Helping people live healthier lives and helping make the health system work better for everyone.
Our Mission

Our mission is to help people live healthier lives and help make the health system work better for everyone.

- We seek to enhance the performance of the health system and improve the overall health and well-being of the people we serve and their communities.
- We work with health care professionals and other key partners to expand access to quality health care so people get the care they need at an affordable price.
- We support the physician/patient relationship and empower people with the information, guidance and tools they need to make personal health choices and decisions.

Our Culture

The people of this company are aligned around basic values that inspire our behavior as individuals and as an organization:

**Integrity.** We are dedicated to the highest levels of personal and institutional integrity. We make honest commitments and work to consistently honor those commitments. We do not compromise ethics. We strive to deliver on our promises and we have the courage to acknowledge mistakes and do whatever is needed to address them.

**Compassion.** We try to walk in the shoes of the people we serve and the people we work with across the health care community. Our job is to listen with empathy and then respond appropriately and quickly with service and advocacy for each individual, each group or community and for society as a whole. We celebrate our role in serving people and society in an area so vitally human as their health.

**Relationships.** We build trust through cultivating relationships and working in productive collaboration with government, employers, physicians, nurses and other health care professionals, hospitals and the individual consumers of health care. Trust is earned and preserved through truthfulness, integrity, active engagement and collaboration with our colleagues and clients. We encourage the variety of thoughts and perspectives that reflect the diversity of our markets, customers and workforce.

**Innovation.** We pursue a course of continuous, positive and practical innovation, using our deep experience in health care to be thoughtful advocates of change and to use the insights we gain to invent a better future that will make the health care environment work and serve everyone more fairly, productively and consistently.

**Performance.** We are committed to deliver and demonstrate excellence in everything we do. We will be accountable and responsible for consistently delivering high-quality and superior results that make a difference in the lives of the people we touch. We continue to challenge ourselves to strive for even better outcomes in all key performance areas.
UnitedHealthcare and Optum are empowering individuals, expanding consumer choice and strengthening patient-provider relationships. We offer exceptional service, broad capabilities and enduring value in creating a modern health care system.
Corporate Profile

The people of UnitedHealth Group, Optum and UnitedHealthcare are engaged in the important work of making quality health care more affordable, simpler and easier for people to access, while putting information into the hands of individual consumers and their physicians, so they can make better decisions about healthy behavior and evidence-based care.

UnitedHealth Group is a diversified health care company headquartered in the United States, serving the markets for health benefits through UnitedHealthcare and the growing markets for health services through Optum. These two platforms share and build upon three core competencies: organization of clinical care resources, actionable health care data and information, and advanced enabling technology. Our business model is highly adaptable, allowing us to quickly and effectively address emerging needs in a changing health care landscape.

UnitedHealthcare serves the health benefits needs of individual consumers and employers of all sizes; individuals age 50 and older through Medicare and other benefit products that fit their unique needs; the public health marketplace, offering states innovative Medicaid solutions; U.S. military service members, retirees and their families; and is expanding in international health care markets.

Optum is focused on population health management, care delivery and improving the clinical and operating elements of the system. Optum is a leader in population health management, serving the physical, mental and financial needs of individuals and organizations. It is one of the largest health information, technology, services and consulting companies in the world, as well as a pharmacy benefit management leader in service, affordability and clinical quality.

With a total workforce of approximately 185,000 people worldwide, UnitedHealth Group serves people residing in all 50 states in the United States and more than 125 other countries. We remain dedicated to delivering “more for less”… more and better health care at lower cost to consumers on behalf of employers and governments – while we modernize and help build an ever more effective, simpler and consistently high quality health care system. We take seriously our responsibility to serve others and to bring forward meaningful and sustaining change.
Recent Innovations

2015

UnitedHealthcare’s Health4Me™ mobile app enables UnitedHealthcare plan participants to pay their medical bills with their smartphones. The company is the only national health plan to offer participants payment capabilities integrated with claims and benefits information.

2014

UnitedHealthcare offers Baby Blocks® to expectant moms and new parents enrolled in its employer-sponsored plans. The mobile, interactive incentive program helps pregnant women and new parents with prenatal and well-baby care.

AARP and UnitedHealthcare launch “The Longevity Network” to promote innovations in health care that will improve the quality of people’s lives as they age.

Optum launches Optum One, an integrated analytics platform that helps care providers engage patients, coordinate care and improve outcomes. Care providers can analyze and take direct action on insights gained from data Optum One extracts from personal medical records and enriches with an overlay of claims information.

UnitedHealthcare enables all consumers to comparison shop for medical services using a “guest” version of myHealthcare Cost Estimator™, a mobile medical price transparency service available through its free Health4Me app.
2013

UnitedHealthcare launches **myEasyBook**, a new online health care shopping service that enables consumers to book appointments online 24/7, and pay upfront for quality care at often discounted prices. Health care providers can use the service to attract new patients, fill gaps in their daily schedules and get paid upfront.

