCare Standard, it doesn’t matter how much the other insurance costs, or what services it covers. What matters is if the other insurance has been offered to you or is available to you.

Remember, TennCare Standard is for children who are under age 19 who are losing their TennCare Medicaid. When it was time to see if they could keep TennCare Medicaid, they weren’t eligible. But, the TennCare Standard rules say that these children can move to TennCare Standard if they don’t have access to group health insurance.

Having access to other insurance, even Medicare, is not allowed for children who have TennCare Standard.

Have you been in an accident?

Sometimes when you are in an accident, there is someone else who should pay for your health care. This could be a car accident or an accident at work. You must let us know who should pay for your health care if you are in an accident. Call us for free at 1-800-690-1606.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 4: How the TennCare program works for you

TennCare and Medicare

Medicare is counted the same as group health insurance. It is for people who are age 65 and older, and for some people of any age who Social Security says are disabled. People with end stage renal disease can have Medicare too.

These are the different parts of Medicare:

- **Part A** is for hospital stays, skilled nursing facility care, home health care, and hospice care.
- **Part B** is for your doctor’s services and outpatient care.
- **Part D** is for prescription medicines.

There are also other ways to have Medicare. These are called **Medicare Health Plans (these plans are sometimes called Medicare Part C)**. These plans put all of the parts A, B, and D together for you in one plan.

Medicare charges you for premiums, deductibles, and copays. If you can’t pay for these, you can apply for a program called **QMB**.

QMB (Qualified Medicare Beneficiary) pays for:

- Your Medicare premiums
- The hospital deductible that Medicare doesn’t pay
- The part of each doctor bill that Medicare doesn’t pay

You apply for QMB by calling TennCare Connect at 855-259-0701.

If you have Medicare and get SSI, you already have QMB. You don’t need to apply.

To learn more about Medicare, call them at **800-633-4227**. It’s a free call.

Another place that can help you with Medicare is called SHIP (State Health Insurance Assistance Program). To get help with Medicare, you can call SHIP for free at **877-801-0044**.
Part 4: How the TennCare program works for you

If you have TennCare and Medicare, your TennCare works in a different way.

- **Your Medicare is your first (primary) insurance.** Hospitals, doctors and other health care providers will bill Medicare first.

- **Your TennCare is your second (secondary) insurance.** After your providers bill Medicare, they will also bill TennCare for your Medicare copays and deductibles. **Remember,** TennCare won’t pay at all for prescriptions when adults have Medicare. Are you under age 21 with Medicare? Keep reading to find out when TennCare pays for your prescriptions.

- Do you have TennCare Medicaid because you are enrolled in the Breast and/or Cervical Cancer (BCC) Program? Then you **can’t also** have Medicare. If you become eligible for Medicare while you are enrolled in the BCC program, TennCare will send you a letter. It will say they must see if you’re eligible for TennCare Medicaid another way.

- If you need health care that’s not covered by Medicare but is covered by TennCare, go to a UnitedHealthcare Community Plan provider for those TennCare covered services, so that TennCare will pay for them.

- For Medicare adults age 21 or older, TennCare **does not** pay for prescription medicines. Medicare Part D pays for your prescription medicines.

- For children under age 21 who have both TennCare and Medicare:
  - Medicare Part D pays for most of your prescription medicines. TennCare **does not** pay the copay for your Medicare prescriptions.
  - And, TennCare will pay for only those TennCare covered medicines that Medicare does not cover.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 5:
Help for problems with your health care or TennCare

Kinds of problems and what you can do

You can have different kinds of problems with your health care.

You can fix some problems just by making a phone call. If you have complaints or problems about your health care, call us at 1-800-690-1606 for help.

Some problems may take more work to fix. Here are some examples of different kinds of problems and ways that you can fix them.

Need a new TennCare card

If your card is lost or stolen, or if the information on your card is wrong, you can get a new one.

- For a new UnitedHealthcare Community Plan card, call 1-800-690-1606
- For a new Prescription Card, call TennCare’s pharmacy help desk at 888-816-1680

You don’t have to wait for your new card to get your care or medicine. Tell your doctor or the drug store that you have TennCare.

Need to find a doctor or change your doctor?

You can learn how to find a new doctor in Part 1 of this handbook.

Are you changing because you are unhappy with the doctor you have? Please tell us. Call us at 1-800-690-1606. We want to make sure that you get good care.
Part 5: Help for problems with your health care or TennCare

Need to make a complaint about your care?

If you are not happy with the care that you are getting, call us at 1-800-690-1606. Tell us that you need to make a complaint.

No one can do anything bad to you if you make a complaint. We want to help you get good care.

Need help with a ride to your health care appointment?

If you don’t have a way to get to your health care visits, you may be able to get a ride from TennCare. Do you need help with a ride? Are you having problems setting up your ride or getting to your appointment on time? Call us at 1-800-690-1606 to tell us you need help.

Need to change your health plan?

If you want to change health plans because you’re having problems getting health care, tell us. Call us at 1-800-690-1606. We’ll help you fix the problem. You don’t have to change health plans to get the care you need.

• Do you want to change health plans so you can see a doctor that takes that plan?

• **Remember:** You must make sure that all of your doctors take your new health plan. You’ll only be able to see doctors that take your new plan.

• **What if you have an OK from your health plan for care you haven’t gotten?** If you change plans and still need the care, you’ll have to get a new OK from your new plan.

Check these things before you decide to change health plans:

• Does the doctor take the health plan you want to change to?

• Is the health plan you want to change to taking new TennCare members?

**There are two times when it’s easy to change your health plan.**

1. When you first get TennCare, you have **90 days** to change your health plan. When you get TennCare, they send you a letter. That letter says how to change your health plan within the first 90 days.

2. Once a year during your “**open enrollment month**.” When you can change depends on where you live.

Questions? Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at 1-800-690-1606, TTY 711.
Part 5: Help for problems with your health care or TennCare

Find your county below:

- **Do you live in one of these West TN counties?** Benton, Carroll, Chester, Crockett, Decatur, Dyer, Fayette, Gibson, Hardeman, Hardin, Haywood, Henderson, Henry, Lake, Lauderdale, Madison, McNairy, Obion, Shelby, Tipton, or Weakley
  
  If so, you can change your health plan **only** during the month of **March**. Your new health plan assignment would begin May 1st. Until then, we would continue to provide your care.

- **Do you live in one of these Middle TN counties?** Bedford, Cannon, Cheatham, Clay, Coffee, Cumberland, Davidson, DeKalb, Dickson, Fentress, Giles, Hickman, Houston, Humphreys, Jackson, Lawrence, Lewis, Lincoln, Macon, Marshall, Maury, Montgomery, Moore, Overton, Perry, Pickett, Putnam, Robertson, Rutherford, Smith, Stewart, Sumner, Trousdale, Van Buren, Warren, Wayne, White, Williamson, or Wilson
  
  If so, you can change your health plan **only** during the month of **May**. Your new health plan assignment would begin July 1st. Until then, we would continue to provide your care.

- **Do you live in one of these East TN counties?** Anderson, Bledsoe, Blount, Bradley, Campbell, Carter, Claiborne, Cocke, Franklin, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hawkins, Jefferson, Johnson, Knox, Loudon, Marion, McMinn, Meigs, Monroe, Morgan, Polk, Rhea, Roane, Scott, Sequatchie, Sevier, Sullivan, Unicoi, Union, or Washington
  
  If so, you can change your health plan **only** during the month of **July**. Your new health plan assignment would begin September 1st. Until then, we would continue to provide your care.

**Important:** You have until the last day of your open enrollment month to ask to change your health plan.

**Other reasons that you can ask to change your health plan are if:**

- You have family members in the health plan you want to change to

- **Or,** TennCare made a mistake by giving you a health plan that doesn’t do business in the area where you live

- **Or,** you moved and your health plan doesn’t do business in the area where you now live

**Do you get LTSS (Long-Term Services and Supports)?** You can also ask to change health plans if care you need is not available in your current plan but is available in a different health plan. The hardship rules below also apply to LTSS CHOICES and Employment and Community First CHOICES.
Part 5: Help for problems with your health care or TennCare

You may be able to change your health plan if you have a hardship reason to change

But to meet hardship, all of these things must be true for you:

1. You have a medical condition that requires difficult, extensive, and ongoing care, and
2. Your specialist* no longer takes your health plan, and
3. Your health plan doesn’t have a specialist that can give you the care that you need, and
4. Your health plan can’t work with your specialist to get you the care that you need, and
5. Your specialist takes the health plan you want to change to, and
6. The health plan you want to change to is taking new TennCare members.

To ask to change your health plan you must tell TennCare:

- Your Social Security number. If you don’t have that number, give your date of birth. Include the month, day and year.
- The name of the health plan you want
- And, the reason you want to change health plans

Call TennCare Member Medical Appeals at 800-878-3192. Tell them you want to change your health plan.

Or you can write to them on plain paper. If you write to TennCare Member Medical Appeals make sure you tell them:

- Your name (first, middle initial and last name)
- Your Social Security Number
- The name of the health plan listed above that you want to change to
- The name and Social Security number of anyone else in your family that also needs to change to this health plan
- Your daytime phone number and the best time to call

Mail your request to:

TennCare Member Medical Appeals
P.O. Box 000593
Nashville, TN 37202-0593

Fax to:

888-345-5575

* A specialist is a doctor who gives care for a certain illness or part of the body. One kind of specialist is a cardiologist who is a doctor that treats you for heart problems. Another is an oncologist who is a doctor that treats you for cancer. There are many different kinds of specialists.

Questions? Visit myuhc.com/CommunityPlan, 147 or call Member Services at 1-800-690-1606, TTY 711.
Part 5: Help for problems with your health care or TennCare

Need help getting your prescription medicines?

Part 2 of this handbook tells you how TennCare works for prescription medicines.

Do you need a doctor to prescribe your medicine for you?
What if you need to find a doctor, or your doctor won’t prescribe the medicine you need? Call us at 1-800-690-1606.

Do you need an OK from TennCare to get your medicine? It’s called a “prior authorization” or PA.
If your medicine needs an OK, call your doctor. Ask your doctor to:
• Call the TennCare Pharmacy Program to get TennCare’s OK for this medicine
• Or, change your prescription to one that doesn’t need an OK

What if your doctor doesn’t ask for TennCare’s OK or change your prescription? Then, you can ask TennCare to OK your medicine. Call 800-639-9156.

What if your doctor asks for an OK and TennCare says no?
You can ask your doctor to prescribe a different medicine that doesn’t need an OK. Or, if you think TennCare made a mistake, you can appeal. You have 60 days after TennCare says no to appeal. For more information on how to appeal see Part 6 of this handbook.

