Learn about your Compass health care coverage:
Compass is one of many health care coverage plans available on the Maryland Health Benefits Exchange. You’ll choose a primary care provider (PCP), to be your main doctor. This doctor will get to know you, manage your health care and refer you to a specialist if needed.

Before making an appointment at a doctor, clinic or hospital, check the list on the next page or visit uhc.com/docfind to see if they are in the Compass network. If you see an out-of-network provider, you will be responsible for all costs.

These plans cover preventive care, 10 essential benefits, alternative care and pre-existing conditions.
