

## Giving employees easier access to health information

Having convenient access to health care information can help employees make more informed choices. Our seamless, multi-channel experience gives employees this information when and how they need it.

### Secure, on-the-go access to personalized health information

The **UnitedHealthcare® app** and **myuhc.com®** provide employees with tools and information to help them get the most out of their benefits. With these resources, they can:

- Find care and costs, including virtual care
- Access their Individual Health Record, which includes information about their health history and more
- Review their plan information, including deductibles, copays and coinsurance
- Manage their Optum Financial™ accounts
- Connect with health and wellness programs
- Check claims status/pay bills
- Manage prescriptions
- Contact UnitedHealthcare live or via chat

## Health plan questions? These resources are ready.

All of our digital channels work seamlessly to give employees real-time access to health information, 24/7. Their personal information is protected by HealthSafe ID®, and they receive customized information (such as provider search results and account balances) based on their specific location and plan benefits.

## Engaging employees with their health benefits

With access to [myuhc.com](https://myuhc.com) and the **UnitedHealthcare app**, your employees may better understand—and use—their health plan. This may lead to increased engagement, more informed decisions and reduced health care costs.