Did you get a letter that said you asked TennCare to pay for more than 5 prescriptions or more than 2 brand name medicines this month?
• Call your doctor to see if you need all the medicine you’re taking
• What if he says you do? Then you may want to ask your doctor to help you pick the medicines that are most important

Or, you can ask your drug store to help you pick the medicines that cost most. Each month, get those filled first so TennCare will pay for them.
• You can ask the drug store or your doctor if your medicine is on the Automatic Exemption Lists. (That’s TennCare’s lists of medicines that won’t count against your prescription limit.)
• Even if you’ve gotten 5 prescriptions or 2 brand name medicines in 1 month, you can still get medicines on those lists
• If you asked TennCare to pay for too many brand name medicines, ask your doctor to prescribe generic medicines

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 5: Help for problems with your health care or TennCare

For more information on the Automatic Exemption Lists, see Part 2 and Part 5 of this handbook. To get a current list of both, go to:
https://www.tn.gov/tenncare/members-applicants/pharmacy.html
http://www.tn.gov/tenncare/mem-pharmacy.shtml

Or, if you think TennCare made a mistake counting your prescriptions this month, you can appeal. In your appeal, tell TennCare:

1. Your Social Security number. If you don’t have that number, give your date of birth. Include the month, day and year.
2. The kind of medicine you are appealing about
3. And the reason you want to appeal — that you think TennCare made a mistake counting your prescriptions this month. Tell us as much about the problem as you can.

Be sure you include any mistake you think TennCare made. Send copies of any papers that you think may help us understand your problem. You can appeal by mail, fax, or telephone. For more information on how to file an appeal, see Part 6 of this handbook.

Did the drug store say you don’t have TennCare prescription coverage anymore?
There are two ways this might happen:

1. For adults who have Medicare and TennCare, TennCare doesn’t pay for prescriptions anymore. You must get your medicine through Medicare Part D. For help with Medicare Part D, call your Part D plan. Or, you can call Medicare at 800-633-4227. Sometimes your drug store can help you with Medicare Part D, too.
2. If you are an adult on TennCare Standard, your TennCare doesn’t pay for prescriptions for you. To see if you can get other help with your medicine, call Cover RX at 866-268-3786.

Did the drug store say that they can’t fill your prescriptions because you don’t have TennCare?
Before your TennCare ends, you will get a letter in the mail. The letter will say why your TennCare is ending. It will also say how to appeal. But, if you move and don’t tell TennCare, you may not get the letter. You may not find out that your TennCare ended until you go to the drug store.

Do you think TennCare made a mistake?
Call TennCare Connect at 855-259-0701. They can tell you if you have TennCare, or if it ended. If you think TennCare made a mistake, they can tell you if you still have time to appeal.
Part 5: Help for problems with your health care or TennCare

Need help getting your health care services?

Part 2 of this handbook tells you about the health care services that TennCare pays for.

For problems about physical and/or behavioral health (mental health, alcohol or substance use disorder) care, always call us at 1-800-690-1606 first.

If you still can’t get the care you need, you can call TennCare Member Medical Appeals at 800-878-3192. Call Monday through Friday from 8:00 a.m. until 4:30 p.m. Central Time. But if you have an emergency, you can call anytime.

Do you need an OK before TennCare will pay for your health care?
It’s called a “prior authorization” or PA. If your care needs an OK, call your doctor. Your doctor has to ask us for an OK.

Did we say no when your doctor asked for an OK for your care?
Call your doctor and/or behavioral health (mental health or substance use disorder) provider and tell him or her that we said no.

If you or your doctor thinks we made a mistake, you can appeal. You have 60 days after your health plan says no to appeal. For information on Appeals, go to Part 6 of this handbook.

Did you pay for health care that you think TennCare should pay for? Or, are you getting billed for health care that you think TennCare should pay for?

Sometimes you might get a bill if the doctor doesn’t know that you have TennCare. Every time you get care, you must:

• Tell the doctor or other place you get care that you have TennCare
• Show them your TennCare card

If you’ve gotten health care that you think TennCare should pay for, call us at 1-800-690-1606. If you’re getting bills for the care, we can help you find out why. If you paid for the care, we’ll see if we can pay you back.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 5: Help for problems with your health care or TennCare

Or you can appeal. If you’re getting bills, you have 60 days from when you get your first bill to appeal. If you paid for the care, you have 60 days after you pay to appeal.

For information on Appeals, go to Part 6 of this handbook.

Ways your TennCare could end

You can ask to end your TennCare. There are 2 ways to ask to end your TennCare:

<table>
<thead>
<tr>
<th>There are 2 ways to ask to end your TennCare:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Mail:</strong></td>
</tr>
<tr>
<td><img src="image" alt="Mail" /></td>
</tr>
<tr>
<td><strong>Send a letter</strong> to TennCare Connect that says you want to end your TennCare. Include your name, Social Security number and make sure you <em>sign</em> the letter.</td>
</tr>
<tr>
<td><strong>Call:</strong></td>
</tr>
<tr>
<td><img src="image" alt="Call" /></td>
</tr>
<tr>
<td><strong>Call</strong> TennCare Connect for free at <strong>855-259-0701</strong>. Let them know you want to end your TennCare.</td>
</tr>
</tbody>
</table>

**Important:** If you don’t sign your letter it will delay your request. You may have to send in another request with your signature.

Do you want to end TennCare for other family members? Put their names and Social Security numbers in the letter too.

<table>

</tr>
<tr>
<td><strong>855-315-0669</strong></td>
</tr>
</tbody>
</table>
Part 5: Help for problems with your health care or TennCare

Other ways that your TennCare can end:

- If something changes for you and you don’t meet the rules for TennCare anymore
- If you let someone else use your TennCare card
- If you don’t follow the rules of UnitedHealthcare Community Plan or TennCare, more than once
- If you don’t fill out your Renewal Packet for your TennCare when you are asked to. **TennCare members must renew their TennCare each year.** When it’s time to see if you still qualify for TennCare, TennCare will send you a letter and a Renewal Packet in the mail.

**Before your TennCare ends**, you will get a letter in the mail. The letter will tell you why your TennCare is ending. It also tells you how to file an appeal if you think they’ve made a mistake.

Do you need more help with health care? Or do you need more help with mental health care or drug or alcohol treatment?

Or help with other TennCare problems?

Call the **TennCare Advocacy Program**. Call them for free at 800-758-1638.
Part 6:
TennCare appeals

Two kinds of appeals

An appeal is one way to fix mistakes in TennCare. When you appeal, you’re asking to tell a judge the mistake you think TennCare made. It’s called a fair hearing.

Your right to appeal and right to a fair hearing are explained more in Part 7 of this handbook.

There are 2 different kinds of appeals: Eligibility Appeals and Medical Service Appeals.

Eligibility Appeals:
Eligibility Appeals are for problems like getting or keeping enrollment in TennCare, disagreeing with the kind of TennCare you have, or if you think your income or copay amounts are wrong. Eligibility appeals go to the Eligibility Appeals Unit at TennCare Connect. Page 159 tells you more about filing an eligibility appeal.

Medical Service Appeals:
Medical Service appeals are for people who have TennCare. Medical Service appeals are for problems like getting your health plan to OK a service your doctor says you need, or getting assigned to the health plan you want. Medical Service appeals go to TennCare Member Medical Appeals. Page 155 tells you more about filing a medical service appeal.

UnitedHealthcare Community Plan will send you a letter if your doctor’s request for you to get a medicine or medical service is denied. UnitedHealthcare Community Plan will also send a letter if we try to stop or reduce care you have been getting. The letter will tell you how you can appeal.

Whenever you need a service that UnitedHealthcare Community Plan has denied, you have the right to ask TennCare for an appeal. For problems getting health care, always call us at 1-800-690-1606 first.

If you still can’t get the care you need, you can file a medical appeal by calling TennCare Member Medical Appeals at 800-878-3192.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 6: TennCare appeals

You have **60 days after you find out there’s a problem to appeal.** So, if you get a denial letter from UnitedHealthcare Community Plan, you have 60 days from the date on the denial letter to file an appeal.

- For care or medicine you still need, you have **60 days** after TennCare or UnitedHealthcare Community Plan says we won’t pay for the care
- For health care bills you think TennCare should pay, you have **60 days** after you get your first bill
- For care you paid for, you have **60 days** after you pay for the care

**Keeping your care during your appeal (Continuation of Benefits)**

If you are already getting care, you may be able to keep getting it during your appeal. To keep getting care during your appeal, **all** of these things must be true:

1. You must appeal by the date your care will stop or change or within 10 days of the date on the letter from your health plan (whichever date is later).
2. You must say in your appeal that you want to keep getting the care during the appeal.
3. The appeal must be for the **kind** and **amount** of care you’ve been getting that has been stopped or changed.
4. You must have a doctor’s order for the care (if one is needed).
5. The care must be something that TennCare still covers.

**Important:** What if you want to keep getting care **during** your appeal and you lose your appeal? You may have to pay TennCare back for the care you got during your appeal.

**Do you think you have an emergency?**

Usually, your appeal is decided within **90 days** after you file it. But, if you have an emergency and your health plan agrees that you do, you will get an expedited appeal. An **expedited appeal** will be decided in about one week. It could take longer if your health plan needs more time to get your medical records.

An emergency means waiting 90 days for a “yes” or “no” decision could put your life or physical or mental health in real danger.

If one of those things is true for you, you can ask TennCare for an emergency appeal. Your **doctor** can also ask for this kind of appeal for you. But the law requires your doctor to have your **permission (OK)** in writing. **Write your name, your date of birth, your doctor’s name, and your permission for them to appeal for you** on a piece of paper. Then fax or mail it to TennCare Member Medical Appeals (see below). What if you don’t send TennCare your OK and your doctor asks for an expedited appeal? TennCare will send you a page to fill out, sign and send back to us.

After you give your OK in writing your doctor can help by completing a Provider’s Expedited Appeal

**Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Certificate like the one in Part 8 of this handbook. If your appeal is an emergency, you can have your doctor sign the Provider’s Expedited Appeal Certificate. Your doctor should fax the certificate to 888-345-5575.

TennCare and your health plan will then look at your appeal and decide if it should be expedited. **If it should be**, you will get a decision on your appeal in about one week. Remember, it could take a few more days if your health plan needs more time to get your medical records. But, if your health plan decides your appeal should not be expedited, then you will get a hearing decision within 90 days from the date you filed your appeal.

