

Certificate of Coverage

UnitedHealthcare Insurance Company

What Is the Certificate of Coverage?

This *Certificate of Coverage (Certificate)* is part of the Policy that is a legal document between UnitedHealthcare Insurance Company and the Group. The *Certificate* describes Covered Health Care Services, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Group's Application and payment of the required Policy Charges.

In addition to this *Certificate*, the Policy includes:

- The *Schedule of Benefits*.
- The Group's *Application*.
- Riders, including the *Outpatient Prescription Drug Rider*, the *Pediatric Dental Services Rider* and the *Pediatric Vision Care Services Rider*.
- Amendments.

You can review the Policy at the Group's office during regular business hours.

Can This Certificate Change?

We may, from time to time, change this *Certificate* by attaching legal documents called Riders and/or Amendments that may change certain provisions of this *Certificate*. When this happens we will send you a new *Certificate*, Rider or Amendment.

Other Information You Should Have

We have the right to change, interpret, withdraw or add Benefits, or to end the Policy, as permitted by law, without your approval with a 60-day prior written notice. However, please note that all decisions made by us are subject to the procedures described in *Section 6: Questions, Complaints and Appeals*.

On its effective date, this *Certificate* replaces and overrules any *Certificate* that we may have previously issued to you. This *Certificate* will in turn be overruled by any *Certificate* we issue to you in the future.

The Policy will take effect on the date shown in the Policy. Coverage under the Policy starts at 12:01 a.m. and ends at 12:00 midnight in the time zone of the Group's location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to *Section 4: When Coverage Ends*.

We are delivering the Policy in Maine. The Policy is subject to the laws of the state of Maine and ERISA, unless the Group is not a private plan sponsor subject to ERISA. To the extent that state law applies, Maine law governs the Policy.

Your Responsibilities

Enrollment and Required Contributions

Benefits are available to you if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the requirements of the Policy issued to your Group, including the eligibility requirements.
- You must qualify as a Subscriber or a Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy. If you have questions about this, contact your Group.

Be Aware the Policy Does Not Pay for All Health Care Services

The Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Care Services from an out-of-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds the Allowed Amount.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Policy's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Policy for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether the Policy will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the authority to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for the Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Policy.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed except when 1) the bill is considered a surprise bill under Maine law bills for out-of-Network emergency services; or 2) we approve an exception for you to see the out-of-Network provider because our network is not

adequate. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting us at www.myuhc.com or the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

Protection from Surprise Bills

With respect to a surprise bill or a bill for covered emergency services rendered by an out-of-Network provider:

- A. We will require you to pay only the applicable coinsurance, copayment, deductible or other out-of-pocket expense that would be imposed for health care services if the services were rendered by a Network provider. We will calculate any coinsurance amount based on the median Network rate for that service.
- B. Except as provided for ambulance services, unless we and the out-of-Network provider agree otherwise, we will reimburse the out-of-Network provider or enrollee, as applicable, for health care services rendered at the greater of:
 1. Our median Network rate paid for that service by a similar provider in your geographic area; and
 2. The median Network rate paid by all insurers for that service by a similar provider in your geographic area as determined by the all-payer claims database maintained by the Maine Health Data Organization or, if Maine Health Data Organization claims data is insufficient or otherwise inapplicable, another independent medical claims database.
- C. If we have an inadequate Network, as determined by the superintendent, we will ensure that you obtain the covered service at no greater cost to you than if the service were obtained from a Network provider or will make other arrangements acceptable to the superintendent.
- D. We will reimburse an out-of-Network provider for ambulance services that are covered emergency services at the out-of-Network provider's rate, unless we and the out-of-Network provider agree otherwise.
- E. If an out-of-Network provider disagrees with our payment amount for a surprise bill for emergency services or for covered emergency services, we and the out-of-Network provider have 30 calendar days to negotiate an agreement on the payment amount in good faith. If we and the out-of-Network provider do not reach agreement on the payment amount within 30 calendar days, the out-of-Network provider may submit a dispute regarding the payment and receive another payment from us determined in accordance with the dispute resolution process in accordance with Maine law.
- F. Your responsibility for payment for covered out-of-Network emergency services must be limited so that if you have paid your share of the charge as specified in the plan for Network services, we will hold the enrollee harmless from any additional amount owed to an out-of-Network provider for covered emergency services and make payment to the out-of-Network provider in accordance with this section or, if there is a dispute, in accordance with Maine law.

Payment after resolution of disputes: following an independent dispute resolution determination in accordance with Maine law, the determination by the independent dispute resolution entity of a reasonable payment for a specific health care service or treatment rendered by an out-of-Network provider is binding on us, out-of-Network provider and you for 90 days. During that 90-day period, we will reimburse an out-of-Network provider at that same rate for that specific health care service or treatment, and an out-of-Network provider may not dispute any bill for that service in accordance with Maine law.

As used in this section, "surprise bill" means a bill for health care services, including, but not limited to, emergency services, received by you for Covered Health Care Services rendered by an out-of-Network provider at a Network provider, when such services were rendered by that out-of-Network provider at a Network provider, during a service or procedure performed by a Network provider, or during a service or procedure previously approved or authorized us, and you did not knowingly elect to obtain such services from that out-of-Network provider. A surprise bill does not include a bill for health care services received by you when a Network provider

was available the render the services and you knowingly elected to obtain the services from another provider who was an out-of-Network provider.

As used in this section, "Knowingly elected to obtain such services from that out-of-Network provider" means that you chose the services of a specific provider, with full knowledge that the provider is an out-of-Network provider with respect to your health plan, under circumstances that indicate that you had and was informed of the opportunity to receive services from a Network provider but instead selected the out-of-Network provider. The disclosure by a provider of Network status does not render your decision to proceed with treatment from that provider a choice made knowingly pursuant to this subsection.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

The Covered Person is encouraged to shop for low-cost, high-quality providers for comparable health care services. "Comparable health care services" means nonemergency, outpatient health care services in the following categories: (1) physical and occupational therapy services, (2) radiology and imaging services, (3) laboratory services, and (4) infusion therapy services. Explanation and Notice to Parent

If the Covered Person is an Enrolled Dependent child, and the parent of the Covered Person makes the request, we will provide that parent with:

- **Payment or denial of claim.** An explanation of the payment or denial of any claim filed on behalf of the Covered Person except to the extent that the Covered Person has the right to withhold consent and does not affirmatively consent to notifying the parent.
- **Change in terms and conditions.** An explanation of any proposed change in the terms and conditions of the Policy.
- **Notice of lapse.** Reasonable notice that the Policy may lapse, but only if the parent has provided us with the address at which the parent may be notified.

In addition, any parent who is able to provide the information necessary to us to process a claim will be permitted to authorize the filing of any claim under the Policy.

Section 1: Covered Health Care Services

When Are Benefits Available for Covered Health Care Services?

- You receive Covered Health Care Services prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.

The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Care Service under the Policy.

- The amount you must pay for these Covered Health Care Services (including any Annual Deductible, Co-payment and/or Co-insurance).

