When you’re sick and need care quick, a Virtual Visit is a convenient way to start feeling better faster.

With a Virtual Visit, you can see and talk to a doctor via mobile device or computer – 24/7, no appointment needed. The doctor can give you a diagnosis and prescription*, if needed. And with a UnitedHealthcare plan, your cost is $50 or less.

To get started with a Virtual Visit, go to uhc.com/virtualvisits.

Get care in 20 minutes or less.
Use a Virtual Visit for these minor medical needs:

- Bladder infection/Urinary tract infection
- Bronchitis
- Cold/flu
- Fever
- Pinkeye
- Rash
- Sinus problems
- Sore throat
- Stomachache

Prepare for your Virtual Visit.
Have these three items ready to register and complete your Virtual Visit:

- Health plan ID card
- Credit card
- Pharmacy location

Virtual visits are not an insurance product, health care provider or a health plan. Unless otherwise required, benefits are available only when services are delivered through a Designated Virtual Network Provider. Virtual visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times or in all locations. The Designated Virtual Visit Provider’s reduced rate for a virtual visit is subject to change at any time.

* Prescription services may not be available in all states.
** Based on analysis of 2016 UnitedHealthcare ER claim volumes, where ER visits are low-acuity and could be treated in a Virtual Visit, PCP, or urgent/convenient care setting.
