Feel confident and prepared for next year

UnitedHealthcare has been America's most chosen Medicare Advantage brand for 18 years in a row. Your health and well-being are at the heart of everything we do. We're here to help you get the care you need. Our goal is to keep your coverage affordable and make your Medicare experience easier. Some plan details may change each year, but our commitment to you stays the same.

Medicare industry changes may affect some plan benefits

Each year, Medicare plans may change because of industry regulations and federal funding. We know it's important to understand what's changing in 2027. This can help you make the best choices for your health and budget.

What's changing for your plan in 2027

This Annual Notice of Change explains your 2027 plan updates. It includes any changes to your costs, benefits and coverage. Reviewing it now can help you decide if this UnitedHealthcare plan still fits your needs.

Here are some plan changes. Your plan may have more. Please review **Section 1** for full details.

You won't have a prescription drug deductible on Tier 1 and 2 prescription drugs. To see your deductible amount for drugs on Tier 3-5, review the Summary of Important Costs for 2027 section. The 2027 Part D prescription drug out-of-pocket maximum set by Medicare will be $2,400. After you reach that amount, you'll pay $0 for Medicare-covered prescription drugs.

New for 2027: 2 cards for extra protection and reliability

In 2027, you'll get 2 easy-to-use cards:

- Your member ID card – Use this at the doctor's office and pharmacy
- Your UnitedHealthcare UCard® – Use this for plan benefits like OTC credits and earned rewards

Having separate cards help protect your personal health information. It also makes your benefits easier to use. Your cards will come in separate mailings. Please watch for both.

Review **Section 2** to learn more about how each card works.

Section 1.6 Changes to Part D Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or Drug List. **You can get the complete Drug List** by calling Customer Service at 1-866-579-8774 (TTY users call 711) or visiting our website (**myAARPMedicare.com**). This material will be available online after **October 15, 2026.**

We made changes to our Drug List, which could include removing or adding drugs, changing the restrictions that apply to our coverage for certain drugs or moving them to a different cost-sharing tier. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions, or if your drug has been moved to a different cost-sharing tier.**

Most of the changes in the Drug List are new for the beginning of each year. However, we might make other changes that are allowed by Medicare rules that will affect you during the calendar year. We update our online Drug List at least monthly to provide the most up-to-date list of drugs. If we make a change that will affect your access to a drug you're taking, we'll send you a notice about the change.

If you're affected by a change in drug coverage at the beginning of the year or during the year, review Chapter 9 of your Evidence of Coverage and talk to your prescriber to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. Call Customer Service at 1-866-579-8774 (TTY users call 711) for more information.

Section 1.7 Changes to Prescription Drug Benefits & Costs

Do you get Extra Help to pay for your drug coverage costs?

If you're in a program that helps pay for your drugs (Extra Help), **the information about costs for Part D drugs may not apply to you.** We sent you a separate material, called the Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs, which tells you about your drug costs. If you get Extra Help, you will receive a LIS Rider. If you don't get this material, call Customer Service at 1-866-579-8774 (TTY users call 711) and ask for the LIS Rider to be sent to you.

Drug Payment Stages

There are **3 drug payment stages**: the Yearly Deductible Stage, the Initial Coverage Stage, and the Catastrophic Coverage Stage.

- **Stage 1: Yearly Deductible**

  You start in this payment stage each calendar year. During this stage, you pay the full cost of your Tier 3, Tier 4 and Tier 5 drugs until you reach the yearly deductible.

- **Stage 2: Initial Coverage**

  Once you pay the yearly deductible, you move to the Initial Coverage Stage. In this stage, our plan pays its share of the cost of your drugs, and you pay your share of the cost. You generally stay in this stage until your year-to-date out-of-pocket costs reach $2,400.

- **Stage 3: Catastrophic Coverage**

  This is the third and final drug payment stage. In this stage, you pay nothing for your covered Part D drugs. You may have cost sharing for excluded drugs that are covered under our enhanced benefit. You generally stay in this stage for the rest of the calendar year.

Drug Costs in Stage 1: Yearly Deductible

The table shows your cost per prescription during this stage.