Section 2: Exclusions and Limitations

How Do We Use Headings in this Section?

To help you find exclusions, we use headings (for example *A. Alternative Treatments* below). The headings group services, treatments, items, or supplies that fall into a similar category. Exclusions appear under the headings. A heading does not create, define, change, limit or expand an exclusion. All exclusions in this section apply to you.

We Do Not Pay Benefits for Exclusions

We will not pay Benefits for any of the services, treatments, items or supplies described in this section, even if either of the following is true:

- It is recommended or prescribed by a Physician.
- It is the only available treatment for your condition.

The services, treatments, items or supplies listed in this section are not Covered Health Care Services, except as may be specifically provided for in *Section 1: Covered Health Care Services* or through a Rider to the Policy.

Where Are Benefit Limitations Shown?

When Benefits are limited within any of the Covered Health Care Service categories described in *Section 1: Covered Health Care Services*, those limits are stated in the corresponding Covered Health Care Service category in the *Schedule of Benefits*. Limits may also apply to some Covered Health Care Services that fall under more than one Covered Health Care Service category. When this occurs, those limits are also stated in the *Schedule of Benefits* table. Please review all limits carefully, as we will not pay Benefits for any of the services, treatments, items or supplies that exceed these Benefit limits.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

Section 3: When Coverage Begins

How Do You Enroll?

Eligible Persons must complete an enrollment form given to them by the Group. The Group will submit the completed forms to us, along with any required Premium. We will not provide Benefits for health care services that you receive before your effective date of coverage.

What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Policy.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. Network Benefits are available only if you receive Covered Health Care Services from Network providers.

However, if your coverage under this Policy is replacing coverage from another policy between the Group and a prior carrier, the following conditions may apply. When a health care provider that has been providing health care services to you is not a Network provider, we will pay Benefits for Covered Health Care Services in accordance with the following paragraphs in the same manner as if the provider had been terminated from the Network arranged by us as of the date of policy replacement.

- We will notify you of the termination of the provider's contract at least sixty days in advance of the termination. When circumstances related to the termination render such notice impossible, we will provide you as much notice as is reasonably possible. Our notice will include instructions on obtaining an alternate provider and ensuring that there is no inappropriate disruption in your ongoing treatment.
- We will permit you to continue to be covered, with respect to the course of treatment with the provider, for a transitional period of at least sixty days from the date notice to you of the provider's termination except that if you are in the second trimester of pregnancy at the time of the provider's termination and the provider is treating you during the pregnancy, the transitional period will extend through the provision of postpartum care directly related to the pregnancy.
- We will make coverage of continued treatment by a provider in the previous item conditional upon the provider's agreeing to the following terms and conditions:
 - The provider agrees to accept reimbursement from us at rates applicable prior to the start of the transitional period as payment in full and not to impose cost-sharing with respect to you in an amount that would exceed the cost-sharing that could have been imposed if the contract between us and the provider had not been terminated.
 - The provider agrees to adhere to our quality assurance standards and to provide use with the necessary medical information related to the care provided.
 - The provider agrees otherwise to adhere to our policies and procedures.

Who Is Eligible for Coverage?

The Group determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Group who meets the eligibility rules. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must live within the United States.

If both spouses are Eligible Persons of the Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Policy. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

Open Enrollment Period

The Group sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.

- Court or administrative order.
- Registering a Domestic Partner.

Coverage for the Dependent begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event.

Coverage exists during the initial 31-day period for a newly born or newly placed or adopted child. Completed enrollment and payment of any required Premium is required to have such coverage continue beyond that 31-day period.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period and coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that includes the Eligible Person and/or Dependent.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day

following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end the Policy and/or all similar benefit plans at any time for the reasons explained in the Policy.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date the Policy ends. In this event, the Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends on the last day of the calendar month in which we receive the required notice from the Group to end your coverage, or on the date requested in the notice, if later.

- **Subscriber Retires or Is Pensioned**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Group's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Group's Application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Group can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

We will provide at least 30 days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Third-Party Notice of Cancellation

If you suffer from cognitive impairment or functional incapacity, you have the right to designate a third party to receive prior notice of cancellation for nonpayment of Premium.

You have the right to have your coverage reinstated if the ground for cancellation was for nonpayment of Premium or other lapse or default on your part. Within 90 days after cancellation, you or your designee may request reinstatement on the basis that the loss of coverage was a result of cognitive impairment or functional incapacity. We may require medical proof, at your expense, of one of these conditions.

If your coverage is reinstated, we will request payment for any unpaid premiums. Within 15 days of the request, you or your designee must submit payment. If payment is not received, the policy may not be reinstated and claims incurred since the date of cancellation will not be eligible for coverage under the Policy.

If your coverage is not reinstated, we will notify you or your designee of your right to request a hearing before the Superintendent of the Bureau of Insurance.

Rescission of Coverage

A rescission of coverage is a cancellation or discontinuation of coverage that has a retroactive effect. We will not rescind coverage under the Policy once it is in effect except in the case of fraud or intentional misrepresentation of a material fact as outlined in this section.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage when you are Totally Disabled on the date the entire Policy ends will not end automatically. We will extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Six months from the date coverage would have ended when the entire Policy ends.

Continuation of Coverage

If your coverage ends under the Policy, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Groups that are subject to the terms of COBRA. Contact your plan administrator to find out if your Group is subject to the provisions of COBRA.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Policy,

continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Qualifying Events for Continuation Coverage under State Law

Coverage must have ended due to one of the following qualifying events:

- Termination of the Subscriber from employment with the Group for any reason except gross misconduct.
- Termination of coverage due to loss of eligibility as a Subscriber or an Enrolled Dependent.

Notification Requirements and Election Period for Continuation Coverage under State Law

You must elect continuation coverage within 31 days of the date your coverage ends. You should get an election form from the Group or the employer and, once election is made, forward all monthly Premiums to the Group for payment to us.

Terminating Events for Continuation Coverage under State Law

Continuation coverage under the Policy will end on the earliest of the following dates:

- One year from the date of your last day of work.
- The date coverage ends for failure to make timely payment of the Premium.
- The date coverage ends because you violate a material condition of the Policy.
- The date coverage is or could be obtained under any other group health plan.
- The date the Policy ends.

Section 5: How to File a Claim

How Are Covered Health Care Services from Network Providers Paid?

We pay Network providers directly for your Covered Health Care Services. You are not responsible for "balance billing" by Network providers. This means that for Network Benefits you are not responsible for any difference between the Allowed Amount and the amount the provider bills. If a Network provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable deductible and to pay any required Co-payments and Co-insurance to a Network provider.

Claims for office visits that include *Preventive Care Services* as described under *Section 1: Covered Health Care Services* will be paid in accordance with applicable law. You are not responsible for paying for *Preventive Health Care Services* received from a Network provider.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us although the provider may accept assignment of benefits. The claim must be filed in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Written notice of sickness or injury must be provided to us within 30 days after the date when such sickness or injury occurred. Within 15 days of receipt of such notification we will provide forms for filing proof of loss. Failure to give notice within such time will not invalidate or reduce any claim if it was not reasonably possible to give such notice and that notice was given as soon as was reasonably possible.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Optum RX
PO Box 29077
Hot Springs, AR 71903

Payment of Benefits

If you provide written authorization to allow this, all or a portion of any Allowed Amounts due to a provider may be paid directly to the provider instead of being paid to the Subscriber. We will not reimburse third parties that have purchased or been assigned benefits by Physicians or other providers.

