The Summary of Benefits and Coverage (SBC) establishes standards that group health plan sponsors and insurers must use when offering group or individual health insurance. It was created by the departments of Health and Human Services, Labor and the Treasury (the departments). The SBC's purpose is to accurately describe the benefits and coverage under the group plan.

Why the SBC requirement was created

Among other things, the standards were created to ensure that benefits and coverage information is presented in a clear and uniform format that helps plans and individuals better understand their health coverage and compare coverage options across different types of plans and insurance products.

The SBC was developed under section 2715 of the Public Health Service Act (PHS Act) as added by the Affordable Care Act (ACA).

What the SBC document includes

The departments consulted with the National Association of Insurance Commissioners (NAIC) to develop standards for providing SBCs.

This communication is not intended, nor should it be construed, as legal or tax advice. Please contact a competent legal or tax professional for legal advice, tax treatment and restrictions. Federal and state laws and regulations are subject to change.

Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates. Administrative services provided by United HealthCare Services, Inc., or its affiliates.

Make sure you comply

Willful failure to deliver your SBC to members within the required time frame may result in a fine of **\$1,000 per each covered individual.**

Overview

The SBC must include:

- A description of the coverage (including the cost-sharing for each category of benefits identified by the departments)
- The exceptions, reductions or limitations on coverage
- The cost-sharing provisions of the coverage, including deductible, coinsurance and copayment obligations
- The renewability and continuation-of-coverage provisions
- Appeals/Grievance Rights
- Coverage examples, including common benefits scenarios for having a baby (normal delivery) or managing Type 2 diabetes (routine maintenance, well-controlled)
- A statement that the SBC is only a summary and that the plan document, policy or certificate of insurance should be consulted to determine the governing contractual provisions of the coverage
- A contact number to call with questions and an Internet address where a copy of the actual individual coverage policy or group certificate of coverage can be reviewed and obtained
- An Internet address (or other contact information) for obtaining a list of the network providers, an Internet address where an individual may find more information about the prescription drug coverage under the plan or coverage, and an Internet address where an individual may review the Glossary of Health Coverage and Medical Terms (“Uniform Glossary”), and a disclosure that paper copies of the Uniform Glossary are available
- A uniform format, four double-sided pages in length and 12-point type
- A statement on whether the plan meets minimum essential coverage (MEC) and meets minimum value (MV: 60 percent of costs of benefits for a population). For UnitedHealthcare created SBCs, we will support group health plans with determining whether the plan or coverage meets the MV requirements for the UnitedHealthcare services that we provide.

What's new

Overview of the SBC and Uniform Glossary Final Rule (June 2015)

The Final Rule incorporated previously issued guidance and adopted new standards. Among the changes:

- If the issuer provides the SBC upon request before application for coverage, the requirement to provide the SBC upon application is satisfied. However, this is only true if there is no change to the information required to be in the SBC.
- If the plan sponsor is negotiating coverage terms at the time of initial enrollment, an updated SBC reflecting the final coverage terms must be provided to the plan or its sponsor on the first day of coverage, or upon request.
- The departments retained three existing special anti-duplication provisions from the 2012 final regulations. The two provisions below were also added to ensure participants and beneficiaries receive information while preventing unnecessary duplication.
 1. If an entity required to provide an SBC has entered into a binding contract with another party to provide the SBC, the requirement to provide the SBC is met—if specified conditions, including monitoring performance, are satisfied. A similar anti-duplication rule was added that applies to student health insurance coverage.
 2. For a group health plan that uses two or more insurance products provided by separate issuers, the group health plan administrator is responsible for providing complete SBCs with respect to the plan. The group health plan administrator may contract with one of its issuers (or other service providers) to perform that function. Absent a contract to perform the function, an issuer has no obligation to provide coverage information for benefits that it does not insure. Additionally, the enforcement safe harbor permits a group health plan administrator to combine the information into a single SBC or provide multiple partial SBCs. Together, these partial SBCs should provide all the relevant information to meet the SBC content requirements.

