Get to know All Savers Alternate Funding

One of the biggest challenges facing business owners is the cost of employee health coverage. Managing costs is important, but so is offering a health plan your employees actually like. All Savers Alternate Funding health plans from UnitedHealthcare are designed to give you a different way to balance the cost savings you're looking for with benefits employees want. They're intended to help you save money and build health ownership so employees can get more from their health coverage.

Building health ownership and lowering costs

A different kind of health plan

All Savers is a type of self-funded health plan that includes 3 parts:

1. Your self-funded medical plan, which pays covered medical expenses of your covered employees and their eligible dependents.
2. A third-party administration agreement between you and United HealthCare Services, Inc. (UnitedHealthcare Services LLC in NY) for claims processing, billing, customer service and other administrative services.
3. A stop loss insurance policy that helps the plan limit risk by absorbing losses due to large catastrophic medical claims by a covered individual, and includes a cap on the overall medical claims payment risk.

With a self-funded health plan, you may pay lower premium taxes throughout the year, and you'll potentially have the chance to get a surplus refund¹ back at the end of the year where allowed by state law.

How does All Savers compare to traditional insurance?

Traditional insurance is a fixed cost

With traditional plans, the business pays a fixed premium to the insurance company, and then the insurance company pays the health care claims as well as the administrative costs, sales commissions and taxes.

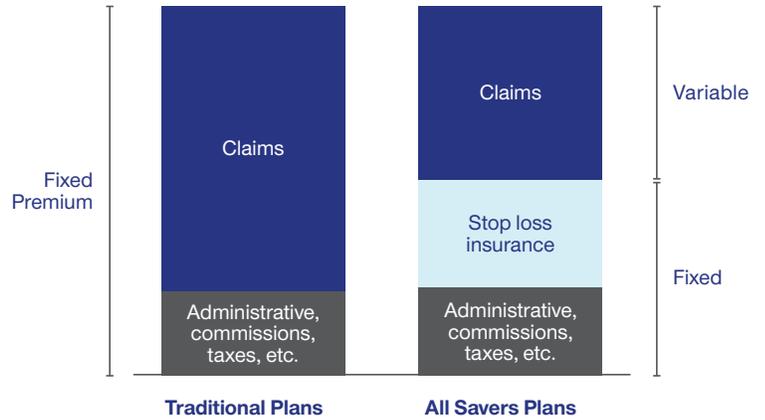

If the actual health care claims are higher than expected, the insurance company covers them. But if the claims are lower than expected, the insurance company keeps the difference. This means your company doesn't get anything back if your employees have lower-than-expected claims.

All Savers plans are different

With All Savers, if the covered medical claims are lower than expected, your plan shares the savings with a potential surplus refund at the end of the year (where allowed by state law). And if the covered medical claims are higher than expected, your stop loss insurance policy covers them.

A couple additional benefits:

- The plan is a “level-funded” plan, so your company will make the same monthly claims funding payment throughout the plan year; you won’t have to pay any more for medical claims at the end of the plan year, even if your medical claims are higher than expected
- Self-funded medical plans are not subject to most state insurance mandates or state insurance premium taxes, which may mean lower costs throughout the year (your stop loss coverage is still subject to premium tax, however)

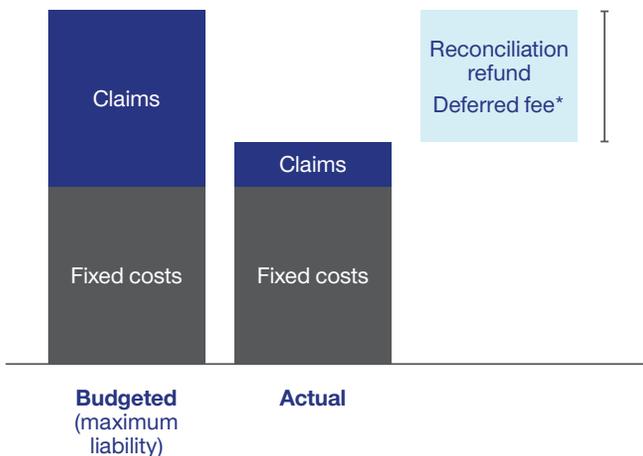

Best case: Low medical claims

Your company’s monthly payments include the estimated health care claims plus fixed-cost items (administrative fees and stop loss insurance premium). This is called your plan’s “maximum liability,” which means you won’t get stuck at the end of the year with unexpected costs.

Part of your monthly payments will go into an account that pays for your covered plan participants’ eligible claims. At the end of the year, the monthly claims funding payments will be compared with the actual claims costs. In the best-case scenario, if actual claims costs for the year are less than what was estimated, your plan has a surplus.

After plan reconciliation, any surplus is sent back to your plan to use for the following year (where allowed by state law).