Benefits will be paid to you unless either of the following is true:

- The provider notifies us that your signature is on file, assigning benefits directly to that provider.
- You make a written request at the time you submit your claim.

We will either pay or dispute a claim within 30 days after proof of loss is received. A claim that is not paid or disputed within 30 days is overdue. If during the 30 days we notify you in writing that additional information is required to review the claim, the claim is not overdue until 30 days after we receive the additional required information. If payment is not made on an undisputed claim when due, the amount of the overdue claim or part of the claim will be paid with interest at a rate of 1.5% per month after the due date.

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

Grievance Procedure

A "grievance" is a written complaint submitted by or on behalf of you regarding any of the following:

- Availability, delivery, or quality of health care services, including a complaint regarding an adverse determination made pursuant to utilization review.

First Level Grievance

If you have a grievance concerning any matter, except an adverse utilization review determination, you (or your representative) may submit it to us. We will issue a written decision to you (or your representative) within 20 business days after receiving the grievance and all information necessary for our review of the grievance. Additional time is permitted when we can establish that the 20 day time frame cannot reasonably be met due to our inability to obtain necessary information from a person or entity not affiliated with or under contract with us. We will provide written notice of the delay to you (or your representative). The notice will explain the reasons for the delay. In such instances, decisions must be issued within 20 days of our receipt of all necessary information.

If we make an adverse determination, our decision will be in writing and will contain the following:

- The names, titles and qualifying credentials of the person or persons participating in the first level grievance review process (the reviewers).
- A statement of the reviewers' understanding of your grievance and all pertinent facts.
- The reviewers' decision in clear terms and the basis for the decision.
- A reference to the evidence or documentation used as the basis for the decision.
- Notice of your right to contact the *Superintendent's Office* including the toll-free telephone number and address of the *Bureau of Insurance*.
- A notice describing any external review rights.

- A description of the process to obtain a second level grievance review of a decision, the procedures and time frames governing a second level grievance review, and the second level grievance rights.

Utilization Review Procedures

We use the following utilization review procedures described below to review select health care services against clinical criteria to determine whether the proposed service is a Covered Health Care Service, and to facilitate clinically appropriate, cost-effective management of your care.

- **Pre-service review** of selected elective inpatient admissions, surgical day care, and outpatient/ambulatory procedures to determine whether proposed services meet clinical criteria for coverage. Prospective utilization review determinations will be made, and you and your providers will be notified of the determination within two working days of obtaining all necessary information.
- **Prior Authorization Requests for Nonemergency Services.** Except for a request in exigent circumstances, a request by a provider for prior authorization of a nonemergency service must be answered within 72 hours or two business days, whichever is less, in accordance with the following:
 - Both the provider and the enrollee on whose behalf the authorization was requested must be notified of our determination.
 - If we respond to a request with a request for additional information, we will make a decision within 72 hours or two business days, whichever is less, after receiving the requested information.
 - If we respond that outside consultation is necessary before making a decision, we will make a decision within 72 hours or two business days, whichever is less, from the time of our initial response.
 - The prior authorization standards we use will be clear and readily available.
 - A provider must make best efforts to provide all information necessary to evaluate a request, and we will make best efforts to limit requests for additional information.
 - If we do not grant or deny a request for prior authorization within these timeframes, the request is granted.
- **Expedited Review in Exigent Circumstances.** When exigent circumstances exist, we must answer a prior authorization request no more than 24 hours after receiving the request.
 - Exigent circumstances exist when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee's life, health or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a nonformulary drug.
 - We must notify the enrollee, the enrollee's designee if applicable, and the provider of its coverage decision.
- **Concurrent utilization review** of authorized admissions to hospitals and extended care facilities, and skilled home health services. Concurrent review decisions will be made within one working day of obtaining all necessary information, and you and your provider will be notified of the determination within one working day. In the case of a determination to approve additional services, the written notification provided within one working day will include the number of extended days or next review date, the new total number of days or services approved, and the date of admission or initiation services. In the case of an adverse determination, we will notify you and the provider rendering the service within one working day and the service will continue without liability to you until you have been told of the determination.
- **Active case management and discharge planning** may also be provided upon the request of the treating physician or to assist you in coordinating care.
- **Retrospective utilization review** may be conducted in situations where services are not subject to pre-service review against clinical criteria. A determination will be made within 30 working days from receipt of all necessary information. In the case of a certification, we will notify you and your provider. In the case of an adverse determination, we will notify you and your provider within five working days of making the determination.

If you wish to determine the status or outcome of a clinical review decision you may call us at the telephone number on your ID card.

In the event of an adverse determination involving either a prospective, concurrent or retrospective clinical review, your treating provider may discuss your case with the physician reviewer making the adverse determination or

may seek reconsideration from us. The reconsideration will take place within one working day of the request. The reconsideration will be conducted between the provider rendering the service and the reviewer who made the adverse determination, or a clinical peer designated by the reviewer if the reviewer cannot be available within one working day. If the adverse determination is not reversed on reconsideration you, or your provider on your behalf, may appeal. Your appeal rights are described in the following sections. Your right to appeal does not depend on whether or not your provider sought reconsideration.

Standard Appeals of Adverse Utilization Review Determinations

If you disagree with an adverse utilization review determination or a rescission of coverage determination, you have the right to appeal that determination. You should follow the procedure contained in the adverse utilization review determination letter. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse determination.

We will notify in writing both you and the attending or ordering provider of the decision within 20 working days following the request for an appeal. Additional time is permitted where we can establish the 20 day time frame cannot reasonably be met due to our inability to obtain necessary information from a person or entity not affiliated with or under contract with us. We will provide written notice of the delay to you and the attending or ordering provider. The notice will explain the reasons for the delay. In such instances, decisions must be issued within 20 days of our receipt of all necessary information.

Appeals will be conducted by a clinical peer. The clinical peer may not have been involved in making the initial adverse health care treatment decision unless information not previously considered during the initial review is provided on appeal. An adverse health care treatment decision does not include a rescission determination or initial coverage eligibility determination. A clinical peer means a physician or other licensed health care practitioner who holds a non-restricted license in a state in the U.S., is board certified in the same or similar specialty as typically manages the medical condition, procedure, or treatment under review, and whose compensation does not depend, directly or indirectly, upon the quantity, type, or cost of the medical condition, procedure, or treatment that the practitioner approves or denies on behalf of us.