<table>
<thead>
<tr>
<th>How to file a medical appeal</th>

| You can mail an appeal page or a letter about your problem to:  
  TennCare Medical Member Appeals  
  P.O. Box 000593  
  Nashville, TN 37202-0593  
  You can use the medical appeal page in Part 8 of this handbook. If you give your OK, someone else like a friend or your doctor can fill the page out. To print an appeal page off the Internet, go to: [https://www.tn.gov/content/dam/tn/tenncare/documents/medappeal.pdf](https://www.tn.gov/content/dam/tn/tenncare/documents/medappeal.pdf). If you need another medical appeal page or want TennCare to send you one, call TennCare Member Medical Appeals at **800-878-3192**. Or, you can write your appeal on plain paper.
  
  Keep a copy of your appeal. Write down the date that you mailed it to TennCare. |
| **Fax:**                    |
| You can fax your appeal page or letter for free to **888-345-5575**.  
  Keep the paper that shows your fax went through. |
Part 6: TennCare appeals

For all medical appeals, TennCare needs:

- Your **name** (the name of the person who wants to appeal about their care or medicine)
- Your **Social Security number**. If you don’t have the SSN number, give your date of birth. Include the month, day and year.
- The **address** where you get your mail
- The **name** of the person to call if TennCare has a question about your appeal (this can be you, or someone else)
- A **daytime phone number** for that person (this can be your phone number, or another person’s phone number)

What else does TennCare need to work your appeal?
To get a fair hearing about health care problems, **you must do both of these things**:

- You must give TennCare the **facts** they need to work your appeal
- And, you must tell TennCare the **mistake** you think we made. It must be something that, if you’re right, means that TennCare will pay for this care.

Depending on the reason you are filing a medical appeal, here are some other kinds of information you must tell TennCare:

Are you appealing about **care or medicine you still need**? Tell TennCare:

- The kind of health care or medicine you are appealing about
- And the reason you want to appeal. Tell TennCare as much about the problem as you can. Be sure you say what mistake you think TennCare made. Send copies of any papers that you think may help TennCare understand your problem.

Are you appealing because you want to **change health plans**? Tell TennCare:

- The **name of the health plan you want**
- And, the **reason you want to change health plans**

156  **Questions?** Visit [myuhc.com/CommunityPlan](http://myuhc.com/CommunityPlan), or call Member Services at **1-800-690-1606**, TTY **711**.
Part 6: TennCare appeals

Are you appealing for care you’ve already gotten that you think TennCare should pay for? Tell TennCare:

- The date you got the care or medicine you want TennCare to pay for
- The name of the doctor or other place that gave you the care or medicine. (If you have it, include the address and phone number of the doctor or other place that gave you the care.)
- If you paid for the care or medicine, also give TennCare a copy of a receipt that proves you paid. Your receipt must show:
  - The kind of care you got that you want TennCare to pay for
  - And the name of the person who got the care
  - And the name of the doctor or other place that gave you the care
  - And the date you got the care
  - And the amount you paid for the care
- If you’re getting a bill for the care or medicine, give TennCare a copy of a bill. Your bill must show:
  - The kind of care that you’re being billed for
  - And the name of the person who got the care
  - And the name of the doctor or other place that gave you the care
  - And the date you got the care
  - And the amount you are being billed

How to appeal health care problems

What does TennCare do when you appeal about a health care problem?

1. When TennCare gets your appeal, they will send you a letter that says they got your appeal. If you asked to keep getting your care during your appeal, it will say if you can keep getting your care. If you asked for an emergency appeal, it will say if you can have an emergency appeal.

2. If TennCare needs more facts to work your appeal, you’ll get a letter that says what facts they still need. You should give TennCare all of the facts that they ask for as soon as possible. If you don’t, your appeal may end.

3. TennCare must decide a regular appeal in 90 days. If you have an emergency appeal, they’ll try to decide your appeal in about one week (unless they need more time to get your medical records).

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
4. **To decide your appeal, you may need a fair hearing.** To get a fair hearing, you must say TennCare made a mistake that, if you’re right, means you’ll get the health care or service you’re asking for. You may **not** get a fair hearing if you’re asking for care or services that are not covered by TennCare. A fair hearing lets you tell a judge the mistake you think TennCare made. If TennCare says that you can have a fair hearing, you will get a letter that says when your hearing will be.

**What happens at a fair hearing about health care problems?**

1. **Your hearing** can be by phone or in person. The different people who may be at your hearing include:
   - An administrative judge
   - A TennCare lawyer
   - A witness for TennCare (someone like a doctor or nurse from TennCare),
   - You can talk for yourself. Or, you can bring someone else, like a friend or a lawyer, to talk for you.

2. **During the hearing**, you get to tell the judge about the mistake you think TennCare made. You can give the judge facts and proof about your health and medical care. The judge will listen to everyone’s side.

3. **After the hearing**, you will get a letter that tells you the judge’s answer. What if the judge says you win your appeal? TennCare must agree that it’s the right decision based on the facts of your case. Federal law says that **a judge’s decision is not final until TennCare OKs it**. If TennCare overturns a judge’s decision, we must tell you why in writing. You can challenge TennCare’s decision.

Remember, you can find out more about your Rights to a Fair Hearing, in Part 7 of this handbook.

Eligibility appeals – Getting or keeping TennCare and other TennCare problems

An appeal about TennCare problems other than health care is called an eligibility appeal. An eligibility appeal goes to the Eligibility Appeals Unit at TennCare Connect.

An eligibility appeal is used for TennCare problems like:
- You get a letter that says your TennCare will end,
- Or, your TennCare has ended but you didn’t get a letter because you moved,
- Or, you think your TennCare copays are wrong,
- Or, you think TennCare gave you the wrong benefit package.

If you have a problem like one of those listed above, call TennCare Connect at 855-259-0701. They will check to see if a mistake has been made. If they decide you’re right, they will fix the problem. But if they say no, and you still think a mistake has been made in your case, you can appeal.

Part 6: TennCare appeals

To file an eligibility appeal in writing you must include:

- **Your full name** (first name, middle initial, last name)
- **Your Social Security number**
- The **names of other people who live with you** with the same problem
- **Your daytime phone number** with the best time to call
- The **specific mistake** you think was made. Tell as much about the problem as you can.
- Send **copies** of any papers that show why you think the mistake was made

Keep a copy of your appeal. Write down the date that you mailed it to TennCare.
Part 7:
Your rights and responsibilities

Your rights and responsibilities as a TennCare and UnitedHealthcare Community Plan member

You have the right to:

- Be treated with respect and in a dignified way. You have a right to privacy and to have your medical and financial information treated with privacy.
- Ask for and get information about UnitedHealthcare Community Plan, its policies, its services, its caregivers, and members’ rights and duties.
- Ask for and get information about how UnitedHealthcare Community Plan pays its providers, including any kind of bonus for care based on cost or quality.
- Ask for and get information about your medical records as the federal and state laws say. You can see your medical records, get copies of your medical records, and ask to correct your medical records if they are wrong.
- **Get services without being treated in a different way** because of race, color, birthplace, language, sex, age, religion, disability, or other groups protected by the civil rights laws. You have a right to report or file a written complaint if you think you have been treated differently. Being treated differently means you’ve been discriminated against. If you complain, you have the right to keep getting care without fear of bad treatment from UnitedHealthcare Community Plan, providers, or TennCare. To file a complaint or learn more about your rights visit: https://www.tn.gov/tenncare/members-applicants/civil-rights-compliance.html.
- Get care without fear of physical restraint or seclusion used for bullying, discipline, convenience or revenge.
- Make appeals or complaints about UnitedHealthcare Community Plan or your care. Part 5 and Part 6 of this handbook tells you how.
- Make suggestions about your rights and responsibilities or how UnitedHealthcare Community Plan works.
- Choose a PCP in the UnitedHealthcare Community Plan network. You can turn down care from certain providers.
- Get medically necessary care that is right for you, when you need it. This includes getting emergency services, 24 hours a day, 7 days a week.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.

Table of contents
Part 7: Your rights and responsibilities

- Be told in an easy-to-understand way about your care and all of the different kinds of treatment that could work for you, no matter what they cost or even if they aren’t covered
- Help to make decisions about your health care
- Make a living will or advance care plan and be told about Advance Medical Directives
- Change health plans. If you are new to TennCare, you can change health plans once during the 90 days after you get TennCare. After that, you can ask to change health plans through an appeal process. There are certain reasons why you can change health plans. Part 5 and Part 6 of this handbook tells you more about changing health plans.
- Ask TennCare and UnitedHealthcare Community Plan to look again at any mistake you think they made about getting on TennCare or keeping your TennCare or about getting your health care
- End your TennCare at any time
- Exercise any of these rights without changing the way UnitedHealthcare Community Plan or its providers treat you

Your rights to stay with UnitedHealthcare Community Plan
As a UnitedHealthcare Community Plan member, you cannot be moved from UnitedHealthcare Community Plan just because:
- Your health gets worse
- You already have a medical problem. This is called a pre-existing condition.
- Your medical treatment is expensive
- Of how you use your services
- You have a behavioral health (mental health or substance use disorder) condition
- Your special needs make you act in an uncooperative or disruptive way

The only reasons you can be moved from UnitedHealthcare Community Plan are:
- If you change health plans
- If you move out of the UnitedHealthcare Community Plan area
- If you let someone else use your ID cards, or if you use your TennCare to get medicines to sell
- If you end your TennCare or your TennCare ends for other reasons
- If you don’t renew your TennCare when it is time, or if you don’t give TennCare information they ask for when it is time to renew
- If you don’t let TennCare and UnitedHealthcare Community Plan know that you moved, and they can’t find you
- If you lie to get or keep your TennCare
- Upon your death

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
You have the responsibility to:

- Understand the information in your member handbook and other papers that we send you
- Show your UnitedHealthcare Community Plan ID card whenever you get health care. If you have other insurance, you must show that card too.
- Go to your PCP for all your medical care unless:
  - Your PCP sends you to a specialist for care. You must get a referral from your PCP to go to a specialist.
  - You are pregnant or getting well-woman checkups
  - It is an emergency
- Use providers who are in the UnitedHealthcare Community Plan provider network. But, you can see anyone if it is an emergency. And, you can see anyone who has been approved with a referral.
- Let your PCP know when you have had to go to the Emergency Room. You (or someone for you) need to let your PCP know by 24 hours of when you got care at the ER.
- Give information to the UnitedHealthcare Community Plan and to your health care providers so that they can care for you
- Follow instructions and rules that are in the handbook about your coverage and benefits. You must also follow instructions and rules from the people who are giving you health care.
- Help to make the decisions about your health care
- Work with your PCP so that you understand your health problems. You must also work with your PCP to come up with a treatment plan that you both say will help you.
- Treat your health care giver with respect and dignity
- Keep health care appointments and call the office to cancel if you can't keep your appointment
- Not let anyone else use your UnitedHealthcare Community Plan ID card and let us know if it is lost or stolen
- Tell TennCare Connect of any changes like:
  - If you or a family member change your name, address, or phone number
  - If you have a change in family size
  - If you or a family member get a job, lose your job, or change jobs
  - If you or a family member has other health insurance or can get other health insurance
- Pay any copays you need to pay
- Let us know if you have another insurance company that should pay your medical care. The other insurance company could be insurance like auto, home, or worker's compensation.
Part 7: Your rights and responsibilities

Other rights and responsibilities as a TennCare and UnitedHealthcare Community Plan member

Your right to appeal health care problems in TennCare
In TennCare, you get your health care through a TennCare health plan. You have rights when an action is taken that keeps you from getting health care when you need it.