	2026 (this year)	2027 (next year)
Yearly Deductible	$520 During this stage, you pay $0 for drugs on Tier 1 (in-network standard retail 30-day supply), $10 for drugs on Tier 2 (in-network standard retail 30-day supply), and the full cost of drugs on Tier 3, Tier 4 and Tier 5 until you've reached the yearly deductible.	$685 During this stage, you pay $0 for drugs on Tier 1 (in-network standard retail 30-day supply), $6 for drugs on Tier 2 (in-network standard retail 30-day supply), and the full cost of drugs on Tier 3, Tier 4 and Tier 5 until you've reached the yearly deductible.

Drug Costs in Stage 2: Initial Coverage

Coinsurance is a portion or part of the total cost, typically as a percentage. With this plan, you pay part of the cost of Tier 3, Tier 4 and Tier 5 drugs. For example, if your coinsurance is 25% and the total cost of your prescription is $100, you would pay $25. The plan pays the rest. You pay the full cost of your drugs until you meet the deductible, then you'll start paying the coinsurance amount.

The table shows your cost per prescription for a one-month (30-day) supply filled at a network pharmacy with standard cost sharing.

We changed the tier for some of the drugs on our Drug List. To see if your drugs will be in a different tier, look them up on the Drug List. Most adult Part D vaccines are covered at no cost to you. For more information about the costs of vaccines, or information about the costs for a long-term supply or for mail-order prescriptions, go to Chapter 6 of your **Evidence of Coverage**.

Once you've paid $2,400 out of pocket for covered Part D drugs, you'll move to the next stage (the Catastrophic Coverage Stage).

	2026 (this year)	2027 (next year)
Tier 1 - Preferred Generic	You pay $0 per prescription.	You pay $0 per prescription.

	2026 (this year)	2027 (next year)

Tier 4 - Non-Preferred Drug	You pay 39% of the total cost. Your cost for a one-month mail-order prescription is 39%.	You pay 27% of the total cost. Your cost for a one-month mail-order prescription is 27%.
Tier 5 - Specialty Tier	You pay 27% of the total cost. Your cost for a one-month mail-order prescription is 27%.	You pay 26% of the total cost. Your cost for a one-month mail-order prescription is 26%.

[1] In 2026, you pay no more than $35 for each 1-month supply of Part D covered insulin drugs. In 2027, you'll pay no more than a $35 copay or 21% of the total drug cost—whichever is less—until you reach the Catastrophic Coverage stage where your cost drops to $0. You pay these amounts even if you haven't paid your deductible.

Section 2 Administrative Changes

	2026 (this year)	2027 (next year)
Prior Authorization - Comprehensive Dental Services	Your provider may need to request prior authorization.	Your provider no longer needs to request prior authorization.

	2026 (this year)	2027 (next year)
Prior Authorization - Meal benefit following a covered inpatient hospital or skilled nursing facility (SNF) stay	Prior authorization is required in addition to verification of a qualifying stay.	Prior authorization is no longer required. The plan will continue to confirm eligible stays before we send your order.
UnitedHealthcare UCard and member ID card	The UCard serves as your member ID card and more – use it to spend your OTC credits and earned rewards on eligible items.	You'll get 2 cards in separate mailings - a member ID card and a UCard. Use your new member ID card when visiting a provider or filling a prescription. Use your UCard as payment in-store or online to spend your OTC credits and earned rewards on eligible items. UCards expire after 3 years, which means you won't get a new UCard every year. You can destroy your current card Jan. 1, 2027. To check your balance, find participating stores and eligible items, visit the UCard Hub on the UnitedHealthcare app or your member site.

Section 3 How to Change Plans

To stay in our plan, you don't need to do anything. Unless you sign up for a different type of Medicare health plan or change to Original Medicare by December 7, you'll automatically be enrolled in our AARP® Medicare Advantage from UHC CO-21P (HMO-POS).