An adverse decision will be in writing and will contain the following:

- The names, titles and qualifying credentials of the person or persons evaluating the appeal.
- A statement of the reviewers' understanding of the reason for your request for an appeal.
- The reviewers' decision in clear terms and the clinical rationale in sufficient detail for you to respond further to our position.
- A reference to the evidence or documentation used as the basis for the decision, including the clinical review criteria used to make the determination. The decision will include instructions for requesting copies of any referenced evidence, documentation or clinical review criteria not previously provided to you. Where you had previously submitted a written request for the clinical review criteria relied upon by us in rendering the initial adverse determination, the decision will include copies of any additional clinical review criteria utilized in arriving at the decision.
- Any appeal rights and the procedure and time limitation for exercising those rights. Notice of external review rights will be provided as well as a description of the process for submitting a written request for second level review.

Second Level Review

If you were not satisfied with the written decision concerning your grievance, you may request a second level review.

For second level grievances involving an adverse utilization review determination, we will appoint a second level grievance review panel for each grievance. A majority of the panel will be comprised of health care professionals who are clinical peers. In cases where there has been a denial of service, the reviewing health care professionals will not have a financial interest in the outcome of the review. A majority of the panel will also be comprised of persons who were not previously involved in the grievance, however a person who was previously involved with the grievance may be a member of the panel or appear before the panel to present information or answer questions. The panel must include at least one health care professional who is a clinical peer and was not previously involved with the grievance.

For second level review of all grievances other than those concerning an adverse utilization review determination,

we will appoint a second level grievance review panel for each grievance. A majority of the panel will be comprised of our employees or representatives who were not previously involved in the grievance, however a person who was previously involved with the grievance may be a member of the panel or appear before the panel to present information or answer questions.

If you request the opportunity to appear in person before our authorized representatives, the procedures for conducting a second level panel review will be in writing and will contain the following:

- A statement that the review panel will schedule and hold a review meeting within 45 working days of receiving a request from you for a second level review.
- A statement that the review meeting will be held during regular business hours at a location reasonably accessible to you. In cases where a face-to-face meeting is not practical for geographic reasons, we will offer you the opportunity to communicate with the review panel, at our expense, by conference call, video conferencing, or other appropriate technology.
- A statement that you will be notified in writing at least 15 working days in advance of the review date. We will not unreasonably deny a request for postponement of the review made by you.

Upon your request, we will provide you with all relevant information that is not confidential or privileged.

You have the right to:

- Obtain your medical file and information relevant to your appeal free of charge upon request.
- Attend the second level review.
- Present your case to the review panel.
- Submit supporting material both before and at the review meeting.
- Ask questions of any of our representatives.
- Be assisted or represented by a person of your choice.

If we have an attorney present to argue our case against you, we will notify you at least 15 working days in advance of the review, and will advise you of your right to obtain legal representation.

Your right to a fair review will not be made conditional on your appearance at the review.

The review panel will issue a written decision to you within 5 working days of completing the review meeting.

If you elect not to attend the review committee meeting in person, or participate by telephone, you will be provided with a written response to your appeal within 30 calendar days of your request for a second level appeal.

Urgent Appeals that Require Immediate Action

Expedited Review

The following statements apply if you have a dispute about a pending health service, which in the opinion of your Physician, requires special consideration as an urgent situation.

- The grievance procedures outlined in this section do not apply; and
- Your complaint does not need to be submitted in writing; and
- We will notify you of our decision regarding coverage by the end of the next business day following the date your complaint is registered, if any decision has been made. If we require additional information from your Physician in order to make a decision, we will notify you of the decision by the end of the next business day following receipt of required medical information.

Prescheduled treatments, therapies, surgeries, or other procedures are not considered urgent situations.

If you are in an urgent situation, we will also provide an expedited review. An urgent situation is generally considered one where following the time frame of the standard grievance procedures would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. We will provide an expedited review for all requests concerning an admission, availability of care, continued stay or health care service for you if you have received emergency services but have not been discharged from a facility. Adverse determinations made on a retrospective basis may only be appealed through the standard grievance process. We will provide you, or the provider acting on your behalf, reasonable access to a peer who can perform an expedited review within one day of the request. We will then provide you, or the provider acting on your behalf, all necessary

information, including our decision by telephone, fax or the most expeditious method available within 24 hours of receiving the request. A written confirmation of the decision will follow within two business days of the decision.

If the expedited review is a concurrent review determination of emergency services as described in the *Emergency Health Care Services - Outpatient* section or of an initially noticed admission or course of treatment, the service shall be continued without liability to you until you have been notified of the determination.

If you are dissatisfied with our decision following an expedited review, you, or the provider acting on your behalf, can then request a second level review. In performing a second level review following an expedited review, we will adhere to time frames that are reasonable under the circumstances.

Independent External Review Program

You have the right to an independent external review of our adverse health care treatment decision made by or on behalf of us in accordance with the requirements described in this section. Your failure to obtain authorization prior to receiving an otherwise Covered Health Care Service may not preclude you from exercising your rights under this section.

Request for External Review

You or your authorized representative may make a written request for external review of an adverse health care treatment decision to the *Maine Bureau of Insurance*. You have the right to waive the Second Level Review in order to submit an expedited request for external review as described below. A request for external review must be made within 12 months of the date an enrollee has received a final adverse health care treatment decision under our internal grievance procedure. You are not required to pay any filing fee as a condition of processing a request for external review. To initiate an external review call the *Maine Bureau of Insurance* at (800) 300-5000 or write to them at 34 State House Station, Augusta, ME 04333.

Expedited Request for External Review

You are not required to exhaust all levels of our internal grievance procedure before filing a request for external review if any of the following apply:

- We have failed to make a decision on an internal grievance within the time period required or have otherwise failed to adhere to the requirements applicable to the grievance pursuant to state or federal law or you have applied for expedited external review at the same time as applying for expedited internal review.
- We and you mutually agree to bypass the internal grievance process.
- Your life or health is in serious jeopardy.
- You have died.
- The adverse health care treatment decision to be reviewed concerns an admission, availability of care, a continued stay or health care services when you have received emergency services but have not been discharged from the facility that provided the emergency services.

Independent External Review Decision and Timelines

An independent external review decision is binding on us. An external review decision will be made in accordance with the following requirements:

- In rendering an external review decision, the independent review organization contracted by the *Maine Bureau of Insurance* must give consideration to the appropriateness of the requested Covered Health Care Service based upon the following:
 - All relevant clinical information relating to your physical and mental condition, including any competing clinical information.
 - Any concerns expressed by you concerning your health status.
 - All relevant clinical standards and guidelines, including, but not limited to, those standards and guidelines relied upon by us or our utilization review entity.
- An external review decision must be issued in writing and must be based on the evidence presented by us and you or your authorized representative. You may submit and obtain evidence relating to the adverse health care treatment decision under review, attend the external review, ask questions of any of our

representatives present at the external review and use outside assistance during the review process at your own expense.

- Except as provided in the next paragraph, an external review decision must be rendered by an independent review organization within 30 days of receipt of a completed request for external review from the *Maine Bureau of Insurance*.
- An external review decision must be made as expeditiously as your medical condition requires but in no event more than 72 hours after receipt of a completed request for external review if the time frame for review required in the prior paragraph would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function.