- The departments also codified additional enforcement safe harbors from previously issued FAQs, including:
 1. The safe harbor relating to the electronic delivery of SBCs for members who enroll for coverage through an electronic enrollment system.
 2. Relief exempting Medicare Advantage benefits from the SBC requirements.
 3. Enforcement relief to insurance products that are no longer being offered for purchase (“closed blocks of business”).
- Until the new template and associated documents are finalized and applicable, the departments will not take enforcement action against a plan or issuer that provides an SBC with a cover letter or similar disclosure with the required minimum essential coverage and minimum value statements.
- Specific to individual market insurance coverage, if an issuer automatically re-enrolls an individual and any dependents into a different plan or product, the issuer will be required to provide an SBC for the enrolled coverage. The timing requirements that apply are consistent with when the policy is renewed or reissued.
- Qualified health plan issuers must disclose on the SBC for qualified health plans sold through an individual Marketplace whether abortion services are covered or excluded, and whether coverage is limited to excepted abortion services.
- A copy of the actual individual coverage policy or group Certificate of Coverage (COC) must be available online. This provision is applicable to issuers and not self-insured plans. For the group market only, an issuer is permitted to satisfy this requirement with respect to plan sponsors that are shopping for coverage by posting a sample COC for each applicable product. After the actual COC is executed, it must be easily available online to plan sponsors, participants and beneficiaries.

What's new continued

- The SBC cannot exceed four double-sided pages. The departments will address specific issues related to completing the four-page template, as well as the problems plans and issuers may encounter meeting these requirements with the finalization of the new template and associated documents, separate from this Final Rule.

Applicability Dates with Respect to Disclosures to Participants and Beneficiaries

- The first day of the first open enrollment period that begins on or after September 1, 2015, for those who enroll or re-enroll in group health coverage through an open enrollment period (including re-enrollees and late enrollees).
- The first day of the first plan year that begins on or after September 1, 2015, for those who enroll in group health coverage other than through an open enrollment period (including individuals who are newly eligible for coverage and special enrollees).
- In the individual market, the requirements apply to health insurance issuers with respect to SBCs issued for coverage that begins on or after January 1, 2016.

Applicability Dates with Respect to the New Template and Associated Documents

The Centers for Medicare and Medicaid (CMS), along with the Department of Labor (DOL), issued final updated templates for the SBC and uniform glossary. All group and individual health insurance plans and policies are required to provide an accurate SBC to applicants, enrollees, policyholders and certificate holders. These updated templates are required for:

- * Plans and policies with an open enrollment period beginning on the first day of the first open enrollment period that begins on or after April 1, 2017, for coverage effective on or after that date; or
- * Plans and policies with no open enrollment period beginning on the first day of the first plan or policy year that begins on or after April 1, 2017.

What UnitedHealthcare will do – fully insured group plans

For insured health plans, UnitedHealthcare and the Group Health Plan are jointly responsible for meeting the SBC requirements for creation and delivery of the SBCs to members. If you utilize external vendors for certain benefits, there could be additional tasks. UnitedHealthcare offers two ways to help you:

Partial SBC Creation (excluding external vendors)

If UnitedHealthcare provides your medical insurance coverage but you use external vendors for other benefit services, we will create the SBC, including calculating coverage examples, for the services that you insure through UnitedHealthcare. You will be responsible for completing any information from outside vendors and completing the calculation of the coverage examples within the SBC document.

Full SBC Creation (including external vendors)

If UnitedHealthcare provides your medical insurance coverage, but you use external vendors for other benefit services, we will create the SBC, including calculating coverage examples, for the services that you insure through UnitedHealthcare. Upon request (at no additional cost), we can incorporate the completed external vendor benefit information and calculate coverage examples, into a single, completed, and fully synergized SBC.* UnitedHealthcare can only make requested benefit change updates to the SBC going forward for the services that we provide you, unless the external vendor benefit information and recalculated coverage examples are provided by you.

Plans excluded from the SBC requirements include:

- Retiree-only
- Stand-alone dental or vision

*Customer is responsible for ensuring the accuracy of the information provided in the SBC Carve-Out Forms (Rx and Mental/Behavioral Health Substance Use Disorder). UnitedHealthcare shall not be responsible for any inaccuracies in the content of a completed SBC Carve-Out Form or the SBC that is generated using inaccurate information. UnitedHealthcare reserves the right to change the format or information requested on the SBC Carve-Out Forms at any time, with or without advance notice.

