

# Health plans for today's needs.

## Savings.

### **How adding benefits at a lower cost can help everyone.**

Help protect your business and your employees by offering health coverage that can provide value. Health plans from Oxford are designed to help meet the needs of your employees while helping to control costs. Find out about options that fit your budget, with built-in resources and tools designed to help employees get healthier and save money.

## Network choices.

### **How providing access to the nation's largest proprietary network<sup>1</sup> helps your employees.**

Help protect your employees with a health plan that provides options for where they can get care—and who can provide it. We offer 3 local network options; plus, most Oxford plans offer access to a national network with over 1 million physicians and health care professionals and over 5,700 hospitals.<sup>2</sup>

## Specialty benefits.

### **How adding dental, vision and other benefits may help you provide more value.**

When you add dental, vision and other benefits to your medical plan, you can attract and retain high-value employees. Ask a sales representative about standalone and pre-packaged specialty options.

## Stability.

### **How a quality health plan with a reliable track record helps support today's needs.**

We have a long track record of delivering plans built to help control costs, improve health and drive a better experience for everyone. For more than 35 years, Oxford plans have been a consistent offering in the market.

Dental, behavioral health practitioners, complementary and alternative medicine providers are included. Providers who are board certified in more than one specialty, and/or practice at more than one location, are counted only once and at only one location. Tri-state area includes Connecticut, New Jersey and certain New York counties (Bronx, Dutchess, Kings, Nassau, New York, Orange, Putnam, Queens, Richmond, Rockland, Suffolk, Sullivan, Ulster and Westchester).

# Consumer-driven health plans: Changing behavior for the better.

It's becoming more challenging for companies to cover employee health care costs. That's why many companies are now choosing consumer-driven health plans (CDHP).

## What is consumer-driven health care?

Consumer-driven health care is a term used to describe health plans that are intended to help employees become more involved in their health care choices and take more active control over their health and health care spending. **A consumer-driven plan may be the right choice for your organization, as it may:**

- Help you reduce your and your employees' health care costs.
- Encourage your employees to make informed decisions about their care.
- Help you and your employees use health care services more effectively.

## Our consumer-driven health plan framework includes:

- **100% coverage for network preventive care.**
- **Access to information** about doctors, locations, credentials and ratings to help employees evaluate and compare the quality and cost efficiency of network physicians.
- **High deductible plans** designed for more thoughtful use of health care services.
- **Online tools and apps** built to help employers and employees better manage their health care options, costs and experiences.

# Helping employees manage their health care dollars.

To help manage their own health care spending, employees can take advantage of an account-based plan.<sup>1</sup>

## Health savings account

**A health savings account (HSA) allows employees to deposit pretax money into a bank savings account to use for qualified medical expenses now or in the future.** The employer can contribute to the account, but **the employee owns it** and can carry over any unused funds from year to year. **It is not a “use it or lose it” plan.** An HSA must be used with a qualified high deductible health plan. The plan pays for covered services only after the member meets a minimum deductible (usually not including preventive care) and pays the full cost of covered services once the annual out-of-pocket limit is met.

**The HSA bank of choice for Oxford members, Optum Bank®**, member FDIC, is one of the nation’s leading HSA custodians, with more than 5.6 million accounts and more than \$12 billion in HSA assets.<sup>2</sup> Plus, only Optum Bank offers the convenience of banking through your health plan website. Learn more about Optum Bank at [optumbank.com](https://optumbank.com).

<sup>1</sup> Not all plans or options are available in all states.

<sup>2</sup> 2019 Year-end Devenir HSA Research Report, March 2020. At Optum Bank®, member FDIC, deposits are insured by the FDIC up to \$250,000.

## Plans with a primary care physician to help coordinate care.

These popular plans allow members to choose a primary care physician (PCP) as their trusted partner in health care, helping them manage their care and providing referrals for specialist services.

Having a PCP to help coordinate their care helps empower employees to maximize the value their plans deliver.

### Key features of these plans include:

- Choice and convenience.
- Competitive pricing.
- Ease of use, with no claims forms or bills for network care.
- A broad national network.
- Health and wellness tools, services and resources.

**The Oxford portfolio offers a broad range of health plan choices for your business. Your UnitedHealthcare representative or broker can help you determine which plan may be right for you.**

## Working to reduce costs and improve health with pharmacy services.

Integrating medical and pharmacy benefits allows for better management of your organization's total health care costs. With a complete picture, we can work with you to lower overall health care costs while maintaining a focus on employee health. Simply put, we won't lower pharmacy costs only to see you and your employees pay more in medical expenses.