We will provide auxiliary telecommunication devices or qualified interpreter services by a person proficient in American Sign Language when requested by you if you are deaf or hard-of-hearing or printed materials in an accessible format, including Braille, large-print materials, computer diskette, audio cassette or a reader when requested by you when you are visually impaired to allow you to exercise your right to an external review under this section.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating benefits.

When Does Coordination of Benefits Apply?

This Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; Accident only coverage; specified disease or specified Accident coverage; limited benefit health coverage, as defined by state law; school Accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.
- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, co-insurance and co-payments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable

Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
 - c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.
- C. If a Covered Person is covered under more than one Plan, payments made by the Primary Plan, payments made by the Covered Person and payments made from a health savings account or similar fund for benefits covered under the Secondary Plan must be credited toward the Annual Deductible of the Secondary plan. This does not apply if the Secondary Plan is designed to supplement the Primary Plan.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need to get the consent of any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

Section 8: General Legal Provisions

What Is Your Relationship with Us?

It is important for you to understand our role with respect to the Group's Policy and how it may affect you. We help finance or administer the Group's Policy in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Group's Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this *Certificate*.
- The Policy may not pay for all treatments you or your Physician may believe are needed. If the Policy does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

What Is Our Relationship with Providers and Groups?

We have agreements in place that govern the relationship between us, our Groups and Network providers, some of which are affiliated providers. Network providers enter into agreements with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Group's Policy. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Group's Policy.

The Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of when the Policy ends.

When the Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

What Is Your Relationship with Providers and Groups?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.

- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Group is responsible for giving notice to you.

If the Premium rate in our agreement with the Group changes, we will provide written notice to the Subscriber at least 60 days in advance of the effective date of the change.

Statements by Group or Subscriber

All statements made by the Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. We will not use any statement made by the Group to void the Policy after it has been in force for two years unless it is a fraudulent statement.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. Your Co-payment and/or Co-insurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Co-insurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in your *Schedule of Benefits*.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. Contact us at www.myuhc.com or the telephone number on your ID card if you have any questions.

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?

We have the authority to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law, we have the right, as we determine and without your approval, to change, interpret, withdraw or add Benefits or end the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to the Policy are effective upon the Group's next anniversary date, except as otherwise permitted by law.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.
- Amendment and Rider language must have been filed with and approved by the *Maine Bureau of Insurance* prior to issuance.

However, when renewing the Policy in accordance with this section, we may modify the coverage, terms, and

conditions of the Policy consistent with other applicable provisions of state and federal laws as long as the modifications are applied uniformly to all policyholders of the same product.

We will provide written notice to the Subscriber at least 60 days in advance of any material modification, including changes in Preventive Care Services.

How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer the Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense. We also have the right to make an autopsy in case of death where it is not prohibited by law.

Is Workers' Compensation Affected?

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Subrogation and Reimbursement

We have the right to subrogation and reimbursement. References to "you" or "your" in this *Subrogation and Reimbursement* section shall include you, your Estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when we have paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that we are substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that we have paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation Example:

Suppose you are injured in a car Accident that is not your fault, and you receive Benefits under the Policy to treat your injuries. Under subrogation, the Policy has the right to take legal action in your name against the driver who caused the Accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to us 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement Example:

Suppose you are injured in a boating Accident that is not your fault, and you receive Benefits under the Policy as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the Accident. You must use the settlement funds to return to the Policy 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators resulting from injuries or damages for which Benefits were provided.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory for injuries or damages for which Benefits were provided.

You agree as follows:

- You will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - Notifying us, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
 - Providing any relevant information requested by us.
 - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any Accident or injuries.
 - Making court appearances.

- Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
- Complying with the terms of this section.

Your failure to cooperate with us is considered a breach of contract. As such, we have the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to you or your representative not cooperating with us. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.

- We have a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- Our subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your Estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. We are not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from our recovery without our express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which we may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit our subrogation and reimbursement rights.
- Benefits paid by us may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and we allege some or all of those funds are due and owed to us, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the Policy, you agree that (i) any amounts recovered by you from any third party shall constitute Policy assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Policy (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by us to enforce its reimbursement rights.
- Our right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from us, you agree to assign to us any benefits, claims or rights of recovery you have under any automobile policy - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits we have paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize our right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- We may, at our option, take necessary and appropriate action to preserve our rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your Estate's name, which does not obligate us in any way to pay you part of any recovery we might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Policy is governed by a six-year statute of limitations.
- You may not accept any settlement that does not fully reimburse us, without our written approval.

- We have the authority to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death our right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse us is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse us for 100% of our interest unless we provide written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.
- We and all Administrators administering the terms and conditions of the Policy's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of our authority to (1) construe and enforce the terms of the Policy's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to us.

In applying the provisions of this section, the following applies:

- Your prior written approval is required.
- Payments are made only on a just and equitable basis and not on the basis of a priority lien. A just and equitable basis means that any factors that diminish the potential value of the claim will likewise reduce the share in the claim for those claiming payment for services or reimbursement. Such factors include, but are not limited to:
 - Legal defenses. Questions of liability and comparative negligence or other legal defenses.
 - Exigencies of trial. Exigencies of trial that reduce a settlement award in order to resolve the claim.
 - Limits of coverage. Limits on the amount of applicable insurance coverage that reduce the claim to an amount recoverable by you.

- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, you agree to help us get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Policy. If the refund is due from a person or organization other than you, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with

services provided to other Covered Persons under the Policy; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Is There a Limitation of Action?

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

Skilled Nursing Facility - a Hospital or nursing facility that is licensed and operated as required by law.

Specialist - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Subscriber - an Eligible Person who is properly enrolled under the Policy. The Subscriber is the person (who is not a Dependent) on whose behalf the Policy is issued to the Group.

Substance-Related and Addictive Disorders Services - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Care Service.

Surrogate - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person.

Telehealth - the use of interactive real-time visual and audio or other electronic media for the purpose of consultation and education concerning and diagnosis, treatment, care management and self-management of a Covered Person's physical and mental health and includes real-time interaction between the Covered Person and the telehealth Provider, synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring. "Telehealth" does not include the use of audio-only telephone, facsimile machine, e-mail or texting. "Store and forward transfers" means transmission of an enrollee's recorded health history through a secure electronic system to a Provider.

Therapeutic, Adjustive and Manipulative Services - detection or correction (by manual or mechanical means) of subluxation(s) in the body to remove nerve interference or its effects. The interference must be the result of or related to distortion, misalignment or subluxation of, or in, the vertebral column.

Transitional Living - Mental Health Care Services and Substance-Related and Addictive Disorders Services provided through facilities, group homes and supervised apartments which provide 24-hour supervision, including those defined in the *American Society of Addiction Medicine (ASAM)* criteria Level 3.1, and are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. They provide stable and safe housing, an alcohol/drug-free environment and support for recovery. They may be used as an addition to ambulatory treatment when it doesn't offer the intensity and structure needed to help you with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments. They provide stable and safe housing and the opportunity to learn how to manage activities of daily living. They may be used as an addition to treatment when it doesn't offer the intensity and structure needed to help you with recovery.

