

Working together to help create a better health care experience.

UnitedHealthcare, LCMC Health and East Jefferson General Hospital are working together to provide a patient-centered health plan that helps promote better health and lower costs.

The NexusACO® plan offers health care benefits and a high-value network from LCMC Health, including Children’s Hospital, Touro Infirmary, New Orleans East Hospital, University Medical Center New Orleans and West Jefferson Medical Center—as well as East Jefferson General Hospital and their affiliated physicians.

How the plan works.

Members of the NexusACO plan need to select a primary care physician (PCP) from a list of Tier 1 facilities and physicians, including the LCMC Healthcare Partners network and East Jefferson General Hospital-affiliated physicians, to guide them with their health care. The PCP will provide care for the majority of the member’s needs, whether it be an annual well visit, preventive care, an illness or an injury. Choosing LCMC Healthcare Partners or East Jefferson General Hospital-affiliated Tier 1 doctors, hospitals and other health care providers may offer your employees the greatest value for their health care benefits.

LCMC Healthcare Partners and East Jefferson General Hospital-affiliated Tier 1 PCPs are the key to helping members live healthier lives, guiding them through a complex medical system and helping them get the right care at the right time from the appropriate providers.

Coverage includes:

- Ambulatory patient services
- Chronic disease management
- Doctor office visits
- Emergency services
- Habilitative services and devices
- Hospital care