If you want to change plans for 2027, follow these steps:

- **To change to a different Medicare health plan,** enroll in the new plan. You'll be automatically disenrolled from AARP® Medicare Advantage from UHC CO-21P (HMO-POS). Remember, not all Medicare health plans cover prescription drugs. Also, be aware that for many plans, you can't join a Medicare health plan and simultaneously purchase a prescription drug plan.
- **To change to Original Medicare with separate Medicare drug coverage,** you can enroll in a Part D plan, and you'll automatically be disenrolled from AARP® Medicare Advantage from UHC CO-21P (HMO-POS).
- **To change to Original Medicare without a drug plan,** you can send us a written request to disenroll or visit our website to disenroll online (myAARPMedicare.com). Call Customer Service at 1-866-579-8774 (TTY users call 711) for more information on how to do this. Or call Medicare at 1-800-MEDICARE (1-800-633-4227) and ask to be disenrolled. TTY users can call 1-877-486-2048. If you don't enroll in a Medicare drug plan, you may pay a Part D late enrollment penalty (go to Section 1.1).
- **To learn more about Original Medicare and the different types of Medicare plans,** visit Medicare.gov, check the **Medicare & You 2027 handbook,** call your State Health Insurance Assistance Program (go to Section 5), or call 1-800-MEDICARE. As a reminder, UnitedHealthcare Insurance Company or one of its affiliates offers other Medicare health plans AND/OR Medicare drug plans. These other plans can have different coverage, monthly plan premiums, and cost-sharing amounts.

Section 3.1 Deadlines for Changing Plans

People with Medicare can make changes to their coverage from **October 15 – December 7** each year.

If you enrolled in a Medicare Advantage plan for January 1, 2027, and don't like your plan choice, you can switch to another Medicare health plan (with or without Medicare drug coverage) or switch to Original Medicare (with or without separate Medicare drug coverage) between January 1 – March 31, 2027.

Section 3.2 Are there other times of the year to make a change?

In certain situations, people can have other chances to change their coverage during the year. Examples include people who:

- Have Medicaid
- Get Extra Help paying for their drugs
- Have or are leaving employer coverage
- Move out of our plan's service area

If you recently moved into or currently live in an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (with or without Medicare drug coverage) or switch to Original Medicare (with or without separate Medicare drug coverage) at any time. If you recently moved out of an institution, you have an opportunity to switch plans or switch to Original Medicare for 2 full months after the month you move out.

Section 4 Get Help Paying for Prescription Drugs

You can qualify for help paying for prescription drugs. Different kinds of help are available:

- **Extra Help from Medicare.** People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75% or more of your drug costs including monthly drug plan premiums, yearly deductibles, and coinsurance. Also, people who qualify won't have a late enrollment penalty. To see if you qualify, call:

  — 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048, 24 hours a day, 7 days a week;

  — Social Security at 1-800-772-1213 between 8 a.m. and 7 p.m., Monday - Friday for a representative. Automated messages are available 24 hours a day. TTY users call 1-800-325-0778.

  — Your State Medicaid Office.

- **Help from your state's pharmaceutical assistance program (SPAP).** Colorado has a program called Colorado Department of Health Care Policy & Financing that helps people pay for prescription drugs based on their financial need, age, or medical condition. To learn more about the program, check with your State Health Insurance Assistance Program (SHIP). To get the phone number for your state, visit shiphelp.org, or call 1-800-MEDICARE.
- **Prescription Cost-sharing Assistance for Persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible people living with HIV/AIDS have access to life-saving HIV medications. To be eligible for the ADAP operating in your state, you must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/under-insured status. Medicare Part D drugs that are also covered by ADAP qualify for prescription cost-sharing help through the ADAP in your state. For information on eligibility criteria, covered drugs, how to enroll in the program, or if you're currently enrolled, how to continue getting help, call the ADAP in your state. You can find your state's ADAP contact information in Chapter 2 of the **Evidence of Coverage.** Be sure, when calling, to inform them of your Medicare Part D plan name or policy number.
- **The Medicare Prescription Payment Plan.** The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across the calendar year (January – December). Anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. If you're participating in the Medicare Prescription Payment Plan and stay in the same Part D plan, your participation will be automatically renewed for 2027. You do not need to submit a new election request to continue participating in 2027. **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.**
- Extra Help from Medicare and help from your SPAP and ADAP, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All

members are eligible to participate in the Medicare Prescription Payment Plan, regardless of income level. To learn more about this payment option, call us at 1-866-579-8774 (TTY users call 711) or visit Medicare.gov.