Unproven Service(s) - services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health care services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Urgent Care Center - a facility that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms.

Schedule of Benefits

How Do You Access Benefits?

Selecting a Network Primary Care Physician

You must select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Subscriber, in order to obtain Network Benefits. In general health care terminology, a Primary Care Physician may also be referred to as a *PCP*. A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and promote continuity of care. If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Subscriber for that child.

You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. You do not need a referral from a Primary Care Physician and may seek care directly from a Specialist, including a Physician who specializes in obstetrics or gynecology.

You may change your Network Primary Care Physician by calling the telephone number shown on your ID card or by going to www.myuhc.com. Changes are permitted once per month. Changes submitted on or before the last day of the month will be effective on the first day of the following month.

You can choose to receive Network Benefits or Out-of-Network Benefits.

Network Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Care Physician in order to obtain Network Benefits.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. **As a result, you will be responsible for the difference between the amount billed by the out-of-Network provider and the amount we determine to be the Allowed Amount for reimbursement. The payments you make to out-of-Network providers for charges above the Allowed Amount do not apply towards any applicable Out-of-Pocket Limit.**

Covered Health Care Services that are provided at a Network facility by an out-of-Network facility based Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. **As a result, you will be responsible for the difference between the amount billed by the out-of-Network facility based Physician and the amount we determine to be the Allowed Amount for reimbursement. The payments you make to out-of-Network facility based Physicians for charges above the Allowed Amount do not apply towards any applicable Out-of-Pocket Limit.**

Out-of-Network Benefits apply to Covered Health Care Services that are provided by an out-of-Network Physician or other out-of-Network provider, or Covered Health Care Services that are provided at an out-of-Network facility.

Depending on the geographic area and the service you receive, you may have access through our Shared Savings Program to out-of-Network providers who have agreed to discount their billed charges for Covered Health Care Services. Refer to the definition of Shared Savings Program in *Section 9: Defined Terms* of the *Certificate* for details about how the Shared Savings Program applies.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Group, this *Schedule of Benefits* will control.

Does Prior Authorization Apply?

We require prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

When you choose to receive certain Covered Health Care Services from out-of-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when an out-of-Network provider intends to admit you to a Network facility or to an out-of-Network facility or refers you to other Network or out-of-Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.

For Covered Health Care Services that do not require you to obtain prior authorization, when you choose to receive services from out-of-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Care Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, our final coverage determination will be changed to account for those differences, and we will only pay Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Comparable Health Care Services Incentive program

The Covered Person is encouraged to shop for low-cost, high-quality providers for comparable health care services. "Comparable health care services" means nonemergency, outpatient health care services in the following categories: (1) physical and occupational therapy services, (2) radiology and imaging services, (3) laboratory services, and (4) infusion therapy services. If you need comparable health care services, you are encouraged to contact one of our representatives by calling 1-844-567-6850 or emailing maine_incentive@uhc.com. We can help you find a provider that is right for you. In addition, for shopping and utilizing this program, you will receive a \$25 gift card for each time you shop a service category with a maximum of \$200 for utilizing this program.

Care Management

When you seek prior authorization as required, we will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Care Services.

Allowed Amounts

Allowed Amounts are the amount we determine that we will pay for Benefits. For Network Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills. For Covered Health Care Services provided by an out-of-Network provider (other than services otherwise arranged by us), you will be responsible to the out-of-Network provider for any amount billed that is greater than the amount we determine to be an Allowed Amount as described below. For Out-of-Network Benefits, you are responsible for paying, directly to the out-of-Network provider, any difference between the amount the provider bills you and the amount we will pay for Allowed Amounts. Allowed Amounts are determined solely in accordance with our reimbursement policy guidelines, as described in the *Certificate*. You may determine the maximum allowable charge permitted for a specific service by calling the telephone number on your ID card.

For Network Benefits, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as a result of an Emergency or as arranged by us, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

For Out-of-Network Benefits, Allowed Amounts are based on either of the following:

- When Covered Health Care Services are received from an out-of-Network provider, Allowed Amounts are determined, based on:
 - Negotiated rates agreed to by the out-of-Network provider and either us or one of our vendors, affiliates or subcontractors.
 - If rates have not been negotiated, then one of the following amounts:

- ◆ Allowed Amounts are determined based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market, with the exception of the following:
 - o 50% of *CMS* for the same or similar freestanding laboratory service.
 - o 45% of *CMS* for the same or similar Durable Medical Equipment from a freestanding supplier, or *CMS* competitive bid rates.
- ◆ When a rate is not published by *CMS* for the service, we use an available gap methodology to determine a rate for the service as follows:
 - o For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale or similar methodology. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.
 - o For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.
 - o When a rate for a laboratory service is not published by *CMS* for the service and gap methodology does not apply to the service, the rate is based on the average amount negotiated with similar Network providers for the same or similar service.
 - o When a rate for all other services is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically put in place within 30 to 90 days after *CMS* updates its data.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

For Covered Health Care Services received at a Network facility on a non-Emergency basis from an out-of-Network facility based Physician, the Allowed Amount is based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service within the geographic market with the exception of the following:

- 50% of *CMS* for the same or similar freestanding laboratory service.
- 45% of *CMS* for the same or similar Durable Medical Equipment from a freestanding supplier, or *CMS* competitive bid rates.

When a rate is not published by *CMS* for the service, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale or similar methodology. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

IMPORTANT NOTICE: Out-of-Network facility based Physicians may bill you for any difference between the Physician's billed charges and the Allowed Amount described here.

For Emergency Health Care Services provided by an out-of-Network provider, the Allowed Amount is a rate agreed upon by the out-of-Network provider or determined based upon the higher of:

- The median amount negotiated with Network providers for the same service.
- 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service within the geographic market.
- The amount that would be paid under Medicare (*part A or part B of title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.*) for the same service.

When a rate is not published by *CMS* for the service, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com or the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, we may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid. Out-of-Network Benefits may be available if the special needs services you receive are Covered Health Care Services for which Benefits are provided under the Policy.

Health Care Services from Out-of-Network Providers Paid as Network Benefits

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Limitations on Selection of Providers

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you do not use the selected Network Physician, Covered Health Care Services will be paid as Out-of-Network Benefits.

Network and Out-of-Network Benefits

Network Benefits - these Benefits apply when you choose to obtain Covered Dental Services from a Network Dental Provider. You generally are required to pay less to the provider than you would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will you be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, you must obtain all Covered Dental Services directly from or through a Network Dental Provider.

You must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can check the participation status by contacting us and/or the provider. We can provide help in referring you to Network Dental Provider.

We will make available to you a *Directory of Network Dental Providers*. You can also call us at the number stated on your identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these Benefits apply when you decide to obtain Covered Dental Services from out-of-Network Dental Providers. You generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary fee. You may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service that is greater than the Usual and Customary fee. When you obtain Covered Dental Services from out-of-Network Dental Providers, you must file a claim with us to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

You are eligible for Benefits for Covered Dental Services listed in this Rider if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this Rider.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be given a benefit based on the less costly procedure.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for orthodontic services. Speak to your Dental Provider about obtaining a pre-authorization before Dental Services are provided. If you do not obtain a pre-authorization, we have a right to deny your claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be given a Benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this Rider.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge you or us for any service or supply that is not Necessary as determined by us. If you agree to receive a service or supply that is not Necessary the Network provider may charge you. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary fees. You must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amount.