Dignity Health and Optum launch **Optum360**, a new venture to simplify patient billing and increase cost transparency for patients, and modernize administration for hospitals, care providers and payers. Optum360 combines Optum’s leading technology and analytics with Dignity Health’s proven infrastructure to deliver progressive revenue management and medical record documentation services to large hospitals and health systems.

---

2012

UnitedHealthcare launches **myHealthcare Cost Estimator**, an online health resource that delivers a comprehensive view of how a treatment cost differs from doctor to doctor, and personalized cost estimates of treatment options, comparable with real fees and coverage levels a person might encounter during treatment. The tool provides cost estimates for more than 400 geographic areas, covering 116 diseases, 90 different types of surgeries and procedures, and 500 individual services, lab tests and radiology tests.

UnitedHealthcare introduces a new mobile app, **Health4Me**, that brings important health information to people on the go. Features include easy access to registered nurses and personal health benefits information, and the ability to locate nearby physicians and hospitals.

**Optum Care Suite**, an integrated set of computer applications, is launched to help physicians and other health professionals access detailed health intelligence on patient, care system and population health, and collaborate to make medical care decisions and improve health outcomes.

UnitedHealthcare launches **UHC.TV**, an online health and entertainment network that provides originally produced video programming on a variety of health and wellness topics to help educate and inspire viewers to live healthy lives.

UnitedHealthcare begins offering **SignatureValue™ Alliance** in California, a new health benefits plan featuring high-performance care provider networks committed to delivering effective, evidence-based and cost-efficient care. Participating medical groups are included based on technological sophistication, clinical performance and quality measures, and an ability to deliver health care cost savings.

Building Healthier Communities

The people of UnitedHealth Group, Optum and UnitedHealthcare, working together as a team and collaboratively with a broad range of partners across the nation and around the world, help make the world a healthier place, make health care better, strengthen communities and make a difference in the lives of millions of people.

Helping people live healthier lives and helping make the health system work better for everyone is our mission. It’s what we do as a business and is the goal we are committed to as an enterprise and as individuals. We invest time, energy and thought to strategically address the most pressing health and social challenges facing the communities where we live and work, through our business operations and our social responsibility initiatives. We work toward our mission and respond to the needs of our communities through giving, volunteering and business innovations.

Following is an overview of our collective efforts to improve our communities and the lives of our neighbors.

Giving

UnitedHealth Group conducts an annual companywide giving campaign that solicits employee donations to community charities of their choice.

• In 2014, employee pledges combined with the match from United Health Foundation totaled more than $20 million, up 10 percent over 2013.

Giving campaign partners and their member charities receiving matching contributions include:

• AARP Foundation
• American Heart Association
• America’s Charities
• Community Health Charities
• EarthShare
• Global Impact
• Make-A-Wish
• United Way
• UnitedHealthcare Children’s Foundation

Volunteering

Involve, our volunteer program, is primarily about engaging in hands-on, face-to-face activities in the communities where we live and work. UnitedHealth Group has logged nearly 2.2 million volunteer hours since tracking began in 2007.
Employees participate in a myriad of community programs and events, including:

- Walk-a-thons for the Alzheimer’s Association, the American Cancer Society and the American Heart Association.
- The microvolunteering network, which gives employees the opportunity to complete projects online in as little as 15 minutes for nonprofits worldwide.
- Partnerships with nonprofit organizations such as Project Sunshine, whose mission is to create and deliver volunteer programs and events that spread sunshine, restoring a sense of normalcy to children and families facing medical challenges; and Do Good. Live Well., a UnitedHealthcare initiative that addresses hunger and obesity.

**Business Innovations**

Our business innovations are helping empower individuals and their families, strengthening communities and changing health care and the health care experience to make it simpler and more effective, accessible and affordable. Examples include:

- JOIN for ME™. This program engages kids who struggle with extra weight, along with their parents, in a series of group sessions to achieve healthier weights through healthier family food choices, increased activity and lifestyle improvement tracking.
- Expect With Me. Expect With Me was launched by Yale University, Vanderbilt University and United Health Foundation to improve the health and well-being of expectant moms and their babies during pregnancy, birth and infancy. Prenatal care is delivered in a group setting, providing valuable education, social and emotional support.
- United Health Foundation Training Institute at Washburn Center for Children. Through the Training Institute, Washburn Center for Children will create an innovative, replicable national children’s mental health training program to help children grow, thrive and achieve success at home, in school and life.

**Our Foundations**

**United Health Foundation** is a not-for-profit, private foundation dedicated to improving the quality and cost-effectiveness of medical care, providing health care services for those in challenging circumstances, and enhancing community well-being.

The **UnitedHealthcare Children’s Foundation** is a nonprofit 501(c)(3) charity that provides medical grants to help pay for medical treatments, services or equipment not covered, or not fully covered, by a family’s commercial insurance plan.
