

NexusACO

A solution designed for better health outcomes and cost savings

A connection to high-quality, cost-efficient health care

Now more than ever, employees know they play an important role in getting the health care they need. But it can be intimidating to make the right choices, which may lead to disjointed, inefficient care. NexusACO® health plan is designed to provide an effective way to help support members in achieving improved results and cost savings.

The key is to connect the outcome-based results of providers, the experience of a primary care physician (PCP) to coordinate care and the incentive of a national network tiered on results and cost efficiencies, which may help deliver employer savings of up to 12%.*

Our next-generation solution

What makes NexusACO distinct is how UnitedHealthcare is able to harness its sophisticated data and technology to help identify and collaborate with Accountable Care Organizations (ACOs) proven to help deliver greater efficiencies and outcome-based results.

Creating an essential connection

In the NexusACO plan, members choose a PCP during open enrollment. This relationship enables the PCP to help provide a trusted, efficient, single point of contact to coordinate all aspects of their care. Members do not need a referral to see a specialist in the network.

Members in a NexusACO plan receive the greatest value when they choose providers and specialists from Tier 1 facilities and physicians in the Nebraska Health Network (NHN). Where an ACO has not yet been identified, Tier 1 physicians include UnitedHealth Premium® designation program PCPs and specialists who have been recognized for meeting criteria for providing quality and cost-efficient care.

The benefits of NexusACO¹

Improved simplicity

Greater efficiency

Up to

12%*

Lower costs

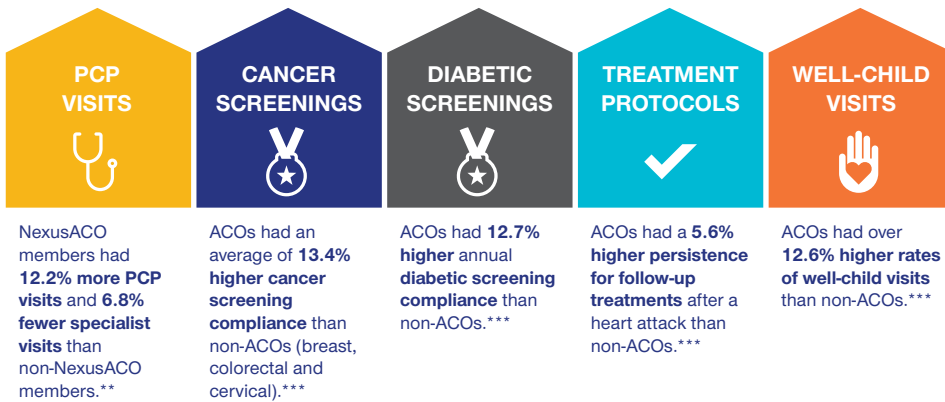

continued

Improved simplicity, greater efficiency and lower costs

UnitedHealthcare and the Nebraska Health Network (NHN) are working together to provide a patient-centered health plan that helps promote better health and lower costs. Providers in Tier 1 include:

- Bellevue Medical Center
- Fremont Health Medical Center
- Methodist Hospital
- Methodist Jennie Edmundson
- Nebraska Medicine
- Nebraska Orthopedic Hospital

Tier 1 providers may be subject to change, visit myuhc.com for the most current information or call the number on your health plan ID card

The UnitedHealth Premium® designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at myuhc.com. You should always visit myuhc.com for the most current information. **Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. You should also discuss designations with a physician before choosing him or her. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician.** Please visit myuhc.com for detailed program information and methodologies.

* Savings estimates relate to UnitedHealthcare's book-of-business results when compared to standard Choice plans and the client's specific plan design and market distribution of membership. All savings estimates represent historical performance and are not a guarantee of future savings.

**Results from UnitedHealthcare commercial claims data that includes NexusACO members vs. non-NexusACO members from June 1, 2018 through June 1, 2019.

***Results from UnitedHealthcare commercial claims data that includes ACOs in NexusACO compared against non-ACOs from Sept. 1, 2018 through Aug. 31, 2019.

† Accountable Care Organizations (ACOs) are integrated groups of health care providers including primary care physicians specialists and facilities that work together to improve health outcomes, lower costs and increase patient satisfaction.