You have the right to get an answer from your health plan when you or your doctor asks for care
For some kinds of care, your doctor must get your health plan’s OK before TennCare will pay for it. It’s called a “prior authorization” or “PA.” What if your doctor asks your health plan to OK care for you? Your health plan must decide in 14 days. If you can’t wait 14 days for the care you need, you can ask them to decide sooner.

You have the right to get a letter from your TennCare plan if:
- Your TennCare health plan says no when you or your doctors ask for health care
- Or, you have to wait too long to get health care
- Or, your TennCare health plan stops or changes your health care

The letter must say why you can’t get the care and what you can do about it.

If your health plan decides to change care you’re getting, you should get a letter at least 10 days before it happens. If they decide to change your hospital care, you should get a letter 2 business days before it happens. What if your doctor decides to change care you’re getting? For these kinds of care, you should get a letter 2 business days before it happens:
- Behavioral health (mental health or substance use disorder) treatment for a priority member which includes a child with Serious Emotional Disturbance (SED) or an adult with Severe and Persistent Mental Illness (SPMI)
- Behavioral health (mental health or substance use disorder) treatment in a hospital or other place where you must stay to get the care (inpatient psychiatric or residential services)
- Care for a long-term health problem when your health plan can’t give you the next kind of care you need for that problem
- Home health services

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 7: Your rights and responsibilities

You have the right to appeal if:

- TennCare says no when you or your doctors ask for health care
- Or, TennCare stops or changes your health care
- Or, you have to wait too long to get health care
- Or, you have health care bills you think TennCare should have paid for, but didn’t

You only have 60 days to appeal after you find out that there is a problem. Someone who has the legal right to act for you can also file an appeal for you.

You have the right to a fair hearing about your appeal if you think TennCare made a mistake

To get a fair hearing, you must say TennCare made a mistake that, if you’re right, means you’ll get the health care or service you’re asking for. You may not get a fair hearing if you’re asking for care or services that are not covered by TennCare. A fair hearing lets you tell a judge the mistake you think TennCare made.

What if a judge says you win your appeal? TennCare must agree that it’s the right decision based on the facts of your case. If TennCare does not agree, we can overturn the judge’s decision. Federal law gives TennCare this right. If TennCare overturns a judge’s decision, we must tell you why in writing. If TennCare doesn’t overturn the judge’s decision, TennCare has 72 hours to do what the judge ordered.

If you have an emergency, you have the right to get a decision about your appeal in about one week (but it could take longer if your health plan needs more time to get your medical records)

An emergency means that waiting 90 days for a “yes” or “no” decision could put your life or physical or mental health in real danger.

If you think you have an emergency, you can ask TennCare for an emergency appeal by calling 800-878-3192. Your doctor can also ask for this kind of appeal for you. But the law requires your doctor to have your permission (OK) in writing. Write your name, your date of birth, your doctor’s name, and your permission for them to appeal for you on a piece of paper. Then fax or mail it to TennCare (see Part 6 of this handbook for the address and fax number).

What if you don’t send us your OK and your doctor asks for an expedited appeal? TennCare will send you a page to fill out, sign and send back to us.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 7: Your rights and responsibilities

After you give your OK in writing, your doctor can help by completing a Provider’s Expedited Appeal Certificate like the one in Part 8 of this handbook. If your appeal is an emergency, you can have your doctor sign the Provider’s Expedited Appeal Certificate. Your doctor should fax the certificate to 888-345-5575. TennCare and your health plan will then look at your appeal and decide if it should be expedited. If it should be, you will get a decision on your appeal in about one week.

Remember, it could take a few more days if your health plan needs more time to get your medical records. But, if your health plan decides your appeal should not be expedited, then you will get a hearing within 90 days from the date you filed your appeal.

You have the right to get a decision about your appeal within 90 days if it’s not an emergency.

If you are already getting care, you may have the right to keep getting it during the appeal
To keep getting care during your appeal, all of these things must be true:

- You must appeal by the date your care will stop or change or within ten days of the date on the letter from your health plan (whichever date is later)
- You must say in your appeal that you want to keep getting the care during the appeal
- You can only ask to keep the care you’ve been getting during your appeal
- If you needed a doctor’s order to get the care, you’ll still need a doctor’s order to keep getting it during your appeal
- The care must be something that TennCare still covers

What if you keep getting care during your appeal and you lose your appeal?
You may have to pay TennCare back for that care that you got during your appeal.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
TennCare notice of privacy practices

This notice describes how Personal Health Information about you may be used and disclosed. It also tells you how you can get access to this information. Please review it carefully.

Your TennCare is not changing. You don’t have to do anything.

These papers tell you how we keep your Personal Health Information private. The federal government tells us we must give you these papers. These papers tell you:

1. The kinds of personal health information we have.
2. How we use or share your personal health information.
3. Who we can share your personal health information with and not get your permission.
4. What if you don’t want all of your personal health information shared.
5. Your health information rights.

1. The kinds of personal health information we have:
When you applied for TennCare you told us certain facts about you. Like your name, where you live, and how much money you make. We may also have health facts like:

- A list of the health services and treatments you get
- Notes or records from you doctor, drug store, hospital, or other health care providers
- Lists of the medicine you take now or have taken before
- Results from X-rays and lab tests
- Genetic information (“genetics” are family traits like hair color or eye color. It can also be health conditions that you have in common with your blood relatives.)

Your health information is private
As the Tennessee Medicaid agency, we are allowed by Federal Law allows us to keep and use this type of information. Federal and state law says we must follow privacy rules and keep your Personal Health Information private. Everyone who works with us and for us must also follow these privacy rules.
Part 7: Your rights and responsibilities

2. How we use or share your Personal Health Information:
We can only use or share your Personal Health Information as the law lets us. The privacy rules let us use or share Personal Health Information without asking for your permission to:

- Show you have TennCare and to help you get the health care you need
- Pay your health plan and health care providers
- Check how TennCare benefits are being used and to check for insurance fraud

3. Who can we share your Personal Health Information with and not get your permission?

- With you. We can help you schedule checkups and send you news about health services.
- Other people involved in your care, like family members or caregivers. You can also ask us not to share your Personal Health Information with certain people.

And we can share your Personal Health Information with people who work with TennCare like:

- Health providers like doctors, nurses, hospitals, and clinics
- Your health plan or other companies that have contracts with TennCare
- People helping with appeals if you file a TennCare appeal. Your appeal may be in person or over the phone. Sometimes other people may be with you in your appeal hearing.
- Federal, state, or local government agencies providing or checking on health care

Who else can we share your Personal Health Information with? The privacy rules also say we can share Personal Health Information with people like:

- Coroners, funeral homes, or providers who work with services like organ transplants
- Medical researchers. They must keep your Personal Health Information private.
- Public health agencies to update their records for births, deaths, or to track diseases
- The court when the law says we must or when we are ordered to
- The police or for other legal reasons. We can report abuse or neglect.
- Other agencies — like for military or veterans’ activities, national security, jails

We can also share data if we take out the information that tells who you are. But, we can’t share your Personal Health Information with just anyone. And even when we do share it, we can only share the information the person needs to actually do their job. And we can’t share your genetic information to make decisions about your eligibility for TennCare.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Sometimes we’ll need your OK in writing before we can share your Personal Health Information. We’ll ask you to sign a paper giving us your OK if we need to use or share (disclose) any of the following information:

- To use or share notes a therapist takes during therapy sessions (these are called psychotherapy notes);
- To use or share Personal Health Information with companies who will use the information to try to get other people’s business (for marketing purposes); and
- Sharing (disclosures) Personal Health Information with someone else for money.

Can you take back your OK? Yes. You can take back your OK anytime. But you must tell us in writing. We can’t take back the Personal Health Information we have already shared.

4. What if you don’t want all of your Personal Health Information shared?
You must ask us in writing if you don’t want us to share your Personal Health Information. You must tell us the Personal Health Information you don’t want shared and who you don’t want us to share your Personal Health Information it with. For example, you can ask us not to share your Personal Health Information if:

- You paid for your care out of your own pocket, and
- You asked your doctor not to share your Personal Health Information for that care.

There are other times when we won’t share your Personal Health Information if you ask us. We’ll say OK if we can. But we might not say OK if you are a minor child or if we’re allowed to share the Personal Health Information by law. If we can’t say OK, we will send you a letter that says why. What if you don’t ask us to not share your Personal Health Information? We may use and share the it only as explained in this notice.

5. Your health information rights:

- You can see and get copies of your records in paper. Or, if we have them in electronic form, you can get them electronically. You must ask in writing to do so. You may have to pay money for the cost of copying and mailing your copies. If we can’t give you the Personal Health Information you want, we’ll send you a letter that says why.
- You can ask us in writing not to share certain facts about your health
- You can ask us to not show your Personal Health Information in certain records
- You can ask us not to send you letters about fundraising
- You can ask us to change Personal Health Information that’s wrong. You must ask in writing and tell us why we need to change it. If we can’t make the change, we’ll send a letter that says why.
- You can ask us in writing to contact you in a different way or in a different place. If writing or talking to you puts you in danger, tell us.
Part 7: Your rights and responsibilities

• You can ask us in writing for a list of who we’ve shared your Personal Health Information with. The list will say who got your health facts for the six (6) years before the date of your request. But it won’t list the times we’ve shared when you’ve given us your OK or other times when the law says we didn’t need to get your permission. Like when we use Personal Health Information:
  - To help you get health care, or
  - To help with payment for your care, or
  - To run our program, or
  - To give to law enforcement if we’re required by law to do so.

