

Updating Your Personal Information

It is very important that you keep all of your information updated!

You should contact HealthSourceRI if any of the following changes:

Your address

Your phone number

Your name/your child's name

You move out of state

Your marital status

You have other insurance

The size of your family changes (you have a baby)

Some of these changes can be made on the "HealthSourceRI" website:

<http://healthsourceri.com/>

UnitedHealthcare—Rite Smiles may need to contact you for reminders for dental check-ups.

We may also send you important member materials and newsletters.

If you plan to move to another state, you must contact HealthSourceRI at **1-855-840-4774** or the Department of Health and Human Services (DHS) at **1-855-697-4347**.

Your dental and medical benefits end when you move out of state.
