5 quick-care options.

When seeing your doctor is not possible, it's important to know your other options. Here are a few examples and the average cost for each type of visit:

- **Virtual Visit: $50**

  **When to go:** You want to see a doctor online anywhere, anytime.

  **For example:** Try a Virtual Visit 24/7 for routine issues, such as pinkeye, fever, a cold or the flu.

- **Convenience clinic: $65**

  **When to go:** You have a minor medical problem.

  **For example:** Drop in for help with earaches, skin rashes, minor injuries, flu shots.

- **Emergency room: $1,700**

  **When to go:** You have a very serious or life-threatening medical condition.

  **For example:** Call 911 or drop in for immediate needs, such as chest pain, shortness of breath and major burns.

- **Virtual Visit: $50**

  **When to go:** You need quick-after-hours care — but it’s not an emergency.

  **For example:** Drop in for help with issues such as low back pain, sprains, diarrhea and pneumonia.

- **Urgent care center: $190**

  **When to go:** You need quick after-hours care — but it's not an emergency.

  **For example:** Drop in for help with issues such as low back pain, sprains, diarrhea and pneumonia.

This is a sample list of services and may not be all-inclusive. Remember, when you use providers in your network, it may help keep your costs down.

Before you go. Compare your care options at uhc.com/checkchoosego.

*Source: Average allowed amounts charged by UnitedHealthcare Network Providers and not tied to a specific condition or treatment. Actual payments may vary depending upon benefit coverage. UnitedHealthcare 2015 Commercial Historical Claims data estimated $1,500 difference between the average emergency room visit and the average urgent care visit. The information and estimates provided are for general informational and illustrative purposes only and are not intended to be nor should be construed as medical advice or a substitute for your doctor’s care. You should consult with an appropriate health care professional to determine what may be right for you. In an emergency, call 911 or go to the nearest emergency room.

If you have a UnitedHealthcare SignatureValue® HMO plan, convenience care clinics are not in-network and you may be responsible for the cost of services provided. Please visit myuhc.com® to search for contracted providers in your plan network.

If you have a UnitedHealthcare Source® HMO plan, virtual care services are not covered by your health plan.

Virtual Visits are not an insurance product, health care provider or a health plan. Unless otherwise required, benefits are available only when services are delivered through a Designated Virtual Network Provider. Virtual Visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Urgent care visits are not intended for conditions that would not be treated as medical advice or a substitute for your doctor’s care. You should consult with an appropriate health care professional to determine what may be right for you in an emergency. Call 911 or go to the nearest emergency room.

Check your official health plan documents to see what services and providers are covered by your health plan.

24/7 nurse line: $0

**When to call:** You want expert advice from a registered nurse.

**For example:** A nurse may help you choose where to get care, help you find a doctor or hospital or answer medication questions.