TennCare’s responsibility to you

TennCare keeps your Personal Health Information safe. We protect its privacy and security. If your Personal Health Information gets out, we have must tell you and federal authorities. But we only have to tell you:

• If the kind of Personal Health Information that got out would identify who you are (like your Social Security
• Number or your date of birth) or your treatment records, and
• If anyone actually used or saw your Personal Health Information, and
• Depending on who the person was that used or saw your Personal Health Information, and
• What we did to lower the risk that your Personal Health Information was used by whoever got it.

Requests – Ask us in writing

Your requests must be in writing. Be sure you tell us what you’re asking us to do. Write your name, date of birth and TennCare ID number or last four digits of your Social Security Number on your letter. Send your letter to:

Mail to:

TennCare Privacy Office
Division of TennCare
310 Great Circle Road
Nashville, TN 37228

Keep a copy of the letter for your records. Do you have questions? Do you need help making your request? Call TennCare Connect at 855-259-0701 for free.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 7: Your rights and responsibilities

Changes to this notice
TennCare’s policies and procedures about requests may change without notice. We’ll use the policies and procedures we have in place when you make your request.

Federal privacy rules and TennCare privacy practices may also change. If important changes are made, we’ll send you the changes in writing. We have the right to make the changes to all the health facts we have. Or only to new health facts we get. This notice applies to all health facts we have. If you need a new copy or want to check for changes, go to: https://www.tn.gov/content/dam/tn/tenncare/documents/notice.pdf.

Questions or privacy complaints
Do you have questions? Do you think your privacy rights have been violated? You will not be punished if you complain or ask for help. Call TennCare Connect at 855-259-0701 for free. Or contact:

Your responsibility to report fraud and abuse

Most TennCare members and providers are honest. But even a few dishonest people can hurt the TennCare program. People who lie on purpose to get TennCare may be fined or sent to jail.

If you find out about a case of fraud and abuse in the TennCare program, you must tell us about it. But you don’t have to tell us your name.

Fraud and abuse for TennCare members can be things like:
• Lying about facts to get or keep TennCare
• Hiding any facts so that you can get or keep TennCare
• Letting someone else use your TennCare ID card
• Selling or giving your prescription medicines to anyone else

Questions? Visit myuhc.com/CommunityPlan, 171 or call Member Services at 1-800-690-1606, TTY 711.

Table of contents
Part 7: Your rights and responsibilities

Fraud and abuse for TennCare providers can be things like:

- Billing TennCare for services that were never given
- Billing TennCare twice for the same service

To tell us about fraud and abuse, call UnitedHealthcare Community Plan for free at 1-800-690-1606.

Here are some other places that you can call or write to tell us about fraud and abuse:

TennCare Discrimination Complaint

Federal and State laws do not allow the TennCare Program to treat you differently because of your race, color, birthplace, disability, age, sex, religion, or any other group protected by law. Do you think you have been treated differently for these reasons? Use these pages to report a complaint to TennCare.

The information marked with a star (*) must be answered. If you need more room to tell us what happened, use other sheets of paper and mail them with your complaint.

1. * Write your name and address.
   Name: ____________________________________________________________
   Address: __________________________________________________________
   ____________________________ ____________________________________  ZIP: ____________
   Telephone: (_____) ____________________ Date of Birth: ______________________
   Email Address: ____________________________________________________
   Name of MCO/Health Plan: __________________________________________

2. * Are you reporting this complaint for someone else?  ■ Yes  ■ No
   If Yes, who do you think was treated differently because of their race, color, birthplace, disability/handicap, age, sex, religion, or any other group protected by law?
   Name: ____________________________________________________________
   Address: ____________________________________________________________
   ____________________________ ____________________________________  ZIP: ____________
   Telephone: Home: (_____) ____________________ Date of Birth: ______________________
   How are you connected to this person (wife, brother, friend)?
   _________________________________________________________________
   Name of this person’s MCO/Health Plan: _________________________________

3. * Which part of the TennCare Program do you think treated you in a different way?
   ■ Medical Services  ■ Dental Services  ■ Pharmacy Services
   ■ Behavioral Health  ■ Long-Term Services & Supports  ■ Eligibility Services  ■ Appeals

Questions? Visit myuhc.com/CommunityPlan, 175
or call Member Services at 1-800-690-1606, TTY 711.

Table of contents
4. * How do you think you were you treated in a different way? Was it your:
   ■ Race ■ Birthplace ■ Color ■ Sex ■ Age
   ■ Disability ■ Religion ■ Other ________________________________

5. What is the best time to talk to you about this complaint?

   __________________________________________________________________

6. * When did this happen to you? Do you know the date?

   Date it started: _____________________   Date of the last time it happened: _______________

7. Complaints must be reported by 6 months from the date you think you were treated in a different way. You may have more than 6 months to report your complaint if there is a good reason (like a death in your family or an illness) why you waited.

   __________________________________________________________________

8. * What happened? How and why do you think it happened? Who did it? Do you think anyone else was treated in a different way? You can write on more paper and send it in with these pages if you need more room.

   __________________________________________________________________

9. Did anyone see you being treated differently? If so, please tell us their:

   Name          Address          Telephone

   __________________________________________________________________

10. Do you have more information you want to tell us about?

    __________________________________________________________________

    __________________________________________________________________

    __________________________________________________________________

    __________________________________________________________________

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
11. * We cannot take a complaint that is not signed. Please write your name and the date on the line below. Are you the Authorized Representative of the person who thinks they were treated differently? Please sign your name below. As the Authorized Representative, you must have proof that you can act for this person. If the patient is less than 18 years old, a parent or guardian should sign for the minor.

Declaration: I agree that the information in this complaint is true and correct and give my OK for TennCare to investigate my complaint.

(Sign your name here if you are the person this complaint is for)  (Date)

(Sign here if you are the Authorized Representative)  (Date)

Are you reporting this complaint for someone else but you are not the person’s Authorized Representative? Please sign your name below. The person you are reporting this complaint for must sign above or must tell his/her health plan or TennCare that it is okay for them to sign for him/her.

Declaration: I agree that the information in this complaint is true and correct and give my OK for TennCare to contact me about this complaint.

(Sign here if you are reporting this for someone else)  (Date)

Are you a helper from TennCare or the MCO/Health Plan assisting the member in good faith with the completion of the complaint? If so, please sign below:

(Sign here if you are a helper from TennCare or the MCO/Health Plan)  (Date)

It is okay to report a complaint to your MCO/Health Plan or TennCare. Information in this complaint is treated privately. Names or other information about people used in this complaint are shared only when needed. Please mail a signed Agreement to Release Information page with your complaint. If you are filing this complaint on behalf of someone else, have that person sign the Agreement to Release Information page and mail it with this complaint. Keep a copy of everything you send. Please mail or email the completed, signed Complaint and the signed Agreement to Release Information pages to us at:

TennCare, Office of Civil Rights Compliance
310 Great Circle Road, Floor 3W • Nashville, TN 37243
615-507-6474 or for free at 855-857-1673 (TRS 711)

HCFA.fairtreatment@tn.gov

You can also call us if you need help with this information.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
To investigate your complaint, TennCare may need to tell other persons or organizations important to this complaint your name or other information about you.

To speed up the investigation of your complaint, read, sign, and mail one copy of this Agreement to Release Information with your complaint. Please keep one copy for yourself.

- I understand that during the investigation of my complaint TennCare may need to share my name, date of birth, claims information, health information, or other information about me to other persons or organizations. And TennCare may need to gather this information about you from persons or organizations. For example, if I report that my doctor treated me in a different way because of my color, TennCare may need to talk to my doctor and gather my medical records.

- You do not have to agree to release your name or other information. It is not always needed to investigate your complaint. If you do not sign the release, we will still try to investigate your complaint. If you don’t agree to let us use your name or other details, it may limit or stop the investigation of your complaint. We may have to close your case. Before we close your case because you did not sign the release, we may contact you to find out if you want to sign a release so the investigation can continue.

If you are filing this complaint for someone else, we need that person to sign the Agreement to Release Information. Are you signing this as an Authorized Representative? Then you must also give us a copy of the documents appointing you as the Authorized Representative.

By signing this Agreement to Release Information, I agree that I have read and understand my rights written above. I agree to TennCare sharing my name or other information about me to other persons or organizations important to this complaint during the investigation and outcome.

This Agreement to Release Information is in place until the final outcome of your complaint. You may cancel your agreement at any time by calling or writing to TennCare without canceling your complaint. If you cancel your agreement, information already shared cannot be made unknown.

Having problems getting health care or medicine in TennCare?

Use this page only to file a

TennCare Medical Appeal

Fill out all pages. These are facts we must have to work your appeal. If you don’t tell us all the facts we need, we may not be able to decide your appeal. You may not get a fair hearing. Need help understanding what facts we need? Call us for free at 1-800-878-3192. If you call, we can also take your appeal by phone.

1. Who is the person that wants to appeal?
   Full name __________________________________________________________ Date of birth ___/___/___  Social Security Number ____________ - ________
   Or number on their TennCare card ____________________________________
   Current mailing address _____________________________________________
   City __________________________ State ___________ ZIP Code ____________
   The name of the person we should call if we have questions about this appeal: ________________________________________________________
   A daytime phone number for that person ( ___ ) ______ - ________

2. Who filled out this form?
   If not the person that wants to appeal, tell us your name.
   ________________________________________________________________
   Are you a: ◼ Parent, relative, or friend
   ◼ Advocate or attorney
   ◼ Doctor or health care provider*
   (*You need your patient’s written permission to file this appeal.
   See the fourth page.)

3. What is the appeal for? (Place an X beside the right answer below.)
   ___ Want to change health plans. (Fill out Part A on page 183.)
   ___ Need care or medicine. (Fill out Part B on page 183.)
   ___ Have bills or paid for care or medicine you think TennCare should pay.
   (Fill out Part C on page 184.)

182 Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
4. **Do you think you have an emergency?**

Usually, your appeal is decided within 90 days after you file it. But, if you have an emergency and your health plan agrees that you do, you will get an expedited appeal. An expedited appeal will be decided in about one week. It could take longer if your health plan needs more time to get your medical records. An emergency means that waiting 90 days for a “yes” or “no” decision could put your life or physical or mental health in real danger.

**Do you still think you have an emergency?** If so, you can ask TennCare for an expedited appeal by calling 1-800-878-3192. Your **doctor** can also ask for this kind of appeal for you. But the law requires your doctor to have your permission (OK) in writing. Write your name, your date of birth, your doctor’s name, and your permission for them to appeal for you on a piece of paper. Then fax or mail it to TennCare (see **There are 3 ways to file an appeal** for our address and fax number). What if you don’t send us your OK and your doctor asks for an expedited appeal? TennCare will send you a page to fill out, sign and send back to us.