Timing is everything when it comes to properly completing your SBC.*

Group health plan SBC

A health insurance issuer that offers group health insurance must provide an SBC to the plan or plan sponsor:

- Within seven business days after receipt of an application for health coverage;
- By the first day of coverage, if there are any changes to the initial SBC;
- If written application for renewal is required, no later than the date the written application materials are distributed;
- If written application is not required for renewal, the later of 30 days before the beginning of the new plan or policy year or within seven business days of receiving the group's intent to renew; and
- Within seven business days after receipt of a request from the plan or plan sponsor.

Member/employee SBC

The plan administrator or health insurance issuer (for insured plans) must provide an SBC to a member:

- As part of the written application or enrollment materials (i.e., new hire enrollment packet). If the plan does not distribute written enrollment materials, the SBC must be distributed no later than the first date on which the employee is eligible to enroll for coverage;

- By the first day of coverage, if there are any changes to the initial SBC;
- Within 90 days from enrollment for any special enrollee. A special enrollee is generally an employee who enrolls midyear upon the occurrence of a special enrollment event, such as marriage, birth of a child, or loss of other coverage;
- For renewal, if the member must actively elect to maintain coverage, or has the opportunity to change coverage options during an annual open enrollment period, an SBC must be distributed as part of the open enrollment materials;
- If written application is not required for renewal, the later of 30 days before the beginning of the new plan or policy year or within seven business days of receiving the group's intent to renew; and
- Within seven business days after receipt of request by the member.

Here is a breakdown of the three main times when changes may be made to your SBC.

At renewal

Prior to renewal

Off-renewal

* The examples provided do not illustrate time frames requiring additional information needed for plans with external vendors. If an external vendor is being utilized, please include additional time to provide a consolidated and synergized SBC.

Did you know?

As a group health plan, you must make the Uniform Glossary available to participants and beneficiaries. If a copy is requested, it must be provided in the format required by the departments. This is to ensure the information is consistent and uses language that the average plan enrollee can understand. UnitedHealthcare will provide a link within your Employer Web portal to the Department of Labor (DOL) and Centers for Medicare & Medicaid Services (CMS) website so you can print copies for your employees.

What is a material modification?

A material modification is any modification to the coverage offered under a plan that – independently or in conjunction with other modifications or changes – would be considered by an average plan participant or individual covered under a policy to be an important change in covered benefits or other terms of coverage under the plan or policy.

Important changes include:

- Elimination of benefits
- Reduction of benefits under the plan, including formulas, methodologies or schedules that serve as the basis for making benefit determinations
- Increases in benefits under the plan
- Increases in deductibles, coinsurance, copayments or other amounts to be paid by a participant or beneficiary
- Decreases in deductibles, coinsurance, copayments or other amounts to be paid by a participant or beneficiary
- Changes in state mandates for non-ERISA plans that are contained within the SBC
- Establishment of new conditions or requirements (for example, preauthorization requirements) for obtaining benefits under the plan

Off-renewal changes

Advance notice of material modification is required for a change that occurs other than in connection with a renewal. You must notify your members at least 60 calendar days before the effective date of the change, if the change affects information included in the SBC and is not reflected in the most recent SBC.

Other events that require SBC distribution:

Upon request

If a request is received, the SBC should be provided as soon as possible, but never later than seven business days.

When you have “special enrollees”

A special enrollee is a plan member who has a HIPAA Special Enrollment event, such as a marriage or birth of a child, or loss of other coverage. An SBC must be provided no later than when a summary plan description is required under the time frame set forth in ERISA, which is 90 calendar days from enrollment.