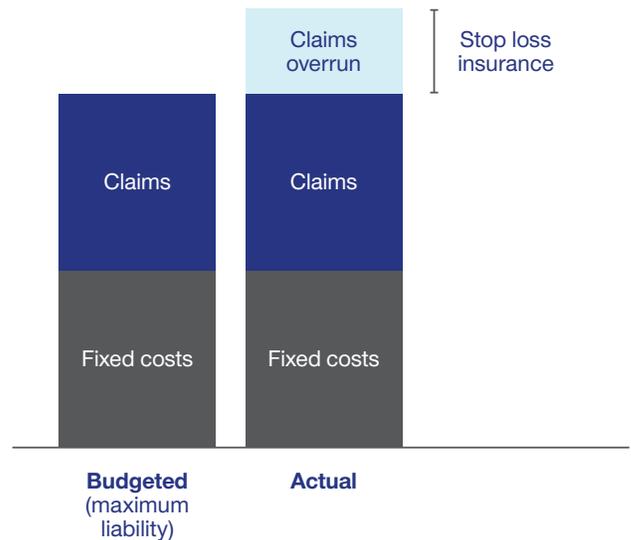

*Where allowed by state law

Worst case: High medical claims

In the worst-case scenario, the actual claims would be higher than expected. But because your plan would have already paid the maximum liability, you won’t pay more for covered claims at the end of the plan year. Your plan is protected by the stop loss insurance that is already built into your monthly payments.

Of course, each year could be somewhere in between. But in any case, many businesses may save with an All Savers plan.

Interactive wellness programs

As part of your benefit plan, and at no additional cost, we give your employees and their covered family members access to programs and tools designed to help manage their care and get healthier.

UnitedHealthcare Motion

With UnitedHealthcare Motion, participants can get rewarded for all kinds of movement—walking, running, cycling, swimming and more. They simply sign up, slip on a wearable activity tracker and get moving, no gym required. Participants get a wearable activity tracker and may earn financial rewards every day—up to \$1,095* a year toward a health savings account (HSA) or prepaid debit card** —for meeting certain daily goals.***

FIT Goal	Reward
F Frequency Six 5-minute walks, minimum of 300 steps, 1 hour apart	\$1
I Intensity 3,000 steps in 30 minutes or 30 minutes performing other eligible activities	\$1
T Tenacity 10,000+ total steps in a day (activity devices reset at midnight local time)	\$1
Total Possible per Day	\$3

- Participation goal: Participants earn \$0.25 each day they achieve 2,500+ steps with no FIT rewards
- Participants and eligible spouses may be reimbursed up to \$1,095* or 30% of the employee-only annual payment (or family annual payment if dependents are covered), whichever is less, each calendar year
- Quarterly reimbursements for expenses are applied to the out-of-pocket limit calendar year spend
- 50% calendar year rollover of unreimbursed rewards for those on a non-HSA plan
- A \$55 registration credit can be used toward purchase of an activity tracker or saved for quarterly reimbursements

To learn more, visit unitedhealthcaremotion.com.

*Or \$1,150 if not applying registration credit toward an activity tracker.

**Receiving a reward card may have tax implications. You should consult an appropriate tax professional to determine whether you have any tax obligations from receiving this card under the program.

***Motion is not available in DE, KS, MO, NJ, PA or WI.

HSA contribution limits for 2021: Participants are responsible for ensuring that they do not exceed the 2021 HSA contribution limits imposed by the IRS. For 2021, the maximum contribution is \$3,600 for individual coverage and \$7,200 for family coverage. If you are age 55 or older, you may be eligible for an additional \$1,000 catch-up contribution. Please seek your own tax advice.

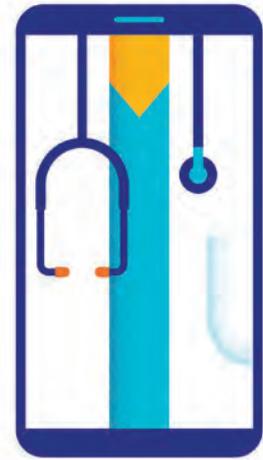

HealthiestYou virtual care

With the HealthiestYou app, employees get 24/7 access to virtual care right from their mobile device.* Online doctors can diagnose, prescribe** and treat a wide range of nonemergency medical conditions at no cost to you or your employees.

Employees can also use the app to:

- Compare prescription drug prices
- Search for a provider
- Find answers to medical questions and get a second opinion on more serious conditions

Rally Health and Wellness

Help your employees get healthier, one small step at a time. Rally is built to help them make changes to their daily routine, set smart goals and track their progress. They'll get personalized recommendations designed to help them move more, eat better and improve their health—and have fun doing it.

Calculate their Rally Age—Employees start by taking an interactive health survey to see their Rally Age, a measure of their overall health. Based on their Rally Age, they'll get personal recommendations called “missions” to help them reach their health goals.

Accept missions—Missions are custom-picked activities designed to help employees eat better, get active and even improve their mood. Employees can choose the missions they want to work on and level up to more challenging missions when they're ready.

Take on a challenge—Employees can use the Rally app to track their activity and compete with other Rally members to earn extra rewards.

Earn rewards—Employees earn Rally Coins for completing the health survey, missions and challenges—even for logging in once a day. They can use the coins to enter drawings for chances to earn rewards, get discounts or trigger a donation to a charity.