After you give your OK in writing, your doctor can help by completing a “Provider’s Expedited Appeal Certificate.” Your doctor can get the page from TennCare’s website.

**Go to tn.gov/tenncare.** Click “Providers,” and then click “Miscellaneous Provider Forms.” Your doctor should fax this certificate and your medical records to TennCare. TennCare and your health plan will then look at your appeal and decide if it should be expedited. **If it should be,** you will get a decision on your appeal in about one week. Remember it could take a few more days if your health plan needs more time to get your medical records.

5. **Tell us why you want to appeal this problem.** Include any mistake you think TennCare made. And, send copies of any papers that you think may help us understand your problem.

To see which Part(s) you should fill out below, look at number 3 on page 182.

**Part A. Want to change health plans.** Name of health plan you want ________________

**Part B. Need care or medicine.** What kind — Be specific ________________

What’s the problem?

- Can’t get the care or medicine at all.
- Can’t get as much of the care or medicine as I need.
- The care or medicine is being cut or stopped.
- Waiting too long to get the care or medicine.

Did your doctor prescribe the care or medicine?

Treating Provider’s Certificate:
Expedited TennCare Appeal

A typical appeal for a medical service is decided in up to ninety (90) days. However, an expedited appeal, because of a patient’s health, must be decided within one week (or up to three weeks if the health plan is given additional time to obtain and review a patient’s medical records). An appeal will only be expedited if waiting up to ninety (90) days for a decision, “could seriously jeopardize the enrollee’s life, physical health, or mental health or their ability to attain, regain, or maintain full function.”

To request an expedited appeal for your patient:

1. Read the statement below. If you agree, indicate your certification and sign and date in the spaces provided.

   - I certify that I am the treating clinician of the patient named below, and that the acute presentation of this medical condition is of sufficient severity that waiting up to ninety (90) days for a decision on an appeal could seriously jeopardize the enrollee’s life, physical health, or mental health or their ability to attain, regain, or maintain full function.

   Provider’s Signature: _____________________________ Date: _____________________

2. Identify the desired service: _____________________________

3. Identify the patient:

   Name _____________________________ (SS #) or (Date of birth)

4. At your discretion, please attach a narrative and/or medical records that support this request.

5. Please attach a copy of your office’s letterhead so that TennCare has your contact information.

6. Fax this completed form and any accompanying documentation to the Division of TennCare at 888-345-5575. (NOTICE: If your patient has already requested this expedited appeal from TennCare, please submit this certificate and documentation as soon as possible.)

186 Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Advance Directives

Advance Directives are your written wishes about what you want to happen, if you get too sick to be able to say.

**Living Will or Advance Care Plan**

Machines and medicine can keep people alive when they otherwise might die. Doctors used to decide how long someone should be kept alive. Under the Tennessee Right to Natural Death Act, you can make your own choice. You can decide if you want to be kept alive by machines and for how long by filling out a Living Will. In 2004, Tennessee law changed the Living Will to **Advance Care Plan**. Either one is ok to use.

A Living Will or Advance Care Plan needs to be filled out while you can still think for yourself. These papers tell your friends and family what you want to happen to you, if you get too sick to be able to say.

Your papers must be signed, and either witnessed or notarized.

If your papers are witnessed, your papers need to be signed in front of two people who will be your witnesses. These people:

- One of these people cannot be related to you by blood or marriage
- Cannot receive anything you own after you die
- Cannot be your doctor or any of the staff who work in the place where you get health care

Once they are signed by everyone, it is your rule. It stays like this unless you change your mind.

**Tennessee Durable Power of Attorney for Health Care or Appointment of Health Care Agent**

The Durable Power of Attorney for Health Care paper lets you name another person to make medical decisions for you. In 2004, Tennessee law changed the Durable Power of Attorney for Health Care to **Appointment of Health Care Agent**. Either one is ok to use.

This person can only make decisions if you are too sick to make your own. He or she can say your wishes for you if you can’t speak for yourself. Your illness can be temporary.

These papers must be signed, and either witnessed or notarized. Once the papers are signed by everyone, it is your rule. It stays like this unless you change your mind.
Part 8: Health care papers you may need

These papers will only be used if you get too sick to be able to say what you want to happen. As long as you can still think for yourself, you can decide about your health care yourself.

If you fill out these papers, make 3 copies:

- **Give** 1 copy to your PCP to put in your medical file
- **Give** 1 copy to the person who will make a medical decision for you
- **Keep** a copy with you to put with your important papers

**Important:** You do not have to fill out these papers. It is your choice. You may want to talk to a lawyer or friend before you fill out these papers.

188  **Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Advance Directive for Health Care*

(Tennessee)

I, ________________________________, hereby give these advance instructions on how I want to be treated by my doctors and other health care providers when I can no longer make those treatment decisions myself.

Part I

Agent: I want the following person to make health care decisions for me. This includes any health care decision I could have made for myself if able, except that my agent must follow my instructions below:

Name: ___________________________  Relation: ___________________________

Home Phone: ______________________  Work Phone: _______________________

Address: __________________________

Mobile Phone: _____________________  Other Phone: _______________________

Alternate Agent: If the person named above is unable or unwilling to make health care decisions for me, I appoint as alternate the following person to make health care decisions for me. This includes any health care decision I could have made for myself if able, except that my agent must follow my instructions below:

Name: ___________________________  Relation: ___________________________

Home Phone: ______________________  Work Phone: _______________________

Address: __________________________

Mobile Phone: _____________________  Other Phone: _______________________

My agent is also my personal representative for purposes of federal and state privacy laws, including HIPAA.

When Effective (mark one):

__________________________

Please sign on page 3.
- I give my agent permission to make health care decisions for me at any time, even if I have capacity to make decisions for myself.

**Part 8: Health care papers you may need**

- I do not give such permission (this form applies only when I no longer have capacity).
**Indicate your wishes for quality of life:** By marking “yes” below, I have indicated conditions I would be willing to live with if given adequate comfort care and pain management. By marking “no” below, I have indicated conditions I would not be willing to live with (that to me would create an unacceptable quality of life).

<p>| | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Yes</td>
<td>Permanent Unconscious Condition: I become totally unaware of people or surroundings with little chance of ever waking up from the coma.</td>
</tr>
<tr>
<td></td>
<td>No</td>
<td></td>
</tr>
</tbody>
</table>

|   | Yes | Permanent Confusion: I become unable to remember, understand, or make decisions. I do not recognize loved ones or cannot have a clear conversation with them. |
|   | No  |   |

|   | Yes | Dependent in all Activities of Daily Living: I am no longer able to talk or communicate clearly or move by myself. I depend on others for feeding, bathing, dressing, and walking. Rehabilitation or any other restorative treatment will not help. |
|   | No  |   |

|   | Yes | End-Stage Illnesses: I have an illness that has reached its final stages in spite of full treatment. Examples: Widespread cancer that no longer responds to treatment; chronic and/or damaged heart and lungs, where oxygen is needed most of the time and activities are limited due to the feeling of suffocation. |
|   | No  |   |

**Indicate your wishes for treatment:** If my quality of life becomes unacceptable to me (as indicated by one or more of the conditions marked “no” above) and my condition is irreversible (that is, it will not improve), I direct that medically appropriate treatment be provided as follows. By marking “yes” below, I have indicated treatment I want. By marking “no” below, I have indicated treatment I do not want.

|   | Yes | CPR (Cardiopulmonary Resuscitation): To make the heart beat again and restore breathing after it has stopped. Usually this involves electric shock, chest compressions, and breathing assistance. |
|   | No  |   |

|   | Yes | Life Support/Other Artificial Support: Continuous use of breathing machine, IV fluids, medications, and other equipment that helps the lungs, heart, kidneys, and other organs to continue to work. |
|   | No  |   |

|   | Yes | Treatment of New Conditions: Use of surgery, blood transfusions, or antibiotics that will deal with a new condition but will not help the main illness. |
|   | No  |   |

|   | Yes | Tube Feeding/IV Fluids: Use of tubes to deliver food and water to a patient’s stomach or use of IV fluids into a vein, which would include artificially delivered nutrition and hydration. |
|   | No  |   |

Please sign on page 3.
Part 2

(Attach additional pages if necessary.)

Part 4
Organ Donation: Upon my death, I wish to make the following anatomical gift for purposes of transplantation, research, and/or education (mark one):

☐ Any organ/tissue
☐ My entire body

☐ Only the following organs/tissues: ____________________________________________

☐ No organ/tissue donation

________________________________________
Signature

Part 5
Your signature must eithere be witnessed by two competent adults ("Block A") or by a notary public ("Block B").

Signature: ____________________________ Date: ________________
(Patient)

________________________________________
Please sign on page 3.

192 Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
**Block A**

Neither witness may be the person you appointed as your agent or alternate, and at least one of the witnesses must be someone who is not related to you or entitled to any part of your estate.

Witnesses:
1. I am a competent adult who is not named as the agent. I witnessed the patient’s signature on this form.

__________________________
Signature of witness number 1

2. I am a competent adult who is not named as the agent. I am not related to the patient by blood, marriage, or adoption and I would not be entitled to any portion of the patient’s estate upon his or her death under any existing will or codicil or by operation of law. I witnessed the patient’s signature on this form.

__________________________
Signature of witness number 2

**Block B**

You may choose to have your signature witnessed by a notary public instead of the witnesses described in Block A.

STATE OF TENNESSEE
COUNTY OF __________________________________________

I am a Notary Public in and for the State and County named above. The person who signed this instrument is personally known to me (or proved to me on the basis of satisfactory evidence) to be the person who signed as the “patient.” The patient personally appeared before me and signed above or acknowledged the signature above as his or her own. I declare under penalty of perjury that the patient appears to be of sound mind and under no duress, fraud, or undue influence.

My commission expires: ____________________________

__________________________
Signature of Notary Public

**What to do with this Advance Directive:**

1. Provide a copy to your physician(s).
2. Keep a copy in your personal files where it is accessible to others.
3. Tell your closest relatives and friends what is in the document.
4. Provide a copy to the person(s) you named as your health care agent.

* This form replaces the old forms for durable power of attorney for health care, living will, appointment of agent, and advance care plan, and eliminates the need for any of those documents.

