Your plan

Provider directory

This directory provides a list of your plan's network providers.

This directory is for the plans and service area listed on the cover. It is not a complete list of network providers available to you. You can search for a network provider and print a directory online, which is updated weekly and available 24 hours a day, 7 days a week.

For the most up-to-date information about the plan's network providers that serve your area:

Visit **myAARPMedicare.com** or call UnitedHealthcare Customer Service toll-free at **1-877-370-2843**, TTY **711**, 24 hours a day, 7 days a week.

Providers are prohibited from discriminating against any member, with regard to quality of service or accessibility of services, on the basis of race, ethnicity, national origin, religion, sex, age, mental or physical disability or medical condition, sexual orientation, claims experience, medical history, evidence of insurability, disability, genetic information, or source of payment.

UnitedHealthcare does not discriminate on the basis of race, color, national origin, sex, age, or disability in health programs and activities.

UnitedHealthcare provides free services to help you communicate with us such as letters in other languages, braille, large print, audio, or you can ask for an interpreter. Please contact our Customer Service number at 1-877-370-2843, for additional information.

UnitedHealthcare ofrece servicios gratuitos para ayudarle a que se comunique con nosotros. Por ejemplo, cartas en otros idiomas, braille, letra grande, audio o bien, usted puede pedir un intérprete. Comuníquese con nuestro número de Servicio al Cliente al 1-877-370-2843, para obtener información adicional.

The provider network may change at any time. You will receive notice when necessary.

Introduction

This directory provides a list of the plan's network providers. With this plan, you also have nationwide access to care at in-network costs when you see any provider in the UnitedHealthcare Medicare National Network (exclusions may apply). You may also receive services from out-of-network providers nationwide that participate in Medicare and accept the plan. You do not need a referral to see network or out-of-network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

What is a primary care provider?

A primary care provider (PCP) is the health care professional who provides most of your care.

Your PCP can help you:

- ☐ Make smart lifestyle choices to help improve and maintain your health
- ☐ Get preventive care and health screenings
- ☐ Better understand your medical conditions
- ☐ Coordinate any specialist care to help avoid duplicate and expensive tests
- ☐ Manage your prescriptions and identify possible harmful interactions

Select a primary care provider (PCP)

You will need to choose one of our network providers in your plan's service area to be your primary care provider (PCP). PCPs are listed in the **Primary Care Provider** section of this directory. The term PCP will be used throughout this directory. You may also receive services from out-of-network providers.

If you choose a PCP who is not taking new patients, UnitedHealthcare may assign you to a different PCP. If this happens, you can switch to another PCP who is accepting new patients.

Your PCP plays an important role in your health care and we want you to be comfortable with the provider you choose. If you want to switch providers, call UnitedHealthcare Customer Service toll-free at **1-877-370-2843**, 24 hours a day, 7 days a week. TTY users should call **711**.

The difference between network and out-of-network providers

Network providers are providers that your plan works with to give you care. If you use a network provider, your out-of-pocket costs, which are costs paid by you, may be lower. Out-of-network providers are providers that we currently do not work with, so your out-of-pocket costs may be higher.

The network providers listed in this directory have agreed to provide you with your health care coverage. You can see a network specialist or other network provider without getting a referral. You may also get covered services from out-of-network providers. Check your Evidence of Coverage to see which services may be covered out-of-network.

If I need emergency or urgent care

A **medical emergency** is when you, or any other ordinary person with an average knowledge of health and medicine, believe that you have symptoms that require immediate medical care to

prevent death, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room or hospital. Emergency care can always be obtained in or out of the service area from the nearest available provider. Emergency services are also covered whether a provider is in our network or not. You or someone else should call and tell us about your emergency care, usually within 48 hours.

Urgently needed services is a non-emergency, unforeseen medical illness, injury, or condition, that requires immediate medical care. When out of the service area, urgent care may be obtained from the first available provider whether the provider is in our network or not. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

If you get a bill

There may be times when you get a bill from a provider for the full cost of medical care you have received. If you get a bill, contact UnitedHealthcare. In many cases, you should send this bill to UnitedHealthcare instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. Please see your Evidence of Coverage for more information.

If you're on Medicare and Medicaid

If you're a Qualified Medicare Beneficiary (QMB), your doctor may not bill you for deductibles, copays or coinsurance for Medicare-covered services, except for Part D prescription drug copays. Please show your UnitedHealthcare member ID card and your state-issued Medicaid member ID card when you see the doctor or use other plan services. This will help ensure you're billed for the correct amount.

