¹ Primary Care Physicians (PCP) include Family Practice, Internal Medicine, Obstetrics-Gynecology and Pediatrics.

² This tier of benefits applies to UnitedHealth Premium[®] quality and efficiency designated physicians. Please visit myuhc.com[®] for details.

³ This tier of benefits applies to physicians in specialties where there is no UnitedHealth Premium designation program and for specialty physicians that are not quality and efficiency designated.

⁴ For the Choice Advanced plans with hospital tiering, the Inpatient Per-Occurrence Deductible applies on Tier 2 hospitals only.

⁵ Freestanding facilities are any of the following: outpatient facility, diagnostic or ambulatory center or independent laboratory. At a freestanding facility, deductible and coinsurance may still apply. See plan benefit information for further details.

⁶ Facility and hospital copayments are in addition to any plan deductible and coinsurance. Facility and hospital copayments do not apply to the deductible and continue to be required after the deductible is satisfied. These copayments may also be referred to in plan documents as "per-occurrence copayments" or "per-occurrence deductibles."

⁷ Deductible only applies on Tiers 2 and 3.

⁸ PCP and specialist office visits are \$0 copay for first 3 visits combined. Additional visits are subject to deductible and coinsurance. Urgent care visits are \$0 copay for the first 2 visits in a year. Additional visits are subject to deductible and coinsurance.

⁹ Deductible applies to Tier 2, 3 and 4.

¹⁰ Advantage PDL with Core Plus Preventive Rx.

¹¹ All combined pharmacy plans except MM.

Note: Plans listed as non-embedded/embedded reflect non-embedded deductibles and embedded out-of-pocket maximums meaning no individual in the family has satisfied the deductible until the entire family amount has been met, but an individual will not have to pay more than the individual OOP Max amount. Embedded deductibles mean all individual deductible amounts will count toward the family deductible, but an individual will not have to pay more than the individual deductible amount and individual OOP Max.

Note: For combined pharmacy plans, pharmacy copayments will apply after the deductible has been satisfied.

Note: For HSAs, copayments will not apply until after the deductible has been satisfied.