Please sign on page 3.
Part 9:
More information

TennCare Kids: TennCare’s Early and Periodic Screening, Diagnosis and Treatment (EPSDT)

1. Under TennCare Kids/EPSDT for children under 21 we cover:
   - Regular, periodic visits to the doctor to see if the child is developing normally and to see if he or she has any physical or behavioral health (mental health, alcohol or substance use disorder) problems, dental, or other conditions. These visits are called “screenings” (or “screens”) and need to happen according to the American Academy of Pediatrics (AAP) Periodicity Schedule. For example:
     - Children from birth through age 30 months have the right to get 12 screens
     - Children from age 3 through age 11 have the right to get 9 screens
     - Children from age 12 through age 20 have the right to get 9 screens
   * In addition, a child has a right to get a “screening” whenever the child is referred to a doctor by someone such as a teacher who notices a change in the child’s health or behavior.

   - TennCare Kids/EPSDT screenings include the following:
     - A comprehensive health and development history
     - A comprehensive, unclothed physical exam
     - Appropriate immunizations (shots)
     - Appropriate vision and hearing tests
     - Appropriate laboratory tests
     - Developmental/behavioral screening (as needed)
     - Health education (advice on how to keep your child healthy)
2. You also get other services in addition to screening services:

- Treatment, including rehabilitation, for any health problems (physical, mental or developmental) or other conditions discovered during a “screening.” You can also get scheduling assistance for services.
- Regular visits to a dentist for checkups and treatment;
- Regular, periodic tests of the child’s hearing and eyesight. Includes treatment of any problems with hearing and eyesight;
- Immunizations (shots) for diphtheria, tetanus, pertussis, polio, measles, mumps, rubella (MMR), Hib, influenza, Hepatitis A and B vaccines, varicella, Rotavirus, Human papillomavirus (HPV) and Meningitis, pneumococcal; and
- Routine lab tests. (Note a test for lead in the blood and sickle cell anemia will be done if the child is in a situation that might put him or her at risk for either or both of these things)
- If your child has a high level of lead in his or her blood, lead investigations will be done. If you think that your child has been around things that have a high lead content, such as old paint, tell your doctor; and
- Health education; and
- Transportation and scheduling assistance: If you can’t get your child to his or her health visits, you may be able to get a ride. Transportation and scheduling help is available when you have to go far enough away from home to get to and from care.
- Transportation help for a child includes costs for travel, cost of meals, and a place to stay. It may also include someone to go with the child if necessary. Call your health plan to schedule your TennCare Kids appointment and transportation; and.
- Other necessary health care, diagnostic services, treatment and other measures necessary to correct improve defects or prevent defects from worsening; if your child has physical and mental illnesses and conditions that are found in the screening process, they are treated.
- Basic health education for child and parents is part of the preventive services TennCare gives you

Copayments are not required for preventive services.

* Two doses given at least four weeks apart are recommended for children age 6 months through 8 years of age who are getting an influenza (flu) vaccine for the first time and for some other children in this age group.

$ Two doses of HepA vaccine are needed for lasting protection. The first dose of HepA vaccine should be given between 12 months and 23 months of age. The second dose should be given 6 months after the first dose. All children and adolescents over 24 months of age who have not been vaccinated should also receive 2 doses of HepA vaccine.

If your child has any medical conditions that put him at risk for infection or is traveling outside the United States, talk to your child's doctor about additional vaccines that he or she may need.

**NOTE:**

- If your child misses a shot, you don't need to start over. Just go back to your child's doctor for the next shot. Talk with your child's doctor if you have questions about vaccines.

---

**FOOTNOTES:**

**COVID-19 VACCINATION IS RECOMMENDED FOR AGES 6 MONTHS AND OLDER.**

See back page for more information on vaccine-preventable diseases and the vaccines that prevent them.

**More Information:**

- Everyone 6 months and older should get a flu vaccine every year if they do not have contraindications.
- All 11- through 12-year olds should get one shot of Tdap.
- All 11- through 12-year olds should get a 2-shot series of HPV vaccine. A 3-shot series is needed for those with weakened immune systems and those who start the series at 15 years or older.
- All 11- through 12-year olds should get one shot of meningococcal conjugate (MenACWY). A booster shot is recommended at age 16.
- Ages 10 years and older at increased risk should receive a serogroup B meningococcal (MenB) vaccine. Ages 16-18 years old who are not at increased risk may be vaccinated with a MenB vaccine.
- Ages 9-16 years who live in dengue endemic areas AND have laboratory confirmation of previous dengue infection.

**COVID-19 Vaccination:**

COVID-19 vaccination is recommended for ages 6 months and older. Please talk to your child’s doctor or nurse about the vaccines recommended for their age.

**Shaded Boxes:**

- These shaded boxes indicate the vaccine is recommended for all children unless your doctor tells you that your child cannot safely receive the vaccine.
- These shaded boxes indicate the vaccine SHOULD be given if a child is catching up on missed vaccines.
- These shaded boxes indicate children not at increased risk MAY get the vaccine if they wish after speaking to a provider.
- These shaded boxes indicate children not at increased risk may receive the vaccine if they wish after speaking to a provider.

For more information, please visit [www.cdc.gov/vaccines/hcp/acip-recs/](http://www.cdc.gov/vaccines/hcp/acip-recs/).

<td>Broken bones, breathing difficulty, death</td>
</tr>
</tbody>
</table>

*Tdap combines protection against diphtheria, tetanus, and pertussis.

**Td combines protection against diphtheria and tetanus.

***MMR combines protection against measles, mumps, and rubella.

If you have any questions about your child’s vaccines, talk to your child’s doctor or nurse.
Legal definitions

**Emergency Medical Condition** — A sudden beginning of a medical condition showing itself by acute symptoms of enough severity (including severe pain) so that a careful layperson, with an average knowledge of health and medicine, could reasonably expect not having immediate medical attention to result in:

- Serious danger to the health of the individual (or, in the case of a pregnant woman, the health of the woman or her unborn child);
- Serious damage to bodily functions; or serious dysfunction of any bodily organ or part.

**Long-Term Care** — Personal and medical care in a nursing home, intermediate care facility for individuals with intellectual disabilities (ICF-IID), or Home and Community Based Services (HCBS) waiver program that TennCare pays for, including CHOICES and Employment and Community First CHOICES. People on TennCare must qualify to receive TennCare reimbursed long-term care.

**Medically Necessary** — To be medically necessary, a medical item or service must satisfy each of the following criteria:

- It must be recommended by a licensed physician who is treating the enrollee or other licensed health care provider practicing within the scope of his or her license who is treating the enrollee;
- It must be required in order to diagnose or treat an enrollee’s medical condition;
- It must be safe and effective;
- It must not be experimental or investigational; and
- It must be the least costly alternative course of diagnosis or treatment that is adequate for the enrollee’s medical condition.

When applied to the care of the inpatient, it further means that the enrollee’s medical condition requires that services cannot be safely provided to the enrollee as an outpatient;

When applied to enrollees under age 21, services shall be provided to meet the requirements of 42 CFR Part 441, Subpart B, and OBRA of 1989.
Glossary

**Appeal:** When your TennCare health plan says you don’t qualify for a service, you will get a letter that says why. The letter you get is called a “Notice of Adverse Benefit Determination.” If you think your TennCare health plan made a mistake, and if you think that you do qualify for the service, you can file an Appeal with TennCare. The letter will tell you how. An “Appeal” is a request for TennCare to give you a fair hearing. At your fair hearing, a judge will decide if your TennCare health plan made a mistake.

**Copayments or Copays:** A charge or fee that is due when a covered service is provided.

**Durable Medical Equipment (DME):** Medical equipment ordered by a doctor to help with a disability, illness, or injury. For example, oxygen equipment, wheelchairs, or crutches are types of DME.

**Emergency Medical Condition:** The sudden onset of an illness, injury, symptom, or condition so serious that a reasonable person would seek care right away to avoid serious harm.

**Emergency Medical Transportation:** Ambulance services for an emergency medical condition.

**Emergency Room Care:** Emergency services received in an emergency room.

**Emergency Services:** Evaluation of an emergency medical condition and treatment to keep the condition from getting worse.

**Excluded Services:** Services that your TennCare health plan doesn’t pay for or cover.

**Grievance:** A complaint you make to your TennCare health plan that involves anything other than an adverse benefit determination.

**Habilitation Services and Devices:** Services or equipment that help a person keep, learn, or improve skills and functioning for daily living. These services may include physical therapy, occupational therapy, speech therapy, and other services.

**Health Insurance:** A contract that requires a health insurer to pay for some or all of your health care in exchange for you (or your employer) paying an agreed amount each month, or each year. The amount you pay is called your “premium.” Medicare, TennCare, TRICARE, and COBRA are also considered to be “health insurance.”
**Home Health Care:** Health care services a person receives at home from nurses or home health aides.

**Hospice Services:** Services to relieve pain and provide support for persons in the last stages of a terminal illness.

**Hospitalization:** Care in a hospital that requires admission as an inpatient and usually requires an overnight stay.

**Hospital Outpatient Care:** Care in a hospital that usually doesn’t require an overnight stay.

**Medically Necessary:** Health care services needed to prevent, diagnose, or treat an illness, injury, condition, disease, or its symptoms. To be medically necessary, these services must meet TennCare requirements.

**Network:** The facilities, providers, and suppliers your TennCare health plan has contracted with to provide health care services.

**Nonparticipating Provider:** A health care provider that is not in your TennCare health plan’s network. Also called an out-of-network provider.

**Participating Provider:** A health care provider in your TennCare health plan’s network. Also called an in-network provider.

**Physician Services:** Health care services that are provided or coordinated by a licensed medical physician.

**Plan:** Your TennCare Pharmacy Benefit Manager, Dental Benefit Manager, or Managed Care Organization.

**Preauthorization:** A decision by your TennCare health plan that a service or prescription drug is medically necessary for you. Sometimes called prior authorization, prior approval or precertification. Your TennCare health plan may require preauthorization before you can get certain services, supplies, or medications, except in an emergency.

**Premium:** The amount that must be paid for health insurance.

**Prescription Drug Coverage:** Health plan that helps pay for prescription drugs and medications.

**Prescription Drugs:** Drugs and medications that by law require a prescription.
Part 9: More information

Primary Care Physician or Primary Care Provider (PCP): Your primary care provider is the doctor or other health care provider you see first for most health problems. He or she makes sure you get the care you need to stay healthy.

He or she also may talk with other doctors and providers about your care, then refer you to them. Usually, you must see your primary care provider before you see any other health care provider.

Provider: Any doctor, hospital, agency, or other person who has a license or is approved to deliver health care services. A provider may also be a clinic, pharmacy, or facility.

Rehabilitation Services: Health care services that help you recover from an illness, accident, or major operation. These services may include physical therapy, occupational therapy, speech-language pathology, and psychiatric rehabilitation services.

