Prescription drugs excluded from benefit coverage^{2, 3}

We evaluate prescription drugs based on their total value, including how a drug works and how much it costs. When several drugs work in the same way, we may choose to exclude the higher-cost option. Effective May 1, 2022, the drugs listed below may be excluded from coverage or you may need to get a prior authorization. Sign into your online account to check which drugs your plan covers and if there are any actions you need to take.