Telehealth (Virtual Visits)

Telehealth, also referred to as virtual visits, is covered under your benefit plan. You can access telehealth services from any network provider that offers virtual care. Telehealth services may include primary care, specialist care, physical therapy, occupational therapy, speech therapy, cardiac rehabilitation, urgent care and/or mental health care. Not all network providers offer virtual care and those that do may not offer it for all services indicated. Not all medical conditions can be treated through telehealth. Your provider may tell you that you need to see an in-person doctor for treatment. You can find out which network providers offer virtual care by looking for the telehealth indicator listed next to a provider's name within this directory.

In addition to local providers that support telehealth services for mental health care, you can also access virtual visits online through a mental health provider. Go to myAARPMedicare.com to get started.

Accessing your behavioral health benefits

To access your behavioral health benefits, call Customer Service at the toll-free number listed on your UnitedHealthcare member ID card. When you call, a representative will check your eligibility

Introduction

and get basic information about you and your situation. If you prefer, your PCP may call and arrange a referral for you. Your personal information will be kept strictly confidential.

Organ transplant services

Your plan has a network of facilities that perform organ transplants (including the heart, lung, liver, intestine, kidney, bone marrow and/or pancreas). Solid organ transplants must be performed at a facility that is currently Medicare-approved for your specific type of transplant. The plan's hospital network for organ transplant services is different than the network shown in the "Hospitals" section of this provider directory. Some hospitals in the plan's network for other medical services are not in the plan's network for transplant services. The complete list of Medicare-approved facilities in your plan's network may change throughout the year. For information on network facilities for transplant services, please call UnitedHealthcare Customer Service toll-free at **1-877-370-2843**, TTY **711** or refer to the transplant vendor website information listed in the "National Vendors" section of this provider directory.

What is the service area for your plan?

Your service area is listed below.

AARP® Medicare Advantage Choice Plan 1 (PPO)

Arizona - Apache, Cochise, Coconino, Gila, Graham, Greenlee, La Paz, Mohave, Navajo, Santa Cruz, Yavapai, and Yuma counties

AARP® Medicare Advantage Choice Plan 2 (PPO)

Arizona - Apache, Cochise, Coconino, Gila, Graham, Greenlee, La Paz, Mohave, Navajo, Santa Cruz, Yavapai, and Yuma counties

How do you find network providers that serve your area?

Network providers that serve your area are listed in the following sections of this directory. To find a provider using this directory, turn to the Table of Contents on the next page and see where each section begins. Go to the section of the type of provider you are looking for. Once you are in that section, locate the city you live in. Under each city you will find a list of providers in alphabetical order.

You may have more providers to choose from if the service area shown above is larger than the service area shown on the front of this directory. You also have access to other providers through the UnitedHealthcare Medicare National Network (exclusions may apply). To see if a specific provider is in our network, please call toll-free **1-877-370-2843**, TTY **711**, 24 hours a day, 7 days a week. You can also search for network provider online at **myAARPMedicare.com**, which is updated weekly and available 24 hours a day, 7 days a week.

If you have questions about your plan or require assistance in finding a PCP, please call our UnitedHealthcare Customer Service Department toll-free at **1-877-370-2843**, TTY **711**. Or visit **myAARPMedicare.com**.

DENTAL

Make sure your plan includes dental coverage

Members whose plan includes additional dental benefits or who are enrolled in the Platinum Dental Rider may see the following dental providers. If your plan does not include additional dental benefits and you are not enrolled in this dental rider and you visit one of these providers, your services will not be covered.

Not all network dental providers may be included in this list. This list may change. For complete, up-to-date information, or to change your dental provider, contact UnitedHealthcare Customer Service at the toll-free number on the back of your UnitedHealthcare member ID card. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions.

VISION

Vision care

Members whose benefits include additional vision care, such as preventative eye exams and eyewear, may see the following vision providers. Not all network vision providers may be included in this list. This list may change. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions.

Note: For Medicare-covered vision care (medical conditions of the eye, glaucoma screenings, cataract services, etc.), see the **Specialists** section of this directory.

If your plan does not include additional vision care benefits and you visit one of these providers, your services will not be covered.