Skilled Nursing Care: Certain skilled services that can only be performed by licensed nurses in your home or in a nursing home.

Specialist: A physician who provides health care for a specific disease or part of the body. In order to see a specialist, TennCare members need to get a referral from their primary care provider.

Urgent Care: Care for an illness, injury or condition that is not an emergency but needs care right away.

Health Plan Notices of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Effective January 1, 2023

By law, we must protect the privacy of your health information ("HI"). We must send you this notice. It tells you:

• How we may use your HI.
• When we can share your HI with others.
• What rights you have to access your HI.

By law, we must follow the terms of this notice.

HI is information about your health or health care services. We have the right to change our privacy practices for handling HI. If we change them, we will notify you by mail or e-mail. We will also post the new notice at this website (www.uhccommunityplan.com). We will notify you of a breach of your HI. We collect and keep your HI to run our business. HI may be oral, written or electronic. We limit employee and service provider access to your HI. We have safeguards in place to protect your HI.

How we collect, use, and share your information

We collect, use, and share your HI with:

• You or your legal representative.
• Government agencies.

We have the right to collect, use and share your HI for certain purposes. This must be for your treatment, to pay for your care, or to run our business. We may use and share your HI as follows.

• For Payment. We may collect, use, and share your HI to process premium payments and claims. This may include coordinating benefits.
• For Treatment or Managing Care. We may collect, use, and share your HI with your providers to help with your care.
• For Health Care Operations. We may suggest a disease management or wellness program. We may study data to improve our services.
• To Tell You about Health Programs or Products. We may tell you about other treatments, products, and services. These activities may be limited by law.

Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 9: More information

• **For Plan Sponsors.** We may give enrollment, disenrollment, and summary HI to your employer. We may give them other HI if they properly limit its use.

• **For Underwriting Purposes.** We may collect, use, and share your HI to make underwriting decisions. We will not use your genetic HI for underwriting purposes.

• **For Reminders on Benefits or Care.** We may collect, use and share your HI to send you appointment reminders and information about your health benefits.

• **For Communications to You.** We may use the phone number or email you gave us to contact you about your benefits, health care or payments.

We may collect, use, and share your HI as follows:

• **As Required by Law.**

  • **To Persons Involved with Your Care.** This may be to a family member in an emergency. This may happen if you are unable to agree or object. If you are unable to object, we will use our best judgment. If permitted, after you pass away, we may share HI with family members or friends who helped with your care.

  • **For Public Health Activities.** This may be to prevent disease outbreaks.

  • **For Reporting Abuse, Neglect or Domestic Violence.** We may only share with entities allowed by law to get this HI. This may be a social or protective service agency.

  • **For Health Oversight Activities** to an agency allowed by the law to get the HI. This may be for licensure, audits and fraud and abuse investigations.

  • **For Judicial or Administrative Proceedings.** To answer a court order or subpoena.

  • **For Law Enforcement.** To find a missing person or report a crime.

  • **For Threats to Health or Safety.** This may be to public health agencies or law enforcement. An example is in an emergency or disaster.

  • **For Government Functions.** This may be for military and veteran use, national security, or the protective services.

  • **For Workers’ Compensation.** To comply with labor laws.

  • **For Research.** To study disease or disability.

  • **To Give Information on Decedents.** This may be to a coroner or medical examiner. To identify the deceased, find a cause of death, or as stated by law. We may give HI to funeral directors.

  • **For Organ Transplant.** To help get, store or transplant organs, eyes or tissue.

  • **To Correctional Institutions or Law Enforcement.** For persons in custody: (1) to give health care; (2) to protect your health and the health of others; and (3) for the security of the institution.

  • **To Our Business Associates** if needed to give you services. Our associates agree to protect your HI. They are not allowed to use HI other than as allowed by our contract with them.

230 Questions? Visit myuhc.com/CommunityPlan, or call Member Services at 1-800-690-1606, TTY 711.
Part 9: More information

• **Other Restrictions.** Federal and state laws may further limit our use of the HI listed below. We will follow stricter laws that apply.
  1. Alcohol and Substance Abuse
  2. Biometric Information
  3. Child or Adult Abuse or Neglect, including Sexual Assault
  4. Communicable Diseases
  5. Genetic Information
  6. HIV/AIDS
  7. Mental Health
  8. Minors’ Information
  9. Prescriptions
  10. Reproductive Health
  11. Sexually Transmitted Diseases

We will only use your HI as described here or with your written consent. We will get your written consent to share psychotherapy notes about you. We will get your written consent to sell your HI to other people. We will get your written consent to use your HI in certain promotional mailings. If you let us share your HI, the recipient may further share it. You may take back your consent. To find out how, call the phone number on your ID card.

Your rights

You have the following rights.

• **To ask us to limit** use or sharing for treatment, payment, or health care operations. You can ask to limit sharing with family members or others. We may allow your dependents to ask for limits. **We will try to honor your request, but we do not have to do so.**

• **To ask to get confidential communications** in a different way or place. For example, at a P.O. Box instead of your home. We will agree to your request as allowed by state and federal law. We take verbal requests. You can change your request. This must be in writing. Mail it to the address below.

• **To see or get a copy** of certain HI. You must ask in writing. Mail it to the address below. If we keep these records in electronic form, you can request an electronic copy. You can have your record sent to a third party. We may send you a summary. We may charge for copies. We may deny your request. If we deny your request, you may have the denial reviewed.

• **To ask to amend.** If you think your HI is wrong or incomplete you can ask to change it. You must ask in writing. You must give the reasons for the change. Mail this to the address below. If we deny your request, you may add your disagreement to your HI.
Part 9: More information

- **To get an accounting** of HI shared in the six years prior to your request. This will not include any HI shared for the following reasons. (i) For treatment, payment, and health care operations; (ii) With you or with your consent; (iii) With correctional institutions or law enforcement. This will not list the disclosures that federal law does not require us to track.

- **To get a paper copy of this notice.** You may ask for a paper copy at any time. You may also get a copy at our website ([www.uhccommunityplan.com](http://www.uhccommunityplan.com)).

- **To ask that we correct or amend** your HI. Depending on where you live, you can also ask us to delete your HI. If we can’t, we will tell you. If we can’t, you can write us, noting why you disagree and send us the correct information.

**Using your rights**

- **To Contact your Health Plan. Call the phone number on your ID card.** Or you may contact the UnitedHealth Group Call Center at **1-866-633-2446**, or TTY/RTT **711**.

- **To Submit a Written Request.** Mail to:
  UnitedHealthcare Privacy Office
  MN017-E300, P.O. Box 1459, Minneapolis MN 55440

- **Timing.** We will respond to your phone or written request within 30 days.

- **To File a Complaint.** If you think your privacy rights have been violated, you may send a complaint at the address above.

**You may also notify the Secretary of the U.S. Department of Health and Human Services.** We will not take any action against you for filing a complaint.

---

232 **Questions?** Visit myuhc.com/CommunityPlan, or call Member Services at **1-800-690-1606**, TTY **711**.
Financial Information Privacy Notice

THIS NOTICE SAYS HOW YOUR FINANCIAL INFORMATION MAY BE USED AND SHARED. REVIEW IT CAREFULLY.

Effective January 1, 2023

We protect your “personal financial information” (“FI”). FI is non-health information. FI identifies you and is generally not public.

Information we collect

- We get FI from your applications or forms. This may be name, address, age and social security number.
- We get FI from your transactions with us or others. This may be premium payment data.

Sharing of FI

We will only share FI as permitted by law.

We may share your FI to run our business. We may share your FI with our Affiliates. We do not need your consent to do so.

- We may share your FI to process transactions.
- We may share your FI to maintain your account(s).
- We may share your FI to respond to court orders and legal investigations.
- We may share your FI with companies that prepare our marketing materials.

Confidentiality and security

We limit employee and service provider access to your FI. We have safeguards in place to protect your FI.
Questions about this notice

Please call the toll-free member phone number on healthplan ID card or contact the UnitedHealth Group Customer Call Center at 1-866-633-2446, or TTY/RTT 711.

For purposes of this Financial Information Privacy Notice, “we” or “us” refers to the entities listed in footnote 1, beginning on the last page of the Health Plan Notices of Privacy Practices, plus the following UnitedHealthcare affiliates: ACN Group of California, Inc.; AmeriChoice Corporation.; Benefitter Insurance Solutions, Inc.; Claims Management Systems, Inc.; Dental Benefit Providers, Inc.; Ear Professional International Corporation; Excelsior Insurance Brokerage, Inc.; gethealthinsurance.com Agency, Inc. Golden Outlook, Inc.; Golden Rule Insurance Company; HealthMarkets Insurance Agency; Healthplex of CT, Inc.; Healthplex of ME, Inc.; Healthplex of NC, Inc.; Healthplex, Inc.; HealthSCOPE Benefits, Inc.; International Healthcare Services, Inc.; Level2 Health IPA, LLC; Level2 Health Management, LLC; Life Print Health, Inc.; Managed Physical Network, Inc.; Optum Care Networks, Inc.; Optum Global Solutions (India) Private Limited; Optum Health Care Solutions, Inc.; Oxford Benefit Management, Inc.; Oxford Health Plans LLC; Physician Alliance of the Rockies, LLC; POMCO Network, Inc.; POMCO, Inc.; Real Appeal, LLC; Solstice Administrators of Alabama, Inc.; Solstice Administrators of Arizona, Inc.; Solstice Administrators of Missouri, Inc.; Solstice Administrators of North Carolina, Inc.; Solstice Administrators of Texas, Inc.; Solstice Administrators, Inc.; Solstice Benefit Services, Inc.; Solstice of Minnesota, Inc.; Solstice of New York, Inc.; Spectera, Inc.; Three Rivers Holdings, Inc.; U.S. Behavioral Health Plan, California; UHIC Holdings, Inc.; UMR, Inc.; United Behavioral Health; United Behavioral Health of New York I.P.A., Inc.; UnitedHealthcare, Inc.; United HealthCare Services, Inc.; UnitedHealth Advisors, LLC; UnitedHealthcare Service LLC; Urgent Care MSO, LLC; USHEALTH Administrators, LLC; and USHEALTH Group, Inc.; and Vivify Health, Inc. This Financial Information Privacy Notice only applies where required by law. Specifically, it does not apply to (1) health care insurance products offered in Nevada by Health Plan of Nevada, Inc. and Sierra Health and Life Insurance Company, Inc.; or (2) other UnitedHealth Group health plans in states that provide exceptions. This list of health plans is complete as of the effective date of this notice. For a current list of health plans subject to this notice go to https://www.uhc.com/privacy/entities-fn-v2.