Annual Deductible

Benefits for pediatric Dental Services provided under this Rider are subject to the Annual Deductible stated in the *Schedule of Benefits*.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in *Section 9: Defined Terms* of the *Certificate*:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are our contracted fee(s) for Covered Dental Services with that provider.
- For Out-of-Network Benefits, when Covered Dental Services are received from Out-of-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary fees, as defined below.

Covered Dental Service - a Dental Service or Dental Procedure for which Benefits are provided under this Rider.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to provide Dental Services, perform dental surgery or provide anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to a Covered Person while the Policy is in effect, provided such care or treatment is recognized by us as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Necessary - Dental Services and supplies under this Rider which are determined by us through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by us.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - ◆ For treating a life threatening dental disease or condition.
 - ◆ Provided in a clinically controlled research setting.
 - ◆ Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this Rider. The definition of Necessary used in this Rider relates only to Benefits under this Rider and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary - Usual and Customary fees are calculated by us based on available data resources of competitive fees in that geographic area.

Usual and Customary fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary fees are determined solely in accordance with our reimbursement policy guidelines. Our reimbursement policy guidelines are developed by us, in our discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology* (publication of the *American Dental Association*).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that we accept.

Telehealth Amendment

UnitedHealthcare Insurance Company

As described in this Amendment, the Policy is modified as stated below.

Because this Amendment reflects changes in requirements of insurance law of the State of Maine, to the extent it may conflict with any Amendment issued to you previously, the provisions of this Amendment will govern.

Because this Amendment is part of a legal document (the Group Policy), we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the *Certificate of Coverage (Certificate)* in *Section 9: Defined Terms*.

Section 1: Covered Health Care Services

The provision in the Certificate under Section 1: Covered Health Care Services, Physician Fees for Surgical and Medical Services is replaced with the following:

Physician Fees for Surgical and Medical Services

Physician fees for surgical procedures and other medical services received on an outpatient or inpatient basis in a Hospital, Skilled Nursing Facility, Inpatient Rehabilitation Facility or Alternate Facility, or for Physician house calls.

In-person consultation is not required between you and a Physician for services to be appropriately provided by Telehealth. Services provided by Telehealth are subject to the same terms and conditions of the Policy for any service provided by an in-person consultation and as long as the Physician or other provider is acting within the scope of practice of his or her license.

Section 9: Defined Terms

The definition of Telehealth in the Certificate under Section 9: Defined Terms is replaced with the following:

Telehealth - the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring. "Store and forward transfers" means transmission of an enrollee's recorded health history through a secure electronic system to a provider. "Asynchronous encounters" means the interaction or consultation between an enrollee and the enrollee's provider or between providers regarding the enrollee through a system with the ability to store digital information, including, but not limited to, still images, video, audio and text files, and other relevant data in one location and subsequently transmit such information for interpretation at a remote site by health professionals without requiring the simultaneous presence of the patient or the health professionals. "Synchronous encounters" means a real-time interaction conducted with interactive audio or video connection between an enrollee and the enrollee's provider or between providers regarding the enrollee. "Telemonitoring," as it pertains to the delivery of health care services, means the use of information technology to remotely monitor an enrollee's health status via electronic means allowing the provider to track the enrollee's health data over time. Telemonitoring may be synchronous or asynchronous. Telehealth does not include virtual care services provided by a Designated Virtual Network Provider for which Benefits are provided as described under *Virtual Care Services*.

Protection from Surprise Bills Amendment

UnitedHealthcare Insurance Company

As described in this Amendment, the Policy is modified as stated below.

Because this Amendment is part of a legal document (the Group Policy), we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the *Certificate of Coverage (Certificate)* in *Section 9: Defined Terms*.

Our Responsibilities

Protection from Surprise Bills in the Certificate, Our Responsibilities is replaced with the following:

Protection from Surprise Bills

With respect to a surprise bill or a bill for covered emergency services rendered by an out-of-Network provider:

- A. We will require you to pay only the applicable coinsurance, copayment, deductible or other out-of-pocket expense that would be imposed for health care services if the services were rendered by a Network provider. We will calculate any coinsurance amount based on the median Network rate for that service.
- B. Except as provided for ambulance services, unless we and the out-of-Network provider agree otherwise, we will reimburse the out-of-Network provider or enrollee, as applicable, for health care services rendered at the greater of:
 1. Our median Network rate paid for that service by a similar provider in the geographic area where the service was provided; and
 2. The median Network rate paid by all insurers for that service by a similar provider in the geographic area where the service was provided as determined by the all-payer claims database maintained by the Maine Health Data Organization or, if Maine Health Data Organization claims data is insufficient or otherwise inapplicable, another independent medical claims database specified by the superintendent.
- C. If we have an inadequate Network, as determined by the superintendent, we will ensure that you obtain the covered service at no greater cost to you than if the service were obtained from a Network provider or will make other arrangements acceptable to the superintendent.
- D. We will reimburse an out-of-Network provider for ambulance services that are covered emergency services at the rate required in accordance with Maine law.
- E. If an out-of-Network provider disagrees with our payment amount for a surprise bill for emergency services or for covered emergency services, we and the out-of-Network provider have 30 calendar days to negotiate an agreement on the payment amount in good faith. If we and the out-of-Network provider do not reach agreement on the payment amount within 30 calendar days, the out-of-Network provider may submit a dispute regarding the payment and receive another payment from us determined in accordance with the dispute resolution process in accordance with Maine law.
- F. Your responsibility for payment for covered out-of-Network emergency services must be limited so that if you have paid your share of the charge as specified in the plan for Network services, we will hold the enrollee harmless from any additional amount owed to an out-of-Network provider for covered emergency services and make payment to the out-of-Network provider in accordance with this section or, if there is a dispute, in accordance with Maine law.

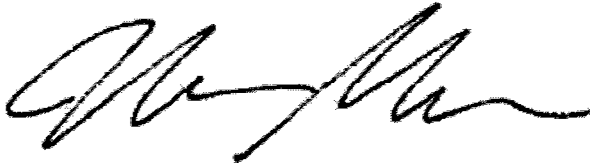

Payment after resolution of disputes: following an independent dispute resolution determination in accordance with Maine law, the determination by the independent dispute resolution entity of a reasonable payment for a

specific health care service or treatment rendered by an out-of-Network provider is binding on us, out-of-Network provider and you for 90 days. During that 90-day period, we will reimburse an out-of-Network provider at that same rate for that specific health care service or treatment, and an out-of-Network provider may not dispute any bill for that service in accordance with Maine law.

