\* Your dental plan provides that where two or more professionally acceptable dental treatments for a dental condition exist, your plan bases reimbursement on the least costly treatment alternative. If you and your dentist have agreed on a treatment which is more costly than the treatment on which the plan benefit is based, you will be responsible for the difference between the fee for service rendered and the fee covered by the plan. In addition, a pre-treatment estimate is recommended for any service estimated to cost over \$500; please consult your dentist.

\*\* The network percentage of benefits is based on the discounted fee negotiated with the provider.

\*\*\* The non-network percentage of benefits is based on the schedule of usual and customary fees in the geographic area in which the expenses are incurred.

In accordance with the Illinois state requirement, a partner in a Civil Union is included in the definition of Dependent. For a complete description of Dependent Coverage, please refer to your Certificate of Coverage.