We go beyond the traditional pharmacy benefit manager to integrate Oxford medical and pharmacy benefits into a whole-person approach. This approach adds more value to the overall health care system, thus helping reduce not only pharmacy costs but also total health care costs. We offer a simplified health care experience through proactive and integrated interactions.

## Better hearing equals better health.

While more than 40 million Americans are affected by hearing loss, the good news is that people who treat their hearing loss report significant improvements in relationships, self-esteem, quality of life, mental health and safety.<sup>1</sup>

### **With hearing benefits included in most fully insured and self-funded (ASO) plans, members have access to:**

- Discounted prices on hundreds of name brand hearing aids from major manufacturers or UnitedHealthcare Hearing's exclusive brand Relate™.
- Choice of hearing aids featuring advanced technology, including Bluetooth® wireless and rechargeable battery options.
- A nationwide network of more than 5,500 accredited hearing professionals providing hearing tests, hearing aid evaluations and follow-up support.
- Hearing aids available in-person or through convenient home delivery in 5–10 days.
- Professional follow-up support with hearing representatives available 12 hours a day.

# Specialty plans may help you attract and retain top talent.

Consider integrating specialty benefits with your medical plan since a quality benefits package may make all the difference in attracting and retaining employees. Standalone or prepackaged options are available.

## Inspire healthier with specialty benefits.<sup>1</sup>

**Dental:** Combining dental and medical plans may help identify more employees with chronic health conditions. After we contacted them, 32% of at-risk employees returned to making informed medical choices.<sup>2</sup> Employees can access a growing network of over 107K unique dental providers.

**Vision:** Combining vision and medical plans can lead to a 15% improvement in identification of chronic health conditions, including diabetes. Our broad, nationwide provider network includes over 100K private and retail vision providers including Costco Optical, Target Optical and Warby Parker.<sup>3</sup>

**Financial Protection:**<sup>4</sup> Add value to your benefits package by helping employees manage life events that impact productivity, long-term health and health care spending, as well as support HDHP/HSA strategies.

## Fund it your way.

Specialty benefits may be made available through shared funding, employer-paid or employee-paid (voluntary). A voluntary approach may be a great way to help keep your costs down while still offering your employees extra benefits at competitive group rates.

<sup>1</sup> Specialty benefits and programs may not be available in all states or for all group sizes. Minimum participation requirements may apply for bundling programs. Components subject to change.

## For employers, we help make it easier to adapt to change.

As a business owner, changing group health plan carriers can raise concerns about administrative burdens and employee reactions. That's why we strive to help provide you with a simpler, worry-free onboarding process:

- Oxford Express®, our 24-hour interactive voice response (IVR) system, gives benefit administrators easy access to check member eligibility status and obtain billing and payment information.
- Our website for employers is designed to be a go-to resource to help simplify benefits administration needs. Employers can quickly access information and tools online and perform transactions.

## Online doctor visits: Employees can see a doctor whenever, wherever.

With online doctor visits, employees and their covered family members of many plans<sup>1</sup> can see and speak to a doctor 24 hours a day, 7 days a week using a mobile device<sup>2</sup> or computer, wherever they are. If needed, a prescription<sup>3</sup> can be sent to their local pharmacy. No appointment is necessary—and a visit usually takes less than 20 minutes.<sup>4</sup>

The online doctor visits provider groups we contract with deliver care using live video technology based on quality standards aligned with American Medical Association (AMA) and Federation of State Medical Boards (FSMB) guidelines.

### Online doctor visits may help save time and money.

An estimated 25% of ER visits could be addressed as an online doctor visit.<sup>5</sup>

Online doctor visits are fully integrated with your Oxford benefit plan and provided at no additional administrative cost to you as the employer.

<sup>1</sup> Not available with all plans.

<sup>2</sup> Data rates may apply.

<sup>3</sup> Certain prescriptions may not be available, and other restrictions may apply.

<sup>4</sup> Average times based on monthly data reports from Virtual Visits providers.

<sup>5</sup> Based on analysis of 2016 UnitedHealthcare ER claim volumes, where ER visits are low-acuity and could be treated in a Virtual Visit, PCP or urgent/convenient care setting.