As used in this section, "surprise bill" means a bill for health care services, including, but not limited to, emergency services, received by you for Covered Health Care Services rendered by an out-of-Network provider at a Network provider, when such services were rendered by that out-of-Network provider at a Network provider, during a service or procedure performed by a Network provider, or during a service or procedure previously approved or authorized us, and you did not knowingly elect to obtain such services from that out-of-Network provider. A surprise bill does not include a bill for health care services received by you when a Network provider was available the render the services and you knowingly elected to obtain the services from another provider who was an out-of-Network provider.

As used in this section, "Knowingly elected to obtain such services from that out-of-Network provider" means that you chose the services of a specific provider, with full knowledge that the provider is an out-of-Network provider with respect to your health plan, under circumstances that indicate that you had and was informed of the opportunity to receive services from a Network provider but instead selected the out-of-Network provider. The disclosure by a provider of Network status does not render your decision to proceed with treatment from that provider a choice made knowingly pursuant to this subsection.

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee makes tier placement changes on our behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact us at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Certificate* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance, Ancillary Charge and any deductible that applies.

Submit your claim to:

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you may opt-out of the Designated Pharmacy program by contacting us at www.myuhc.com or the telephone number on your ID card. If you want to opt-out of the program and fill your Prescription Drug Product at a non-Designated Pharmacy but do not inform us, you will be responsible for the entire cost of the Prescription Drug Product and no Benefits will be paid.

If you are directed to a Designated Pharmacy and you have informed us of your decision not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the out-of-Network Benefit for that Prescription Drug Product. For a Specialty Prescription Drug Product, if you choose to obtain your Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, you will be subject to the Non-Preferred Specialty Network Co-payment and/or Co-insurance.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Co-payment or Co-insurance. You will receive a 15-day supply of their Specialty Prescription Drug Product to find out if you will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact you each time prior to dispensing the 15-day supply to confirm if you are tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, by contacting us at www.myuhc.com or the telephone number on your ID card.

Smart Fill Program - 90-Day Supply

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 90-day supplies. The Co-payment and/or Co-insurance will reflect the number of days dispensed. The *Smart Fill Program* offers a 90-day supply of certain Specialty Prescription Drug Products if you are stabilized on a Specialty Prescription Drug Product included in the *Smart Fill Program*. You may find a list of Specialty Prescription Drug Products included in the Smart Fill Program, by contacting us at www.myuhc.com or the telephone number on your ID card.

When Do We Limit Selection of Pharmacies?

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, we may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Co-payment and/or Co-insurance.

We, and a number of our affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Rider*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Rider*. We are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

If you choose to opt out when directed to a Mail Order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy but do not inform us, you will be subject to the out-of-Network Benefit for that Prescription Drug Product after the allowed number of fills at Retail Network Pharmacy.

Prescription Drug Products Prescribed by a Specialist

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit by contacting us at www.myuhc.com or the telephone number on your ID card.

Continuity of Prescriptions

If you have been receiving a prescription drug based on a prior authorization from another insurer, and your coverage with that insurer has been replaced with coverage under this Policy, we will honor your prior insurer's prior authorization of the prescription drug, for a period not to exceed six months, until we have the opportunity to conduct a review with your prescribing provider. We are not required to provide benefits under this section for conditions or services not otherwise covered under this Policy and your Cost Sharing responsibility will be based on any applicable Co-payment, Co-insurance or deductible requirements of the Policy.

Outpatient Prescription Drug

UnitedHealthcare Insurance Company

Schedule of Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at either a Network Pharmacy or an out-of-Network Pharmacy and are subject to Co-payments and/or Co-insurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

The Prescription Drug List categorizes medications, products or devices that have been approved by the *U.S. Food and Drug Administration* into tiers. The Prescription Drug List is subject to our periodic review and modification (generally quarterly, but no more than six times per calendar year). Please contact us at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore your Co-payment and/or Co-insurance may change and an Ancillary Charge may apply, or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at www.myuhc.com or the telephone number on your ID card.

Prescription Drug Coverage During A State of Emergency

We shall provide coverage for the furnishing or dispensing of a Prescription Drug Product in accordance with a valid prescription issued by a Provider in a quantity sufficient for an extended period of time, not to exceed a 180-day supply, during a statewide state of emergency declared by the Governor in accordance with *Title 37-B, section 742*. This does not apply to coverage of prescribed contraceptive supplies furnished and dispensed pursuant to *Section 2756, 2847-G or 4247* or coverage of opioids prescribed in accordance with limits set forth in *Title 32*.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

Out-of-Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at an out-of-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from us as required.

Prior authorization will not be required for at least one Prescription Drug Product for treatment of opioid use disorder in each therapeutic class of medication used in medication-assisted treatment. Prior authorization will not be required for medication-assisted treatment for opioid use disorder for Covered Persons who are Pregnant.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at an out-of-Network Pharmacy. You may seek reimbursement from us as described in the *Certificate of Coverage (Certificate)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Co-payment and/or Co-insurance, Ancillary Charge and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com or the telephone number on your ID card.

We will accept and respond to prior authorization requests through a secure electronic transmission using standards adopted by a national council for prescription drug programs for electronic prescribing transactions. Transmission of a facsimile through a proprietary payer portal or by use of an electronic form is not considered electronic transmission.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

Clinical review criteria used to establish a step therapy protocol will be based on clinical practice guidelines that:

- Recommend that the Prescription Drug Products be taken in the specific sequence required by the step therapy protocol;
- Are developed and endorsed by a multidisciplinary panel of experts that manages conflicts of interest among the members of the writing and review groups by:
 - Requiring members to disclose any potential conflicts of interest with entities, including carriers and pharmaceutical manufacturers, and recuse themselves from voting if they have a conflict of interest;
 - Using a methodologist to work with writing groups to provide objectivity in data analysis and ranking of evidence through the preparation of evidence tables and facilitating consensus; and
 - Offering opportunities for public review and comments;
- Are based on high-quality studies, research and medical practice;
- Are created by an explicit and transparent process that:
 - Minimizes biases and conflicts of interest;
 - Explains the relationship between treatment options and outcomes;
 - Rates the quality of the evidence supporting recommendations; and
 - Considers relevant patient subgroups and preferences; and
 - Are continually updated through a review of new evidence, research and newly developed treatments.

In the absence of clinical practice guidelines that meet the above requirements, peer-reviewed publications may be substituted.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com or the telephone number on your ID card.

What Do You Pay?

You are responsible for paying the applicable Co-payment and/or Co-insurance described in the Benefit Information table, in addition to any Ancillary Charge. You are not responsible for paying a Co-payment and/or Co-insurance for PPACA Zero Cost Share Preventive Care Medications.

An Ancillary Charge may apply when a covered Prescription Drug Product is dispensed at your or the provider's request and there is another drug that is Chemically Equivalent. An Ancillary Charge does not apply to any Out-of-Pocket Limit.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Limit stated in your *Certificate*:

- Ancillary Charges.
- Certain coupons or offers from pharmaceutical manufacturers or an affiliate.
- The difference between the Out-of-Network Reimbursement Rate and an out-of-Network Pharmacy's Usual and Customary Charge for a Prescription Drug Product.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. Our contracted rates (our Prescription Drug Charge) will not be available to you.