Translation of SBCs

Final regulations require that the SBC be provided in a culturally and linguistically appropriate (CLA) manner. The CLA provision applies only to counties identified in the American Community Survey data provided by the U.S. Census Bureau report as having 10 percent or more of the population literate only in the same non-English language. UnitedHealthcare will provide members with translation services at no additional cost. For UnitedHealthcare members requesting oral translation services, we will follow the business model and utilize a vendor to facilitate where needed. Written translation will be provided for UnitedHealthcare created SBCs, upon request, for the languages required by the CLA provision.

The languages currently required are:

- Spanish
- Chinese
- Tagalog
- Navajo

To help plans and issuers meet the language requirements, HHS will provide written translation of the SBC template, sample language and Uniform Glossary.

American Community Survey (ACS) data

The SBC translation is the same as the current appeals translation requirements. [Click here](#) to determine if your group has any employees in the required counties.

Accessing your SBC (for small groups on PRIME platform only)*

How to access your UnitedHealthcare created SBC

Employer groups (1-50 or 1-100)** on UnitedHealthcare's small group platform will have the ability to view, access and print SBCs through the Employer eServices® (EeS) portal. We will send a postcard to the employer notifying them that the SBC is accessible through EeS.

* Please note that UnitedHealthcare's small group platform (PRIME) supports all UnitedHealthcare (1-50 or 1-100)** business and smaller-sized Key Account clients as long as a standard plan design was sold.

**Small Group size may change as a result of Protecting Affordable Coverage for Employees (PACE) Act (1-50 or 1-100)

You can access SBCs by:

- ① Logging into the UnitedHealthcare Employer portal
- ② Entering your username and password
- ③ Selecting “Summary of Benefits and Coverage” under Plans & Services

The screenshot shows the UnitedHealthcare Employer eServices portal. At the top, there are links for Alerts (0), Notifications (0), My Profile, Help, Feedback, and Log Out. Below that is a dark blue navigation bar with tabs for ABC Company, Dashboard, Manage Employees, Invoices, and Tools for Wellness. On the left, there's a sidebar with 'Quick Links' for Employee Forms, Communications Resource Center, United for Reforms, and Additional Links. The main content area has a 'Featured Highlights' section with a photo of a person in a field and text about May being High Blood Pressure Month. Below it is a 'Search for Employees' section and an 'Add New Employee' section. On the right, there's a 'Wellness Tools & Tips' section with a photo of a salad. At the bottom, there's a link to 'Access Hundreds of Wellness Materials'. The 'Plans & Services' menu on the left is highlighted with a red box, and the 'Summary of Benefits and Coverage' link is also highlighted with a red box.

This screenshot shows the same UnitedHealthcare Employer eServices portal as the previous one, but from a different perspective. It focuses on the 'Plans & Services' menu, which is highlighted with a red box. Within this menu, the 'Summary of Benefits and Coverage' link is also highlighted with a red box. The rest of the interface is similar to the first screenshot, showing the dashboard, employee management, and wellness tools.

If you have requested UnitedHealthcare include external vendor information in the SBC, we will highlight the areas you will need to complete.

Full SBC (no external vendors)

The full SBC requires no activity on your part. UnitedHealthcare has completed the document because you use no external vendors, other than UnitedHealthcare or one of our sister companies.

Full SBC (including external vendor information)

If you have requested UnitedHealthcare include external vendor information in the SBC, some additional work is required on your part.*

You (or your vendor) will need to provide complete information in the following highlighted sections:

- Deductibles
- Out-of-pocket limits
- Prescription drug coverage
- Mental health benefits

- Calculated Coverage Examples
 - Plan Pays & Patients Pay (at the top of the example)
 - Patient Pays break out (bottom of the example)
 - Deductibles
 - Copayments
 - Coinsurance
 - Limits or exclusions
 - Total

Once you have completed those sections, please review and approve the document. You can then email your external vendor SBC to your Sales Account Executive to be included in the SBC installation process.

Partial SBC (excluding external vendor information)

If UnitedHealthcare provides your health claims administration but you use external vendors for other benefit services, we will create the SBC, including calculating coverage examples, for the services that you receive from UnitedHealthcare. You will be responsible for completing any information from outside vendors and completing the calculation of the coverage examples within the SBC document.

* Additional fees may apply for this service. Please see your Sales Account Executive for more information on fees and other SBC services available.