## Connecting employees with people and resources to help meet their unique needs.

We strive to help deliver a simpler and more personable experience to help our members get access to care. For example:

- **Advocate4Me®** personal benefit advocates provide personalized support when employees and their covered family members need help with their health or health plan. Using powerful data and technology as tools, our advocates guide one member at a time to a solid solution—all with an eye toward improved outcomes and lower costs. And, it's included in your health plan at no additional cost.
- **Find well-being for work and life.** Through our **behavioral health benefit**, your employees have online and toll-free phone access to confidential<sup>1</sup> support counseling and substance disorder recovery services.
- **Members can get answers** without waiting on hold with the **Easy Connect service** on the UnitedHealthcare app. Calls are returned by a representative who can answer questions about claims, benefits and more. Our Hooksett, New Hampshire, customer service operations center opened 25 years ago and still serves Oxford customers within the region.
- **Our Cancer Support Program** is led by experienced cancer nurses with assistance from a board-certified medical oncologist, a hematologist and other doctors, as well as social workers with specific experience on how to support your employees and their families as they cope with cancer. A toll-free support line is available 8 a.m.–8 p.m. ET, Monday–Friday.

## Access to quality, cost-efficient providers.

The UnitedHealth Premium® program<sup>1</sup> has been addressing variation in the cost and quality of health care for over 14 years. The Premium program can help your employees review their options and make informed decisions when choosing a doctor.

- **Physicians are evaluated across 16 medical specialties and 47 subspecialties**, including family medicine, internal medicine, pediatrics, cardiology, neurosurgery, orthopedics and spine and more. Currently, the program is available in 45 states.
- Using clinical information from health care claims, we measure how physicians comply with evidence-based guidelines for quality and with local market benchmarks for cost efficiency. Physicians must first meet quality criteria to be eligible for cost-efficiency evaluation.
- **Robust analytics drive evaluations representing 80% of overall claims costs.**<sup>2</sup>
- High Premium Care Physician utilization has proven results, including 15% lower risk-adjusted costs per member per month, 31% fewer ER visits and 55% fewer inpatient hospital admissions.<sup>2</sup>

# Why choose an Oxford plan from UnitedHealthcare?

## You Value: Flexible Benefit Plans

**We Offer:** A variety of plan designs ranging from open access to primary care provider centric to consumer-driven and more, which can be sold as a package, allowing you to select the options that might work best with your employee population.

## You Value: Integrated Medical and Pharmacy Benefits

**We Offer:** A pharmacy benefit with all of our products. This includes network retail pharmacies that are available to you across the country and home delivery service that can give your employees up to a 90-day supply of their medication(s), often at a lower price than retail—and it's delivered to their door with standard shipping at no additional cost.

## You Value: Specialty Benefits

**We Offer:** A full suite of dental, vision, life and disability products in addition to our medical products to help you attract and retain the best employees by offering more options.

## You Value: Innovative Employer Tools

**We Offer:** Our website for employers, which is designed to make it easy for you to keep track of your company's health care coverage, download forms, conduct real-time transactions and provide members the online tools they need to take control of their health.

## You Value: A Streamlined Renewal Process

**We Offer:** An online enrollment tool. When the time comes to renew your plan, you can do so easily, quickly and efficiently with this application, which allows you to review, compare and modify your current plan(s) at your convenience. As you make modifications to your plan, the online renewal tool will automatically generate a new Summary of Benefits and Coverage based on those revisions.

## Your Employees Value: Support with Physical Fitness Goals

**We Offer:** Sweat Equity™. It's our goal to help people live healthier lives. To help your employees with their physical fitness goals, we offer the Sweat Equity program. The program offers a variety of exercises to choose from and the option to combine fitness facility visits with physical fitness classes to reach the required 50 workouts in a 6-month period and be eligible for reimbursement—up to \$200 in a 6-month period.

## Your Employees Value: Mobile Access to Health Care Information

**We Offer:** The UnitedHealthcare® app, which allows employees to find nearby providers, check the status of a claim, see an account balance or speak directly with a nurse.

## Your Employees Value: Online Health and Wellness Tools

**We Offer:** Rally®, a fun, interactive health and wellness component of the website for members. By harnessing the power of data, social connections and rewards, your employees can receive personal lifestyle plans that focus on goals, competition, tracking progress and healthy living. Rally offers a personalized interaction experience with step-based challenges, discussion communities, individual action plans called “missions,” health information and more.

## Your Employees Value: Convenient Access to Health Care Guidance

**We Offer:** A single phone number to call to reach an expert who'll listen carefully, anticipate needs and help them with their health and health plan questions.

## Your Employees Value: Reliable Member Support

**We Offer:** Tools to help your employees stay healthier at [uhc.com/preventivecare](https://uhc.com/preventivecare), allowing them to find out which immunizations and screenings are recommended for all family members at different stages of their lives.

## Health plans are not all alike, and neither are health plan companies.

We can help make the health care system simpler. And the quality of the work is getting noticed. UnitedHealth Group has been selected as the “World’s Most Admired Company” for the 10th straight year in the insurance and managed care sector in 2020 by Fortune® magazine.<sup>1</sup>
