## Innovation in action

# Bringing new health care solutions to life for employers and employees

### Using member, employer and consumer data to identify needs, opportunities

Data-driven artificial intelligence (AI) and machine learning are helping clinicians zero in on solutions to the unique needs of specific populations.

**50M** covered lives<sup>3</sup>

**1T** health transactions annually<sup>3</sup>

**222M** patient visits annually<sup>3</sup>

**"To study a home test for kidney disease in my world would probably take years. We did it within a year with Optum Labs."**

Clarissa Diamantidis  
Health Equity Researcher, Associate Professor of Medicine  
Duke University

### Putting better tools and more data in providers' hands to drive better outcomes, lower costs

Integrating patient health data with real-time benefits information, Point of Care Assist<sup>®</sup> helps streamline provider workflow, deliver better outcomes and lower costs.

**\$1.4M**

in medical cost savings through closing gaps in care<sup>4</sup>

**\$111**

average member prescription savings per switch to lower-cost alternative<sup>5</sup>

### Eliminating friction and roadblocks in the health care system to simplify the member experience

A UnitedHealthcare company, Surest is health insurance reimagined. Members can check costs and compare options before making an appointment – with no deductibles or coinsurance.

**70%**

of Surest members spend less than \$500 out-of-pocket annually<sup>6</sup>

**82%**

of Surest members say they "understand" or "really understand" their plan<sup>7</sup>

## Innovation is in our DNA, enterprise-wide

### UnitedHealthcare Accelerator

Mentors health tech start-ups to help them raise funds and scale their solutions

### Optum Labs<sup>®</sup>

Works to develop solutions that prevent, detect and intercept disease

### Optum Ventures

Invests in early-stage digital health and service companies
